## DISTINGUISHED BUDGET PRESENTATION AWARD

The Government Finance Officers Association of the United States and Canada (GFOA) presented a Distinguished Budget Presentation Award to the Kenai Peninsula Borough, Alaska, for its annual budget for the fiscal year beginning July 1, 2005.

In order to receive this award, a government unit must publish a budget document that meets program criteria as a policy document, as an operations guide, as a financial plan, and as a communications medium.

The award is valid for a period of one year only. We believe our current budget continues to conform to program requirements, and we are submitting it to GFOA to determine its eligibility for another award.

MEMORANDUM
JOHN J. WILLIAMS

DATE: June 12, 2006

TO: Ron Long, Assembly President<br>Kenai Peninsula Borough Assembly<br>Residents of the Kenai Peninsula Borough<br>Other Users of Borough Financial Information

We are pleased to present the Kenai Peninsula Borough adopted budget for fiscal year 2007. It is submitted in accordance with the Borough Code and Alaska State Statutes. The budget includes operating and capital plans for FY2007 as well as projections for the Borough's operational funds through fiscal year 2010 and capital plans through fiscal year 2011.

## Budget Overview

The Borough's major budgetary goals for FY2007 include:

- Reduction in use of fund balance as a revenue source.
- The highest level of local educational funding borough residents can reasonably afford and sustain.
- A high quality capital and operational maintenance program ensuring the continued use and economic value of borough assets.
- Support for the needs of borough service areas as communicated by service area residents and their elected service area boards.
- A sufficient level of funding for borough departments to ensure their continued ability to meet the needs of borough residents, visitors, and the communities served.
- A budget supported by the current borough's areawide general fund tax rate.
- Stabilization of the borough's financial condition including compliance with the borough's fund balance policy.

All borough budgets have been impacted by increased personnel costs resulting from increases in the employer contribution rates to the public employee retirement system (PERS), the amended rate for FY2006 is $17.81 \%$ while the rate for FY2007 is $22.81 \%$. Further increases are expected in FY2008, after which time the rate is expected to remain level. In addition, increases in workers compensation and health care costs have caused increases in virtually all borough budgets. The proposed budget continues the use of excess retained earnings within the risk management fund, as an offset of higher risk management costs. Along with this, school funding has increased $\$ 1.7$ million.

## General Fund

A number of factors are impacting the budget for FY2007: an increase in school funding of $\$ 1,706,541$, a reduction in debt service for school facilities of $\$ 1,621,600$, an increase in the PERS rate
resulting in increased cost of approximately $\$ 597,000$, and an increase in the pay tables of $3.8 \%$ due to COLA adjustment. Yet with these factors, overall expenditures are down $\$ 1,411,901$ from the FY2006 approved budget. This has been done by reducing 1.5 positions, limiting increases in supplies, services and equipment, delaying capital projects, and paying off the debt on the Homer Middle School.

The proposed budget keeps the general fund tax rate at 6.5 mills. Included in the budget is an increase in the Borough's contribution to education of $\$ 1,706,541$, or $4.8 \%$ when compared to the FY2006 budget. The total amount appropriated for school purposes is $\$ 40,133,375$, of which $\$ 36,761,137$ is for operations. Appropriations for school operations are up $16.2 \%$ since FY2004. Funding for schools is at an amount equal to $68.3 \%$ of the Borough's General Fund budget. Local educational funding proposed for FY2007 includes $\$ 36,761,137$ for school district operations, the projected maximum allowable under current Alaska Statutes, $\$ 2,122,238$ for school related debt service, and $\$ 1,250,000$ for school district capital projects. The total amount of funding provided for school purposes of $\$ 40,133,375$ is equivalent to 8.92 mills. Of the $\$ 40,133,375$, sales tax revenue is expected to cover $\$ 16,625,186$; the balance of $\$ 23,508,189$ comes from other sources including property taxes, state revenue, and other sources.

The general fund budget of $\$ 58,738,733$ represents a decrease of $\$ 1,411,901$, or $2.3 \%$ from the FY2006 assembly approved budget of $\$ 60,150,634$. Major components of this include $\$ 1.7$ million increase in school funding; a decrease in debt service $\$ 1.6$ million, a decrease in transfers for borough funded capital projects of $\$ 1.1$ million, and a $\$ .2$ million decrease in transfers to solid waste for operational support. When compared to the amended FY2006 budget, which includes carryovers for encumbrances and supplemental appropriations, the budget represents a decrease of $\$ 1,238,184$ or $2.1 \%$.

Revenues and other financing sources of $\$ 56,289,138$ support the FY2007 general fund budget. This total consists of $\$ 33,271,406$ in property tax revenue, $\$ 16,625,186$ in sales tax revenue, $\$ 2,093,066$ in state revenue, $\$ 1,925,000$ in federal revenue, and $\$ 2,179,160$ in other revenues and financing sources. Proposed expenditures exceed projected revenues by $\$ 2,449,595$.

As indicated earlier, the proposed FY2007 general fund tax rate remains at 6.5 mills. Property tax revenues are expected to increase by $\$ 2,160,878$, due to an increase in taxable property values of approximately $7.3 \%$. The Borough's areawide sales tax rate of $2 \%$ is forecasted to generate approximately $\$ 16,625,186$ in revenue. The FY2006 budget included an increase in the sales tax rate to $3 \%$, which was overturned by voter referendum in October 2005.

State revenues are expected to decrease by $\$ 1,135,120$ to $\$ 2,093,066$. This decrease is due to a reduction in debt reimbursement. In FY2006, the Borough made its final payment on the Homer Middle School facility. Debt payments on this facility were approximately $\$ 1,500,000$ per year of which the State of Alaska was providing debt reimburse of $70 \%$ or approximately $\$ 1,100,000$. Total state revenues consist of $\$ 1,468,066$ for school debt reimbursement, $\$ 475,000$ for fish tax and $\$ 150,000$ from distribution of co-op revenues.

The Borough's approved budget projects to use $\$ 2,127,539$ in fund balance. The administration had originally proposed to increase the mill rate .2 mills to offset this usage. However, during the last days of the Alaska legislative session, the legislature approved a one-time grant to the Borough in the amount of $\$ 3,647,106$. The administration plans on using these funds to keep the mill rate at the FY2006 rate of 6.5 mills with the balance to be used to increase the Borough's fund balance. These
funds have not been included in the FY2007 budget document, as the Governor had not signed the bill at the date the budget was approved.

Per the borough's Unreserved Fund Balance Policy, the general fund unreserved balance should be between $\$ 11,699,300$ and $\$ 20,143,767$. The projected fund balance as of June 30,2007 is $\$ 12,471,596, \$ 772,296$ higher than the minimum level but $\$ 7,672,171$ lower than the maximum level indicated by borough policy. Under the policy, the proposed budget must bring fund balance into policy limits within a five-year period. The proposed FY2007 budget complies with this requirement.

## Service Areas and Special Revenue Funds

Starting in FY2007, the Borough is instituting a cost allocation plan, whereby charging service areas, grants and capital projects a fee for the services they receive from the general government. Previously, the Borough had charged services areas for these services by retaining the interest the Service Areas may have earned based upon their equity balances in the borough's central treasury. This method was not considered equitable. A new method was developed that provides the Service Areas their interest earnings while at the same time charging them a fee for the services they receive. The net impact to most Service Areas is less than 2\%.

As a whole, not including the cost allocation charges, the FY2007 service area budgets have increased in comparison to FY2006. Individually, some have increased while others have decreased. The Nikiski Fire Service Area budget is increasing $\$ 598,265$ or $16.5 \%$, primarily the result of increased contribution to their capital improvement fund of $\$ 300,000$. The service area finds themselves with increasing cost of operations with minimal increase in assessed values. Increases in real property are being offset by decreases in oil and gas property values. The service area is also increasing their mill rate by .7 a mill to 3.0 .

Anchor Point Fire Service Area is decreasing $\$ 42,078$ or $10.6 \%$ primarily due to a reduction in transfers to their capital funds for anticipated capital projects. No change in the mill rate is anticipated in the current year; however, based upon out-year projections, a mill rate reduction could be possible for FY2008.

Central Emergency Services, not including the cost allocation charges, is proposed to increase $\$ 906,078$ or $21.8 \%$ primarily due to personnel costs including the addition of 2.0 EMT/Paramedics for staffing at the new Funny River station, a new $1 / 2$ time clerical position, and new debt service of $\$ 195,000$ for the new Kasilof station. No mill rate change is proposed as the service areas fund balance is in excess of its recommended range. Mill rate changes might be necessary in future years to support the forecasted level of service.

The Kachemak Emergency Service Area budget is up $\$ 100,532$ or $24.9 \%$ mainly as a result of increasing their contribution to their capital project fund. No mill rate increase is necessary to support this increase due to an $18 \%$ increase in the service areas assessed values.

The Road Service Area, not including the cost allocation charges, is increasing $\$ 483,534$ or $11.9 \%$ primarily due to increased transfers to their capital projects fund.

The Land Trust Fund budget is projected to decrease $\$ 1,296,375$. Increase in personnel cost and contracted services are offset against a decrease in transfers to other funds. In FY2006, a one-time appropriation of $\$ 1,438,705$ was made to the General Fund.

The Central Peninsula General Hospital (CPGH) service area budget is proposed to increase by $\$ 1,445,215$ or $32.5 \%$, compared to the original FY2006 budget. The increase is generally attributable to an increase in funds received from CPGH Inc for transfer to the CPGH capital projects fund.

The South Peninsula Hospital budget is proposed to increase by $\$ 528,204$ or $28.6 \%$, when compared to their original FY2006 budget, primarily due to debt of $\$ 450,738$ on a new CT Scanner and PAC system.

## Mission Statement

The Kenai Peninsula Borough is organized to execute the powers that have been granted to it through legislative action or voter mandate in a manner that provides the optimum level of service to the public, considering the resources available. These powers include areawide, non-areawide, and service area powers. Areawide powers are: education; assessment and collection of property and sales taxes for the Borough, service areas, and the cities within the Borough; planning and zoning; solid waste disposal; emergency management; senior citizen grant funding; post-secondary education funding; 911 communications; and general administrative services. Non-areawide powers include ports and harbors, tourism promotion, special assessment authority for utility line extensions, and economic development. Voter approved service areas include: hospital (two service areas), fire and emergency medical (six service areas), emergency medical (one service area), recreation (one service area), flood (one service area), road maintenance, construction, and improvements (one service area), and senior citizens (one service area).

## Major Budget Issues

Major issues either reflected in this budget, or with the potential to impact the execution of this budget include: funding for education, increase in public employees retirement benefits (PERS), and the valuation of taxable property including oil and gas property.

The FY2007 budget proposes local funding for school district operations of $\$ 36,761,137$, the maximum level allowable under current Alaska Statutes. This is an increase of $\$ 1,706,541$ compared to the approved FY2006. The Borough continues to be one of the few communities within the State that funds at the cap.

PERS increased from $7.81 \%$ in FY2004, to $12.81 \%$ in FY2005, to $17.81 \%$ in FY2006, and to $22.81 \%$ for FY2007. It is expected to increase further in FY2008. These increases are necessary to address an unfunded liability of approximately $\$ 35,000,000$; brought about by poor investment returns and incorrect actuarial assumptions regarding the cost of health insurance. A new tier has been added to PERS that changes employee benefits from a defined benefit plan to a defined contribution plan for all new employees entering the plan after July 1, 2006.

The assessed value of taxable property located within the borough is projected to increase by $7.3 \%$ in FY2007. This follows increases of $5.5 \%, 1.1 \%$ in FY2006, and FY2005 respectively. The last three years has seen consistent growth in the value of most categories of real property with the exception of oil and gas. Oil and gas property is subject to significant fluctuations in value and is in decline. Oil and gas property assessed by the State of Alaska under AS 43.56, decreased $12.0 \%$ in FY2000, increased slightly in FY2001, increased $30.1 \%$ in FY2002, increased $10.2 \%$ in FY2003, increased $1.6 \%$ in FY2004, decreased $8.6 \%$ in FY2005, and decreased $8.0 \%$ in FY2006. It is
projected to decrease by $\$ 4,382,000$, or $.1 \%$ in FY2007. Projections vary widely as to expectations for either growth or further decline in Cook Inlet oil and gas activity. Short-term, the borough's property tax base will continue to be impacted both up and down by fluctuations in oil and gas property values. In the long-term, oil and gas development in Cook Inlet will have a major impact on the overall value and distribution of taxable property within the borough.

## State Funding

State funding for municipal operations ended in FY2003. The remaining state funding the Borough receives is for school debt reimbursement, fish tax and co-op distribution. During FY2006, the Borough received one-time funding of $\$ 625,569$ to offset the FY2006 increase in PERS.

As part of the FY2007 State of Alaska Capital Budget, the Alaska legislature appropriated \$3,647,106 for Energy Assistance and $\$ 702,515$ for PERS for the Kenai Peninsula Borough. The governor has not signed the budget as of the date of this letter; therefore, they have not been included in the Borough's budget. When the governor signs the budget, these items will come back to the assembly for inclusion in the budget.

## Tax Rates

The Borough Code of Ordinances, section 5.12.010 (A), establishes a maximum 8.00 mill tax levy for operations of the Borough general government, including the local effort for education. Per the Code, the maximum is increased for the tax equivalent of the local payments for voter approved debt. The maximum mill rate that could be levied for FY2007 is 8.30 mills. It is our goal to keep the general fund mill rate at or below the current level unless borough voters authorize significant additional debt. The proposed General Fund tax rate for FY2007 is 6.5 mills. All service area tax rates are proposed to stay at their FY2006 levels with the following exception: Nikiski Fire Service Area who is proposed to increase from 2.3 mills to 3.0 mills.

## Capital Projects

The FY2007 budget includes transfers of $\$ 1,250,000$ from the General Fund for school district major maintenance projects. The projects include: $\$ 50,000$ for siding/window replacement at Chapman Elementary; $\$ 400,000$ roofing replacement at Nikolaevsk; $\$ 30,000$ for kitchen upgrade at Homer Middle School; $\$ 100,000$ for kitchen flooring upgrade at Kenai High School; \$30,000 for parking lot lighting at Seward High School; $\$ 300,000$ for window replacement at Soldotna Elementary; and $\$ 340,000$ for area-wide projects, including $\$ 100,000$ for flooring replacements; $\$ 50,000$ asbestos abatement/build back; $\$ 50,000$ for electrical upgrades and ballast replacements; $\$ 40,000$ for HVAC/DDC system upgrades; $\$ 50,000$ for portable classrooms; and $\$ 50,000$ for playground equipment upgrades.

Service Area capital budgets include equipment purchases of $\$ 300,000$ at Nikiski Fire Service Area, $\$ 150,000$ at Bear Creek Fire Service Area, $\$ 763,683$ at Central Emergency Services, $\$ 134,000$ at Kachemak Emergency Service Area, \$935,690 at Road Maintenance, $\$ 1,527,439$ at Central Peninsula General Hospital, and \$572,956 at South Peninsula Hospital.

## Governmental Functions

The following schedule is a summary of the FY2007 estimated revenues for the General Fund, special revenue funds, debt service funds, capital projects funds, and internal service funds including the amount and percentage increases or decreases in relation to the original FY2006 budget. This schedule does not include the projected lapse.

REVENUES
General Property Taxes
Sales Tax

| FY2006 | FY2007 |  |  |
| :---: | :---: | :---: | :---: |
| Original Revenue | Proposed Revenue | Increase (Decrease) | Percent |
| \$49,664,520 | \$53,798,265 | \$4,133,745 | 8.32\% |
| 20,691,180 | 16,625,186 | $(4,065,994)$ | -19.65\% |
| 1,925,000 | 1,925,000 | - | 0.00\% |
| 3,228,186 | 2,093,066 | $(1,135,120)$ | -35.16\% |
| 10,301,491 | 15,005,433 | 4,703,942 | 45.66\% |
| - | 2,909,752 | 2,909,752 | - |
| \$85,810,377 | \$92,356,702 | \$6,546,325 | 7.63\% |

Total revenue is projected to increase by $7.6 \%$. Property and sales tax revenues are up by a combined $1.7 \%$ and represent approximately $78.7 \%$ of total revenues. Sales tax is down due to a change in the sales tax rate from $3 \%$ to $2 \%$. The FY2006 had proposed to increase the sales tax rate, however a voter initiative resulted in the rate increase being voted down in October 2005. Federal revenues are not scheduled to change. State revenues are projected to decrease $35.16 \%$, due to a reduction in debt reimbursement. Other revenues are expected to show an increase of $45.93 \%$ due to an increase in interest earnings and contributions from related entities for hospital capital projects. The general fund plans on using fund balance of $\$ 2,127,539$.

The following schedule presents a summary of General Fund, special revenue funds, debt service funds, capital project funds, and internal service funds gross appropriations for FY2007. Also included are the percentage increases and decreases in relation to prior year amounts. Please note that the FY2006 amounts are based on the original Assembly approved budget and do not include encumbrances and certain contingency balances carried forward from the prior year, or supplemental appropriations. This schedule does not include the projected lapse amounts.

| EXPENDITURES | Original Appropriation FY2006 | Proposed Appropriation FY2007 | Increase (Decrease) | Percent |
| :---: | :---: | :---: | :---: | :---: |
| General Government | \$14,477,420 | \$13,164,011 | \$(1,313,409) | -9.07\% |
| Solid Waste | 5,592,670 | 5,865,223 | 272,553 | 4.87\% |
| Public Safety | 9,706,370 | 11,774,701 | 2,068,331 | 21.31\% |
| Recreation | 1,103,292 | 1,223,264 | 119,972 | 10.87\% |
| Education | 40,554,533 | 40,666,175 | 111,642 | . $28 \%$ |
| Road Maintenance | 3,232,596 | 4,447,115 | 1,214,519 | 37.57\% |
| Hospitals | 6,286,841 | 7,833,216 | 1,546,375 | 24.60\% |
| Internal Service | 3,698,969 | 7,382,997 | 3,684,028 | 99.60\% |
|  | \$84,652,691 | \$92,356,702 | \$7,704,011 | 9.10\% |

Total appropriations are up $9.10 \%$ in comparison to the original FY2006 budget. The primary drivers of this increase include: increased contributions to service area capital project funds, establishment of a health insurance reserve fund, allocation of cost from the establishment of a cost allocation plan, increases in employer contributions to PERS, and appropriation of the road service capital projects as part of the budget. For FY2006, the road service area capital projects were not included as part of the budget document, but were appropriated later in the fiscal year.

## Acknowledgment

Credit is given to those who have participated in the preparation of the FY2007 budget. Service area boards, department heads, and their staffs have all worked hard to develop department/service area budgets that will provide residents with a high level of service at a reasonable cost. It has been a challenging task. Finance Department staff deserving recognition include: Borough Controller Terry Eubank; Financial Planning Manager Cathey Wallace, who coordinated this year's budget process, Accounting Supervisor Troy Tankersley; Budget/Treasury Accountant Brandi Harbaugh; and Finance Department Administrative Assistant, Laurie Wood. All have put in long hours preparing this document.

## The Future

In reviewing the department and service area budget requests, the Mayor considered carefully the thoughts of the management staff, service area boards, and the assembly and borough citizens. In the end, relatively few changes were made to the budgets as submitted. We believe that this budget is consistent with the Mayor's budget priorities that include:

- The highest level of local educational funding borough residents can reasonably afford and sustain.
- A high quality capital and operational maintenance program that ensures the continued use and economic value of borough assets.
- Support for the needs of borough service areas as communicated by service area residents and their elected service area boards.
- A sufficient level of funding for Borough departments to ensure their continued ability to meet the needs of borough residents, visitors, and the communities we serve.
- A reduction in the historical variance between budget and actual revenues and expenditures.
- A budget that can be supported by the borough's current area-wide general fund tax rate.
- Maintenance of the borough's healthy financial condition.

We look forward to working with the borough assembly, the borough business community and all residents of the borough in making the Kenai Peninsula a great place to live, work, visit and conduct business.

Respectfully submitted,

## THE BUDGET PROCESS

The budget process begins in January with a meeting of all department heads and service area representatives. The Mayor makes a presentation on the financial condition of the Borough and a projection for the coming year, considering the economy and the legislature. The Mayor outlines his general budget policies and goals at this time, and budget preparation packets are distributed to the departments.

Throughout the remainder of January and February, the Finance Director, Controller, or Financial Planning Manager attend the various service areas budget workshop meetings and present information to them on their particular service area. Packets of information are complied prior to the meetings and are distributed at the work sessions. The packets include graphs on budget to actual for the prior 10 years revenue and expenditure activity and fund balance levels. A copy of the fund balance policy is included as well as an explanation of components used in calculating their minimum and maximum fund balance levels and where they should be as well as the results of the prior year's activity. A copy of their prior year's 10-year capital projects plan is also included. The service area boards in developing their budget requests then use this information.

The departmental budgets are received by the finance department and entered into the computerized budgeting system. The resulting computer reports are then routed to the department heads for their review. After this is done, the Mayor, along with the Finance Director and the appropriate department head, reviews each departmental budget again. As the Mayor makes changes to the department's proposed budget, his recommendations are entered into the computerized budget system under the "Mayor Proposed" column for the preliminary budget document. This information is shown in the budget document on the department budget pages in the "MAYOR PROPOSED" column. The Borough Assembly makes the final adjustments to the budget, and the final budget amounts appear in the "Assembly Adopted" column of the final budget document.

Developing the budget for estimated revenues is a dynamic process. The preliminary revenue projections may change due to the fact that virtually all of the revenues of the Borough depend on events that do not occur until after the preliminary budget is published. Examples of these events are the actions of the Alaska State Legislature regarding the setting of funding levels for local governments and the fact that the assessment roll is not finalized until June 1. The State Legislature is meeting on the State budget at the same time that the Borough budget is being developed. As the State budget solidifies, adjustments are made to the Borough estimates. The Borough School Board is required by Alaska Statute 14.14.060(c) to submit the school budget for the following year, including its request for local effort, to the Borough Assembly by May 1 for approval of the total amount. Within 30 days after receipt of the school budget, the Assembly must furnish a statement to the School Board of the amount to be made available to the School District from local sources. If the Assembly does not furnish the School Board with a statement of the amount to be made available within the 30 days, the amount requested in the budget is automatically approved. By June 30 the Assembly shall appropriate the amount to be made available from local sources.

A summary preliminary budget for the General Fund is provided to the Assembly during the first part of April. This allows the Assembly to see the Borough spending plan at the same time they are considering the School District budget. A preliminary budget document that includes all other funds is presented to the Assembly by the second meeting in April.

The Assembly then holds work sessions on the budget throughout April and May. The mill rates must be established by June 15th in accordance with Alaska Statutes. The ordinance setting the level of appropriation for fiscal year 2007 was introduced at the second Assembly meeting in April; the resolution setting the mill rates for the General Fund and the service areas is presented at the second Assembly meeting in May. After holding public work sessions, the Borough establishes the budgets and tax rates for the General Fund and service areas by June 15th.

After the budget has been established, the Assembly may transfer appropriations between major classifications or department by resolution; however, transfer of appropriations between funds must be done by ordinance. The Borough Mayor has the authority to transfer amounts within a department. Emergency appropriations may be done by Assembly ordinance without a public hearing, but are only effective for 60 days. Extensions of such appropriations must go through the public hearing process.

## FUND STRUCTURE

The accounts of the Borough are organized on the basis of funds and account groups, each of which is considered a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues and expenditures, or expenses, as appropriate. Government resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The various funds are grouped in this report into six generic fund types and three broad fund categories as follows:

## GOVERNMENTAL FUNDS

General Fund (100): The General Fund is the general operating fund of the Borough. This fund accounts for all transactions not recorded in other funds and receives financial support from such sources as general property taxes, sales taxes, fees and intergovernmental revenues. Expenditures are authorized in the general budget and include such areas as administration, assessing, emergency management, risk management, senior citizen funding, 911 communications, and planning and zoning.

Special Revenue Funds (200-299, 600-601): Special revenue funds are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specific purposes. State grants, education, fire and emergency medical service areas, a road service area, two road improvement funds, the Land Trust Fund, the School Fund, the North Peninsula Recreation Service Area Fund, the Nikiski Senior Service Area Fund, Disaster Relief Fund, Solid Waste Fund, Kenai River Center Fund, Underground Storage Tank Removal and Upgrade Fund, Central Kenai Peninsula Hospital Service Area, and South Peninsula Hospital Service Area are included in the special revenue funds.

Debt Service Funds (300-399): The debt service funds are used to account for the payment of principal and interest on general obligation debt incurred to finance construction. Each bond issue is accounted for in a separate general ledger fund, but these separate funds are included in the budget document as one fund since the appropriation is for the single purpose of debt service on general obligation bonds issued for construction.

Capital Projects Funds (400-499): Capital projects funds account for financial resources used for the acquisition or construction of capital projects.

## PROPRIETARY FUNDS

Internal Service Funds (700-799): The Borough's internal service funds (Insurance and Litigation Fund, Health Insurance Reserve Fund and the Equipment Replacement Fund) are used to account for the financing of goods and services provided to other departments of the Borough. The Insurance and Litigation fund provides the insurance requirements of the Borough and is financed through interfund charges. The Equipment Replacement Fund is used to finance the major purchases of user departments. The departments are charged an annual fee over the expected life of the vehicle or piece of equipment. This manner of financing major purchases eliminate the substantial impact such purchases would otherwise have on annual operating budgets.

## FIDUCIARY FUNDS

Agency Funds (800-899): The Borough maintains two Agency Funds. One of the funds, the Tax Agency Fund, is used to account for resources received by the Borough as an agent for other governmental units. The Borough is responsible for the collection and disbursement of taxes levied by the cities located within the Borough. These cash receipts and disbursements are recorded in the Tax Fund. The second agency fund, Special Assessment Agency Fund, was established to account for monies collected from property owners by the Borough for the construction of natural gas pipeline distribution systems and road improvements, which benefits these property owners.

## FINANCIAL POLICIES

The fiscal philosophy of the Borough incorporates the concept that the taxpayers in different areas or taxing districts pay only for those services, which they receive. The borough form of government is designed to provide maximum local self-government with a minimum of local governmental units and to prevent duplication of tax-levying jurisdictions. In Alaska, the borough is a political subdivision of the state, which corresponds generally to a county in other states.

The Kenai Peninsula Borough (the Borough) was incorporated as a second class Borough on January 1, 1964. State of Alaska law mandates that second class boroughs provide certain services on an areawide basis to all taxpayers (e.g., property assessment, tax collection, education and planning). All other services have to be voted on and approved by the taxpayers who are to receive the services. This gives the taxpayers control over the type and level of service for which they are willing to pay. The Borough governmental unit is charged with providing a full range of community services that includes recreation, fire service, hospital, emergency medical service, flood control service area, road maintenance and construction, planning and zoning, solid waste disposal, emergency management, 911 emergency communication, assessment and collection of sales and property taxes, senior citizen funding, postsecondary education funding, economic development, tourism promotion, ports and harbors, and special assessment authority. Funding for the Borough, by order of importance, is provided from property tax, state revenue, sales tax, interest earnings, federal revenue, and other sources.

The Borough Assembly has the responsibility to set the budget and establish mill rates of the Borough, the school district and the service areas. An elected school board governs the school district. The service areas have elected operating boards. The Borough has complete responsibility for the levy and collection of taxes supporting all of these entities, as well as providing administrative support for the service areas.

## Basis of Accounting and Budgeting

The need to demonstrate compliance with regulations governing the funding sources for those services requires a complex and advanced accounting system. To fulfill this need, the National Council on Governmental Accounting recommended the use of fund accounting by state and local governments. A description of the fund types is presented in the Fund Structure section of this document. Depending on the type of fund referred to, the basis of accounting may be different. The Governmental fund types use the flow of current financial resources measurement focus and the modified accrual basis of accounting. The Proprietary fund types are accounted for on a flow of economic resources measurement and use the accrual basis of accounting. The basis of accounting determines when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Under the modified accrual basis of accounting revenues are recognized when they are measurable and available (measurable meaning the amount of the transaction can be determined and available means collectible within the current period or soon enough after to pay liabilities of the current period). Expenditures are recognized when the fund liability is incurred, if measurable. The exception to this is the principal and interest on general long term debt, which is recorded when due. Under the accrual basis of accounting revenues are recorded when earned and expenses are recorded at the time the liabilities are incurred. The Borough's budgets are prepared and adopted on a basis consistent with Generally Accepted Accounting Principles (GAAP) for all governmental and proprietary funds except capital projects funds, which are adopted on a project length basis. The Borough utilizes encumbrance accounting for it's governmental fund types under which purchase orders, contracts and other commitments are recorded in order to set budget aside for that specific use. Encumbrances lapse and are automatically reappropriated and reencumbered as part of the subsequent year's budget. Encumbrances are the recognition of commitments that will subsequently become expenditures when the goods or services are received.

The Borough's financial policies set forth the basic framework for the overall fiscal management of the Borough. The established long-range policies regarding financial management have been to take a conservative approach on forecasting revenues due to the uncertainty of the revenue source, particularly oil property tax revenues. This policy takes into consideration any changes in circumstances or conditions when evaluating both the current and long range goals, and has helped to maintain financial stability.

The following policies assist the decision-making process of the Borough Assembly:

## Prudent budgeting and effective budgetary control.

Formal budgetary integration is employed as a management control device during the year for the general fund, special revenue funds, and capital projects funds through the use of an encumbrance accounting system, under which purchase orders, contracts, and other forms of legal commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation. The objective of these controls is to ensure compliance with legal provisions embodied in the annual appropriated budget. At year-end, unencumbered amounts lapse, while outstanding encumbrances are reported as reservations of fund balances since they do not constitute expenditures. Although the appropriations lapse at year-end, the subsequent year's appropriations provide the authority to complete these prior year's obligations as the full amount encumbered is reappropriated.

## Fund Balance Policy.

In May 2001, the assembly established a policy for determining minimum and maximum levels of unreserved fund balance. Criteria was established for determining these levels and included operating contingencies, working capital requirements, capital expansion and contingencies. The fund balance range is presented to the assembly for approval as part of the annual budgeting process and any deviation from the policy shall be documented and presented at that time. If a fund balance is outside of the established range, the proposed budget must include a five-year plan of action to achieve compliance with the established range.

Budgetary control is at the fund level.

## Efficient safeguarding of Borough assets.

Management of the Borough is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the Borough are protected from loss, theft, or misuse and to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles. Authorization, through purchase orders, is required for the encumbrance and expenditure of funds. An encumbrance is the reservation of the funds necessary to pay for the purchase. The proper account must have adequate appropriations available prior to approval of the purchase order. Formal bids are required for purchases exceeding $\$ 15,000$.

Several years ago the Borough and School District established an insurance and litigation fund. The purpose of the insurance and litigation fund is to pay for claims and losses of the Borough, School District and service areas that fall within the deductible and retention levels of the program. The Borough and School District's insurance program is a combination of deductibles and self-insured retention with excess and umbrella insurance coverage for transfer of risk above the desired levels of retention. Deductibles currently range from $\$ 0$ to $\$ 5,000$ depending on the line of coverage involved, with $\$ 100,000$ deductible for fire and extended coverage on buildings. Self-insured retention is currently $\$ 250,000$ on comprehensive general/auto liability. Effective in FY2003, the Borough became self-insured for workmen's compensation. Group health insurance is a modified program of self-insurance with monthly attachment levels. The Kenai Peninsula Borough currently maintains a risk management policy that provides for an on-site risk manager. The risk manager, in coordination with a risk management committee, is charged with the responsibility of developing and presenting a program of self-insurance and insurance to the Borough Assembly, as well as overseeing claims handling and settlement activity.

## Manageable debt administration.

Debt administration procedures include the scheduling of bond payments spread over the life of the issue, producing a total debt service schedule that is manageable. Under state statutes, a municipality may incur general obligation bond debt only after a bond authorization ordinance is approved by a majority vote at an
election. The Borough does not have a legal debt limit. Debt repayment is timed to correspond to expected cash inflows. The State of Alaska reimburses the Borough for most expenditures incurred for school debt depending on the issue date of the debt. For bonds issued after April 30, 1993, the reimbursement rate is $70 \%$.

## Equipment replacement.

In fiscal year 1988-89, \$1 million of undesignated fund balance in the Borough building capital projects fund was used to set up the equipment replacement fund. In fiscal year 2005-06 \$300,000 undesignated fund balance in the Borough general fund was used to increase the amount available for the purchase of equipment. This fund is operated much like a leasing agency. Amortization of the purchase price of equipment prevents annual operating fund budgets from being severely impacted by capital equipment purchases.

## Maintenance of a sound investment policy of Borough monies.

The Borough uses a Central Treasury whereby all cash of the general government, the school district, service areas and any other agency of the Borough is accumulated and invested. This procedure not only provides internal control but also yields a higher rate of return on our investments because the amount available to invest is larger. The investment policies in the Borough's Code of Ordinances include requirements for collateralization, diversification and safekeeping, as well as listing authorized investment instruments. The main objectives of this policy are the safeguarding of principal, maintaining sufficient liquidity to meet the Borough's cash flow requirements, and striving to achieve the highest rate of return on investments and deposits, with due regard to the security of the investments and margins of risk. The Borough's investment policy is to minimize credit and market risks while maintaining a competitive yield on its portfolio. The Borough's cash is fully invested at all times.

## Striving to maintain the best possible rating on bonds.

There are many elements taken into consideration by bond rating agencies when evaluating bond issues. One item looked at is the financial performance of the municipality or enterprise. The financial accounting and reporting of the Borough is in accordance with methods prescribed by the Government Finance Officers Association of the United States and Canada (GFOA). This practice has the benefits of ensuring conformity with today's complex and ever-changing reporting regulations and the safeguarding of Borough assets, as well as presenting a fair statement of the Borough's financial operations and position. A decrease in bond ratings would increase the cost of issuing bonds.

## KENAI PENINSULA BOROUGH ORDINANCE 2006-19

## AN ORDINANCE APPROPRIATING FUNDS FOR FISCAL YEAR 2006-2007

WHEREAS, Alaska Statute 29.35 .100 empowers the assembly to establish budget procedures, and KPB 5.04.020 requires that the Mayor present a budget proposal to the Assembly for the next fiscal year during or prior to the eighth week preceding the first day of the fiscal year; and

WHEREAS, the Assembly is empowered by AS 29.35 .100 with making appropriations for the General Fund, the Special Revenue Funds, the Debt Service Funds, the Capital Projects Funds, the Enterprise Funds, and the Internal Service Funds of the Borough; and

WHEREAS, Resolution 2006-025 approved a total school budget of $\$ 112,315,918$ and established that up to $\$ 36,761,137$ ( $\$ 28,881,714$ local effort and $\$ 7,879,423$ in-kind services) be provided from local sources for school purposes; and

WHEREAS, the Assembly is required by KPB 5.04 .021 to introduce an ordinance on or before the May 2, 2006 meeting appropriating the amount to be made available from local sources for school purposes, and by AS 14.14.060, KPB 5.04.060, and AS 29.45.240, to enact such ordinance by June 15;

NOW, THEREFORE, BE IT ORDAINED BY THE ASSEMBLY OF THE KENAI PENINSULA BOROUGH:

SECTION 1. That $\$ 58,738,733$ is appropriated in the General Fund for the fiscal year beginning July 1, 2006 and ending June 30, 2007 as follows:

## PROPERTY TAXES

Real, Personal and Oil Property Taxes: A.S. Title 29.45.010-29.45.500 determines the procedure for assessment and levy of property taxes. The certified assessed valuation for the Borough as of January 1 each tax year is determined June 1. The mill rate for the Borough and each of the cities within the Borough is established by June 15, and tax bills are mailed July 1. The total taxable assessed value for the Borough for fiscal year 2007 is $\$ 4,831,254,000$. The Borough collects property taxes on behalf of the cities within the Borough and remits them to the cities monthly.

Penalty and Interest on Taxes Receivable: A.S. Title 29.45.250 and Kenai Peninsula Borough Code of Ordinances 05.12.080 outline the deadlines for payment and the rates of penalty and interest for late or nonpayment of taxes. Each service area of the Borough earns the interest on delinquent payments due its service area; however, the General Fund retains all penalties to offset costs involved with collections.

Motor Vehicle Tax: A.S. Title 28.10.431 and Kenai Peninsula Borough Code of Ordinances 05.12.245 authorizes the State of Alaska to collect personal property tax on registered motor vehicles based on a schedule outlined within A.S. 28.10.431, or an amount imposed by the municipality through passage of an ordinance. The tax is collected at the time of vehicle registration by the Department of Public Safety Motor Vehicle Division and remitted to the Borough monthly, less an administrative fee.

## SALES TAX

A.S. Title 29.45.650-29.45.710 and Kenai Peninsula Borough Code of Ordinances 05.18.100-05.18.900 authorize the Borough and each of the five cities within the Borough to levy and collect sales tax on all retail sales, rents, and services made or rendered within the Borough based on the gross sales of the seller. The current Borough rate is $2 \%$ and is dedicated to school operations. Revenues from sales tax cover approximately $41 \%$ of the funding provided for school operations, debt reimbursement, and capital projects. Property tax and other revenue source cover the remaining 59\%. The Borough collects the sales tax on behalf of the cities within the Borough, which have various rates from $3 \%-4.5 \%$, and remits it to them monthly. Interest and penalty are assessed on delinquent sales taxes. The interest rate is set at 15\% per annum, and penalty is assessed at $5 \%$ of the taxes due per month, up to a maximum of $25 \%$.

## FEDERAL REVENUES

Payment in Lieu of Taxes: A pro rata payment for federally-owned entitlement land is authorized by Chapter 69, 31 USC, Section 6902, based on the number of acres of federal lands within the Borough and the Borough population. However, the payment may not exceed a statutory limit. Funds received may be used for any governmental purpose. The estimated amount for FY2007 is $\$ 1,850,000$.

Civil Defense: A.S. Title 26.20.030 authorizes reciprocal aid agreements between the State of Alaska and other governments. In cooperation with the Federal government, the State and the Borough have established procedures to provide protection should a disaster occur. Reimbursement up to $\$ 45,000$ for operations is received from the Federal government through the Alaska Department of Military and Veterans Affairs.

National Forest Receipts: In accordance with 43 CFR 1881.1-2, funds flow from the Federal government through the State of Alaska to municipalities for in-lieu-of-taxes on national forest lands. Payments are allocated on the basis of a formula. The estimated amount for FY2007 is \$30,000.

## STATE REVENUES

School Debt Reimbursement: A.S. Title 14.11.100, State Aid for Retirement of School Construction Debt, outlines the procedure by which the Alaska Department of Education will reimburse the Borough for
expenditures on school debt. For Borough bonds issued after April 30, 1993, the reimbursement rate is $70 \%$. If the amount appropriated by the Legislature is insufficient for providing entitled amount, those funds that are available shall be distributed on a pro rata basis. For FY2007 the Borough's entitlement for debt reimbursement is projected to be $\$ 1,468,066$.

State Revenue Sharing: Funding for this program ended in FY2003. The average revenue provided by the State under this program for the last 10 year was approximately $\$ 1.5$ million.

Safe Communities Program: Funding for this program ended in FY2003. The average revenue provided by the State under this program for the last 10 year was approximately $\$ 1.2$ million.

Fisheries Taxes: A.S. Title 43.75.015 refunds to local governments a portion of the taxes levied on the fishing industry. Fishery businesses are those which take, purchase or otherwise acquire a fishery resource. This revenue sharing is based on $50 \%$ of the amount of taxes collected in the Kenai Peninsula Borough outside cities and 25\% of the taxes collected within the cities of the Borough; the Borough's projected share for FY2007 is $\$ 475,000$.

Other State Revenue includes:
Electric and Telephone Cooperative--A.S. Title 10.25 .570 refunds to the Borough the gross revenue taxes collected from the electric and telephone cooperatives of the Borough for activities outside cities of the Borough, less an administrative fee for collection.

## OTHER REVENUES

Other revenues include service charges and fees for foreclosure, recording fees, election judge services, data processing charges, plat filing fees, fire service training seminars, ambulance service fees, recreation program admissions, and land sales and leases. In the internal service funds, other revenue includes amounts received from other funds for insurance premiums and repayment for equipment purchases. E911 service charges are authorized by the Alaska legislature as a surcharge on local telephone exchange lines for operation of the enhanced 911system. Emergency dispatch service charges include a payment by the City of Soldotna for joint facilities usage. Solid waste disposal fees are those fees collected at each of the Borough landfill sites for certain commercial/business waste.

Miscellaneous revenues are those that may be nonrecurring receipts for cash received, and are generally insignificant amounts. Interest is primarily interest on investments and land sales. Kenai Peninsula Borough Code of Ordinances 5.10.010-5.10.120 established the investment policies of the Borough; and through the use of pooled funds, the interest earned from those investments is allocated on an equity basis to special revenue funds, special revenue capital projects funds, enterprise funds, and internal service funds.

## OTHER FINANCING SOURCES

Sale of Fixed Assets: This revenue is derived from the sale of fixed assets by sealed bid or at public auction.

Transfers from Other Funds: This source of funding includes interfund transfers for services provided by one fund to another fund and transfers from special revenue operating funds to capital projects and debt service funds. Major transfers from the General Fund include those made for school operations, debt service, solid waste operations, and capital improvements.

The General Fund is established to account for the financial operations of the Kenai Peninsula Borough which are not accounted for in any other fund. Principal sources of revenue are property taxes, sales tax, and intergovernmental revenue. Primary expenditures are for general government and planning. Primary transfers are for local effort to the school district, disaster relief, underground storage tanks removal, solid waste, debt service, and school and general government capital projects.

## DEPARTMENT FUNCTION

GENERAL OBJECTIVES: The executive power of the Kenai Peninsula Borough is vested in the Mayor, who is elected at large for a term of three years. The powers and duties of the Mayor are as outlined in the Borough Code of Ordinances, with statutory provision in Title 29 of the Alaska Statutes. As the chief administrator, the Mayor's powers and duties include, but are not limited to: (1) the appointment of administrative officials; (2) supervision of the enforcement of municipal law and directives of the Borough Assembly; (3) preparation, submission, and execution of an annual budget; (4) preparation of reports on finances and operations of the Borough.

## FY2007 OBJECTIVES:

- Analyze and seek solutions to the significant budget challenges facing the General Borough Government.
- Prepare the proposed annual balanced budget prior to April 1, 2007 for consideration by the Assembly.
- Provide liaison personnel for the legislature and for state and federal agencies.
- Promote communications between the Borough and regional entities (cities, boroughs, service area boards, school board, advisory planning commissions, villages) through the community outreach program

## PROGRAM CHANGES

Closure of the CEDD offices, the deletion of the Business Development Manager position, and the consolidation of the Oil, Gas \& Mining Liaison, Grants Manager and Economic Analyst positions within the Office of the Mayor.

## ACCOMPLISHMENTS: FY2006

- Completed an initial financial and operational analysis of the Borough Government.
- Identified significant financial issues facing the General Borough Government.
- Initiated in excess of $\$ 1.0$ million in cost cuts in the FY2006 General Government budget.
- Joined with the City of Anchorage \& Matanuska-Susitna Borough to form the TriBorough Commission to develop joint efforts to address issues and needs held in common between the three municipalities.
- Identified issues delaying the development and construction of the South Peninsula Hospital expansion project and achieved solutions to bring the project back on track for scheduled completion.

## DEPARTMENT FUNCTION

GENERAL OBJECTIVES: To provide purchasing support and service to the various entities of the Borough whose objectives are to obtain materials, equipment, and contracted services in a timely, cost effective manner, and at the best value to the Borough. To provide all departments and service areas of the Borough with clear guidance as it pertains to purchasing policies and procedures. To ensure that appropriations are used wisely and in the best interest of the Borough while preserving the integrity and fairness of the competitive process. Administer the disposal of surplus tangible property of the Borough, School District, and Service Areas.

FY2007 OBJECTIVES: Recommend and coordinate the implementation of changes in Borough purchasing policies and procedures. Continue to improve the Purchasing Web Site. Promote the utilization of the Purchasing Intranet Site.

## ACCOMPLISHMENTS: FY2006

- Administered the sale for disposal of surplus tangible property, which netted $\$ 38,370$ for the Borough, School District, and Service Areas.
- Supported the Borough in the acquisition of \$86.9 million dollars worth of goods and services.
- Handled in excess of 200 contracts and formal solicitations for the various departments and service areas of the Borough.
- Supported multiple Service Areas in developing purchasing policies, procedures, and technical specifications for their respective needs.
- Completed the transition of the accounts payable functions from the Maintenance Department to the control of the purchasing warehouse staff. The purchasing warehouse staff is now responsible for the entire purchasing process, from input of requisitions through the payment of invoices.

## DEPARTMENT FUNCTION

GENERAL OBJECTIVES: The Management Information Systems Division's role is to provide effective and efficient information technology capability to the borough's workforce. This includes network connectivity, network and server administration, Internet based services, application software administration and support, e-mail, digital telephony, web services, technical advisement and desktop computer support.

## PROGRAM CHANGES: None

## FY2007 OBJECTIVES:

Systems: Expand the wireless infrastructure in the Borough admin building. Convert archived data library to a more cost effective and reliable media. Expand the Borough's IP Telephony system to the Kenai River Center, Nikiski Fire Service, and the Homer area. Implement conversion to the new Microsoft Office suite of desktop products.

Applications: Implement and deploy the GEMS HRMS Employment Self Service (ESS) Web-based Portal. Enhance the Payroll Budgeting application to facilitate a direct upload interface to the GEMS Budgeting module. Continue the process of training the development staff in Windows-based certified courses to facilitate our migration to a new development and application support work environment. Complete the conversion of the tax archival data from nine-track tape to a SQL based Web application. Continue the development and support of all our in-house and third-party software applications and their respective users.

## ACCOMPLISHMENTS: FY2006

Systems: Implemented a new backup technology for the Borough network based file systems that minimized manual intervention and increased reliability. Implemented an extensive network based support structure, including application functionality to support the 2006 Arctic Winter Games. Increased the wide area bandwidth on the average of five fold with the advent of TLS technology. Moved to the Active Directory based email server. Provided clustered redundancy to voice mail services. Implemented a reliable and automatic "push" of security updates and fixes to the end network user.

Applications: Completed implementation and deployment of contracted Manatron CAMA and Tax Billing \& Collection, TaTa Info Tech Sales Tax, and Envision Risk Management software applications. Completed deployment of the major Stellant Records Management software application upgrade, which now incorporates the School District Student Records division. Completed the deployment of a major GEMS Financial/HRMS development and runtime software environment upgrade. Reengineered the in-house Payroll Budgeting application on the .NET development platform, incorporating significantly enhanced and new software functionality into the application.

## DEPARTMENT FUNCTION

GENERAL OBJECTIVES: The Geographic Information Systems (GIS) department provides mapping services and support for the Kenai Peninsula Borough, its cities, state, federal agencies and the public. GIS is responsible for emergency services map book production, street address assignments, maintaining an interactive parcel map on the internet, ad hoc map production and development of spatial applications for the various borough departments.

PROGRAM CHANGES: Responsibility for Mapmakers software is being transferred from Oil \& Gas Liaison's office to GIS.

## FY2007 OBJECTIVES:

Continue to improve data quality and performance of Internet map services. Work to develop digital versions of the emergency services map books to be published on digital media with searchable content, and begin promoting the availability of the books for sale to the public. Support selection and deployment of Computer Aided Dispatch software's for emergency response
dispatchers. Provide map information for the new Sales Tax Mantra software. Update the Zoom application. Digitize historical aerial photography and make available on line.

## ACCOMPLISHMENTS: FY2006

Completed implementation of spatial Data Engine software. Completed development of Addressing Manual and supported development of language in resolution to change addressing ordinances. Completely redesigned and redeveloped and updated the information in all 9 emergency services map books in the calendar year 2005. Added Zoom software on laptop computers for emergency response staff to provide interactive map information in a digital format in the field. Supported implementation of Manatron's CAMA system to Assessing.

PERFORMANCE MEASURES: We provided 2,763 street address assignments and 152 street names changes. The number of visits to the Internet map service has increased to an average of 7,500 hits per month and increased data speed five fold. Published and distributed 265 emergency services map books. Completed 123 maps for the Coastal Zone Management report.

## DEPARTMENT FUNCTION

GENERAL OBJECTIVES: Provide effective legal services for the borough assembly, mayor, administration, school district, borough boards and commissions.

## FY 2007 OBJECTIVES:

- Favorably resolve outstanding lawsuits.
- Improve timekeeping systems in legal department.
- Improve overall department efficiency by further improving department filing and organization systems.
- Minimize legal costs to the borough through training, communication, and other preventive measures.

PROGRAM CHANGES: None.

## ACCOMPLISHMENTS: FY 2006

- Collected approximately $\$ 63,923$ in delinquent sales taxes. In FY 2005 we collected approximately $\$ 192,715$, and in 2003 we collected about $\$ 56,700$ in delinquent sales taxes. The reduction between the FY 2006 and 2005 is due largely to the temporary lack of staff due to the resignation of two attorneys.
- Collected approximately $\$ 60,740$ in delinquent property taxes and leasehold payments. By comparison, in FY 2005 we collected approximately $\$ 26,794$. The increase is partially because Finance began referring these cases to legal part way through FY 2005.
- As of February 7, 2006, in FY 2006 the borough won three lawsuits and settled three personal injury lawsuits. It also actively defended or worked with outside counsel on approximately thirteen other non-routine cases.
- Drafted and/or reviewed and edited approximately 70 ordinances and 50 resolutions between July 1, 2005 and February 7, 2006; performed related research and drafted related memoranda for many of these items.
- From January 1, 2005 through December 31, 2005, handled over 475 documented formal requests for legal work, including contracts and purchasing documents to be reviewed and/or drafted and various requests for legal opinions. It is estimated that at least twice that many undocumented requests were also handled, for a total of roughly 1,425 .
- Conducted training sessions for some of the service area boards in the borough regarding the Open Meetings Act and conflicts of interest. Provided ongoing legal advice to the service area boards regarding miscellaneous issues.
- Due to reductions in borough space, moved and integrated all materials from legal department library office into former fourth attorney's office in main legal department area.
- Advised the school board in grievance and expulsion hearings, and drafted associated decisions.

## DEPARTMENT FUNCTION

GENERAL OBJECTIVES: Administer the collection of revenues in accordance with the KPB Code of Ordinances ensuring the accurate recording of property tax and other revenues to the cities and service areas. Pursue collections of delinquent personal property tax and sales tax accounts and begin foreclosure proceedings against delinquent real property tax parcels.

## FY2007 OBJECTIVES:

- Increase of in-house collections on delinquent sales tax account utilizing the new Sales Tax Software TaxMantra®.
- Provide training to taxpayers on use of the Manatron Integrated Property Tax System promoting efficiency in billing and collecting of property taxes.

PROGRAM CHANGE: Installation of a new Manatron property tax system will enhance the services provided to the public through additional payment options and web access.

## ACCOMPLISHMENTS: FY2006

- AllianceOne Receivables Management Specialists has provided greater opportunity to collect on delinquent accounts and has reduced the need for a contract attorney.
- Increased efforts by the division to locate and personally contact delinquent taxpayers have reduced the overall number of delinquent property and sales tax accounts.
- Timely processing of overpayment refunds has led to a decrease in interest paid out.

## DEPARTMENT FUNCTION

GENERAL OBJECTIVES: Collection and distribution of Borough and Cities' sales tax in conformance with Borough policies, ordinances, and Alaska State Statutes. Compile and provide accurate and timely sales tax information to the general public and various government officials. Make recommendations regarding policies and ordinances related to sales tax and delinquencies. Establish and monitor payment plans entered into for the purchase of Borough land and special assessment districts. Account for, monitor and report the fixed assets of the Borough. Assist in the preparation of the Borough's Comprehensive Annual Financial Report, the annual budget, and other special reports of the Finance Department.

## FY2007 OBJECTIVES:

- Continue research and analysis to assist with the analytical process of sales tax data. With the anticipated go-live date of June 2006, TaxMantra® will be produce data that can be reevaluated using an add-on module called the Tax Decision Support System.
- Promote and instruct businesses around the borough on TaxMantra® and how to establish an account and use e $-\operatorname{Tax®}$.
- Review current staffing and make adjustments to work assignments based upon implementation and operations of new sales tax system TaxMantra®.

PROGRAM CHANGES: None.

## ACCOMPLISHMENTS: FY2006

Beginning December 19, 2005, the KPB Sales Tax Division began implementation of the new sales tax system, TaxMantra® and e~Tax®. This new system will provide for return processing through imaging, on-line payments and filing through the Internet ( $\mathrm{e} \sim \operatorname{Tax} ®$ ). Additionally the new system will increase the borough's ability to analyze sales tax data. TaxMantra® is scheduled to go live in June 2006 with additional implementation of the "Tax Decision Support System" in FY2007.

## DEPARTMENT FUNCTION

GENERAL OBJECTIVES: Perform equitable, fair, and uniform real and personal property assessments borough-wide while adhering to all state and local assessment laws. Provide accurate, courteous, and timely appraisal information and service to the general public, cities, user departments, and the State of Alaska.

## FY2007 OBJECTIVES:

- Perform reappraisal inspections in Kenai, Seward, Moose Pass, Cooper Landing, Hope, Seldovia, Nanwalek, and Port Graham.
- Successfully transition to Manatron/ProVal CAMA system.
- Train staff in Manatron's CAMA software system.

PROGRAM CHANGES: None.

ACCOMPLISHMENTS: FY2006

- Completed the reappraisal of approximately 9,400 parcels in the Anchor Point, Ninilchik, and Deep Creek areas and a portion of Sterling.
- Supplemental Roll (Escaped Property) estimated to add approximately $\$ 4,900,000$ in assessed value to roll.

PERFORMANCE MEASURES:

DEPARTMENT FUNCTION

GENERAL OBJECTIVES: The Public Works Capital Projects Division provides overall administration for major and minor capital improvement projects, school and hospital addition construction, solid waste capital projects, and various Service Area improvement projects. The Division provides concept evaluations, cost estimation, design for smaller projects, direct project administration, and engineering criteria review.

This General Fund division accounts for partial capital projects' staff time and operating expenses not attributable to any specific capital project. The remainder and majority of staff's time are charged to specific capital projects in the Capital Project Fund.

FY2007 OBJECTIVES: To provide administration and management of capital improvement projects within specified individual budget and schedule constraints.

PROGRAM CHANGES: None.

## DEPARTMENT FUNCTION

GENERAL OBJECTIVES: Senior Citizens Grant Program funding was established by Kenai Peninsula Borough Code of Ordinances, Chapter 5.22 . To be eligible for senior citizen program grants an organization, group or adult day care center must be nonprofit, tax exempt; located within the Kenai Peninsula Borough and may be sponsored by a city or recognized by the Kenai Peninsula Borough assembly or the Alaska Commission on Aging.

Organizations that receive funding shall administer those funds in accordance with the following regulations: Services are to be provided only to persons who are 60 years of age and older and their spouse. Services must be targeted to persons in greatest economic and social need. Transportation shall be provided to access services such as (in order of priority): medical appointments, prescriptions, hospital \& essential (non emergency) health services, as well as access to nutrition and other essential support services; shopping and volunteers in services to older persons, disabled, and children; job training and career education; attend senor organization meetings and non essential shopping, business, beauticians cultural and educational.

Each year the assembly shall determine the amount to be appropriated for the senior citizen program grant and adult day care centers. Distribution of the program funds is based upon election precincts using the latest census figures and whether or not the organization participated in the program before.

Population data from the 2000 Federal census is used in determining the allocation of the program funds. The FY2007 allocation will be as follows:

Special revenue funds are established when there are legal requirements restricting specific resources to expenditure for specified purposes, which are not appropriately budgeted elsewhere. They are commonly used for grants, entitlements, and shared revenues.
The Borough uses the special revenue funds to budget for service areas, school funding, postsecondary education, land trust funding, disaster relief, road improvement fund, engineer's estimate, RIAD match, underground storage tank removal and upgrade, and solid waste.

Service areas are formed to meet specific needs for a specific area. The Borough has six fire and emergency medical service areas, one emergency medical service area, one recreation service area, one road service area, two road improvement funds, one flood service are, and one senior service area. Each is its own taxing jurisdiction and must maintain its budget separately.

The School Fund is used to budget and account for the Borough's portion of its contribution to the school district. While it is shown here as a special revenue fund, it is a component unit for financial reporting purposes.
The Postsecondary Education Fund accounts for funds generated by an areawide tax levy to provide restricted funding to institutions that are part of the University of Alaska system within the Borough.
The Land Trust Fund separately budgets and accounts for the managing, acquiring, sale, and leasing of Borough-owned lands.

The Kenai River Center Fund accounts for the basic functions of the Kenai River Center in conjunction with other state and federal agencies.

The Disaster Relief Fund is established to provide funds at the Mayor's disposal for initial response expenses in the event of a disaster within the Borough.

The Underground Storage Tank Removal and Upgrade Fund is established to separately budget and account for the inspection and analysis of Borough-owned underground storage tanks and the efforts made towards compliance with federal and state regulations relating to underground fuel storage.

The Solid Waste Fund accounts for the solid waste program in accordance with federal regulations to demonstrate financial assurance.

The Central Kenai Peninsula Hospital Service Area is authorized to construct, maintain, and operate a hospital and to provide health care services or health facilities within the established service area. The hospital is leased to and operated by Central Peninsula General Hospital, Inc. The board hires an independent Chief Executive Officer to manage its operation.
The South Peninsula Hospital Service Area has the power to provide for acute inpatient and outpatient hospital services, long term care services and other medical and health care programs within the service area. The Kenai Peninsula Borough leases the hospital from the City of Homer. The lease expires in 2024. The hospital is operated under a management agreement with South Peninsula Hospital, Inc.

All activities necessary to provide hospital services are accounted for in these funds, including, but not limited to, administration, operations, finance and related debt service, construction, and billing and collection.

## NIKISKI FIRE SERVICE AREA

This service area, established on August 19, 1969, was the first fire service area in the Borough. The seven-member board is elected for three-year terms. The service area provides fire protection, ambulance, and search and rescue for the Nikiski area and Cook Inlet. Many of the 21 permanent employees and 25 volunteers are cross-trained to respond not only to fires and ambulance calls, but also for cold water and mountain rescues.

Four fire stations serve the area; two are located on the Spur Road, one at Milepost 17.9 and one at Milepost 26.8. The other two stations are located in Beluga and Tyonek. Their equipment consists of five pumpers, one ladder truck, five tankers, and five ambulances, plus five auxiliary vehicles. They also have one rescue truck, a rescue boat, and a foam tanker.

The major source of revenue is property tax. Additional funding is provided through state grants and interest income received on their capital projects cash balance. The mill rate is $\mathbf{3 . 0 0}$ mills for fiscal year 2007.

Acting Fire Chief: Fred Swen

## DEPARTMENT FUNCTION

GENERAL OBJECTIVES: The Nikiski Fire Department will protect the lives and property within the Nikiski Fire Service Area and respond to the needs of the public/residents by providing rapid, professional, and humanitarian services essential to the health, safety, and well-being of the community. This will be accomplished through fire prevention, fire suppression intervention, emergency medical assistance, and response to natural and/or man-made disasters. The fire department will actively participate in the community, serve as role models, and strive to effectively and efficiently utilize all the necessary resources at their disposal to provide services deemed essential by the citizens and to carry forth their motto: "Always Ready, Proud to Serve".

## FY2007 OBJECTIVES:

- The Fire Board and Department have decided to implement a fee for ambulance service to start 1 July 2006. Revenue will be used to pay for $3^{\text {rd }}$ party billing, paid and volunteer employees, medical equipment, and capital projects. With increased costs of performed life and property protection, this process is essential and will provide support for the challenges of FY 2007 and beyond.

## PROGRAM CHANGES:

Implementation of ambulance billing fees.

## ACCOMPLISHMENTS: FY2006

- Continued to place AED's provided by a State of Alaska EMS Grant in businesses throughout the community.
- Visited schools, day cares, and church youth groups and presented the Fire Prevention program. Approximately 375 children were contacted.
- Department personnel conducted approximately 500 blood pressure tests at the senior center and for walk ins at the stations.
- The department's 10-year capital acquisition and replacement plan has been reevaluated necessitating the additional level of funding in the FY2007 budget.

## LINE-ITEM EXPLANATIONS

40110 Regular Wages. Staff includes: Fire Chief, Assistant Chief, 3 Battalion Chiefs, Medical Director (Senior Captain), Captain, 7 Engineer/Medics, 6 Paramedic/Engineers, 2 Auto-Diesel Mechanics, and 1 Administrative Assistant.

40221 PERS. Increased to meet obligated requirements of the personal employee retirement system. The increase represents increase in the rate of covered payroll from 12.81\% to 22.81\%.
42230. Fuel, Oils and Lubricants. This account increased due to $20 \%$ additional cost by providers.

43011 Contractual Services. Increased due to accelerated cost for helicopter-assisted services.

43510 Insurance Premium. Decreased due to shutting down of Station 2 helo pad and apparatus inventories.

43610 Public Utilities. Increased due to the 20\% increase in rates.

50441 Transfer to Capital Projects. Increased to schedule replacement of apparatus for the department's 10-year plan.

61990 Admin Service Fee. Fees charged to service areas and departments to cover a portion of the costs associated with providing general government services.

This service area was created on January 25, 1977, to provide fire protection and limited ambulance service for the area outside the City of Seward's city limits. The fire department is completely staffed by $\mathbf{2 5}$ volunteers. Five elected citizens serve on its board.

The fire station is located at mile 5.5 on the Seward Highway just outside the City of Seward. Equipment consists of one pumper/tanker, one attack pumper, one rescue pumper, two tankers, one basic life support/rescue vehicle, one minipumper/support unit, one rescue boat, and two snow machines.

Revenue is raised through property tax, revenue sharing from the state, and rescue services billing. The mill rate is 2.25 mills for fiscal year 2007.

## DEPARTMENT FUNCTIONS

GENERAL OBJECTIVES: To provide rapid emergency, fire, EMS and rescue response services to the residents and visitors of the Bear Creek Fire Service Area. This includes offering Volunteer Firefighter training, community fire suppressions, prevention, education, rescue, and emergency medical services.

## FY2007 OBJECTIVES:

- Bear Creek has received permission to perform training in empty buildings that the national Parks Service will be razing to make room for a new center in Seward. Training will include: smoke training, confined space rescue, SCBA trails and CAFS training.
- Equip and put into service water supply unit to improve fire coverage for Bear Creek Service Area where no hydrants are available. This will affect ISO insurance ratings.
- Continue to reduce our response time while enhancing the level of emergency services that volunteer personnel provide, through improved communications with Seward Police dispatch, volunteer member recruitment and improved training opportunities.
- Maintain Basic Life support certification from the State of Alaska.
- Move forward with plans for a new station with an emphasis on community involvement and participation.

PROGRAM CHANGE: A new medical director in FY2007 and the purchase and outfitting of a unique water supply unit to add to the Bear Creek line.

## ACCOMPLISHMENTS: FY2006

- Received and put into service Darley/Freightliner Pumper/tanker with compressed air foam system (CAFS). Unit equipped with a variety of state-of-the-air firefighting technology and is a first responding unit on all Bear Creek Fire Department calls.
- Upgraded aging and obsolete communications systems with Code Blue and Homeland Security grants.
- Provided volunteers with ETT training and certification and 3 live fire training burn opportunities.
- Increased volunteer numbers and improved average incident response time.
- Worked with the Seward Volunteer Fire Department, Moose Pass Volunteer Fire Company, and Seward Volunteer Ambulance Corps to provide services inside and outside the service area.

| :---: | :---: | :---: | :---: |
| 40120 | Temporary Wages. Cover the cost of one temporary administrative employee. In addition to two temporary 8-week summer positions hired for equipment testing and annual equipment maintenance to assist in increasing the departments ISO rating, plus the volunteer training cost of $\$ 7.50$ per meeting, approximately $\$ 325$ per month. | 43011 | Contractual Services. Decrease due to change of medical director. Medical director ( $\$ 6,000$ ), Contract administrator ( $\$ 1,200$ ); survey cost (\$300). <br> Utilities. Cost increases for heating fuel and electricity. |
| 42120 | Computer Software. Purchase Crash Recovery Software for vehicle extrication. | 48514 | Firefighting/Rescue Equipment. Turnouts, vehicle computer system and match for possible grants. |
| 42230 | Fuel, Oils and Lubricants. This increase reflects the rising cost of fuel. | 50442 | Transfer to Capital projects. Annual transfer to fund long-term capital replacement requirements. See capital project section of this document. |
| 42263 | Training Supplies. Volunteers will have the opportunity to train in vacated buildings before they are demolished to make way for a new National Parks Service Center. This increase will pay for props and training equipment during that training. | 61990 | Admin Service Fee. Fees charged to service areas and departments to cover a portion of the costs associated with providing general government services. |
| 42410 | Small Tools. Purchase tools needed to perform maintenance on aging trucks. |  |  |

Established in October 1983, this all-volunteer service area provides fire protection and emergency services to the Anchor Point area between Sterling Highway mileposts 144.5 and 165. The service area is overseen by an elected five-member board, each serving three-year terms.

The service area is housed in a firehouse that was funded from state grant money. The service area operates two pumper fire trucks (one of which is housed in the satellite station in Nikolaevsk Village), one rescue/utility truck, two tankers, two ALS ambulances, a Suburban utility vehicle, and a Brush pick-up.

The major source of revenue is property tax. Additional income is provided through revenue sharing from the state. The mill rate is $\mathbf{2 . 0}$ mills for fiscal year 2007.

## CENTRAL EMERGENCY SERVICE AREA

In October 1991, voters approved the unification of the Ridgeway/Sterling Fire Service Area, the Kalifornsky Fire Service Area, a portion of the Central Peninsula Emergency Medical Service Area, and fire powers from the City of Soldotna. Previously, these areas had been operating as Central Emergency Services under an intergovernmental agreement to provide fire and emergency medical services. At the October 2004 election voters elected to admit the more populated areas of the Central Peninsula Emergency Medical Service Area to this service area. A five-member joint operations board is elected by voters within the Central Emergency Service Area and the Central Peninsula Emergency Medical Service Area.

The staff includes 30.5 permanent employees and 35 on-call employees. There are five stations, six engines, four tankers, five ambulances, one light rescue truck, one medium rescue truck, one ladder truck, two rescue boats, and auxiliary vehicles.

The mill levy for the service area is $\mathbf{2 . 3 5}$ for fiscal year 2007. Additional funding is provided by ambulance billing fees charged to users of the ambulances, and interest income from its capital projects funds.

## DEPARTMENT FUNCTION

GENERAL OBJECTIVES: Provide the highest level of life and property protection services through an aggressive fire control system, and integrated prehospital care system, fire prevention, public education, and emergency management.

To accomplish our mission we will provide fire suppression, rescue and prevention programs, a state-of-the-art pre-hospital care system, and effective scene management. We will stand ready to support and assist other fire service organizations in accomplishing their missions.

## FY2007 OBJECTIVES:

- Recruit and retain 10 on-call firefighters and 15 EMS responders for the service area with an emphasis on Funny River and Kasilof/Coho/Clam Gulch area by January 2007.
- Implement an on-call "resident" program to provide additional staffing to the outlying portions of the service area.
- Finish construction and occupy the Kasilof Fire Station by the end of 2006.
- Complete crews quarters and grounds work at the Funny River station by fall 2006.

PROGRAM CHANGES: To ensure administrative and operational continuity CES will not be occupying the Emergency Response Center (ERC) and will remain in the Soldotna Fire Station.

Ambulance fees are scheduled to increase for the first time since 1998.

## ACCOMPLISHMENTS: FY2006

- Awarded Fire Grant in the amount of $\$ 93,084$ for a Fire Prevention Safety trailer.
- Service area residents approved a $\$ 2.5$ million dollar bond to build and equip the Kasilof fire station and complete the Funny River fire station.
- Nine on-call firefighters successfully completed a 280hour firefighter recruit academy.

DEPARTMENT 51610-CENTRAL EMERGENCY SERVICES

## LINE-ITEM EXPLANATIONS

40110 Regular Wages. Staff includes: Chief, Assistant Chief, Training Officer; Fire Marshal, Assistant Fire Marshal, 3 Captains, 12 Engineers, 9 Firefighters, an Administrative Assistant, and a part-time Senior Clerk Typist.

Added: 2 Engineer/Paramedic positions
1 part-time Senior Clerk Typist
40120 Temporary Wages. Increase due to additional On-call firefighter personnel and training hours required to staff the increased service area.

40130 Overtime Wages. Increase based on historical averages adjusted to Administrative changes and control.

42110 Office Supplies. Decreased due to reduction in Prevention material needed due to FEMA Prevention grant received.

42120 Computer Software. Increase for Firehouse ${ }^{\circledR}$ software program. Department data collection and National Fire Incident Reporting System (FNIRS) software has become obsolete. Unable to track data (training, fire and EMS). Inability to track and report will negatively impact our ability to apply for Federal grants.

42210 Operating Supplies. Increase to purchase new map books from GIS. Map books are $\$ 95$ each, and three individual books are needed to cover the service areas. These are for the stations and front line apparatus only.

42220 Medical Supplies. Increased $(\$ 21,065)$ due to increased run volume and I-STAT supplies no longer supplied by CPGH.

42230 Fuel, Oils, and Lubricates. Increase due to higher fuel costs and service area expansion.

42250 Uniforms. Increase due to increase in on-call staff for expanded service area.

42263 Training Supplies. Decrease based on historical spending and planning for the upcoming year.

42310 Repair and Maintenance Supplies. Decrease based on new ALMR radios received under a grant during the FY06 budget year.

42410 Small Tools. Increase due to expanded service area equipment needs.

43011 Contractual Services. Increase due to the service areas desire to bring more instructors to the peninsula for training. All major contracts with the service area expiring in June 2006.

43014 Physical Examinations. Decreased by conducting annual physicals semi-annually while maintaining compliance with applicable standards.

43110 Communications. Increase due to the addition of Funny River and Kasilof areas.

43140 Postage. Increase due to US postage increase.

43210 Transportation/Subsistence. Decreased due to fewer classes being attended on the "outside".

43260 Training. Decrease to due fewer classes being attended out-of-state.

43410 Printing. Increase due to additional service area promotion and mailings.

43610 Utilities. Increase due to increased utility rates and new stations.

43720 Equipment Maintenance. Increased due to maintenance of AED's and ECG monitors received under grant.

43750 Vehicle Maintenance. Increase based on historical cost and increased service area.

Established in October 1981, this service area was formed to provide ambulance and emergency medical services for the residents of the Central Peninsula area of the Borough. At the October 1991 and 2004 elections, the most populated areas of this service area was consolidated into the Central Emergency Service Area. This process was repeated again at the October 2004 election. Ambulance service to the remaining portion is provided by Central Emergency Services, and the taxes collected in this area are transferred to the Central Emergency Service Area for payment of this service.

A five-member joint operations board is elected by voters within this service area and the Central Emergency Services Area to provide oversight of the joint operations of the two service areas. The mill levy for fiscal year 2007 is 1.00 , which is the maximum allowed.

## NORTH PENINSULA RECREATION SERVICE AREA

The recreation service area was formed to provide recreation services for the Nikiski and Tyonek area residents. Established in 1974, five elected members serve on its board. The service area has six full-time employees, one $3 / 4$ time and two permanent part-time positions. Programs include youth basketball, volleyball, flag football, dodge ball, hockey, teen night, open gym schedule, and arts and crafts. The service area sponsors "Family Fun" in June as a community wide gathering. The Boys \& Girls Club of South Central Alaska provide the recreation for Tyonek.

Facilities in Nikiski, operated/owned by the North Peninsula Recreation Service Area, consist of an enclosed swimming pool with waterslide, multipurpose fields, a covered natural ice rink, two running trails, skateboard park and two racquetball courts with exercise area and a community center. In May 1993, the service area voters approved a $\$ 3$ million bond issue to plan, design, and constructing renovations to the pool facility. The construction was completed in August 1994 and the bond was paid off in fiscal year 2004. In 1996, the Jason Peterson Memorial Ice Rink was covered and enclosed on three sides. The addition of two warm-up huts and a maintenance facility was completed in 1997. In 1999, the service area purchased 60 acres, adjacent to the existing complex, for future expansion. In 2004 Nikiski Elementary School closed and became vacant. The service area had adopted the vacant school as our "Nikiski Community Recreation Center", and used the gymnasium and kindergarten classroom for our programs. Plans for future limited renovation of the Nikiski Community Recreation center are on the drawing board. This would provide additional square footage for programs and facility use.

Revenues are derived primarily through property tax. The mill rate for fiscal year $\mathbf{2 0 0 7} \mathbf{~ i s ~} \mathbf{1 . 0 0}$ mill. Other revenues include facility user fees, program fees, and interest income on capital project fund cash balances.

Fees charged to service area and departments to cover a portion of the costs associated with providing general government services. |

Four road maintenance service areas were established in 1982 after voter approval. During fiscal year 1991-92 the Borough Assembly consolidated the four areas into one borough-wide area for greater efficiency. A seven-member board, with at least one representative from each of the four former service areas and three at-large members, is appointed by the Mayor and confirmed by the Assembly for three-year terms. The Roads Director and six staff oversee the maintenance.

The mill levy for fiscal year 2007 is set at 1.40 mills. In addition to tax revenues, funding is allocated from state revenue sharing based on the number of road miles serviced by the Road Service Area.

## DEPARTMENT FUNCTION

GENERAL OBJECTIVES: Provide appropriate summer and winter road maintenance on roads included on our maintenance system, upgrade approved roads to Road Service Area standards through the capital improvement projects (CIP) program, administer right-of-way permit system, and assist the public in right-of-way concerns. Administer dust control program and abandoned vehicle policy.

## FY2007 OBJECTIVES:

- Implement the CIP scoring criteria.
- Promote legislative initiatives, which will secure funds to improve state roads.
- Promote completion of four road improvement assessment districts (RIAD).
- Improve general conditions of twelve of our worse roads.

## PROGRAM CHANGES:

- Review and update the Road Construction Standards.
- Administer Federal Earmark Funding.

## ACCOMPLISHMENTS: FY2006

- Increased inspectors time in the field.
- Secured federal funding for borough roads.
- Improved and expanded dust control program.
- Installed signs relating to road name changes.

## DEPARTMENT FUNCTION

GENERAL OBJECTIVES: The Engineer's Estimate Fund was established to receive, account, and disburse funds for road improvement assessment district project cost estimates. The fund shall earn interest at the rate of the borough's investment pool.

Appropriations and disbursements from the fund are to be used to fund the preliminary engineering costs associated with estimating the total project costs for road improvement assessment districts formed pursuant to KPB 14.31 and 14.32 and provide funding for road improvement assessment district projects.

## DEPARTMENT FUNCTION

GENERAL OBJECTIVES: Section 14.14.060(c) of the Alaska Statutes states that:

The Borough school board shall submit the school budget for the following school year to the Borough Assembly by May 1 for approval of the total amount. Within 30 days after receipt of the budget, the Assembly shall determine the total amount of money to be made available from local sources for school purposes and shall furnish the school board with a statement of the sum to be made available. If the Assembly does not, within 30 days, furnish the school board with a statement of the sum to be made available, the amount requested in the budget is automatically approved.

By June 30, the assembly shall appropriate the amount to be made available from local sources from money available for the purpose.

FY2006 OBJECTIVES: The Kenai Peninsula Borough Assembly authorized the School District budget for Fiscal Year 2007 and appropriated $\$ 36,761,137$ with $\$ 28,881,714$ designated for local effort and $\$ 7,879,423$ as inkind services (which includes school maintenance, administration building utilities and custodial services, school building insurance, and the financial audit for fiscal year 2007).

## LINE-ITEM EXPLANATIONS

## 43023 Kenai Peninsula College (KPC). Funding to be

 used as follows:Tuition Waiver. Funding provides a partial waiver for up to six credits/semester for high school seniors wanting to enroll in college classes. In Fall 2006, students will pay \$35/credit while this funding will cover the remaining \$85/credit. (\$77,300)

Adult Basic Education/General Education Development. Funding provides personnel, travel, and materials to make the ABE/GED program available at Nikiski, Homer, Ninilchik, Tyonek, Seldovia, Port Graham, and Nanwalek $(\$ 75,300)$.

Central Peninsula-Nikiski, Ninilchik, and Tyonek \$42,000 Homer-Seldovia, Nanwalek, Port Graham, Homer \$33,300

Courses at Resurrection Bay Extension Site, Seward. Funding provides courses in basic general requirements such as English, Psychology, Art, Speech, professional development courses, and community interest courses (\$18,200).

Computer Technician Position, Kachemak Bay Campus. Funding provides a full-time computer technician at the Homer campus to provide services to students and reduce downtime for the computer labs (\$37,900).

Career Centers. The Career Centers are an integral part of the services KPC provides to students, potential students, and other members of the community. They provides workshops and individual sessions on career decision making, interest inventories, resume writing, cover letters, application forms, and interviewing techniques. Borough funding provides staffing of the Center at the Kenai River Campus for 40 hours per week for ten months, an employee to assist and materials and resources to support these activities. The funding for the Kachemak Bay Campus provides additional support for an existing position allowing the services provided by that position to be expanded to include career center activities $(\$ 80,000)$.

Coordinator/Night Staffing, Kenai River Campus. Of the 200 plus courses offered at the Soldotna campus each semester about 80 of those are evening classes. There are limited services provided for these students and no direct oversight of the evening program. This funding provides salary, benefits, and support for a 32 hr/week position $(\$ 36,300)$. This position:

1. Provides general advising information for evening students.
2. Coordinates the evening program.
3. Provides administrative staffing for evening hours thereby improving security during the evening.
4. Provides staff support for special projects.
5. The night coordinator is trained in CPR, First Aid, and operation of the Automatic External Defibrillator machine.

Library Clerk Position, Kachemak Bay Campus. Funding provides for a part-time ( $30 \mathrm{hr} / \mathrm{wk}$ ) Library Assistant to help students make the best use of the limited resource available and to maintain a level of security and accountability for the holdings. Funding also provides additional resources such as reference materials, books, and databases $(\$ 31,300)$.

Operating Costs for West Campus, Kachemak Bay Campus, Homer. Funding provides additional operational support for the West Campus for custodial and clerical staffing, phone lines (including a phone link between the Homer campuses), and supplies. The college is leasing the top floor of the old Homer Intermediate School from the City of Homer for $\$ 52,800$ per year including utilities (\$70,600).

Information/Registration Clerk, Kachemak Bay Campus. Funding provides 50\% of the cost for staffing a 10-month full-time Information/Registration clerk. This position serves students at both the West and East campus. KPB has reallocated operational budget to fund the additional 50\% (\$18,600).

Tutors - Learning Centers. Funding provides tutors at both campuses. These tutors are students who are trained to help other students who are having difficulty in a college course (\$10,900).

Science Lab Aid, Kachemak Bay Campus. Funding provides staffing of 15 hours/week and some help with material and small equipment for the science lab (\$13,800).

Financial Aid Support Clerk, Kenai River Campus. Funding provides for a part-time clerk position to increase access to students and the general public for financial aid advising via e-mail, web, phones, and in person. The position assists with financial aid instructional sessions for the communities of the Kenai Peninsula (\$19,000).

Director of Student Services. Funding provides for a 12month full-time position to restructure and bring focus to KPC's student recruitment efforts, assessment of student services, academic advising, and student retention efforts. This position will direct enhance student services that will be needed when student housing is built, and oversee student life issues. KPC is absorbing this position into the KPC base-operating budget. For FYO7, 45\% of the position has been moved to our base budget, with Borough funding supporting the remaining $55 \%(\$ 41,600)$.

## DEPARTMENT FUNCTION

GENERAL OBJECTIVES: To provide staff and support facilities needed for the operation of the Kenai River Center in accordance with the terms of agreement developed with the state and federal government. Provide participation and guidance to local, state, and federal agencies involved in developing projects, issuing permits, or managing land or resources within the coastal boundary of the borough. Manage the continued public use of the Kenai River access and outdoor education facilities.

- Maintain the multi-agency database tracking system for use by all agencies.
- Coordinate and issue 50-foot habitat protection and floodplain permits. The KRC coordinates with federal, state and local agencies to determine the need for permits that the property owner may require. Once all permits are complete, the KRC then sends one packet of all the permits issued to property owners.
- Coordinate and authorize the habitat tax credit program. The KRC inspects construction of the habitat project, reviews invoices, and authorizes credit applications. The KRC then coordinates with the Borough assessing department to make sure the tax credit is reflected on the next years tax roll.
- Maintain the current classification in the National Flood Insurance Program's Community Rating System, which provides residents flood insurance premium discounts.
- Maintain compliance with the State of AK Coastal Management Program.
- Submit consistency reviews within the time frame allowed and continue to work with each community in the coastal zone to foster better understanding of borough CMP enforceable policies.

Funding is provided by a contribution (transfer) from the Kenai Peninsula Borough general fund

## FY2007 OBJECTIVES:

- To provide further education on the benefits of habitat restoration and protection.
- To further expand the public's knowledge with the development of habitat restoration workshops.
- Coordinate the application process for further understanding of the importance of anadromous streams on the peninsula.
- Continue the coordination of issuing the 50-foot habitat protection and flood plain permits.
- Continue to perform high quality ACMP consistency reviews for coastal resource planning.
- Coordinate with the Kenai Peninsula Watershed Forum to expand the education and library resource programs at the Kenai River Center.
- Develop and manage a seasonal parking permit program for the existing KRC river access and outdoor educational facilities.
- Request federal monies to expand the Kenai River Center building to include US Army Corps of Engineers, Kenai Field Office staff.
- Adoption of an application fee schedule for KPB permits issued through the KRC.

PROGRAM CHANGES: In FY07 The Coastal Zone Management Program is being incorporated into the Kenai River Center. Of the $\$ 85,096$ increase from the KRC FY06 budget, $\$ 41,353$ is attributable to the addition of the CZM program. Prior year information on CZM is in Fund 100.22140. The .5 FTE increase was previously funded by the Borough's General Fund.

## ACCOMPLISHMENTS: FY2006

Since the beginning of its operation the center has been involved in over 4,038 projects, of which 2,326 were within the Borough's 50-foot habitat area, 1,497 were within the Borough's managed flood plain, and 376 of which were tax credit projects.

The KPB Coastal Program accomplished grant-funding requirements through continued reviews of local, state and federal projects within the coastal boundary. Coordinated a complete draft revision to the KPB Coastal Management Program.

PERFORMANCE MEASURES:

Projects Reviewed:

## DEPARTMENT FUNCTION

GENERAL OBJECTIVES: Establish and provide flood planning, protection and mitigation services to the residents in the Seward/Bear Creek Flood Service Area.

## FY2007 OBJECTIVES:

- Implement the SBCFSA Flood Hazard Mitigation Plan by continuing to oversee and promote Seward area participation in the updating of flood hazard mapping in cooperation with FEMA, the Kenai Peninsula Borough, the State of Alaska and the City of Seward.
- Continue education of the Service Area Board and administrative staff in floodplain management.
- Pursue capital projects funding for flood mitigation projects and develop grant funding where possible.
- Expand public knowledge and participation in the flood mitigation process by mailing and advertising.

PROGRAM CHANGES: None.

## ACCOMPLISHMENTS: FY2006

- Completion and publication of the SBCFSA Flood Hazard Mitigation Plan.
- Establishment of SBCFSA Website to promote public assess and understanding.
- Initiated and organized participation by SBCFSA, the City of Seward, the Borough, and the State in the FEMA National Flood Hazard Mapping Plan which included contracting for LIDAR mapping through the Kenai Watershed Forum and gathering funding form various sources.
- Active flood mitigation by contracting to have bed load removed in upper Glacier Creek (Kwechak) and bed load removed at Grouse Creek.

## PERFORMANCE MEASURES:

A cooperative relationship has been developed with the Kenai River Center and the US Army Corps of Engineers to include the SBCFSA in the permitting process as it involves Seward/Bear Creek watersheds. Over 15 different permits were reviewed by the SBCFSA from these sources.

## DEPARTMENT FUNCTION

GENERAL OBJECTIVES: The Borough's Underground Storage Tank Program began in fiscal year 1989 and is substantially complete with the removal of 43 tanks from 26 sites, 25 of the sites have received closure approval from the Alaska Department of Environmental Conservation (ADEC). The remaining site (Homer maintenance shop) is still in the process of post-closure review by ADEC and requires additional assessment.

## FY2007 OBJECTIVES:

- Site assessment sampling is to be performed at the Homer maintenance shop to better define the extent of the contamination resulting from past fuel storage practices at the site dating back 50 years. Prior studies have been completed. ADEC has required periodic sampling on an ongoing basis to assure no migrating contamination that might require additional cleanup measures. Funding was provided in prior years.

PROGRAM CHANGES: None.
ACCOMPLISHMENTS: FY2006:

- Phase III site assessment was performed at the Homer maintenance shop to better define the extent of the contamination resulting from past fuel storage practices at the site. Periodic site sampling continues to remain a requirement by ADEC.

## NIKISKI SENIOR SERVICE AREA

At the regular Borough election held October 5, 1993, voters in the Nikiski area approved the formation of the Nikiski Senior Service Area to provide programs and services for the senior citizens within the service area. A five-member board of directors, elected by the voters in that service area, has the power to provide for these services and programs. The board members, who are qualified voters in the Borough and residents of the Nikiski Senior Service Area, serve staggered threeyear terms.

Funding is provided by a mill rate levy not to exceed 0.2 mills on taxable property and by a portion of grant funds provided by the Kenai Peninsula Borough to all senior citizen groups within the Borough. The mill rate for FY 2007 is set at .20 mills.

## DEPARTMENT FUNCTION

GENERAL OBJECTIVES: To plan, design, develop, and operate solid waste facilities and programs to ensure waste is managed in accordance with the Borough Code and with state and federal requirements.

- Provide an integrated solid waste program, including development, operations, and maintenance of five landfills, one inert waste monofill/landfill, two baling facilities, four transfer sites, eight waste dropbox/transfer sites, recycling and hazardous waste collection stations, environmental monitoring, and litter programs.
- Ensure feasible and cost-effective waste management and compliance with regulatory requirements.
- Plan for closure and post-closure requirements for all Borough landfills.

FY 2007 OBJECTIVES:

- Complete improvements at various landfills.
- Continue long-term solid waste development plan.
- Continue expansion of comprehensive health and safety program at all solid waste facilities.
- Complete closure of the old Central Peninsula Landfill and partial closure of the Homer Landfill.
- Continue implementing Alaska Department of Environmental Conservation regulatory changes at all solid waste facilities.
- Expand current in-house training programs for solid waste staff and conduct group-training sessions, where possible.

PROGRAM CHANGES: None.
ACCOMPLISHMENTS: FY 2006
Revenue from solid waste fees is estimated to be in excess of \$200,000 for FY2006.

Program specific accomplishments and statistics are detailed under the applicable program budget.

## DEPARTMENT FUNCTION

GENERAL OBJECTIVES: Collect, bale and dispose of waste, recycle to reduce waste requiring burial, and provide for proper hazardous materials disposal.

FY 2007 OBJECTIVES: Cap and close the landfill that has been operating since 1959, complete new landfill construction activities, and assist with other solid waste and diversion/reduction programs.

PROGRAM CHANGES: Commenced operations of the new nine-acre lined landfill and continued filling the old section to obtain final elevations.

## ACCOMPLISHMENTS: FY 2006

- Managed the expansion area to control operations cost for the cell, leachate and gas management systems, mechanical building, blowers, pumps and other controls.
- Constructed new roads and stormwater systems for the landfill closure and expansion area.
- Performed extensive site and facility safety and code improvements.
- Constructed landfill entry improvements with the Alaska Department of Transportation.
- Managed special waste to reduce the material requiring hazardous waste management by a contractor.
- Collected, transported and marketed lead-acid batteries and obtained revenue instead of paying to get rid of batteries.
- Marketed materials with anticipated revenue of $\$ 40,000 / y e a r$. Program will be expanded to generate more revenue in future years.
- Obtained an air curtain burner for landclearing debris through a Denali Commission Grant.
- Landfill staff performed services for other solid waste department projects resulting in cost savings in other departments.

## DEPARTMENT FUNCTION

GENERAL OBJECTIVES: Collect and transfer solid waste generated in the Eastern Peninsula to the Central Peninsula Landfill for disposal, manage inert waste with on-site burial, recycle to reduce waste requiring burial, and provide for proper hazardous materials disposal.

## FY 2007 OBJECTIVES:

Develop the Seward inert waste monofill in an efficient manner in order to reduce the amount of material requiring transfer to Soldotna.

## PROGRAM CHANGES:

The Borough took over some cover material acquisitions, a portion of the facility fuel costs and utilities, which were previously performed by a contractor.

## ACCOMPLISHMENTS: FY 2006

- Expanded the inert waste area to provide a convenient and economical disposal option for large, bulky, inert wastes that are not practical to transport to Soldotna or to recycle.
- Coordinated with the transfer site contractor to re-route transfer trucks through Kenai to avoid Kenai River Bridge Construction.
- Modified the washwater burner to operate more efficiently.
- Coordinated with the City of Seward for the shooting range lease at the closed Seward Landfill.

## DEPARTMENT FUNCTION

GENERAL OBJECTIVES: Collect, bale and dispose of waste generated in the Southern Peninsula, recycle to reduce waste requiring burial, and provide for proper hazardous materials disposal.

## FY2007 OBJECTIVES:

Develop the landfill in a vertical manner in order to utilize the existing landfill to the fullest extent possible. Complete construction and demolition cell development. Prepare the site for partial closure/capping.

## PROGRAM CHANGES: None

## ACCOMPLISHMENTS: FY2006

- Constructed temporary closure of a portion of the landfill, new roads, and stormwater improvements.
- Constructed facility improvements and fabrication on heavy equipment/rolling stock, baler rebuild, dumpsters and other solid waste equipment to control construction costs.
- Performed site and facility safety and code improvements.
- Developed new cell utilizing the excavator that was purchased in FY2006. The excavator is shared with the Central Peninsula Landfill and other borough sites.
- Collected, transported and marketed lead acid batteries and obtained revenue instead of paying to get rid of batteries.
- Marketed a variety of materials with anticipated revenue of \$15,000/year.
- Landfill staff performed services for other solid waste department projects. Primarily assisted with the Nanwalek Landfill maintenance and projects in Seldovia and Port Graham.

## DEPARTMENT FUNCTION

GENERAL OBJECTIVES: Collect, consolidate, and dispose of solid waste, recycle to reduce waste requiring burial, and provide for proper hazardous materials disposal.

Provide an integrated solid waste program, including the development, operations, and maintenance of landfills in Seldovia, Port Graham, Nanwalek, Beluga, and Tyonek; eight waste drop-box/transfer sites; three transfer sites (Kenai, Nikiski, Sterling); 13 mobile recyclable collection stations; hazardous waste collection program; solid waste environmental monitoring; and litter program.

FY 2007 OBJECTIVES: Identify and conduct necessary studies and analysis for new landfill locations in Tyonek and Port Graham and a drop-box site in Moose Pass. Utilize trained borough staff in Soldotna and Homer to assist with rural landfill, transfer facility projects, and special waste management.

PROGRAM CHANGES: None

## ACCOMPLISHMENTS: FY 2006

- Performed extensive site cleanup and development in Nanwalek.
- Modified the lead-acid battery collection and marketing program to obtain revenue from the batteries. Expanded management of other special waste by borough staff to avoid costly disposal.
- Installed and commenced operations of burn boxes in Seldovia, Nanwalek and Tyonek to reduce the amount of material requiring burial. A \$110,200 Denali Commission Grant provided for a portion of the equipment.
- Purchased an air curtain burner for management of landclearing and construction/demolition debris at various solid waste sites. Burner was purchased with a \$96,179 Denali Commission Grant.
- Continued planning and coordination to determine the preferred location for landfill sites and waste management methods for the communities of Tyonek, Nanwalek and Port Graham.

## CENTRAL KENAI PENINSULA HOSPITAL SERVICE AREA

Formed in March of 1969, this was the first service area in the Borough. Its purpose is to provide a hospitalization facility for taxpayers in the Central Peninsula area. Effective January 1, 1993, the hospital was converted to a nonprofit corporation with a nine-member operating board. In 2002, the C.P.G.H. , Inc. Board passed a resolution to increase its membership to ten. Management of the hospital is contracted out to this board. The board hires an independent CEO to manage its operations.

The Central Kenai Peninsula Hospital Service Area Board was created by enactment of Ordinance 97-70. The new service area board was elected on October 6, 1998 and the first meeting was held on December 14, 1998. The Central Peninsula General Hospital, Inc. Board became self-perpetuating as an action of the membership at their annual meeting on December 9, 1998.

Service area taxes provide for debt service requirements, equipment purchases, construction, and auditing costs. The mill rate for fiscal year 2007 is $\mathbf{1 . 0 0}$ mills.

Established in May of 1969, the service area was formed to provide hospitalization and medical services to the residents of Homer and the surrounding areas. The nine-member board is elected and is responsible for the level of services provided and, to that end, must be responsible to the electorate for the amount of taxes necessarily raised to provide such services. The Service Area Board works in conjunction with a separate operating board to oversee the hospital. The hospital is located in Homer.

Service area taxes fund the hospital's equipment purchases, capital improvements, major repairs, and board expenses. The mill rate for fiscal year 2007 is $\mathbf{1 . 7 5}$.

## DEPARTMENT FUNCTION

GENERAL OBJECTIVES: South Peninsula Hospital (SPH) is a service district hospital currently leased from the City of Homer by the Borough and operated by South Peninsula Hospital, Inc. This budget is comprised of those revenues and expenses associated only to the service area. The SPH, Inc. operating revenues and expenses are budgeted and accounted for within their own financial systems.

MISSION: To establish SPH as a health center for the community and a resource for all health care needs.

PROGRAM CHANGES: Delayed and reduced scope of construction project due to escalating construction costs.

## FY2007 OBJECTIVES:

- Begin construction of hospital expansion.
- Complete $95 \%$ of Phase I expansion project.
- Obtain construction financing for hospital wing.
- Conduct a community needs survey.

## ACCOMPLISHMENTS: FY2006

- Award construction contract for hospital expansion in May 2006.
- Revised construction project to stay within budget constraints and meet community needs.
- Installed state-of-the-art Hematology Analyzer in the Laboratory Department.
- Installed Muliplate Reader in Radiology Department.
- Replaced hospital generator.

## PERFORMANCE MEASURES:

- Procured capital equipment to meet community needs.
- Maintain hospital market share of services.

## KENAI PENINSULA BOROUGH <br> PROGRAM DESCRIPTION

## DEBT SERVICE GENERAL OBLIGATION BONDS

## DEPARTMENT FUNCTION

ISSUED SCHOOL BONDS: School bonds were issued for the construction of public schools in the Borough. Bonds are paid from the General Fund through the levy of property taxes, plus funding from the State of Alaska, which reimburses the Borough for up to $70 \%$ of debt service expenditures for school bonds approved by the voters after June 30, 1983.

The October 1994 election authorized the issuance of general obligation bonds to be issued in the amount of \$11,735,000 for construction of the West Homer Elementary School. In FY2004 the final debt payment was made on the 1994 school bonds.

The October 2000 election authorized the issuance of general obligation bonds to be issued in the amount of $\$ 7,429,000$. The bonds financed educational capital improvements in the Kenai Peninsula Borough. Bonds dated 12/12/00 were issued through an agreement with the Alaska Municipal Bond Bank Authority.

The October 2002 election authorized the issuance of general obligation bonds in the amount of $\$ 14,700,000$ for construction of a new middle school in Seward, Alaska. Bonds dated 8/7/03 were issued through an agreement with the Alaska Municipal Bond Bank Authority.

## OTHER ISSUED DEBT:

North Peninsula Recreation Bonds: In the May 1993 election, voters in the North Peninsula Recreation Service Area approved general obligation bond debt to be issued in the amount of $\$ 3,000,000$ for the planning, designing, acquiring property for, equipping, and constructing renovations to the Nikiski Pool facility. Bonds were issued through an agreement with the Alaska Municipal Bond Bank Authority. In FY2004 the final debt payment was made on the North Peninsula Recreation GO bonds.

Central Emergency Service Area: In the October 2005 election, voters authorized the issuance general obligation bonds in the amount of $\$ 2,500,000$. On 6/21/06 $\$ 2,500,000$ in general obligation bonds were issued. The bonds will finance the construction of one new fire station in Kasilof and upgrades on the existing facility at the Funny River Station.

Solid Waste Bonds: The October 2002 election authorized the issuance of solid waste GO bonds in the amount of \$12,000,000. The bonds will finance the construction and equipping of solid waste disposal facilities. \$7,040,000 of the authorized amount was issued in May 2003 through an agreement with the Alaska Municipal Bond Bank Authority.

## Central Peninsula Hospital Service Area

 Debt:In the October 2003 election, voters authorized the issuance of $\$ 49,900,000$ in general obligation bonds. On 12/10/2003 \$47,985,000 in general obligation bonds were issued. The bonds will finance repairs, improvements, upgrades, and expansion of Central Peninsula General Hospital facility.

On 5/01/2001, Ordinance 2001-09 authorized the execution and delivery of an equipment lease-purchase agreement for acquiring and installing a CT Scanner for CPGH not to exceed \$1,400,000. On May 30, 2001, the Kenai Peninsula Borough entered into a five-year lease-purchase agreement with SunTrust Leasing Corporation in the amount of $\$ 1,200,000$ for the purchase of a Siemens CT Scanner.

On 1/05/1999, Ordinance 98-75 authorized the lease-purchase of a Magnetic Resonance Imaging (MRI) System for CPGH at a cost not to exceed $\$ 1,450,000$. On May 17, 2000, the Kenai Peninsula Borough entered into a fiveyear lease-purchase agreement with National Bank of Alaska, now Wells Fargo Bank, for the purchase of the MRI. In FY2004 the final payment was made on the MRI lease.

## South Peninsula Hospital Service Area:

In the July 2003 special election, voters authorized the issuance of $\$ 10,500,000$ in general obligation bonds. On 9/30/2003 \$10,290,000 in general obligation bonds were issued. The bonds will finance a portion of the \$17,000,000 South Peninsula Hospital expansion project, with the remaining $\$ 6,500,000$ to be funded with South Peninsula Hospital revenues. Bonds were issued through an agreement with the Alaska Municipal Bond Bank Authority.

On 06/16/06, Ordinance 2006-22 authorized the lease-purchase of a CT Scanner for SPH at a cost not to exceed $\$ 2,000,000$. In June 2006, the Kenai Peninsula Borough entered into a five-year lease-purchase agreement with Suntrust Leasing Corporations, for the purchase of the CT Scanner.

## AUTHORIZED BUT NOT ISSUED DEBT:

Solid Waste Bonds: Of the \$12,000,000 in authorized Solid Waste GO bonds $\$ 7,040,000$ was issued in May 2003, it is anticipated that the remaining authorized amount of $\$ 4,960,000$ will be issued in approximately 2009.

## General Government Capital Budgets

Developing the capital budgets is an ongoing process with updates annually to the capital improvement projects list. Borough departments and the School District provide input regarding the capital improvement and major maintenance project data compiled the previous year. These submittals result in the deletion of projects completed, addition of new projects, changes in project descriptions and project modifications. The major projects department assists the maintenance department in prioritizing, cost estimating, and project scoping. The projects are listed in order of priority based on input from the school district, borough administration and maintenance personnel. It includes all projects that the Borough expects to complete in the next 5 years. The proposed FY07 budget includes funding for the following projects: $\$ 400,000$ soffit replacement at the Nikolaevsk school; $\$ 50,000$ Chapman School siding/window replacement; $\$ 100,000$ KCHS kitchen flooring replacement; $\$ 30,000$ Seward High parking lot lighting upgrade; $\$ 300,000$ Soldotna Elementary window replacement; \$30,000 Homer Middle School kitchen remodel; $\$ 50,000$ for asbestos abatement; $\$ 50,000$ for electrical upgrades; $\$ 50,000$ for portable classrooms; $\$ 40,000$ for area wide water quality, $\$ 100,000$ for flooring replacement district-wide; and $\$ 50,000$ playground equipment upgrades.

## Service Area Capital Budgets

Service area capital budgets include equipment purchases or capital improvements of \$935,690 by the Roads Service Area, $\$ 300,000$ at Nikiski Fire Service Area, $\$ 150,000$ at Bear Creek Fire Service Area, $\$ 763,683$ at Central Emergency Services, $\$ 134,000$ at Kachemak Emergency Services, $\$ 1,527,439$ at Central Peninsula Hospital Service Area, and $\$ 572,956$ at South Peninsula Hospital Service Area.

## KENAI PENINSULA BOROUGH PROGRAM DESCRIPTION

CAPITAL PROJECT FUNDS - CAPITAL IMPROVEMENT PROGRAM

GENERAL OBJECTIVES: To oversee the capital improvements program, including ongoing and future projects.

## FY2007 OBJECTIVES:

School Revenue Capital Projects -- To account for capital improvements to schools funded by revenues from the Borough's General Fund.

Bond Funded Capital Projects - Four bond funded capital projects are currently underway. They are as follows:
Solid Waste In October 2002, voters of the Kenai Peninsula Borough approved the issuance of up to $\$ 12,000,000$ of general obligation bonds for planning, designing, site preparations, constructing and equipping a regional solid waste facility located near Soldotna. The issuance and sale of $\$ 7,040,000$ will fund the first phase of the project. The first phase of the landfill expansion including clearing 40 acres and excavating over 625,000 cubic yards of material was completed in late 2003. The next phase including the liner installation, leachate and gas collection and treatment, and other improvements will be conducted during May November 2004. The second phase of the project will occur in approximately 2008-2009 with issuance and sale of general obligation bonds as needed to fund the remainder of the project.

Central Peninsula Hospital Service Area In October 2003, voters of the service area approved the issuance of up to $\$ 49,900$, 000 of general obligation bonds for a major expansion and renovation project to the current hospital. A new master plan and schematic design effort was completed by summer of 2003. The project was to be done in three phases; Phase 1, clearing and excavation, has recently completed; Phase 2, new building construction and facility tie-in, is presently underway. Phase 3, renovation of the existing building is expected to be bid by early 2007. This plan is for repairs, improvements, upgrades and expansion to the entire facility.

South Peninsula Hospital Service Area In July 2003, voters of the service area approved the issuance of up to $\$ 10,500,000$ of general obligation bonds for a \$17,000,000 major expansion and renovation project to the current hospital. A new master planning effort was completed by summer of 2003. The design phase activities for the east-end expansion were recently completed. Land ownership and Master Planning issues need to be resolved to prior to the Service Area initiating bidding of this project.

Seward Middle School In October 2002, voters of the Kenai Peninsula Borough approved the issuance of up to $\$ 14,700,000$ of general obligation bonds for planning, designing, site preparations, constructing and equipping a middle school for Seward. School opening is slated for the end of 2005. The final phase of disposal of the former middle school building is anticipated for early 2006.

Service Area Capital Projects -- To account for capital improvements and equipment acquisitions for the service areas. Financing is provided by revenues from special revenue funds, interest earnings, and grant funds.

## Insurance and Litigation Reserve Fund

The Insurance and Litigation Reserve Fund is used to account for the provision of insurance for the Borough. All funds requiring insurance coverage make contributions to this fund in amounts equal to their proportional share of the total cost of insurance. Additionally, the fund maintains reserves for litigation contingencies, insurance contingencies, and self-insurance deductible requirements.

## Health Insurance Reserve Fund

The Health Insurance Reserve Fund is used to account for the costs of the Borough's employee health insurance plan. The reserve fund will accommodate the smoothing of plan cost variances by allowing the variances to be applied over multiple years premiums. In years where the plan costs do not equal budgeted amounts for premiums in all borough funds, the amount over/under will be recovered/refunded in subsequent years through increases/decreases in plan premiums. This process will eliminate large year-end supplemental appropriations or unspent budget amounts in the Borough's and Service Area's operating funds.

## Equipment Replacement Fund

 The Equipment Replacement Fund is used to finance the major purchases of user departments. The departments are charged an annual fee over the expected life of the vehicle or piece of equipment. This manner of financing major purchases eliminate the substantial impact such purchases would otherwise have on annual operating budgets.COMBINED REVENUES AND EXPENSES

## DEPARTMENT FUNCTION

GENERAL OBJECTIVES: Ordinance 89-9 authorized the Finance Director of the Kenai Peninsula Borough to establish an Internal Service Fund (Fund 700) for insurance, insurance-related contracts and/or services, litigation defense costs, and risk management.

The Risk Management office is responsible for the analysis of the insurance needs of the Borough, School District, and Service Areas; securing insurance coverage and bonding for all exposures; administering a comprehensive self-insurance program for liability, property, environmental, and workers' compensation risks; identifying and mitigating, to the extent possible, the hazards that could cause injury to the visiting public, students and employees; and analyzing, managing, and adjusting claims within the deductible and retention levels of the insurance policies.

FY 2007 OBJECTIVES: Continue emphasis on safety and environmental compliance issues. Continue vandalism prevention efforts, workers' compensation loss reduction, develop and update safety and risk management policies for the Borough and School District. Refine cost allocation system that includes a component for claims experience and potential risk exposures in each department and service area. Complete 2 remaining SPCC's as required by ADEC and EPA. Implement drinking water quality improvement programs for arsenic as required by the EPA and ADEC.

PROGRAM CHANGES: None
FY2006 ACCOMPLISHMENTS: Completed an organization-wide safety compliance review utilizing the consultative branch of the state, OSHA. Completed 10 Spill Prevention Containment and Control plans (SPCC) for above ground fuel storage tanks. Implemented the Envision software for accident statistics and analysis.

## DEPARTMENT FUNCTION

GENERAL OBJECTIVES: As required under the Alaska Workers' Compensation Act, worker's compensation is a program that requires employers to pay medical costs and lost wages in the event an employee becomes injured or ill due to working conditions. The Risk Management, Workers' Compensation Division is responsible for complying with the State of Alaska, Workers' Compensation Act of SelfInsured Employers by administering a comprehensive self-insurance program. This includes identifying and mitigating, to the extent possible, the hazards that could cause injury to the visiting public, students, and employees; and analyzing, managing, and processing claims.

## FY 2007 OBJECTIVES:

- Develop Return to Work Policy for Borough and School District. Policy will provide guide to supervisors to accommodate employees in temporary transitional work resulting in reduced time away from work and productivity.
- Utilize Envision software to help identify hazards for increased emphasis on safety for accident prevention.
- Develop procedure for electronic filing for reduction of paperwork, increased filing speed, and data entry.

PROGRAM CHANGES: The cost effectiveness of changing the Self-Insured Retention (SIR) level for excess insurance from $\$ 250,000$ to $\$ 500,000$ per claim will be evaluated during the policy renewal period (June 2006).

ACCOMPLISHMENTS: FY 2006:

- Replaced the Third Party Administrator (TPA) with a new contractor (SeaBright).
- Returned 11 KPB injured employees to temporary transitional duty until they could return to full duty. Reduced time loss by 325 days for KPB employees. Returned 21 KPBSD employees to temporary transitional duty. Reduced time loss by 664 days for KPBSD employees.

PERFORMANCE MEASURES: Prevention and reduction of claims against Workers' Compensation.

## DEPARTMENT FUNCTION

GENERAL OBJECTIVES: Administered by the Office of Risk Management, Property insurance including claims, are for coverage of the buildings, contents, and vehicles of the Borough, School District and Service Areas.

This insurance takes the form of self-insurance and purchased excess insurance. The self-insured retention (SIR) level for property losses may vary, depending upon insurance market conditions. The SIR for FY2006 was $\$ 100,000$ per claim. Costs for the insured and self-insured programs are allocated back to the Borough Departments, School District and Service Areas. The total insurable value of property (buildings and vehicles) is approximately $\$ 670$ million.

FY 2007 OBJECTIVES: Continued use of a Broker of Record to obtain the most competitive excess property insurance policies possible and to tap the broker's loss prevention services available to help reduce loss exposures.

## PROGRAM CHANGES: None

## PERFORMANCE MEASURES:

Property insurance rates are expected to increase approximately $10 \%$ over FY06. Updated appraisals have increased overall insurable property values by approximately $\$ 120$ million.

## DEPARTMENT FUNCTION

GENERAL OBJECTIVES: Unemployment
Compensation is regulated by the State of Alaska, Employment Security Division, established by the Social Security Act of 1935. Unemployment Insurance is designed to be an efficient way to maintain economic stability, especially in areas where workers are laid off and employment is scarce.

The Unemployment Compensation budget unit is for the Kenai Peninsula Borough General Fund Department's, Maintenance Department and Service Area's. The Kenai Peninsula Borough School District budgets its own unemployment compensation expenditures.

## DEPARTMENT FUNCTION

GENERAL OBJECTIVES: To account for the administration and claims of the Borough's employee health insurance plan.

This fund is being created to account for the costs of the Borough's employee health insurance plan. The reserve fund will accommodate the smoothing of plan cost variances by allowing the variances to be applied over multiple years premiums. In years where plan costs do not equal budgeted amounts for premiums in all borough
funds, the amount over/under will be recovered/refunded in subsequent years through increases/decreases in plan premiums. This process will eliminate large year end supplemental appropriations or unspent budget amounts in the Borough's and Service Area's operating funds.

The initial $\$ 300,000$ to establish the reserve fund is expected to be a loan from the Borough's General Fund and will be repaid over time or upon termination of the fund.

## GLOSSARY OF KEY TERMS

ACCOUNTING SYSTEM - The total methods and records established to identify, assemble, analyze, record, classify, and report information on the financial position and results of operations of a government or any of its funds, fund types, account groups, or organizational components.

ACCOUNT NUMBER - A system of numbering or otherwise designating accounts, in such a manner that the symbol used reveals certain information. To illustrate: the first three digits in a Borough account number denote the fund, i.e., 100 is General Fund. The first three digits in the next five digit set of numbers indicates the department number, with the last two digits of that set referring to a division of that department; i.e., in 11110 the 111 refers to the Assembly and the 10 refers to the administration. In the number 11120, again the 111 refers to the Assembly, and the 20 refers to the Assembly Clerk. The next set of numbers indicates expenditure classification. Within this number, certain categorical information can be derived as well. The first two digits in this set of five will indicate the category of expenditures; i.e., 40XXX indicates that this is personal services expenditure. The last three digits provides information as to what specific type expenditure it is; i.e., regular wages, temporary wages, or FICA, etc. A further set of five numbers refers to project numbers or grant numbers. The maximum number of digits in a single account number is eighteen.

ACCOUNTS PAYABLE - A short-term liability account reflecting amounts on an open account owing to private persons or organizations for goods and services received by a government.

ACCOUNTS RECEIVABLE - An asset account reflecting amounts owing on an open account from private persons or organizations for goods and services furnished by a government (but not including amounts due from other funds or other governments).

ACCRUAL BASIS - The basis of accounting under which the financial effects of a transaction and other events and circumstances that have cash consequences for the governmental entity are recorded in the period in which those transactions, events and circumstances occur, rather than only in the periods in which cash is received or paid by the entity.

ADOPTED BUDGET - Refers to the budget amounts as originally approved by the Kenai Peninsula Borough Assembly at the beginning of the year and also to the budget document which consolidates all beginning of the year operating appropriations and new capital project appropriations.

ANNUAL BUDGET - A budget developed and enacted to apply to a single fiscal year.
APPRAISE - To estimate the value, particularly the value of property. If the property is valued for taxations, the narrower term "assess" is substituted.

APPROPRIATION - The legal authorization granted by the legislative body of a government, which permits officials to incur obligations and make expenditures of governmental resources for specific purposes. Appropriations are usually limited in amounts and time it may be expended.

APPROPRIATION ORDINANCE - The official enactment by the Borough Assembly establishing the legal authority for the Borough administrative staff to obligate and expend resources.

ASSESS - To establish an official property value for taxation.
ASSESSED VALUATION - The valuation set upon all real and personal property in the Borough that is used as a basis for levying taxes. Tax-exempt property is excluded from the assessable base.

ASSESSMENT ROLL - With real property, the official list containing the legal description of each parcel of property and its assessed valuation, as well as the name and address of the last known owner. With personal property, the assessment roll contains the name and address of the owner, a description of the personal property and its assessed value.

## GLOSSARY OF KEY TERMS

ASSETS - A probable future economic benefit obtained or controlled by a particular entity as a result of past transactions or events.
AUDIT - A systematic collection of the sufficient, competent evidential matter needed to attest to the fairness of management's assertions in the financial statements or to evaluate whether management has efficiently and effectively carried out its responsibilities. The auditor obtains this evidential matter through inspections, observation, inquiries and confirmations with third parties.

AVAILABLE FUND BALANCE - The difference between fund assets and fund liabilities of governmental and proprietary fund types that is not reserved for specific purposes.

BALANCED BUDGET - A budget in which planned funds available equal planned expenditures.
BALER - Specialized equipment used to compress solid waste materials into compact bales such that the useful lives of landfills are extended.

BASIS OF ACCOUNTING - A term used to refer to when revenues, expenditures, expenses, and transfers - and the related assets and liabilities - are recognized in the accounts and reported in the financial statements. Specifically, it relates to the timing of the measurements made, regardless of the nature of the measurement, on either the cash or accrual method.

BOND - Most often, a written promise to pay a specified sum of money, called the par value or principal, at a specified date or dates in the future, called the maturity date(s), together with periodic interest at a specified rate. The difference between a note and bond is that the latter is issued for a longer period and requires greater legal formality.

BOND ORDINANCE - An ordinance authorizing a bond issue.
BUDGET - A plan of financial operation embodying an estimate of proposed expenditures for a given period and the proposed means of financing them. Sometimes the term "budget" designates the financial plan presented to the appropriating governing body for adoption, and sometimes, the plan finally approved by that body.

BUDGETARY CONTROL - The control or management of a government or enterprise in accordance with an approved budget to keep expenditures within the limitations of available appropriations and available revenues.

BUDGET DOCUMENT - The official written statement prepared by the Borough's administrative staff to present a comprehensive financial program to the Borough Assembly. The first part provides overview information, together with a message from the budget-making authority, and a summary of the proposed expenditures and the means of financing them. The second consists of schedules supporting the summary. These schedules show in detail the past years' actual revenues, expenditures and other data used in making the estimates. The third part is composed of personnel and salary schedules, the chart of accounts, and a glossary.

BUDGET MESSAGE - A general discussion of the proposed budget presented in writing by the budgetmaking authority to the Borough Assembly. The budget message contains an explanation of the principal budget items, an outline of the Borough's experience during the past period and its financial status at the time of the message and recommendations regarding the financial policy for the coming period.

BUDGET PROCESS - The schedule of key dates or milestones, which the Borough follows in the preparation and adoption of the budget.

CAPITAL IMPROVEMENT PLAN - A plan that identifies: (a) all capital improvements which are proposed to be undertaken during a five fiscal year period; (b) the cost estimate for each improvement; (c) method of financing each improvement; and (d) the recommended time schedule for each project.

CAPITAL IMPROVEMENT PROGRAM - A plan for capital expenditures to be incurred each year over a fixed period of several future years setting forth each capital project, identifying the expected beginning and ending date for each project, the amount to be expended in each year and the method of financing those expenditures.

CAPITAL IMPROVEMENT PROJECT - Construction, renovation or physical improvement projects are termed Capital Improvements or CIP's. This could be the construction of a new structure, the reconstruction of an existing structure or the renovation of a structure that extends its useful life. The cost of land acquisition, construction, renovation, demolition, equipment and studies are all included when calculating capital expenditures.

CAPITAL OUTLAY - Expenditures which result in the acquisition of items such as tools, desks, machinery, and vehicles that cost more than $\$ 1,000$ each, have a use-life of more than one year, and are not consumed through use are defined as Capital items.

CAPITAL PROJECTS - Projects which purchase or construct fixed assets. Typically, a capital project encompasses a purchase of land and/or the construction of a building or facility.

CAPITAL PROJECTS FUNDS - Funds established to account for financial resources to be used for the acquisition or construction of major capital facilities (other than proprietary and trust funds).

COLLATERAL - Assets pledged to secure deposits, investments or loans.
COMPONENT UNIT - A separate government unit, agency or nonprofit corporation that is combined with other component units to constitute the reporting entity in conformity with GAAP.

COMPREHENSIVE ANNUAL FINANCIAL REPORT (CAFR) - The official annual report of a government. It includes: (a) the five combined financial statements in the combined statement-overview and their related notes and (b) combining statements by fund type and individual fund and account group financial statements prepared in conformity with GAAP and organized into a financial report pyramid. It also includes support schedules necessary to demonstrate compliance with finance-related legal and contractual provisions, required supplementary information, extensive introductory material and detailed statistical sections.

CONTINGENCY - Those funds included in the budget for the purpose of providing a means to cover minor unexpected costs during the budget year.

CONTRACTUAL SERVICES - Items of expenditure from services the Borough receives primarily from an outside company.

CREDIT RISK - The risk that a counter-party to an investment transaction will not fulfill its obligations. Credit risk can be associated with the issuer of a security, with a financial institution holding deposits or with parties holding securities or collateral. Credit risk exposure can be affected by a concentration of deposits or investments in any one-investment type or with any one counter-party.

CURRENT YEAR OBJECTIVES - Specific, often measurable, things to be accomplished in the current fiscal year.

DEBT - An obligation resulting from the borrowing of money or from the purchase of goods and services. Debts of governments include bonds, time warrants and notes.

DEBT SERVICE FUNDS - Funds established to account for the accumulation of resources for and the payment of, general long-term debt principal and interest that resulted from the issuance of bonds.

## GLOSSARY OF KEY TERMS

DEPARTMENT - The Borough Administration is divided into departments. While a department may refer to a single activity, it usually indicates a grouping of related activities.

DEPRECIATION - In accounting for depreciation, the cost of a fixed asset, less any salvage value, is prorated over the estimated service life of the asset. Each period is charged with a portion of the cost. Through this process, the entire cost of the asset less the salvage value is ultimately charged off as an expense.

DIVISION - A major organization unit within a department. Usually divisions are responsible for carrying out a major component of the department.

EMPLOYEE BENEFITS - Contributions made by the Borough to designated funds to meet commitments or obligations for employee fringe benefits. Included are the Borough's share of costs for Social Security and the various pension, medical, and life insurance plans.

ENCUMBRANCES - Commitments related to unperformed contracts, in the form of purchase orders or contracts, for goods or services. Used in budgeting, encumbrances are not expenditures or liabilities, but represent the estimated amount of expenditures that will result if unperformed contracts in process are completed.

ENTERPRISE FUND - A proprietary fund established to account for operations that are financed and operated in a manner similar to private business enterprises. In this case the intent of the governing body is that the expenses including depreciation of providing goods as services to the general public on a continuing basis be financed or recovered primarily through user charges. Included in this category are two hospitals.

ENTITY - (1) The basic unit upon which accounting and/or financial reporting activities focus. The basic governmental legal and account entity is the individual fund and account group. (2) That combination of funds and account groups that constitutes the reporting entity for financial reporting purposes.

EXPENDITURE - Decreases in net financial resources. Expenditures include current operating expenses, requiring the present or future use of net current assets, debt service and capital outlays, and intergovernmental grants, entitlements and shared revenues.

EXPENSES - Outflows or other using up of assets or incurrences of liabilities (or a combination of both) from delivering or producing goods, rendering services or carrying out other activities that constitute the entity's ongoing major or central operations.

FIDUCIARY FUND TYPES - The trust and agency funds used to account for assets held by a government unit in a trustee capacity or an agent for individuals, private organizations, other government units and/or other funds.

FINANCIAL RESOURCES - Cash and other assets that, in the normal course of operations, will become cash.

FISCAL YEAR - The twelve-month period to which the annual operating budget applies and at the end of which a government determines the financial position and results of its operations. The Borough's fiscal year extends from July 1 to the following June 30.

FIXED ASSETS - Long-lived tangible assets obtained or controlled as a result of past transactions, events or circumstances. Fixed assets include buildings, equipment, and improvements other than buildings and land.

FLEX BENEFITS ADMINISTRATION - Fees for administering the employee flexible benefits plan.

## GLOSSARY OF KEY TERMS

FORECLOSURE - The seizure of property as payment for delinquent tax. Ordinarily, property foreclosed is sold to liquidate delinquent tax, but on occasion governments retain possession for their own needs.

FUNCTION - A group of related activities aims at accomplishing a major service for which a government is responsible.

FUND - A fiscal and accounting entity with a self-balancing set of accounts in which cash and/or other
financial resources, all related liabilities, and residual equities, or balances, and changes therein, are recorded and segregated to carry on specific activities or attain certain objectives in accordance with special regulations, restrictions or limitations.

FUND BALANCE - The difference between fund assets and fund liabilities of governmental and similar trust funds.

FUND BALANCE APPROPRIATED - The amount of fund balance budgeted as a revenue source.
FUND CATEGORIES - Funds used in governmental accounting are classified into three broad categories: governmental, proprietary and fiduciary.

FUNDED PENSION PLAN - A pension plan in which contributions are made and assets are accumulated to pay benefits to potential recipients before cash payments to recipients actually are required.

FUND TYPE - The three broad fund categories of governmental accounting are subdivided into seven fund types. The seven fund types are: general, special revenue, debt service, capital projects, enterprise, internal service, and fiduciary.

GENERAL FUND - A type of governmental fund used to account for revenues and expenditures for regular day-to-day operations of the Borough, including the School District, which are not accounted for in specific purpose funds. The primary sources of revenue for this fund are local taxes and federal and state revenues.

GENERALLY ACCEPTED ACCOUNTING PRINCIPLES (GAAP) - Uniform minimum standards and guidelines for financial account and reporting. They govern the form and content of the financial statements of an entity. GAAP encompass the conventions, rules and procedures necessary to define accepted accounting practice at a particular time. They include not only broad guidelines of general applications, but also detailed practices and procedures. GAAP provide a standard by which to measure financial presentations.

GENERAL OBJECTIVES - General activities to be accomplished or performed which have the characteristic of being able to be controlled or affected by management decisions and direction.

GENERAL OBLIGATION BONDS - Bonds that are backed by full faith and credit of government; i.e., the government's general taxing power, to the repayment of the bonds it issues, then those bonds are general obligation (GO) bonds. Sometimes, the term is also used to refer to bonds that are to be repaid from taxes and other general revenues. A GO bond is typically used for long-term financing of capital projects and represents a written promise to pay to the bond purchaser a specified sum of money at a specified future date along with periodic interest paid at a specified interest percentage.

GOVERNMENTAL FUND TYPES - Funds used to account for the acquisition, use and balances of expendable financial resources and the related current liabilities - except those accounted for in the proprietary funds and fiduciary fund. Under current GAAP, there are four governmental fund types: general, special revenue, debt service and capital projects.

## GLOSSARY OF KEY TERMS

GRANTS - Contributions or gifts of cash or other assets from another government or other organization to be used for a specified purpose, activity or facility. Typically, these contributions are made to local governments from the state and federal governments.

INTERFUND TRANSFERS - Amounts transferred from one fund to another fund. This includes reimbursements, residual equity transfers and operating transfers.

INTERGOVERNMENTAL REVENUES - Revenues from other governments in the form of grants, entitlements, or shared revenues or payments in lieu of taxes.

INTERNAL SERVICE FUND - A proprietary fund type used to account for the financing of goods or services provided by one department of a government to other departments.

INVESTMENT - Securities held for the production of income in the form of interest in compliance with the policies set out by the Borough Code of Ordinances.

LANDFILL CLOSURE/POSTCLOSURE - Funds used for municipal solid waste landfill closure and postclosure care costs that are required to be incurred by federal, state, or local laws or regulations.

LAPSE - As applied to appropriations, the automatic termination of an appropriation. Except for indeterminate appropriations and continuing appropriations, an appropriation is made for a certain period of time. At the end of this period, any unexpended or unencumbered balance thereof lapses, unless otherwise provided by law.

LEVY - To impose taxes, special assessments or service charges for the support of government activities. Also used to denote the total amount of taxes, special assessments or service charges imposed by a government.

LIABILITIES - Debt or other legal obligations, arising from present obligations of a particular entity, to transfer assets or provide services to other entities in the future as a result of past transactions or events.

LUMP-SUM APPROPRIATION - An appropriation made for a stated purpose, or for a named department, without specifying further the amounts that may be spent for specific activities or for particular objects of expenditure (i.e., a lump-sum appropriation for the School District would not specify the amounts to be spent for student activities, supplies, etc.).

MEASUREMENT FOCUS - The accounting convention that determines (1) which assets and which liabilities are included on a government's balance sheet and where they are reported there, and (2) whether an operating statement presents information on the flow of financial resources (revenues and expenditures) or information on the flow of economic resources (revenues and expenses).

MILL - A measure of the rate of property taxation, representing one one-thousandth of a dollar of assessed value.

MILLAGE RATE - The tax rate on property, based on mill(s). A rate of 1 mill applied to a taxable value of $\$ 100,000$ would yield $\$ 100$ in tax.

MODIFIED ACCRUAL BASIS OF ACCOUNTING - A basis of accounting in which revenues and other financial resources are recognized when they become susceptible to accrual, that is when they are both "measurable" and "available to finance expenditures of the current period." "Available" means collectible in the current period or soon enough thereafter to be used to pay liabilities of the current period. Expenditures are recognized when the fund liability is incurred except for (1) inventories of materials and supplies that may be considered expenditures either when purchased or when used, and (2) prepaid insurance and similar items that may be considered expenditures either when paid for or when consumed. All governmental funds, expendable trust funds and agency funds are accounted for using the modified
accrual basis of accounting.
NON-DEPARTMENTAL - Refers to a group of governmental activities, which are not associated with and cannot be allocated to any particular department.

OBLIGATIONS - Amounts a government may be required legally to meet out of its resources. They include not only actual liabilities, but also unliquidated encumbrances.

OPERATING BUDGET - Plans of current expenditures and the proposed means of financing them. The annual operating budget is the primary means by which most of the financing, acquisition, spending and service delivery activities of a government are controlled. The use of annual operating budgets is usually required by law. Annual operating budgets are essential to sound financial management and should be adopted by every government.

ORDINANCE - A formal legislative enactment by the legislative body which, if not in conflict with any higher form of law, has the full force and effect of law within the boundaries of the municipality to which it applies. The difference between an ordinance and a resolution is that the latter requires less legal formality and has a lower legal status. Revenue raising measures, such as the imposition of taxes, special assessments and service charges, universally require ordinances.

OTHER FINANCING SOURCES - Governmental fund general long-term debt proceeds, land lease payments, land sale payments, proceeds from the sale of fixed assets, operating transfers in, service charges, and fees for governmental services.

OVERSIGHT RESPONSIBILITY - The basic - but not the only - criterion for including a government department, agency, institution, commission, public authority or other organization in a government unit's reporting entity for general purpose financial reports. Oversight responsibility is derived from the government unit's power and includes, but is not limited to, financial interdependency, selection of governing authority, designation of management, ability to significantly influence operations and accountability for fiscal matters.

PERFORMANCE MEASURES - Specific quantitative productivity measures of work performed within an activity or program. Also, a specific quantitative measure of results obtained through a program or activity.

PERSONNAL SERVICES - Items of expenditures in the Operating Budget for salaries and wages paid for services performed by Borough employees, including employee benefit costs such as the Borough's contribution for retirement, social security, and health and life insurance.

PROGRAM - Group activities, operations or organizational units directed to attaining specific purposes or objectives.

PROPERTY TAX - A tax levied on the assessed value of property.
PROPRIETARY FUNDS - A type of fund that accounts for governmental operations that are financed and operated in a manner similar to private business enterprises. Proprietary fund types used by the Borough include the Enterprise and Internal Service Funds.

PURCHASE ORDER - A document authorizing the delivery of specified merchandise or the rendering of certain services for a stated estimated price. Outstanding purchase orders at the end of the fiscal year are called encumbrances.

RECOMMENDED BUDGET - The budget proposed by the Borough Mayor to Borough Assembly for adoption.

REPLACEMENT COST - The amount of cash or other consideration that would be required today to obtain the same asset or its equivalent.

## GLOSSARY OF KEY TERMS

RESERVE FOR WORKING CAPITAL - A portion of the general fund balance set aside to provide the necessary cash flow to fund the day to day operations of the Borough. This reserve is not available for appropriation.

RESOLUTION - A special or temporary order of a legislative body; an order of a legislative body requiring less legal formality than an ordinance or statute.

RETAINED EARNINGS - An equity account reflecting the accumulated earning of an enterprise or internal service fund.

REVENUE - Increases in the net current assets of a governmental fund type other than expenditure refunds and residual equity transfers. General long-term debt proceeds and operating transfers are classified as 'other financing sources' rather than as revenues. Increases in the net total assets of a proprietary fund type other than expense refunds, capital contributions, residual equity transfers. Operating transfers, as in governmental fund types, are classified separately from revenues.

RISK - In the context of insurance, defined variously as uncertainty of loss, change of loss or variance of actual from expected results. Also, the subject matter of an insurance contract (e.g., the insured property or liability exposure).

RISK MANAGEMENT - All the ways and means used to avoid accidental loss or to reduce its consequences if it does occur.

SALES TAX - State legislation allows local governments to levy a sales tax on retail sales in its jurisdiction. The Borough currently levies and collects 2\% on all taxable retail sales and also collects 3-3.5\% sales tax on behalf of the cities located within the Borough.

SCHOOL ADMINISTRATION - A portion of the overall Borough budget is under the control of the KPB School District. The School District is governed by the Board of Education. The Borough School District receives a lump-sum appropriation from the Borough for School District operations.

SELF-INSURANCE - The retention by an entity of a risk of loss arising out of the ownership of property or from some other cause, instead of transferring that risk to an independent third party through the purchase of an insurance policy. It is sometimes accompanied by the setting aside of assets to fund any related losses.

SINGLE AUDIT - An audit performed in accordance with the Single Audit Act of 1984 and the Office of Management and Budget (OMB) Circular A-128, Audits of State and Local Governments. The Single Audit Act allows or requires governments (depending on the amount of federal assistance received) to have one audit performed to meet the needs of all federal grantor agencies.

SPECIAL REVENUE FUND - A fund used to account for the proceeds of specific revenue sources (other than expendable trust or major capital projects) that are legally restricted to expenditure for specified purposes.

TAX LEVY - The total dollar amount of tax that optimally should be collected based on tax rates and assessed values of personal and real properties.

TAX RATE - The level at which taxes are levied. For example, a property tax rate may be proposed to be $\$ .575$ per $\$ 100$ of assessed value.

TAX ROLL - The official list showing the amount of taxes levied against each taxpayer or property. Frequently, the tax roll and the assessment roll are combined, but even in these cases the two can be distinguished.

## TAX EXEMPTIONS

AGRICULTURE DEFERMENT - Mandated by the State of Alaska, this deferment is available to people whose farmlands produce a minimum of $10 \%$ of their annual income.

BOAT EXCLUSION - Vessels having a homeport location outside the Borough, but are brought into the Borough solely for lay-up or repair, are not deemed to have established taxable situs. This exclusion does not apply to city tax.

CEMETERY - Completely exempts those properties used exclusively for cemetery purposes.
CHARITABLE - Completely exempts those properties owned by charitable organizations which are used exclusively for charitable purposes.

COMMUNITY - Exempts property of an organization not organized for business or profit-making purposes and used exclusively for community purposes.

CONSERVATION EASEMENT DEFERMENT - To secure this deferment, the property owner of land subject to a conservation easement created under AS 34.17 must apply annually by May 15th. The Assessor shall maintain records valuing the land for both full and true value and value subject to the easement.

DISABILITY - Available to any disabled Peninsula resident who is receiving Social Security disability payments. Maximum available is $\$ 500$ in taxes owed.

DISABLED VETERANS - Granted to veterans of the armed services who are at least $50 \%$ disabled as a result of their service.

ELECTRICAL - Exempts property held by electricity producing associations.
FIRE SUPPRESSION - Partially exempts commercial properties whose owners have installed fire prevention systems approved by the Fire Marshall.

GOVERNMENT - Completely exempts all City, Borough, State, and Federal properties from taxation.
HABITAT PROTECTION - Provides tax credits as partial reimbursement for habitat protection and restoration project expenses to promote the health of the Kenai River system.

HOSPITAL - Completely exempts those properties owned by nonprofit organizations and used exclusively for hospital purposes.

HOUSING - Granted in accordance with rules governing the Housing and Urban Development Authority.
MENTAL HEALTH TRUST - Exempts Mental Health Trust property from taxation since it is a branch of state government.

NATIVE - Exempts property deeded to Alaskan natives and native corporations under the Alaska Native Land Claims Settlement Act.

NATIVE ALLOTMENT - BIA issues to native individuals a restricted deed for homestead purposes which expressly states that the land is inalienable and nontaxable until otherwise provided by Congress.

RELIGION - Completely exempts those properties owned by religious organizations that are used exclusively for nonprofit, religious purposes.

SENIOR CITIZEN - Available to any Borough resident who is at least 65 years old and owns their own home. If a senior citizen lives outside the city boundaries, the State exempts up to $\$ 150,000$ of their total assessment, less the value of the 20K exemption. The Borough exempts the balance. If a senior citizen lives inside the city boundaries, the city only recognizes the exemption to $\$ 150,000$ value. If a senior citizen has a business in their home, the business portion does not qualify.

STATE EDUCATIONAL - This exemption is applied to state nonprofit educational property used exclusively for classroom space.
$\mathbf{\$ 2 0 , 0 0 0}$ RESIDENCY - Available to any Borough resident who owns their own home. The exemption is a maximum of $\$ 20,000$ assessed value of the home and the land on which it sits. This exemption does not apply toward city tax.
\$100,000 PERSONAL PROPERTY - Exempts the first \$100,000 of personal property owned by a taxpayer, excluding motor vehicles and U.S. Coast Guard registered vessels.

VETERANS - Exempts property of a non-business organization or its auxiliary composed entirely of persons with 90 days or more of active service in the armed services of the United States.
