The legislative power of the Kenai Peninsula Borough is vested in an assembly of nine members. This assembly meets in regular session every first and third Tuesday of the month in the Assembly Chambers located in the Borough Administration Building at 144 North Binkley Street, Soldotna, Alaska.

Office of the Borough Mayor

144 N. Binkley St., Soldotna, AK 99669 | Peter A. Micciche, Borough Mayor | (P) 907-714-2150 (F) 907-714-2377

DATE: May 7, 2024

TO: Brent Johnson, Assembly President Kenai Peninsula Borough Assembly Residents of the Kenai Peninsula Borough Other Users of Borough Financial Information

Kenai Peninsula Borough Assembly Members and Residents,

Creating a responsible and sustainable budget for an organization the size and breadth of the Kenai Peninsula Borough is hard work. It requires daily discipline to ensure that we not only have an eye out for today's taxpayers, but that we also manage costs, quality and affordability for future generations of taxpayers as well. This FY2025 budget is a continued, everyday effort to manage costs at or below cost of living increases over time. We believe that government serves the people we represent and that we should require as little an investment from them as possible to provide the quality services they expect. We want to be different, to be better than everywhere else. Tight belts, prioritization and resisting the expansion of services are key principles requires a structured philosophy that must remain a key objective over time. We want to thank KPB employees for embracing the new focus; a sustainable, affordable philosophy while delivering quality essential services for the benefit of KPB citizens; today and into the distant future. The KPB Team has worked hard to arrive at this point, putting ourselves into the shoes of the typical Kenai Peninsula Borough taxpayer. We believe that this budget strikes that balance.

Key Budget Principles

The FY2025 budget is based on policies developed to maintain the stewardship of public funds and reflects the Borough's commitment to prudent financial planning. The principles that guided development of the budget are:

- A transparent budget that ensures the public that we understand the value of their tax revenue participation in the Kenai Peninsula Borough government. In other words, a budget where we put ourselves in the shoes of the taxpayer.
- Adhering to a balanced budget philosophy with spending closely matching revenue and with the
 discipline to remain at or below an approximate 2.5% consumer price index level over time (based on
 10-year projections) after past, recent years of unsustainable budget increases.
- Basic, quality services will be maintained at current levels and will be adequately funded with a
 disciplined focus on efficiency and cost-control.
- Program cost will be developed to reflect a true picture of the cost of operations.
- Revenues are conservatively estimated at realistic to guarded optimistic levels.
- Fees for services will be directly reflective of the cost of services provided.
- The recommended budget will comply with provisions of Alaska Statutes and Borough Code.

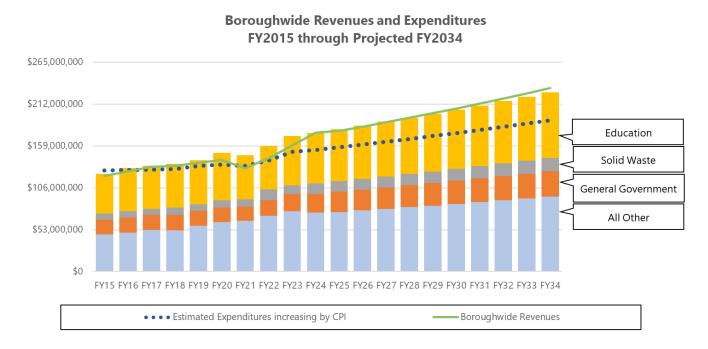

Goals & Objectives

The Borough's major budgetary goals for FY2025 include:

- An ongoing effort to be accountable to taxpayers, reducing mill rates when possible, to minimize impacts on taxpayers while maintaining an affordable revenue/expenditure trajectory over time.
- A level of local educational funding that borough residents can reasonably afford and sustain.

- A quality capital and operational maintenance program ensuring the continued use and economic value of borough assets to avoid the added cost of deferred maintenance.
- A continued effort to work with service area boards and residents to understand and support the needs
 of the Borough Service Areas at the lowest cost possible to their residents.
- A sufficient level of funding for borough departments to ensure their continued ability to meet the needs of borough residents, visitors, and the communities served, through thoughtfully organization.
- A re-balancing of expenditures to revenue sources in the Borough's General Fund for long-term sustainability.
- Stabilization of the borough's financial condition including compliance with the borough's fund balance policy.

The primary goal of this Administration to maintain a balanced budget philosophy this year and in future years where boroughwide expenditures decrease; or increase by an amount equal to or less than the Anchorage Consumer Price Index (CPI). Per the graph below the Kenai Peninsula Borough has shown increases in the boroughwide expenditure budget from FY2015 to FY2021 that were above the changes in CPI. In FY2022 and FY2023 the borough expenditures increased by 7.57% and 8% respectively (two-year total of 15.57% total) creating an incline in the forecasted expenditure curve that is not sustainable based on the revenues forecasted for the next ten years. Unsustainable budgets result in eventually unaffordable mill and tax rates for our borough residents. This budget is attempting to maintain the correction of that condition for current and future borough taxpayers by returning to a sustainable trend. This budget increases by only 2.50%, which is also consistent with the 2.57% increase in the FY2024 budget. The combined CPI increases for this same timeframe equal 9.6% which is significantly higher than the combined budgetary increase of 5.07% for fiscal years 2024 and 2025. In order for the Kenai Peninsula Borough to maintain a sustainable expenditure budget based on the forecasted revenues and remain affordable to Kenai Peninsula individuals and families, the borough must assert fiscal discipline and maintain an equivalent expenditure trajectory to the CPI, in the next ten fiscal years. Onetime funding and inconsistent revenue streams should not be utilized for ongoing operations, but rather capital or isolated programs that are not expected to continue beyond the current period. Other factors that affect overall expenditures and obligations of the borough, are unexpected incidents and disasters, of which the borough maintains a minimum fund balance policy to protect us from those unexpected expenditures events.

Major Budget Issues/Highlights

- FY2025 proposed state legislation was considered during the preparation of the FY2025 budget which includes continued funding for the School Bond Debt Reimbursement, a requested increase in the Base Student Allocation (BSA), PERS/TRS on behalf payments consistent with the Alaska Retirement Management Board recommendation, and strong funding for Community Assistance, fisheries business tax, resource landing tax and commercial vessel passenger tax payments.
- Operational funding for the School District: The largest component of the borough's budget is the contribution the borough makes to fund the Kenai Peninsula Borough School District. The borough's local contribution is governed by AS 14.17.410. This statute outlines the minimum and maximum amounts that can be contributed to the school district. The required minimum local contribution is estimated to be \$33,151,200 and the maximum amount is \$58,170,974. The amount the Borough has appropriated for FY2025 is \$56,228,307, an increase of 2.69% over FY2024. The projected number of students for FY2025 is 8,230 and the Borough's funding per student is approximately \$6,832.

Total funds provided for school purposes are \$65.2 million; the Borough portion is \$63.4 million and the State of Alaska is forecasted to provide \$1.8 million for debt reimbursement. Funding provided by the borough, net of the State's contribution for debt service, for school purposes is equivalent to 6.15 mills. Sales tax revenue is expected to cover \$44.4 million, which represents a 2% increase in sales tax revenue from the forecast amount of sales tax revenue anticipated for FY2024; the balance of funding of \$18 million (equivalent to 1.79 mills) comes from property taxes, federal and state revenue, and other sources. Total funding provided for schools (not including post-secondary education funding) represents an amount equal to 64% of the Borough's General Fund budget.

- Quality public services require adequate facilities that are suitable for their use and deferred maintenance creates additional cost over and above adequate maintenance. The budget includes a continued effort to address the borough's major maintenance and capital facility needs. The adopted FY2025 budget provides a \$200,000 transfer to the general government capital project fund and \$4.0 million to the school facilities capital project fund to address the borough facilities' (including school district buildings, all of which the borough owns) major maintenance and capital replacement needs.
- Funding for the Borough's Solid Waste program: A majority of the FY2025 increase is related to inflationary impacts on contractual services in the department. Hauling contracts, ongoing maintenance and operations for all of the solid waste facilities, fuel and supplies are the most impacted categories. The General Fund contribution for FY2025 is budgeted at \$11.7 million. The General Fund contribution to the Solid Waste program represents an amount equal to approximately 11.6% of total General Fund expenditures. The equivalent of 1.11 mills of the Borough's General Fund mill rate of 4.30 mills goes to support the Borough's Solid Waste program.
- The FY2025 budget includes local funding for the Road Service Area Capital Project Fund of \$2.32 million, with consistent transfer amounts of \$2.2 million annually for FY2026-FY2028. Prior to FY2021, grant funds were utilized to support a significant portion of the annual capital project spend to upgrade numerous roads in the Borough, all grant funds have been fully expended shifting the required burden to be supported by local funds, thus property taxes collected through the Roads Service Area mill rate.
- Although significant requests for additional FTEs exist, only 1 FTE (employee) was added to the General Fund Purchasing Department to provide for the insurgence of capital projects funded by bond proceeds and grant funds; and only 5 FTEs were added to Special Revenue Funds. A summary of all position changes for FY2016 to FY2025 can be found on pages 428-429.

Financial Condition Summary

For FY2025, Borough-wide real and personal taxable assessed values increased 8.9%, compared to FY2024 forecast values which increased 9.2% when compared to Actual FY2023 values. Oil and gas property is assessed by the State of Alaska under AS 43.56, and is subject to significant fluctuations in value and plays a vital role in the borough's economy, although the players are changing. Over the last five years, large national and multinational companies have been replaced by independents, which resulted in a resurgence in exploration and production. This has led to new wells in the Anchor Point and Kenai area, jackup rigs being used in Cook Inlet, along with increased exploration in other areas of the borough, resulting in an increase in assessed value for oil and gas properties. Assessed values for oil and gas properties increased from \$1.1 million for FY2015, to \$1.6 billion in FY2025. During this same timeframe, oil production for the borough has decreased from approximately 6.5 million barrels annually to approximately 2.3 million barrels annually. Since 1988, oil production for the borough has decreased from 15.9 million barrels annually to 2.3 million barrels annually. The impact to the Borough if the global reduction in the price of gas and oil continues is unknown at this time.

Traditionally the borough's unemployment rate has been 2% to 3% higher than the statewide rate, much of this due to the seasonality of work in the fishing and tourism industry. In FY2020 and FY2021, the Covid-19 worldwide pandemic created temporary increases in unemployment across the nation and in the Borough as high as 17.2% in April 2020. Unemployment rates in the borough have come down to 5.6% as of February 2024 and it is anticipated that unemployment rates will slowly flatten in 2024.

Calendar	Unemployment	Increase	Calendar	Unemployment	Increase
Year Ending	Rate	(Decrease)	Year Ending	Rate	(Decrease)
2016	8.21%	0.61%	2020	9.58%	3.27%
2017	7.76%	-0.45%	2021	7.35%	-2.22%
2018	7.10%	-0.65%	2022	4.53%	-2.83%
2019	6.31%	-0.80%	2023	4.63%	0.10%

Data is provided by the State of Alaska, Department of Labor and Workforce Development, and reflects the average for the prior 12 months as of December.

Financial Plans

General Fund

Revenues and other financing sources of \$99,649,616 support the FY2025 general fund budget. This total consists of \$47.1 million in property tax revenue, \$44.4 million in sales tax revenue, \$3.3 million in state revenue, \$3.7 million in federal revenue, and \$1,024,602 in other revenues and financing sources. Proposed expenditures are more than projected revenues net of a projected lapse; by \$291,837.

Overall expenditures increased \$2.5 million when compared to the original FY2024 adopted budget. Factors impacting the budget for FY2025 are as follows:

• The total amount appropriated for school purposes is \$65.2 million, a \$1.6 million increase when compared to FY2024. Local educational funding for FY2025 includes \$56.2 million for school district operations, \$5.0 million for school related debt service, and \$4.0 million for capital projects. It should be noted that the borough expects to receive \$1.8 million from the State of Alaska under the school debt reimbursement program, which decreases the Borough's expense. In 1964 the Borough citizens voted to implement an areawide sales tax which would be 100% dedicated to funding education. In FY2025, sales tax revenues are estimated to only be up \$900,000 from the FY24 forecasted amount, reducing the borough's ability to fund education.

- Personnel costs increased \$750,238 or 4.48%; primarily due to the impacts of the negotiated collective bargaining agreement offset by static healthcare costs as a result of slowed healthcare experience in the qualified high deductible healthcare plan. There was one new position added to the General Fund Purchasing and Capital Projects Department in FY2025.
- Supplies are down by approximately \$3,394 or 1.46% due to a tightening of supply line items in efficiencies reduction in use.
- Services are up by approximately \$186,959 or 2.84%; which includes; \$138,608 increase in contractual services, \$94,873 increase in annual software costs, \$100,903 decrease in equipment replacement payments, and a \$21,686 increase in insurance premiums.
- Transfers increased approximately \$1.9 million or 2.5%; which includes an increase to the local contribution for schools of \$1.6 million, a small increase in the transfer to Solid Waste of \$334,914 as a result of the increases in operational costs, and a \$100,000 increase to the General Fund contribution to the general government capital project fund.

The FY2025 General Fund property tax rate remained at 4.30 mills. Sales tax revenue for FY2025 is expected to increase slightly over the FY2024 forecasted sales tax amount by about \$900,000. The estimated FY2025 sales tax revenue generates the equivalent of 4.19 mills in property tax revenue. State revenues include \$850,000 for Community Assistance (Revenue Sharing) and \$1.8 million for school debt reimbursement; representing 70% of only a portion of the outstanding school debt service; fish tax of \$500,000, \$50,000 for facility rental, and \$155,000 from co-op distributions. Federal revenues consist of \$3.1 million for Payment in Lieu of Taxes (PILT) receipts, \$500,000 for National Forest Receipts, and a civil defense grant of \$140,000.

Local Contribution for Kenai Peninsula Borough School District:

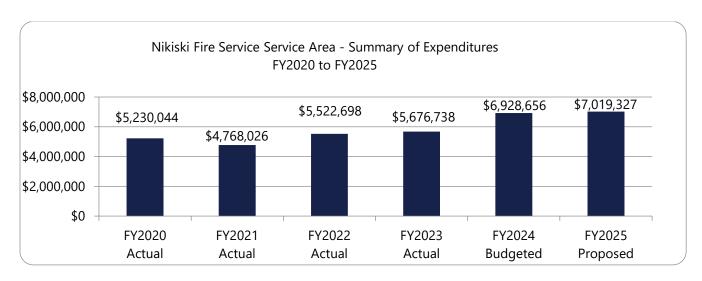

Fiscal Year	Local Contribution	Additional Federal Funding	Total Payments to School District	Increase (Decrease)	Mill Rate Equivalent
2021	\$ 47,888,909	\$ 2,111.091	\$ 50,000,000	\$ 261,568	.03
2022	48,000,000	2,000,000	50,000,000	-	-
2023	52,564,284	-	52,564,284	2,564,284	.29
2024	54,753,114	-	54,753,114	2,188,830	.22
2025	56,228,307	-	56,228,307	1,475,193	.14

Service Areas and Special Revenue Funds

As a whole, the FY2025 service area budgets increased .03% from the FY2024 originally adopted. Selected individual funds are as follows:

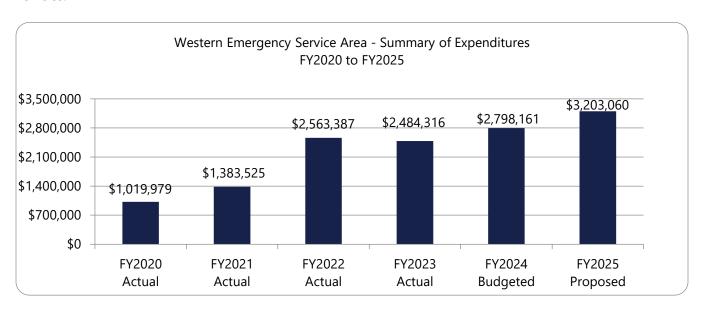

Nikiski Fire Service Area

The Nikiski Fire Service Area (NFSA) expenditure budget is up \$352,588 or 5.29% when compared to the prior year. The increase in expenditures is primarily related to increases in personnel due to the addition of a firefighter and conversion of a 56 hours captain to a 40-hour training officer. Other factors are increases in insurance premiums and an increase to the capital transfer. Oil tax revenues, the largest revenue source for the Service Area, have increased approximately 51% since FY2015. The mill rate has remained at 2.70 mills since FY2018.

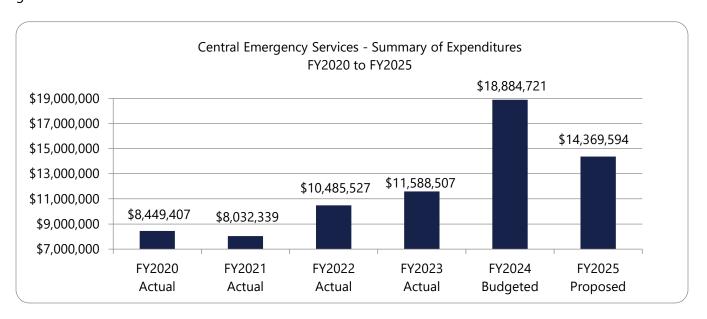

Western Emergency Service Area

The Western Emergency Service Area expenditure budget is up \$473,681 or 17.35% primarily related to increases in personnel associated with the addition of 3 firefighters, one being a captain. Western Emergency Services also saw increases in property, liability and workers' compensation insurance premium of \$25,678 partly due to additional wages and a one-time purchase of tires for apparatus and emergency response vehicles.

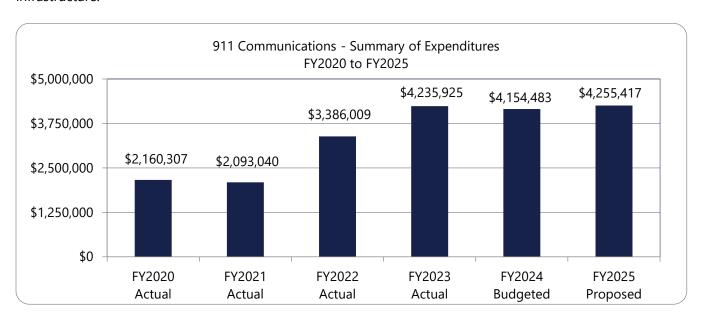

Central Emergency Services

Central Emergency Services expenditure budget is up \$501,336 or 3.61% primarily related to increased personnel costs associated with the collective bargaining agreement, the cost of fire, medical and rescue supplies, property, liability and workers' compensation insurance premiums of \$26,354 and building and grounds maintenance increases to cover a leach field for station 4.

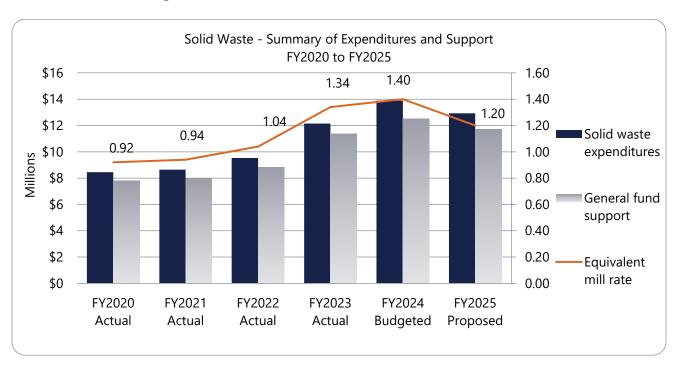

911 Communications

The 911 Communications Center expenditure budget are up \$102,434 or 2.47% as a result of personnel expenditures associated with the collective bargaining agreement and property, liability and workers' comp insurance premiums. In 2021 the Center entered into agreements with agencies to provide call taking and other services for a fee. The fee is based on call volume and specific specialized services. As part of the agreement the Center is required to establish a restricted capital reserve fund for replacement of critical infrastructure.

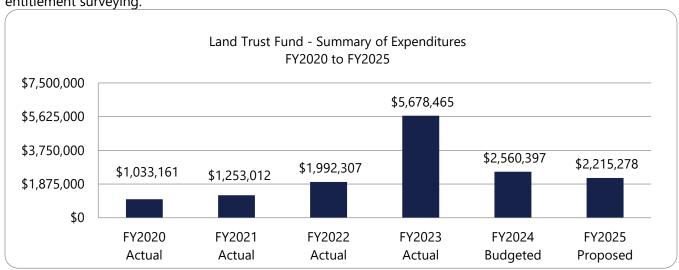

Solid Waste

The Solid Waste expenditure budget is up \$347,248 or 2.76% when compared to FY2024 primarily due to increases to hauling and operations & maintenance contracts, ongoing contractual obligations and renewed operations & maintenance contracts that were bid at a higher cost than in previous years. The Borough's General Fund continues to provide the majority of the funding necessary to operate solid waste operations. For FY2025, this amount is \$11,719,442 or approximately 90% of the revenue necessary to fund the solid waste program. There are fee changes proposed for FY2025, these fees provide approximate \$1.0 million in support for solid waste operations. The General fund contribution is equal to 1.11 mills or 11.5% of the General Fund budget.

Land Trust Fund

The Land Trust Fund expenditure budget is down (\$218,698) or 8.99% when compared to FY2024 primarily due to a decreased land sale revenue transfer of \$475,810 to the Land Trust Investment Fund to be invested for the purpose of supporting the Land Trust Fund activities in the future. The Land Trust Fund also had increases to their contractual services to provide for subdivision development, auction services and entitlement surveying.

Capital Projects

The FY2025 Capital Budget includes \$3,857,140 for school district major facility maintenance. Several major school maintenance projects have been accomplished over the past couple fiscal years due to additional capital funding provided. This years' funding provides for projects such as heating ventilation and air conditioning (HVAC), boiler upgrades that will reduce utility costs, security and safety in school facilities, roofs, windows, siding, flooring replacements, electrical and lighting upgrade projects in school facilities. The 911 Communications Center capital budget includes \$61,220 for facility and communications equipment and the Solid Waste Department capital budget includes, and \$985,000 for call 4 design and preliminary construction, equipment, facility improvements and landfill gas and leachate collection materials.

Service Area capital budgets include funding for facility improvements and equipment purchases of \$225,000 at Nikiski Fire Service Area for response and plowing pickup trucks; \$1,100,000 at Central Emergency Services for a tanker replacement, \$160,000 at Kachemak Emergency Service Area for a command vehicle and a utility vehicle; \$60,000 at Western Emergency Services for commend vehicle and shop door replacement; \$2,275,000 in Road Service Area for capital road construction and improvements; \$762,000 at North Peninsula Recreation Service Area for recreation remodel, fitness equipment, furnishings and well line replacement and \$2,458,393 at South Peninsula Hospital for medical equipment.

Tax Rates

The Borough Code of Ordinances, section 5.12.010 (A), establishes a maximum 8.00 mill tax levy for operations of the Borough general government, including the local effort for education. Per the Code, the maximum is increased for the tax equivalent of the local payments for voter approved debt, or to meet an emergency threatening the public peace, health, or safety. The maximum mill rate that could be levied for FY2025 is 8.64 mills. It is our goal to keep the general fund mill rate at or below the current level unless borough voters authorize significant additional debt.

The Mayor's budget does not propose a change to the General Fund property tax rate of 4.30 mills for FY2025. There is one service area property tax rate increase of .20 mills to 3.15 mills for Western Emergency Services and two tax rate decreases; a decrease of .66 mill to .34 mills for South Peninsula Hospital Service Area (Debt Prior to 7/1/2019) Fund and a decrease of .10 mills to 1.30 mills for North Peninsula Recreation Service Area. All other service areas are to stay at their FY2024 levels.

Summary Data - Governmental Functions

The following schedule is a summary of the FY2025 estimated revenues for the General Fund, special revenue funds, debt service funds, capital projects funds, and internal service funds including the amount and increases or decreases in relation to the original FY2024 budget.

Revenues:	FY2024 Original Revenues		FY2025 Estimated Revenues		Increase (Decrease)	
General Property Taxes	\$	83,921,083	\$ 89,616,218	\$	5,695,135	
Sales Tax		47,000,000	44,400,000		(2,600,000)	
Intergovernmental:						
Federal		3,740,000	3,740,000		-	
State		3,351,919	3,350,641		(1,278)	
Other Revenue		37,674,208	36,868,440		(805,768)	
Fund Balance Appropriated (Lapsed)		(6,348)	 2,092,275		2,098,623	
	\$	175,680,862	\$ 180,067,574	\$	4,386,712	

- Property and sales tax revenues are up by a combined 1.24% and represents approximately 75% of total revenues (not including fund balance), this compares to 75% for FY2024 and 74% for FY2023. Other information is as follows:
- Property taxes are projected to increase approximately \$5.7 million due to the FY2025 taxable assessed values increasing 9.8% from the FY2024 original budgeted amounts. The FY2025 property tax revenue estimate is up 6.8% with decreases to the North Peninsula Recreation Service Area mill rate of .10 mills and the South Peninsula Hospital Fund with debt prior to 7/1/2019 of .66 mills. An increase in mill rate of .20 mills is proposed for Western Emergency Services, when compared to FY2024.
- Sales taxes are projected to level out during FY2025 coming in less than the originally estimated FY2024 amounts. This is a result of several lines of business showing declining taxable sales from FY2023 to FY2024, such as construction, information and professional services are each 5% down, commercial rentals 7.6% down, and retail sales being the largest category for the borough is down 1%.
- Other revenues are projected to decrease \$805,768 primarily due to internal service fund interfund revenue increases of \$1.2 million to provide for increased premiums and claim projections for both healthcare and property, liability and workers' compensation offset by a decrease in ambulance revenues associate with a one-time catch-up of rural ambulance revenue from prior years.
- State revenues are expected to decrease approximately \$1,278 as a result of a decrease in debt reimbursement on education debt satisfied in FY2024. The new education bonds issued in FY2023 are not reimbursable due to a moratorium on new debt service eligibility for the program.
- The use of fund balance as a revenue source increased due to an anticipated increase associated with education funding, contractual obligations, software costs and new positions in FY2025.

The following schedule presents a summary of the General Fund, special revenue funds, debt service funds, capital project funds, and internal service funds appropriations for FY2025. Please note that the FY2024 amounts are based on the original assembly approved budget and do not include encumbrances and certain contingency balances carried forward from the prior year, or supplemental appropriations.

	FY2024 Original	FY2025 Mayor	
Expenditures:	Appropriation	Proposed	Increase (Decrease)
General Government	\$25,167,719	\$26,234,767	\$ 1,067,048
Solid Waste	12,928,404	13,265,652	337,248
Public Safety	31,056,316	32,430,810	1,374,494
Recreation	2,851,795	3,384,769	532,974
Education	64,453,566	66,008,198	1,554,632
Road Maintenance	8,402,195	9,885,309	1,483,114
Hospitals	13,679,649	10,077,908	(3,601,741)
Internal Service	17,141,218	18,780,161	1,638,943
	\$175,680,862	\$180,067,574	\$ 4,386,712

Total FY2025 appropriations are up 2.50% when compared to the FY2024 original budget. For comparative purposes, the FY2024 budget was up 2.57% when compared to the original FY2023 budget and the FY2023 budget was up 8.00% when compared to the FY2022 budget. The primary drivers of this change include:

 General Government increases of \$1,067,048 are primarily due to, one-time capital projects associated with the River Center facility of \$643,925, personnel costs associated with Collective Bargaining Agreement (CBA) requirements, increases of \$138,608 in contractual services, \$94,873 in annual

- software costs, \$21,686 in insurance premiums, offset by a \$100,903 decrease in equipment replacement payments.
- Solid waste costs have increased \$337,248 due to capital and infrastructure needs as well as increases to operations and maintenance for hauling contracts due to contractual obligations and renewed operations and maintenance contracts that were bid at a higher cost than in previous years.
- Public safety increase of \$1,374,494 is primarily due to costs associated with an increase of four
 additional firefighters; one at Nikiski Fire Service Area and three at Western Emergency Services, a 40
 to 56 hour conversion at Kachemak Emergency Services, increases in personnel costs associated with
 Collective Bargaining Agreement (CBA) requirements, and increases in insurance premiums as a result
 of increasing insurance rates due to increasing wages, property replacement values and large liability
 settlement cases.
- Education costs indicate an increase of approximately \$1.55 million. This increase is primarily due to an increase to the local contribution of \$1.5 million, a \$2,701 decrease to FY2025 educational debt service payments, and a \$82,140 increase to the FY2025 school capital contribution.
- Hospital expenditures have decreased due to a reduction in debt service for Central Peninsula Hospital Service Area and South Peninsula Hospital Service Area when compared to FY2024.
- Internal Services have increased due to increased premiums and claim projections for healthcare premiums and property, liability and workers' compensation. Increases in the Insurance and Litigation Fund of \$1,191,903, and increases in healthcare premium expenditures of \$327,040.

The Future

In reviewing the department and service area budget requests, the Mayor considered carefully the thoughts of the management staff, service area boards, and the assembly and borough citizens. In the end, FTE requests and other reductions were made to the original budgets as submitted. We believe that this budget is consistent with the Mayor's budget priorities that include:

- Delivery of basic quality Borough services at the lowest, sustainable cost possible.
- A level of local educational funding borough residents can reasonably afford and sustain.
- Providing consistent and reliable emergency services throughout the Borough.
- A high-quality capital and operational maintenance program that reduces the cost of deferred maintenance and ensures the continued use and economic value of borough assets.
- Support for the needs of borough service areas as communicated by service area residents and their elected service area boards.
- A balanced budget that can be supported by the borough's current areawide revenues.
- Maintenance of the borough's financial condition with a focus on returning to a sustainable trend today and into the future to ensure affordability for borough residents.

Acknowledgement

Credit is given to those who have participated in the preparation of the FY2025 budget. Service area boards, department heads, and their staffs have all worked very hard to develop department/service area budgets that will provide residents with a high level of service at a reasonable cost. Finance Department staff deserving recognition include: Financial Planning Manager Chad Friedersdorff, Controller Sara Dennis, Auditor Accountant Tiffany Boardman, Payroll Accountant Sarah Hostetter, Grant/Treasury Accountants Christina Griffith and Tracy Davis, Sales Tax Supervisor Lauri Lingafelt, Property Tax Supervisor Nolan Scarlett, and Finance Department Administrative Assistant Lori Johnson. All have put in long hours preparing this document.

We look forward to working with the borough assembly, the Kenai Peninsula Borough School District, all residents of the borough and the borough business community in making the Kenai Peninsula an even greater place to live, work, play, visit and conduct business.

Respectfully submitted,

Peter A. Micciche

Borough Mayor

Brandi Harbaugh, CPA CPFO

Director of Finance

Kenai Peninsula Borough FY2025 Budget

User Guide

This user guide is a tool to guide you through the budget document. It provides some basic information about the area and its government structure. It explains the formatting of individual departmental budget sections, and the process of creating and adopting the Borough's primary planning and policy tool - the annual budget.

The user guide has been developed to answer some of the more commonly asked questions regarding the Kenai Peninsula Borough's budget and other topics.

- Under what type of government structure does the Borough operate?
- What are the Borough's areas of responsibilities or powers?
- How do the Borough and School District interrelate?
- When is the budget prepared, and how does the budget cycle operate?
- What is the Borough's basis of budgeting?
- How is the budget data organized?

Brief Introduction to the Borough

The Kenai Peninsula Borough was incorporated in 1964 as a second-class borough. It occupies a geographic area of approximately 24,750 miles and is located in the south central part of the state of Alaska. Per the State of Alaska, Department of Commerce, Community, and Economic Development, the Borough's population for April 2024 is estimated to be 60,017.

Structure

The Borough operates under an assembly-mayor form of government. Policy-making and legislative authority are vested in a governing assembly consisting of nine members. The assembly is responsible, among other things, for passing ordinances, adopting the budget, and appointing committees. The mayor is the Borough's executive officer and is responsible for carrying out the policies and ordinances of the Borough, for overseeing the day-to-day operations of the government, and for appointing the heads of the various departments. The assembly and mayor are elected on a non-partisan basis. Assembly members serve three-year staggered terms with three members elected each year, and are elected by district. The mayor is elected at large and serves a three-year term.

Powers/Areas of Responsibilities

State of Alaska law mandates that second-class boroughs provide certain services on an areawide basis to all taxpayers. Initially, the Borough exercised three mandatory powers: assessment and tax collection, schools, and zoning. All other services must be approved by a majority of voters who are to receive the services. This gives taxpayers control over the type and level of services they receive and pay for.

Currently, the Borough has the following powers: (see page 25 for more detail)

 Areawide powers: assessment and collection of property taxes and sales tax collection for the Borough and cities within the Borough, planning, solid waste disposal, education, post secondary education, 911 emergency communications, emergency management, and general administrative services.

- Non-areawide services provided by the Borough include fire protection, hospital services, emergency medical
 and ambulance services, recreation, senior citizen funding, road maintenance, economic development, tourism
 promotion, and special assessment authority for utility extensions and road improvement districts.
- The Borough also has non-areawide powers of port and harbor that are authorized but not exercised.

School District

The Kenai Peninsula Borough School District is a component unit of the Borough. The School District has its own elected board which is responsible for setting policy and expenditure appropriations. More information regarding the School District is available at their website, www.kpbsd.k12.ak.us or can be obtained from them at 148 North Binkley St., Soldotna, AK 99669.

The Borough does assume various funding responsibility for the School District. State of Alaska statutes require the Borough to contribute to the School District a minimum contribution in an amount equal to 2.65 mills of the prior year full and true assessed value of property. The State has also established a maximum contribution, which is an amount equal to the minimum contribution plus 2.00 mills of the full and true assessed value of property. In prior years the maximum allowable contribution was based on 23% of basic need. Basic need is defined as total of the adjusted average daily membership times the base student allocation. For FY2025, the Borough's contribution is \$56,228,307. The Borough's sales tax revenue is estimated to fund \$44.4 million of that amount; the balance or \$11,828,307 will come from other sources including property taxes, state and federal sources, and interest earnings.

The Borough is also responsible for the construction and capital improvement of all facilities used by the School District as well as the issuance and repayment of school construction debt.

Total funding, net of state debt reimbursement, for Borough schools for FY2025 is \$63,379,617; an amount equal to 64% of the Borough's General Fund budget.

Basis of Accounting & Budgeting

The basis of budgeting is explained here to assist readers of the budget document, and to provide a bridge between the budget presentation in this document and the accounting presentation in the Annual Comprehensive Financial Report (ACFR).

The Borough's governmental funds consist of the General Fund, Special Revenue Funds, Debt Service Funds, and Capital Project Funds. Governmental fund budgets are developed using the modified accrual basis of accounting. Under this basis, revenues are estimated for the fiscal year if they are susceptible to accrual, e.g. amounts can be determined and will be collected within the current period. Principal and interest on general long-term debt are budgeted as expenditures when due, whereas other expenditures are budgeted for liabilities expected to be incurred during the current period.

The Borough's budgets are prepared and adopted on a basis consistent with Generally Accepted Accounting Principles (GAAP) for all governmental funds and proprietary funds except capital project funds, which are adopted on a project-length basis, and the Solid Waste Special Revenue Fund, which is prepared on a budgetary basis. The Borough utilizes encumbrance accounting for its governmental fund types under which purchase orders, contracts, and other commitments are recorded in order to set budget aside for that specific use. Encumbrances lapse and are automatically reappropriated and reencumbered as part of the subsequent year's budget. Encumbrances are recognition of commitments that will subsequently become expenditures when the goods or services are received.

The Proprietary Funds (Internal Service) budgets use a different budgetary basis for their accounting basis. Proprietary Funds use the accrual basis of accounting; however, their budgets more closely follow the modified accrual method used for governmental funds. For example, the proprietary fund budgets include capital outlay amounts for the initial purchase

of fixed assets, but do not include budget amounts for depreciation of those fixed assets. For the ACFR, capital outlays are not recognized but depreciation is.

Budget Process

The annual budget, which includes both operating and capital budgets, is the mechanism through which the Borough Assembly establishes the appropriations for the Borough. Ordinance 2024-19, a copy of which is included on pages 35 - 38, authorizes spending for the operating and capital budgets indicated in this document. The appropriations are by the fund level for operating funds and at the project level for capital funds.

The budget process begins in January with a meeting of all department heads and service area representatives. The mayor makes a presentation on the financial condition of the Borough and a projection for the coming year considering the economy and the legislature. The mayor outlines his general budget policies and goals at this time, and budget preparation packets are distributed to the departments.

Throughout the remainder of January and February, the Finance Director, Controller, or Financial Planning Manager attends the various service areas budget workshop meetings and presents related information. Completed department and capital budget requests are then submitted to the Finance Department in late February or early March. After draft budgets are prepared, budget review meetings are held with the Mayor, the Finance Director, and the appropriate department head or service area representatives. A proposed budget is then prepared and submitted to the Assembly in May.

The ordinance setting the level of appropriation for the fiscal year is introduced at the first Assembly meeting in May and the resolution setting the mill rates for the General Fund and the Service Areas is presented at the first meeting in June. After holding public work sessions, the Borough Assembly approves the budgets and sets the tax rates for the General Fund and Service Areas prior to June 15th.

Mill Levy

A resolution setting the mill rates is submitted to the assembly at the first Assembly meeting in June for approval as mill rates must be established prior to June 15th in accordance with Alaska Statutes. The Borough voters have approved a tax cap of 8.0 mills not including the amount needed for debt service or to meet an emergency threatening public peace, health or safety. The maximum mill rate calculation for FY2025 is 8.64 mills. The adopted mill rate for FY2025 is 4.30 mills.

Amending the Budget

After the budget has been established, the Assembly may transfer appropriations between major classifications or departments by resolution; however, transfer of appropriations between funds must be done by ordinance. The Borough Mayor has the authority to transfer amounts within a department. Supplemental appropriations, except emergency appropriations, may be made by ordinance only after public hearings and Assembly approval has taken place. Emergency appropriations may be done by Assembly ordinance without a public hearing, but are only effective for 60 days. Extensions of such appropriations must go through the public hearing process.

Budget Presentation and Fund Structure

The budget document is divided into various sections: Introduction, Overview, Individual Fund Detail, and the Appendix.

- The introduction section includes the table of contents, the transmittal letter, this user guide, major financial policies, the budget calendar, an organizational chart, the Kenai Peninsula Borough departmental staff chart, and the appropriating ordinance.
- The overview section includes data on the Borough as a whole.
- The Fund section includes individual budgets for the General Fund, the Special Revenue Funds, Capital Project Funds, Debt Service Funds, and Internal Service Funds. The Special Revenue Funds include Service Area Funds and other special revenue funds that are established when there are legal requirements restricting specific revenue sources to expenditures for specific purposes, which are not appropriately budgeted elsewhere.
 - Operating budgets for the General Fund, Service Area Funds, Debt Service Funds, and Internal Service Funds present detailed expenditure plans. These plans contain a mission/program description, major long-term issues and concerns, current-year objectives, previous-year accomplishments, and performance measures. Expenditure detail is provided for each division and in summary for each department. All detail pages contain historical data for the current year budget and two prior fiscal years.
 - Capital Project budgets have detailed expenditure plans that include general objectives, a description of the current-year projects that have been authorized including a brief description of the impact on future operating budgets, and a nine-year plan of expenditures.
- The appendix section includes data on salary schedules, full-time equivalent employees, a glossary of terms, a list of acronyms, various analytical data, and a schedule of fees.

Powers of the Kenai Peninsula Borough

The Assembly of the Kenai Peninsula Borough has provided funding for the services and programs it has determined to be a priority in this budget. The left hand column (title Power) provides some sources of the legal authority for the governing body to exercise its appropriation and prioritization authority. The right-hand column, titled Department(s), shows the departments where the appropriation amount and the expenditure authority can be found that reflect the governing body's priorities. Most additional optional powers may be found in Title 29 of the Alaska Statutes and in a few additional statutes outside of Title 29.

Power	Date of Acquisition	Statutory Reference	Method of Acquisition	Department(s)

Fund Structure

The accounts of the Borough are organized on the basis of funds and account groups, each of which is considered a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues and expenditures, or expenses, as appropriate. Government resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The various funds are grouped in this report into six generic fund types and three broad fund categories as follows:

GOVERNMENTAL FUNDS

General Fund (100): The General Fund is the general operating fund of the Borough. This fund accounts for all transactions not recorded in other funds and receives financial support from such sources as general property taxes, sales taxes, fees, and intergovernmental revenues. Expenditures are authorized in the general budget and include such areas as administration, assessing, emergency management, River Center, senior citizen funding, and planning & zoning.

Special Revenue Funds (200-299, 600-602): Special revenue funds are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specific purposes. State grants, education, fire and emergency medical service areas, a road service area, two road improvement funds, two recreation service area funds, the Land Trust Fund, the School Fund, the Nikiski Senior Service Area Fund, the 911 Communication Fund, the Central Kenai Peninsula Hospital Service Area, and the South Kenai Peninsula Hospital Service Areas are included in the special revenue funds.

<u>Debt Service Funds (300-399)</u>: The debt service funds are used to account for the payment of principal and interest on general obligation debt incurred to finance construction. Each bond issue is accounted for in a separate fund, but these separate funds are included in the budget document as one fund since the appropriation is for the single purpose of debt service on general obligation bonds.

<u>Capital Projects Funds (400-499)</u>: Capital projects funds account for financial resources used for the acquisition or construction of capital projects.

PROPRIETARY FUNDS

Internal Service Funds (700-799): The Borough's internal service funds (Insurance and Litigation Fund, Health Insurance Reserve Fund, and the Equipment Replacement Fund) are used to account for the financing of goods and services provided to other departments of the Borough. The Insurance and Litigation fund provides the insurance requirements of the Borough and is financed through interfund charges. The Equipment Replacement Fund is used to finance the major purchases of user departments. The departments are charged an annual fee over the expected life of the vehicle or piece of equipment. This manner of financing major purchases eliminates the substantial impact such purchases would otherwise have on annual operating budgets.

FIDUCIARY FUNDS

Agency Funds (800-899): The Borough maintains two Agency Funds. One of the funds, the Tax Agency Fund, is used to account for resources received by the Borough as an agent for other governmental units. The Borough is responsible for the collection and disbursement of taxes levied by the cities located within the Borough. These cash receipts and disbursements are recorded in the Tax Fund. The second agency fund, Special Assessment Agency Fund, was established to account for monies collected from property owners by the Borough for the construction of natural gas pipeline distribution systems and road improvements which benefit these property owners.

FUNDS OMITTED FROM THE BUDGET

Funds that are included in our audited financial statements but not included in this budget document are the Fiduciary Funds, the Environmental Protection Program Fund, the Disaster Relief Fund, Land Trust Investment Fund, and the Miscellaneous Grants Fund as they are budgeted on a project length basis and funding is usually dependent on outside agencies or events.

Fund Relationship Table

The following table depicts the relationship between the departments of the borough and the various major and non-major funds that each utilizes and/or manages. Expenditure and revenue history, can be found in the General Fund Summary, Special Revenue Fund Summary, Department Summaries.

Financial Policies

The financial policies establish the framework for overall fiscal planning and management, and set forth guidelines for both current and long-term planning. These policies are intended to be consistent with the Kenai Peninsula Borough's Code of Ordinances found at KPB Code of Ordinances Chapter 5 – Revenue and Finance. Policies are to be reviewed annually to assure the highest standards of fiscal management. The Mayor and the Department Directors have the primary role of reviewing financial actions and providing guidance on financial issues to the Borough Assembly.

Overall Goals

The overall financial goals underlying these policies are:

- 1. **Fiscal Conservatism:** To ensure that the Borough is in a solid financial condition at all times. This can be defined as:
 - A. Cash Solvency the ability to pay bills
 - B. Budgetary Solvency the ability to balance the budget
 - C. Solvency the ability to pay future costs
 - D. Service Level Solvency the ability to provide needed and desired services
- 2. **Flexibility:** To ensure that the Borough is in a position to respond to changes in the economy or new service challenges without an undue amount of financial stress.
- 3. Adherence to the Highest Accounting and Management Practices: As set by the Government Finance Officers' Association (GFOA) standards for financial reporting and budgeting, the Governmental Accounting Standards Board, and other professional standards.

Based on the overall goals listed above the following Financial Policies are provided:

1. Operating Budget Policies

The budget is a plan for allocating resources. The objective is to enable service delivery with allocated resources. Services must be delivered to the citizens at a level that will meet real needs as efficiently and effectively as possible.

- The Borough's goal is to pay for all recurring expenditures with recurring revenues and to use non-recurring revenues for non-recurring expenditures.
- It is important that a positive undesignated fund balance and a positive cash balance be shown in all governmental funds at the end of each fiscal year.
- When deficits appear to be forthcoming within a fiscal year, spending during the fiscal year must be reduced sufficiently to create a positive undesignated fund balance and a positive cash balance.
- The budget must be structured so that the Assembly and the general public can readily establish the relationship between expenditures and the achievement of service objectives.
- The individual department budget submissions must be prepared with the basic assumption that the Assembly will always attempt to maintain the current tax rates.
- The budget will provide for adequate maintenance of capital plant and equipment and for its orderly replacement.
- The Borough will develop and annually update a long-range (three to five years) financial forecasting system, which will include projections of revenues, expenditures, future costs, and financing of capital improvements that are included in the capital budget.
- A balanced budget is defined as revenues, including the use of fund balance as a revenue source, equaling expenditures as long as fund balance remains within fund balance policy limits.

2. Debt Policies

- The Borough will not fund current operations from the proceeds of borrowed funds.
- The Borough will consider short-term borrowing or lease/purchase contracts for financing major operating capital equipment when the Finance Director, along with the Borough's Financial Advisor, determines that this is in the Borough's best financial interest. Lease/purchase decisions should have the concurrence of the appropriate operating Manager.
- When the Borough finances capital projects by issuing bonds, it will repay the debt within a period not to exceed the expected useful life of the project.
- The Borough will maintain good communication about its financial condition with bond and credit institutions.
- The Borough will follow a policy of full disclosure in every annual financial statement and bond official statement.
- The Borough will avoid borrowing on tax anticipation and maintain an adequate fund balance.
- The Borough will endeavor to maintain a minimum bond rating for all debt issues of A or better by Moody's and Standard & Poor's rating agencies. Credit enhancements will be used to achieve higher ratings when there is an economic benefit.
- The Borough does not have a debt limit.

3. Revenue Policies

- The Borough will try to maintain a diversified and stable revenue structure to shelter it from short-run fluctuations in any one-revenue source.
- The Borough will attempt to maintain a diversified and stable economic base by supporting policies that promote tourism, agriculture, commercial, and industrial employment.
- The Borough will estimate its annual revenues by an objective, analytical process.
- The Borough, where possible and reasonable, will institute user fees and charges for specialized programs and services. Rates will be established to recover operational, as well as capital or debt service costs.
- The Borough will regularly review user fee charges and related expenditures to determine if preestablished recovery goals are being met.
- The Borough should routinely identify governmental aid funding possibilities. However, before applying for and accepting intergovernmental aid, the Borough will assess the merits of a particular program as if it were funded with local tax dollars. Local tax dollars will not be used to make up for losses of intergovernmental aid without first reviewing the program and its merits as a budgetary increment.

4. Investment Policies

(The Borough Assembly authorized establishment of this policy through KPB Resolution 78-15 in February 1978, enacted in Borough Code in 1989 and updated via KPB Ordinances in 2016 and 2021)

- The Borough will maintain an investment policy based on the Government Finance Officers Association (GFOA) model investment policy.
- The Borough will conduct an analysis of cash flow needs on an ongoing basis. Disbursements, collections, and deposits of all funds will be scheduled to ensure maximum cash availability and investment potential.
- The Borough will invest public funds in a manner that will best meet the objective specified in Chapter 5.10.010 of the Borough code of Ordinances. The relative order of importance are as follows: safety of principal, maintaining sufficient liquidity to meet the Borough's cash flow requirements, and achieving a reasonable market rate of return.

5. Accounting, Auditing, and Reporting Policies

- The Borough will establish and maintain a high standard of accounting practices in conformance with Generally Accepted Accounting Principles (GAAP).
- The accounting system will maintain records on a basis consistent with accepted standards for government accounting according to the Government Accounting Standards Board (GASB).
- An independent firm of certified public accountants will perform an annual financial and compliance audit
 and will publicly issue an opinion, which will be incorporated into the Annual Comprehensive Financial
 Report (ACFR).
- The Borough will annually strive for the GFOA Certificate of Achievement for Excellence in Financial Reporting and the GFOA Distinguished Budget Presentation Award.

6. Capital Budget Policies

- The Borough will make all capital improvements in accordance with an adopted capital improvements program.
- The Borough will develop a multi-year plan for capital improvements that considers its development policies and links the development process with the capital plan.
- The Borough will enact an annual capital budget based on the multi-year capital improvements program.
- The Borough will coordinate development of the capital improvement budget with development of the operating budget. Future operating costs associated with new capital projects will be projected and included in operating budget forecasts.
- The Borough will maintain all its assets at a level adequate to protect its capital investments and to minimize future maintenance and replacement costs.

7. Fund Balance Policy

(The Borough Assembly authorized establishment of this policy through KPB Resolution 2001-045 in April 2001, updated through KPB Resolution 2017-031 in March 2017)

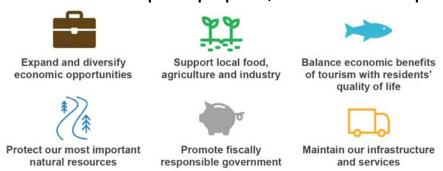

- The Borough will maintain the fund balances and retained earnings of the various Borough operating funds at levels sufficient to maintain the Borough's creditworthiness, liquidity needs, and to provide financial resources for unforeseeable emergencies.
- The Borough will not approve an appropriation from the general fund that would cause the unrestricted general fund balance to be less than the minimum unrestricted fund balance, except in an emergency expenditure or a major capital purchase.

Strategic & Long-Term Planning

The Kenai Peninsula Borough first developed its Borough-wide Comprehensive Plan in 2005, with significant updates in 2019. The Borough has more recently focused on long-term strategic planning through the Kenai Peninsula Borough's Resilience and Security Advisory Commission established in 2020. The Commission guides and supports the Borough on developing sustainability solutions to promote economic security, safety, self-reliance, and wellbeing of its inhabitants, while maintaining the ability of future generations to do the same. The focus of our comprehensive strategic planning is to mitigate known hazards, adapt to significant changes, and modernize and diversify our energy sector according to the Borough's Comprehensive Plan while maintaining the values and vision of the community and its members. The Plan's goals and objectives center around:

- Diversity and growth in the Kenai Peninsula Borough economy. Support oil and gas industry, promote
 outdoor recreation and tourism, sport fishing opportunities and protection, develop seafood industry for
 commercial fishing and seafood harvesting, support sustainable and healthy agriculture, mari-culture and
 mining.
- 2. Proactively manage growth to provide economic development opportunities on the Kenai Peninsula Borough while preserving what residents and visitors value about the area's natural features. To establish land use policies and guidance along with hazard mitigation.
- 3. Preserve and improve quality of life in the Kenai Peninsula Borough through increased access to local and regional facilities, activities, programs and services. Encourage coordination of utilities and energy sector, increase public safety and emergency services, support health and wellness, increase diverse housing supply, provide for solid waste services and historic preservation.
- **4. Improve access to, from and connectivity within the Kenai Peninsula Borough.** Engage in transportation development, improvement for roads, pathways, marine ferry routes, docking facilities and safe responsible expansion of aviation options.
- 5. Create more active and engaged Kenai Peninsula Borough residents, local communities, and a more effective and efficient Borough government. Provide and expand on quality education and work to develop a sustainable fiscal plan with less dependency on State funding.

Our Vision: What is Our Future Kenai Peninsula Borough? Keep the Kenai Peninsula a unique and prosperous, vibrant and attractive place to live

The Borough Administration and Assembly are committed to considering and incorporating future financial impacts while implementing strategic planning to better align with available and future resources. This is apparent through recent legislative discussions on:

- **1.** Providing for economic exemptions to encouraging independent power producers to establish in the Borough.
- 2. Implementation of a Property Assessed Clean Energy Financing Program (PACE).
- 3. Implementing the Anadromous Waters Habitat Protection Work Group recommendations.
- **4.** Funding response, recovery and resiliency projects such as public warning system infrastructure, geographic information systems and broadband to our rural communities.

KENAI PENINSULA BOROUGH ORDINANCE 2024-19

AN ORDINANCE APPROPRIATING FUNDS FOR FISCAL YEAR 2025

- **WHEREAS,** Alaska Statute 29.35.100 requires a municipality's governing body to establish the manner for the preparation and submission of the budget and capital program;
- WHEREAS, KPB 05.04.020 requires that the Mayor present a budget proposal to the Assembly for the next fiscal year during or prior to the eighth week preceding the first day of the fiscal year; and
- whereas, the Assembly is empowered with making appropriations for the General Fund, the Special Revenue Funds, the Debt Service Funds, the Capital Projects Funds, the Enterprise Funds, the Internal Service Funds of the Kenai Peninsula Borough, setting fee schedule and the Salary Range Schedule for Appendix A Personnel;

NOW, THEREFORE, BE IT ORDAINED BY THE ASSEMBLY OF THE KENAI PENINSULA BOROUGH:

SECTION 1. That \$101,305,556 is appropriated in the General Fund for the fiscal year beginning July 1, 2024 and ending June 30, 2025 as follows:

General Government Operations	\$22,735,056
Transfer to School District for Operations and In-kind Services	56,228,307
Transfer to School Debt Service	4,946,951
Transfer to Special Revenue Funds:	
Solid Waste	11,719,442
Post-Secondary Education	975,800
911 Communications Fund	150,000
Eastern Peninsula Highway Emergency Service Area	350,000
Transfer to Capital Projects Funds:	
School Revenue	4,000,000
General Government	200,000

SECTION 2. The following is appropriated to the School Fund from local sources for operations purposes and in-kind services:

A. Local Effort	\$40,914,211
Maintenance	9,613,555
C. School District Utilities	81,600
D. School District Insurance	5,325,586
E. School District Audit	146,770
F. Custodial Services	146,585
Total Local Contribution per AS 14.17.410	\$56,228,307

- SECTION 3. Disbursements from Section 2 item (A) shall be made monthly, and only as needed to supplement other revenues available and received by the school district to fund the operations portion of the school district budget. Any available balance remaining at the end of the fiscal year shall then be disbursed to the school district, provided that the total amount disbursed shall not exceed the amount allowed under AS 14.17.410 as determined after actual enrollment numbers are known.
- **SECTION 4.** That the appropriations for the Special Revenue Funds for the fiscal year beginning July 1, 2024 and ending June 30, 2025 are as follows:

Nikiski Fire Service Area \$	\$7,019,327
Bear Creek Fire Service Area	1,097,294
Western Emergency Service Area	3,203,060
Central Emergency Service Area 1	14,369,594
Central Peninsula Emergency Medical Service Area	10,227
Kachemak Emergency Service Area	2,284,024
Eastern Peninsula Highway Emergency Area	366,923
Seward Bear Creek Flood Service Area	673,961
911 Communications	4,255,417
Kenai Peninsula Borough Road Service Area	9,930,309
Engineer's Estimate Fund	22,550
North Peninsula Recreation Service Area	3,095,767
Seldovia Recreational Service Area	127,002
Post-Secondary Education	975,800
Land Trust	2,215,278
Nikiski Senior Service Area	500,000
Solid Waste 1	12,930,652
Central Kenai Peninsula Hospital Service Area	5,758,567
South Kenai Peninsula Hospital Service Area (Prior Debt Fund 601)	1,495,169
South Kenai Peninsula Hospital Service Area (Operations Fund 602)	2,824,172

- **SECTION 5.** That \$4,946,951 is appropriated in the School Debt Service Fund for the fiscal year beginning July 1, 2024 and ending June 30, 2025.
- **SECTION 6.** That \$1,629,438 is appropriated in the Central Emergency Services Debt Service Fund for the fiscal year beginning July 1, 2024 and ending June 30, 2025.

- **SECTION 7.** That \$86,504 is appropriated in the Bear Creek Fire Service Area Debt Service Fund for the fiscal year beginning July 1, 2024 and ending June 30, 2025.
- **SECTION 8.** That \$5,017,038 is appropriated in the Central Kenai Peninsula Hospital Service Area Debt Service Fund for the fiscal year beginning July 1, 2024 and ending June 30, 2025.
- **SECTION 9.** That \$1,495,169 is appropriated in the South Kenai Peninsula Hospital Service Area Debt Service Fund for the fiscal year beginning July 1, 2024 and ending June 30, 2025.
- **SECTION 10.** That appropriations for the Capital Projects Funds for the fiscal year beginning July 1, 2024 and ending June 30, 2025 are as follows:

School Revenue General Government	\$3,857,140 \$693,925
911 Communications	61,220
Solid Waste	2,275,000
Service Areas:	
Nikiski Fire	225,000
Western Emergency Services	60,000
Central Emergency Services	1,100,000
North Peninsula Recreation	762,000
Road Service Area	2,275,000
South Kenai Peninsula Hospital	2,458,393

SECTION 11. That appropriations for the Internal Service Funds for the fiscal year beginning July 1, 2024 and ending June 30, 2025 are as follows:

Insurance and Litigation	\$8,128,161
Health Insurance Reserve	9,802,000
Equipment Replacement	850,000

- **SECTION 12.** That the FY2025 budget of the Kenai Peninsula Borough, as submitted to the Assembly on May 7, 2024, is incorporated as a part of this ordinance to establish the appropriations assigned to the various departments and accounts and the positions authorized therein.
- **SECTION 13.** That funds reserved for outstanding encumbrances as of June 30, 2024 are reappropriated for the fiscal year beginning July 1, 2024 and ending June 30, 2025.
- **SECTION 14.** That the Salary Range Schedule for Appendix A Personnel presented in the budget document is approved.

SECTION 15. That the fee schedule presented in the budget document is approved.

SECTION 16. Notwithstanding KPB 5.22.040, which provides that grant funds for senior citizen centers and adult day care centers will be distributed proportionately to the number of persons served be each existing center in relation to the total number being served by all centers that have applied for funding, the grant funds distributed pursuant to KPB Chapter 5.22 will be distributed as set out in this ordinance for FY25.

SECTION 17. That this ordinance takes effect at 12:01 a.m. on July 1, 2024.

ENACTED BY THE ASSEMBLY OF THE KENAI PENINSULA BOROUGH THIS 4TH DAY OF JUNE, 2024.

ATTEST:	Brent Johnson, Assembly President
Michele Turner CMC, Borough Clerk	

GOVERNMENT FINANCE OFFICERS ASSOCIATION

Distinguished Budget Presentation Award

PRESENTED TO

Kenai Peninsula Borough Alaska

For the Fiscal Year Beginning

July 01, 2023

Executive Director

Christopher P. Morrill

DISTINGUISHED BUDGET PRESENTATION AWARD

The Government Finance Officers Association of the United States and Canada (GFOA) presented a Distinguished Budget Presentation Award to the Kenai Peninsula Borough, Alaska, for its annual budget for the fiscal year beginning July 1, 2023.

In order to receive this award, a governmental unit must publish a budget document that meets program criteria as a policy document, as a financial plan, as an operations guide, and as a communications device.

This award is valid for a period of one year only. We believe our current budget continues to conform to program requirements, and we are submitting it to GFOA to determine its eligibility for another award.

Major Revenue Sources

OVERVIEW

Revenue projections are based on 3 methods of determination. Those methods are 1) advice/information received from an expert or department head; 2) analysis of trends and economic forecasts; 3) estimates from the State of Alaska and the various Federal Government Agencies.

PROPERTY TAXES

Real, Personal and Oil Property Taxes: The Borough's authorization to levy a property tax is provided under Alaska State Statutes 29.45. Under this section, the State requires the assessor to assess property at full and true value as of January 1 each year. The full and true value is the estimated price that the property would bring in an open market between a willing seller and a willing buyer. The total estimated taxable assessed value for the Borough for FY2025 is \$10,596,565,000.

The rate of levy is to be fixed by resolution, determined annually before June 15, per AS 29.45.240.

The State of Alaska also requires a number of property exemptions that municipalities must exempt when taxing property (AS 29.45.030). Two of the most significant exemptions in terms of dollars are the Senior Citizen and ANSCA native exemptions. In FY2025 (not including governmental property that has been exempted), these exemptions represent approximately \$7.3 million in property tax not collected in the General Fund, Borough-wide the estimated amount is \$14 million. In addition, the Borough has granted optional exemptions. In FY2025, these optional exemptions represent approximately \$5.9 million in property tax not collected for the General Fund; Borough-wide the estimated amount is \$11.6 million. See page 52 for the estimated exemption amount for the Borough's General Fund.

Penalty and Interest on Taxes Receivable: A.S. Title 29.45.250 and Kenai Peninsula Borough Code of Ordinances 05.12.080 outline the deadlines for payment and the rates of penalty and interest for late or nonpayment of taxes. Each service area of the Borough earns the interest on delinquent payments due its service area; however, the General Fund retains all penalties to offset costs involved with collections.

Motor Vehicle Tax: A.S. Title 28.10.431 and Kenai Peninsula Borough Code of Ordinances 05.12.245 authorizes the State of Alaska to collect personal property tax on registered motor vehicles based on a schedule outlined within A.S. 28.10.431, or an amount imposed by the municipality through passage of an ordinance. The tax is collected at the time of vehicle registration by the Department of Public Safety Motor Vehicle Division and remitted to the Borough monthly, less an administrative fee of 8%.

SALES TAX

A.S. Title 29.45.650 - 29.45.710 and Kenai Peninsula Borough Code of Ordinances 05.18.100 - 05.18.900 and 5.19 authorize the Borough and each of the five cities within the Borough to levy and collect sales tax on all retail sales, rents, and services made or rendered within the Borough based on the gross sales of the seller. The current Borough rate is 3% and is collected on sales, rentals, and services made or rendered within the Borough, subject to the exemptions that have been provided by code. The sales tax shall be applied only to the first \$500 of each separate sale. During the October 7, 2008 municipal election, voters passed an initiative which exempts all sales of non-prepared food items from the Borough Sales Tax from September 1 to May 31 of each year. This initiative took effect January 1, 2009.

The Borough also collects sales tax on behalf of the cities within the Borough, which have various rates from 2% - 6.5%, and remits the tax that has been collected to them monthly.

Interest and penalty are assessed on delinquent sales taxes. The interest rate is set at 10% per annum, and penalty is assessed at 5% of the taxes due per month, up to a maximum of 10%.

FEDERAL REVENUES

Payment in Lieu of Taxes: A pro rata payment for federally-owned entitlement land is authorized by Chapter 69, 31 USC, Section 6902, based on the number of acres of federal lands within the Borough and the Borough population. However, the payment may not exceed a statutory limit. Funds received may be used for any governmental purpose. The estimated amount for FY2025 is \$3,100,000.

Civil Defense: A.S. Title 26.20.030 authorizes reciprocal aid agreements between the State of Alaska and other governments. In cooperation with the Federal Government, the State and the Borough have established procedures to provide protection should a disaster occur. Reimbursement up to \$140,000 for operations is received from the Federal Government through the Alaska Department of Military and Veterans Affairs.

National Forest Receipts (Rural Secure Schools): In accordance with 43-CFR 1881.1-2, funds flow from the Federal Government through the State of Alaska to municipalities for in-lieu-of-taxes on national forest lands. Payments are allocated on the basis of a formula. Funds of \$500,000 have been included in the FY2025 budget anticipating funding from the program by Congress.

STATE REVENUES

School Debt Reimbursement: A.S. Title 14.11.100, State Aid for Retirement of School Construction Debt, outlines the procedure by which the Alaska Department of Education will reimburse the Borough for expenditures on school debt. For Borough bonds issued after April 30, 1993, the reimbursement rate is 70%. For FY2025 the Borough's entitlement for debt reimbursement is projected to be the entire 70% reimbursement of \$1,795,641 based on the State's Preliminary FY2024 budget; compared to FY2023 debt reimbursement of \$2,442,114 and estimated FY2024 debt reimbursement of \$1,796,919.

Community Assistance Program (CAP) formerly called Community Revenue Sharing: During FY17 the State of Alaska legislature passed SB 210 which changed the Community Revenue Sharing Program to the Community Assistance Program. The FY2025 budget includes CAP funding in the amount of \$850,000.

Fisheries Taxes: A.S. Title 43.75.015 refunds to local governments a portion of the taxes levied on the fishing industry. Fishery businesses are those which take, purchase, or otherwise acquire a fishery resource. This revenue sharing is based on 50% of the amount of taxes collected in the Kenai Peninsula Borough outside cities and 25% of the taxes collected within the cities of the Borough; the Borough's projected share for FY2025 is \$500,000.

Electric and Telephone Cooperative: A.S. Title 10.25.570 refunds to the Borough the gross revenue taxes collected from the electric and telephone cooperatives of the Borough for activities outside cities of the Borough, less an administrative fee for collection.

OTHER REVENUES

Other revenues include service charges and fees for foreclosure, recording fees, election judge services, data processing charges, plat filing fees, fire service training seminars, ambulance service fees, recreation program admissions, and land sales and leases. In the internal service funds, other revenue includes amounts received from other funds for insurance premiums and repayment for equipment purchases.

E911 service charges are authorized by the Alaska legislature as a surcharge on local telephone exchange lines for operation of the enhanced 911 system.

<u>Solid waste disposal fees</u> are those fees collected at each of the Borough landfill sites for certain commercial and business waste.

<u>Miscellaneous</u> revenues are those that may be nonrecurring receipts for cash received, and are generally insignificant amounts.

Interest is primarily interest on investments and land sales. Kenai Peninsula Borough Code of Ordinances 5.10.010 - 5.10.120 established the investment policies of the Borough; and through the use of pooled funds, the interest earned from those investments is allocated on an equity basis to special revenue funds, special revenue capital projects funds, enterprise funds, and internal service funds.

OTHER FINANCING SOURCES

<u>Sale of Fixed Assets</u>: This revenue is derived from the sale of fixed assets by sealed bid or at public auction.

<u>Transfers from Other Funds</u>: This source of funding includes interfund transfers for services provided by one fund to another fund and transfers from special revenue operating funds to capital projects and debt service funds. Major transfers from the General Fund include those made for school operations, debt service, solid waste operations, and capital improvements.

Interdepartmental charges represent the cost of services provided by a department or division to another department or division. The Borough's policy is to budget 100% of staff time within each oversight department and then charge/allocate the cost of work done to the respective department receiving the service. Included in the interdepartmental charges are charges to other funds that are project length or grant funded and are not included in this budget document.

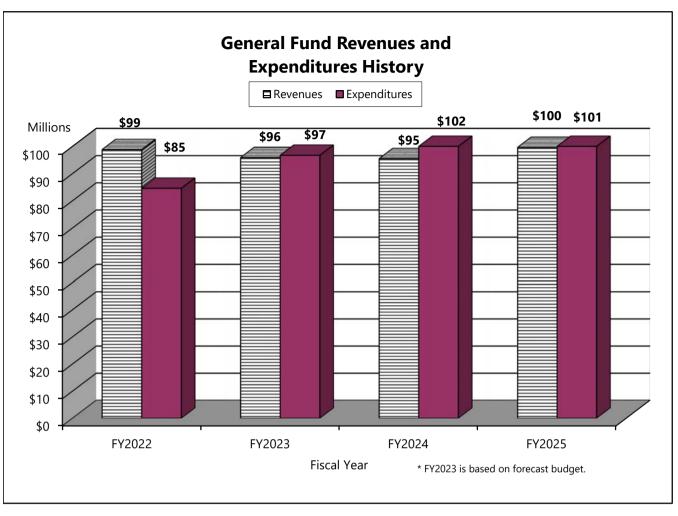

General Fund

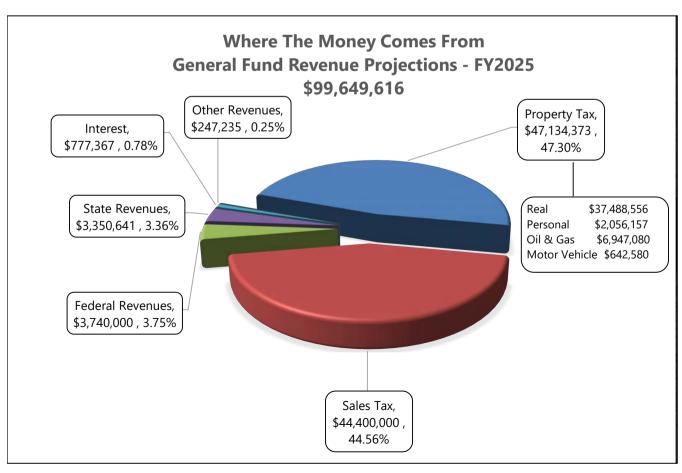

The General Fund is the general operating fund of the Borough. It is used to account for all financial resources except those that must be accounted for in another fund. The General Fund accounts for the normal activities such as general government, assessing, finance, legal, planning, along with funding for schools, solid waste, etc. These activities are funded primarily by property taxes, sales taxes and intergovernmental revenues.

Assembly - Administration

Mission

The Mission of the Kenai Peninsula Borough Assembly and Staff is to provide the community quality public service in partnership with its citizens, schools, other government agencies and business community by providing a full range of municipal services, and to formulate policies and ordinances to guide the orderly development and administration of the Borough.

Major Long-Term Issues and Concerns:

- Provide sufficient levels of funding for Borough departments to ensure their continued ability to meet the needs of Borough residents.
- Provide local educational funding borough residents can reasonably afford and sustain.
- Provide a high-quality capital and operational maintenance program ensuring the continued use and economic value of Borough assets.
- Providing a solution for the underfunded Alaska Public Employees' Retirement System (PERS) / Alaska Teachers' Retirement System (TRS).

FY2024 Accomplishments:

- Amended KPB 21.25 Conditional Land Use Permits through the unanimous adoption of Ordinance 2022-36 Substitute.
- Established the Voter Turnout Working Group pursuant to Resolution 2023-053.
- Approved 16 amendments to various sections of borough code per requests from assembly and administration in CY2023, including but not limited to:
 - o the borough Flood Plain Management Plan
 - Service Area Board Loans from the General Fund
 - Modified the boundaries of the Nikiski Advisory Planning Commission
 - o Updated the election code to improve processes
 - Updated assembly attendance, excused absences and remote participation
 - Updated assembly district boundaries in accordance with census redistricting
- Approved the borough's state capital project priorities for possible funding with the state legislature.
- Accepted and appropriated federal grant funding to update the Hazard Mitigation Plan
- Accepted year one and year two opioid settlement funds.
- Conducted an Assembly meeting in Homer for the first time since COVID.
- Annual meetings in Seward and Homer are scheduled

Performance Measures:

Priority:

Provide a link between citizens, local governing bodies, borough administration and agencies of government at all levels

Goal: Objective: Promote transparency, accountability, and the democratic decision-making processes within local government.

Adhere to constitutional government and laws of the borough and state; impart standards of quality and integrity that merit public confidence, and maintain professional ethical standards. Maintain familiarity with current Mason's Manuel of Legislative Procedures to be used in parliamentarian assistance to the Assembly. Provide a conduit between the Assembly and the Legal Department and otherwise assist the Assembly in writing ordinances and resolutions. When asked, provide the Assembly with information to assist them in responding to questions from the public. Record and maintain accurate records of Assembly meetings and actions, serve as a conduit between the Administration and the Assembly.

Assembly - Clerk

Mission

To professionally conduct the Office of the Borough Clerk in a manner that ensures an effective link between the community and government through quality administrative support and the dissemination of information.

Program Description

The Borough Clerk's office is comprised of the Borough Clerk ("Clerk"), the Deputy Borough Clerk, Borough Clerk Assistant and Borough Clerk Administrative Assistant. The Clerk serves as the Clerk of the Assembly. The Clerk serves as the parliamentarian to the Borough Assembly members and advises other borough boards on parliamentary procedures. The Clerk provides public access to records, administration to the Assembly, and the administration of the policy-making process. The Clerk directs the Borough's records management program. The Clerk codifies the Code. The Clerk preserves the legislative history of the Borough. The Clerk serves as the custodian of the Municipal Seal and official Borough documents. The Clerk serves as a conduit between the Assembly, administration, and the public. The Clerk coordinates Assembly meetings and work sessions, produces meeting packets, and provides records of the proceedings. The Clerk administers all Borough Elections. The Clerk also certifies petitions and verifies signatures for initiatives, referendum, and recall elections.

Major Long-Term Issues and Concerns:

 Consistently seeking new procedures and technology to realize efficiencies within the work product and a transparent public process. Ensure the very best in customer service.

FY2024 Accomplishments:

- Staffed regular and special Assembly meetings, committees, working groups, and work sessions
- Processed 309 Real Property Tax Assessment Appeal Applications
- Staffed 26 Board of Equalization Hearings
- Processed 76 Liquor Licenses (new/renewal/transfers)
- Processed 75 Marijuana Licenses (new/renewal/transfers)
- Administered 43 appointments to the Planning Commission, Advisory Planning Commission, Resilience and Security Advisory Board, working groups and service area boards
- Administered website updates to service area boards and working groups meeting information and documents

FY2025 New Initiatives:

- Review of notification requirements to ensure effectiveness, efficiency and fiscal responsibility.
- Staff education and professional development.

Performance Measures:

Staffing	FY2022	FY2023	FY2024	FY2025
	Actual	Actual	Actual	Proposed
Staffing History	3.67	4	4	4

Performance Measures:

Priority: Maintain efficient, transparent and accurate records of borough assembly meetings and processes.

Goal: Facilitate effective communication between assembly members, borough officials, and the public, as well as provide

administrative support to ensure the efficient operation of the assembly.

Objective: Maintain and provide public access to assembly legislation and meeting information, along with other board and

committee meetings conducted in the borough.

Assembly - Elections

Mission

To establish and increase public confidence in the electoral process by conducting voter registration and elections with the highest level of professional election standards, integrity, security, accuracy, and fairness.

Program Description

The Borough Clerk is responsible for programming and processing municipal elections including elections of the cities of Homer, Kenai, Seldovia, Seward, and Soldotna; and assisting the State of Alaska with Primary and General Elections.

Major Long-Term Issues and Concerns:

- Federal laws that affect State and local elections require constant monitoring.
- Recruiting competent election workers for the October municipal elections.
- Monitor and review Alaska Statutes on election laws making changes to the Borough's process as needed.
- Conduct efficient and litigation-free elections.

FY2024 Accomplishments:

Administered the regular Borough election without challenge.

- Programmed ballots for the Borough and Cities of Homer, Kenai, Seldovia, Soldotna, and Seward.
- Maintained up-to-date website to accurately reflect candidate and election information.
- Coordinated with cities within the Borough to produce a comprehensive voter pamphlet for the October regular municipal election.
- Pursuant to the executed Memorandums of Agreement, assisted the cities of Homer, Seldovia, and Kachemak with the administration of elections (i.e., ballot programming, inclusion in voter pamphlet, and recruitment).
- Review of the informational brochure (voter pamphlet) content and future distribution process.
- Provided for accessible voting experiences for all eligible voters.
- Worked with the Planning Department, GIS Division, and Legal Department to draw new district lines.
- Upgraded election software and equipment.
- Updated the candidacy and write-in process as defined in borough election code.

FY2025 New Initiatives:

Administer Borough elections without challenge.

Performance Measures:

Priority: Ensure the integrity and fairness of the local electoral process.

Goal: Strive to provide accessible and transparent voting procedures for all borough voters to exercise their right to

participate in their local election.

Objective: Provide and certify election results in a concise and timely manner without challenge.

Assembly – Records Management

Mission

To develop, implement, and manage a borough-wide, comprehensive, integrated, systematic Records and Information Management (RIM) Program designed to comply with federal, state and local requirements.

Program Description

Records Management is a division of the Borough Clerk's Office. The Borough Clerk is responsible for the borough-wide records management program. This program is administered by the Records Manager and has two record technicians.

The records management program serves to safeguard the Borough's official records and informational assets (on various media types) by guiding the management, access, retention, storage, protection, and disposition of those assets. We also provide consultative and operational assistance to all divisions and departments, as well as the school district, concerning records management, retention, disposition, and secure information management practices.

Major Long-Term Issues and Concerns:

- Ongoing training to adhere/administer Generally Accepted Recordkeeping Principals (GARP).
- Continue to assist with implementation of a borough-wide paperless initiative and assist departments to digitize records.
- Audit and inventory vital/essential records of the borough.
- Develop a records Disaster Recovery Plan.

 Assist school district with implementation of a records management program.

FY2024 Accomplishments:

- 112 boxes were transferred to microfilm and/or electronic images.
- 70 microfilm reels were created.
- 107 borough boxes were shredded for the annual destruction of obsolete physical records.
- Updates to the Borough's retention schedule to mirror current business practices, while adhering to borough, state and federal laws.
- Assisted department record custodians with the new records management software.
- In collaboration with the Legal Department, administered a consistent and thorough public records request process.
- Processed 324 public records requests.

FY2025 New Initiatives:

- Continue efforts to maintain a current and updated retention schedule.
- Continue efforts with the school district in the growth and development of their retention schedule.
- Implementation of the new records software for school district records.
- Continue annual records management software training sessions with department record custodians.
- Develop processes and expand the new records management software to incorporate electronic records.

Line-Item Explanations

40110 Regular Wages. Staff includes: Records Manager and 2 Records Technicians. **Added:** 2/3 time Records Manager (Ordinance 2022-19-33).

42120 Computer Software. Purchase 10 user licenses for records management software program Content Manager.

42210 Operating Supplies. For the purchase of microfilm, bankers boxes, preservation books, general office supplies, and miscellaneous.

43011 Contractual Services. Processing of microfilm (\$20,000), shredding records scheduled for destruction (\$5,000), and Fire Suppression System annual inspection (\$900).

43019 Software Licensing. Records Management Software, Content Manager (\$19,065), Public Records Request Software, GovQA (\$5,725) security camera annual license (\$500), and Archive Social (\$3,500).

43210 Transportation/Subsistence. Travel costs and per diem for Records Manager to attend NAGARA annual conference, ARMA Infocon Conference and off-site training for records software.

43220 Car Allowance. Records Manager car allowance.

43500 Insurance Premiums. Property premium for Records Center.

43720 Equipment Maintenance. High speed scanners (\$2,750), Microfilm reader (\$2,600), and fire suppression system annual maintenance (\$3,600).

43812 Equipment Replacement Payments. Records software, high speed scanners, Records Van, and copier. See schedule below.

48710 Minor Office Equipment. One desktop computer - regular replacement schedule.

Mayor

Mission:

The mission of the Office of the Mayor is to effectively and efficiently administer ongoing operations and functions of the Borough, advocate for the best interest of the citizens, facilitate economic growth, and provide community direction and leadership. As the Administrative Officer, the Mayor's powers and duties include, but are not limited to: (1) appointment of administrative officials; (2) supervision of the enforcement of municipal law and directives of the Borough Assembly; (3) preparation, submission, and execution of an annual budget; (4) provide direct oversite for all personnel, finances, and operations throughout the Borough.

Major Long-Term Issues and Concerns:

- Finding practical solutions for the lack of affordable housing on the Kenai.
- Recruitment of quality KPB employees that meet high expectations in service to the public.
- Assist KPB partners in growing a sustainable Kenai Peninsula Borough economy.
- Deliver the best possible services for the residents of the KPB at the lowest possible cost.
- Improve services by taking input from the public and living up to our motto "We Work for You."
- Maintain the KPB as a safe, functional, and efficient workplace while observing a philosophy of excellence.
- Work proactively with state and federal agency partners to effectively meet the challenges facing the KPB.
- Deliver out-of-the-box improvements to Solid Waste facilities to lower costs and create efficiencies.
- Continue to involve citizens both formally and informally to achieve a citizen-run borough government.

FY2024 Accomplishments:

- Delivered a genuine conservative budget philosophy, achieved a balanced boroughwide budget while reducing the mill rate.
- Updated harassment and anti-bullying policies to ensure the safety of KPB employees and protect the borough, and thus the tax payer, from legal and settlement costs.
- Made elections more safe, secure, and transparent by enacting an ordinance that gives greater information to the public about canvass board meetings, requiring handcounting ballots as a check on machine balloting, created a clear process for write-in candidates, and added additional viewing areas for citizen election observers.
- Established reuse areas at solid waste sites to reduce the cost of storing reusable materials in perpetuity.
- Through a comprehensive survey, we have targeted and improved specific services offered by the borough to residents, such as road service and communications.

- Created a new mission, vision, and values, shifting from an internal focus to an external focus on how best to serve our 60,000 residents. This was accompanied by creation and rollout of new branding including a new logo and style guide creating better brand identity for the borough and consistent communications.
- Created a Mayor's Working Group empowering citizens to work with the administration on issues that affect all regions of the borough, including housing, transportation, and workforce development.
- Facilitated a Crisis Now Group working to get citizens the emergency help they need while reducing costs to emergency services and our hospitals.
- Promoted tourism and defined the borough's role in aiding tourism support organizations to increase economic benefits to the communities of the borough.
- Successfully awarded three Congressionally Directed Spending Requests supporting Bear Creek Flood Service mitigation, South Peninsula Hospital renovation, and the installation of Central Peninsula Landfill gas collection system.
- Responding to grassroots efforts brought to us by our citizens, the administration brought together state officials to significantly reduce brine placement on state highways.

FY2025 New Initiatives:

- Complete the fight to secure the Kenai Peninsula Borough's remaining 53,000 acres from the State of Alaska to satisfy the remainder of our municipal land entitlement.
- Continuing to maintain a balanced budget and controlling growth in a fiscally responsible manner to ensure the borough remains an affordable place to live now and in the future
- Establish a comprehensive Land Plan to safeguard irreplaceable multi-generational land resources. This begins with creating an inventory of existing fee lands and determining appropriate future use, including getting land into the ownership of KPB residents.
- Implement a comprehensive tourism and marketing program that increases visitors to the borough, generates revenue for local businesses, and offsets tax costs for local residents.
- Revamping of the borough's webpage; creating a convenient and navigable tool for vital information for the public and improving the borough's ability to communicate with those we serve.
- Evaluating the potential to combine certain service areas to consolidate/reduce expenses and better serve our residents.

Purchasing & Contracting

Mission

The mission of the Purchasing and Contracting Department is to provide procurement support and service to the various entities of the borough whose objectives are to obtain materials, equipment and contracted services in a timely, cost-effective manner, at the best value to the borough and to provide value-added project management services to departments and service areas of the borough.

Program Description

The objectives of the Purchasing and Contracting Department are to ensure appropriations are used wisely and in the best interest of the borough, while preserving the integrity and fairness of the competitive process; to provide guidance to all departments and service areas as it pertains to purchasing policies and procedures; to dispose of surplus tangible property of the borough, school district and service areas; and to provide project management services for major and minor projects for schools, roads, borough hospitals, solid waste, and various service area projects, which includes concept development, cost estimation, strategic planning and design development.

Major Long-Term Issues and Concerns:

- Inflation and escalation.
- Improving inventory and supply chain management and purchasing support to departments and service areas.
- Identifying efficiencies to improve the borough's internal business processes.
- Continuing to work on modernizing the procurement process, updating procurement documentation, contracts and code.
- Reduction in state capital grants.
- Limited funding for major maintenance and capital improvement needs.
- Alignment of project funds with project management time on the projects.
- Minimal Master Planning boroughwide.

FY2024 Accomplishments:

- Maintained advancing efforts on borough procurement and capital improvements with minimal staffing increases and elevated workloads.
- Advanced the CES Station #1 Relocation Bond project to the construction phase starting in 2024.

- Worked closely with the KPBSD to find solutions to the many challenges facing the 2023 School Bond Projects.
- Completed the roof replacement of Homer High School.
- Supported the borough in the acquisition of approximately \$75.7 million worth of goods and services.
- Adopted the Maintenance Departments Asset Essentials software for use by the warehouse purchasing process.
- Implemented the use of electronic signature long form contract process.
- Developed and implemented a public information notification platform and process for Road Service Area capital improvement projects.
- Established the Borough's state capital requests for submission early enough to allow for consideration and discussion with state departments and agencies.

FY2025 New Initiatives:

- Complete the development of an area wide 5-year capital plan and process.
- Review and update antiquated portions of the borough purchasing code.
- Continued a process to align project management practices with the methodologies recommended by Project Management Institute and instructed by Project Management Professional (PMP) training program.
- Support leadership training and development for project managers.
- In coordination with the Borough web page redesign project, develop a public advertising/information page for Borough purchasing and contracting opportunities; also develop and capital projects information page that identifies project status, completed results, and any special information or notifications that may be appropriate.
- Overhaul the Purchasing SharePoint page to more clearly outline purchasing policy and practices.
- Assist in the development of central facilities management for Borough facilities areawide.
- Begin the construction phases of the first round of school bond projects. Continue to seek cost saving measures and grant funding to deal with the impacts of escalation on the bond projects.
- Source and implement the use of project management software in the projects division.

Office of Emergency Management

Mission

The Office of Emergency Management has the primary day-today area-wide responsibility for natural and human-caused disaster management, community preparedness and mitigation planning programs and activities.

Program Description

The objectives for OEM include disaster preparedness, mitigation efforts, response coordination and recovery effort coordination, including at the citizen preparedness and responder level.

Major programs within the office include KPB Alerts (public notification system), public information coordination, incident management team development, volunteer cadre development, planning, training and exercises.

Major Long-Term Issues and Concerns:

- Disaster response framework begins at the local level, expanding incident management functions as resources are needed. Responses with other municipalities must include resource coordination that is proficiently ordered, tracked and documented per FEMA regulations for reimbursement in the event of a state or federal disaster declaration approvals. In the event of a catastrophic areawide response, the borough and municipal partners must regularly exercise together to address resource gaps and to build proficient knowledge of state and federal reimbursement requirements.
- National prevention outreach programs do not identify or support local initiatives, often causing informational confusion or hesitancy for the public to effectively practice or adopt.
- The need to manage and maintain all communication assets for OEM, 911 and all emergency services areas is critical to ensure unified interoperability and redundancy.

FY2024 Accomplishments:

- Completed wildfire risk assessments for Cooper Landing and Funny River in partnership with fire departments and the WiRé Group (Wildfire Research).
- Tested evacuation protocols in collaboration with local, state and federal partners in preparedness for wildfire season.
- Completed the mass notification system replacement project to include 16 sirens located in Anchor Point, Homer, Lowell Point, Nanwalek, Port Graham, Seldovia, and Seward.
- Added the tsunami awareness campaign to the boroughwide Ready, Set, Go! (RSG!) Program outreach materials for preparedness and evacuation key messaging.
- Finalized public assistance funding and authorization to complete Dieckgraeff Road drainage improvement; a hazard mitigation project to improve access to the Seward solid waste facility.
- Provided guidance for 14 projects completed through the Health Equity grant to support areawide prevention or response measures.
- Secured multiple grants to supplement training, exercise, planning, and capital project costs including: hazard mitigation plan update, electronic signage, siren system, and security gate projects.
- Managed incident responses: Spring and Fall 2023 Areawide Flooding.

FY2025 New Initiatives:

- Coordinate with response agencies to create statewide, unified messaging specific to evacuation protocols.
- Conduct Incident Command System trainings that supports all cooperating agencies' understanding of roles and responsibilities pre and post disaster response.
- Work with municipalities to execute a public awareness campaign specific to the mass notification system capabilities during areawide activation or local, isolated level dependent upon the emergency response.

Performance Measures:

Department 11250 - Emergency Management - Administration - Continued

Line-Item Explanations

40110 Regular Wages. Staff includes: Emergency Management Senior Manager, 2 Program Managers, and 1 Administrative Assistant.

42210 Operating Supplies. Decrease due to one-time purchases in FY24. Includes replacement of shelter supplies at designated areas throughout the Borough (\$1,000).

42230 Fuels, Oils, and Lubricants. Decrease based upon prior averages.

42310 Repair/Maintenance Supplies. Decrease due to siren replacements which need less maintenance.

42410 Small Tools & Minor Equipment. Decrease 20% one-time purchases in FY24.

43011 Contractual Services. Siren system maintenance (\$60,000), flood warning stations (\$107,200), KPB alerts system (\$26,783), radio repeater flight charter (\$17,200), janitorial services (\$9,000), and volunteer background checks (\$800).

43019 Software Maintenance. Incident Management Software (\$3,850), security cameras (\$240), and Emergency Management Network (\$800).

43026 Software Licensing. Canva online design content membership (\$120) and Zoom video conferencing (\$2,600).

43210 Transportation and Subsistence. Attend in-state trainings and Incident Management Team position-specific training.

43260 Training. Decrease due to grant-funded training opportunities.

43310 Advertising. Decrease 55% due to grant-funded projects.

43780 Building/Grounds Maintenance. Decrease due to FY24 grant-funded security gate project. Funds were included in FY24 budget in case grant was not approved.

43810 Rents and Operating Leases. Rental payments for alternate EOC space at Bear Creek Fire Station.

43812 Equipment Replacement Payments. Payment on various vehicles and equipment: see schedule below.

43920 Dues and Subscriptions. Increase due to addition of Dropbox document sharing platform (\$560). Also includes International Association of Emergency Managers (\$200), vehicle registrations (\$40), Peninsula Fire Chiefs Association (\$70), and Alaska Emergency Management Association (\$50).

43999 Contingency. Contingency funds available for initial response to address a disaster or other emergency within the Kenai Peninsula Borough that poses an imminent threat to public health, safety, property or welfare within the Kenai Peninsula Borough.

48710 Minor Office Equipment. Decrease due to one-time purchases in FY24.

48750 Minor Medical Equipment. Decrease due to shelter supplies now budgeted under 42210.

Human Resources – Administration

Mission

The mission of the Office of Human Resources is to lead the successful development of employees and employment relationships through effective hiring, policy development, labor and employee relations, training and related support services.

Program Description

The Office of Human Resources provides employee relations, talent management, recruitment, hiring, retention, training and the administering of benefits for employees, ensures regulatory and statutory compliance, develops policies and procedures and administers labor relations for the Borough.

Major Long-Term Issues and Concerns:

- Provide meaningful training to the HR team to be able to provide a high level of support from a knowledgeable staff with limited means for training venues.
- Strategic recruitment with a budget that does not permit competitive wages in a restricted candidate pool.
- Increased costs for relocation incentives with a stagnant budget.
- Continued design and implementation of digital and electronic solutions for HR files and processes.

FY2024 Accomplishments:

- Added clarifying policies and updated existing policies, creating better processes for KPB operations.
- Improved knowledge of HR staff through additional training on recruiting, retention, and development.
- Supported 97 position status changes, including 63 external regular new hires.
- Identified platform for converting HR files and processes to a digital format.

FY2025 New Initiatives:

- Implement program for digital HR filing initiative, which will enable more efficient filing, as well as easier access to employee records.
- Utilizing an email campaign and narratives throughout the year, HR will provide guidance and support to KPB employees in an effort to improve mental health.
- Provide continuing leadership development for all Senior and Mid-Level Managers.
- Review and update borough policies and code to create better processes for borough operations.

Performance Measures:

Staffing	FY2022	FY2023	FY2024	FY2025
	Actual	Actual	Actual	Proposed
Staffing History	4	4.5	4.5	4.5

Priority: Human Resources

Goal: Voluntary, regrettable turnover under 10%

Objective: 1. Low turnover signifies a healthy employee environment.

- 2. Low turnover equates to less time and money training new employees.
- 3. Low regrettable turnover indicates positive employee morale and may result in higher productivity.

Turnover	FY2022	FY2023	FY2024	FY2025
	Actual	Actual	Projected	Estimated
Voluntary Turnover Ratio (Resignations)	8.2%	9.7%	11.3%	10.0%

Priority: Human Resources

Goal: Grievances not resolved by Step 3, under 1 per year

Objective: 1. Unresolved grievances may signify poor employer/employee relations.

2. High volume of filed grievances may signify management issues within a department.

Grievances	FY2022	FY2023	FY2024	FY2025
	Actual	Actual	Projected	Estimated
Grievances Unresolved by Step 3	0	0	0	0

Human Resources - Homer and Seward Annex

Mission

The mission of the annexes is to provide as near-to-full Borough service as possible to the Homer and Seward communities.

Program Description

The Borough Annex offices in Homer and Seward provide information to the public so that residents do not have to physically present themselves to the main offices in Soldotna.

Major Long-Term Issues and Concerns:

- · Cost of maintaining services.
- Inability to hire temporary employees for absences.

FY2024 Accomplishments:

- Continued supporting annexes in cross training for the multiple functions (maintenance, roads etc.) required to better serve the communities.
- Successfully supported annexes in their efforts to better serve the local community.

FY2025 New Initiatives:

 Find ways and initiatives to improve support of annexes for the multiple functions (maintenance, roads etc.) required to serve the communities.

Performance Measures:

Staffing	FY2022	FY2023	FY2024	FY2025
	Actual	Actual	Actual	Proposed
Staffing History	.75	.75	.75	.75

Priority: Homer and Seward Annexes

Goal: Provide Borough departmental service for the residents of those areas as effectively as possible.

Objective: 1. Train the personnel covering those annexes in those areas where they can perform the service.

- 2. If they are unable to perform the service, train the personnel on how to properly service the resident; i.e., obtaining information, referral to department personnel, etc.
- 3. Continue to educate the public on the services available.

Average Number of Residents Served per Month	FY2022 Actual*	FY2023 Actual*	FY2024 Projected	FY2025 Estimated
Homer	200	200	62.5	45
Seward	30	7.2	15	12

^{*}Exact number of residents served are not tracked and these numbers represent estimated averages

Department 11230 - Human Resources - Administration - Continued

Line-Item Explanations

40110 Regular Wages. Staff includes: 1 Director of Human Resources, 1 HR Specialist, 1 HR Generalist, 1 1/2 HR Assistant, 1/4 Administrative Assistant-Homer, and 1/2 Administrative Assistant-Seward.

42210 Operating Supplies. Decrease to reflect historical needs.

42310 Repair & Maintenance Supplies. Replacement batteries for battery backups at two stations.

43011 Contractual Services. Overall decrease attributed to reduction in leadership training services. Background/driving checks through Verified First (\$2,500), annual State of Alaska FICA administrative fee (\$1,432), document shredding (\$150), 1095 form filing (\$2,000), miscellaneous small contracts (\$100), Homer janitor services (\$330), and Leadership training (\$10,000).

43019 Software Maintenance. Annual fee for security camera software renewal (\$140), HR share of City Suite (\$10,658), and HR share of GEMS (\$3,700).

43026 Software Licensing. Increase due to new digitial initiative software license for NEOGOV E-Forms (13,180), and NEOGOV Single Sign On (\$2,735). Annual fee for on-line recruitment license, subscription, maintenance and tech support NEOGOV Insight (\$10,870), Onboarding software maintenance (\$9,600) and Zoom license (\$260).

43110 Communications. Overall decrease due to Seward Annex phone/internet included in rent cost.

43210 Transportation/Subsistence. Costs include travel for HR Director to attend quarterly Society of Human Resources meetings and department meetings, travel for HR Staff to attend State of Alaska SHRM conference, and travel for HR Staff to National SHRM, and National Benefits conferences.

43260 Training. Training associated with continuing education for PHR certifications and to enhance knowledge base and skills of the Human Resources team.

43270 Employee Development. The Collective Bargaining Agreement, effective for the period 7/1/24 through 6/30/25 set the fiscal year amount at \$10,000

43720 Equipment Maintenance. Reduce to reflect historical actuals.

43810 Rents and Operating Leases. Seward Annex location out of Bear Creek Fire Station.

43920 Dues and Subscriptions. SHRM membership three HR employees and IFEBP membership for HR Specialist.

48720 Minor Office Furniture. Replace two office chairs (\$500 ea).

Fund 100

Dept 11233

Human Resources – Print/Mail

Mission

To resiliently support all departments serving the Kenai Peninsula Borough and School District by providing quality production and mail distribution with timeliness, efficiency and accuracy.

Program Description

The print room function provides printing services of routine and special publications of the Borough, service areas and school district, which includes binding, laminating, collation and copying. The mail room function involves the metering, sorting and delivery of Borough, service area and school district mail, including the folding, stuffing, sealing and mailing of bulk mailings such as sales tax forms, tax billings, school district payroll and assessment notices.

Major Long-Term Issues and Concerns:

- Maintaining efficiencies and cost effectiveness in an often time-sensitive environment.
- Controlling maintenance costs and out-of-service delays.
- Print Shop staffing coverage and security.

FY2024 Accomplishments:

- Replaced out-of-date meter machine with more effective and efficient model, saving time and avoiding downtime regarding mailouts.
- Created desk manual for new/temporary Print Shop staff.
- Improve functionality of Print Shop, supply closet and offsite storage location(s) through organization and sale of items in auctions.

FY2025 New Initiatives:

- Reduce cost of mailings by working with other departments and the School District to determine ways to digitally deliver certain materials.
- Ensure current equipment is properly serviced to extend service life and improve efficiencies.
- Ensure cutting machines are regularly recalibrated and get regular maintenance.
- Ensure regular maintenance and inspections of the envelope stuffer to reduce down time.

Performance Measures:

Staffing	FY2022	FY2023	FY2024	FY2025
	Actual	Actual	Actual	Proposed
Staffing History	1.5	2.0	1.5	1.5

Priority: Print/Mail Room

Goal: Provide timely and accurate response to our departments, school district and service areas on all print and mail job

requests. To assist/serve the employees of the borough, service areas and school district in providing high quality

service to the residents.

Objective: 1. Meeting deadlines on mail and print requests which will allow our departments, school district and service areas to

better serve the residents.

2. Timely responses to requests are economically beneficial to the departments, school district and service areas.

Human Resources - Custodial Maintenance

Mission

The mission of the Custodial Division is to provide prompt and effective custodial services to the Main Borough building, the Risk Management and Human Resources annexes, the school district portables and the records center.

Program Description

This division provides janitorial services to the buildings located within the Binkley/Park Street complex.

Major Long-Term Issues and Concerns:

- Retaining existing staff.
- Snow removal with limited staffing.

FY2024 Accomplishments:

- Successfully met building needs.
- Improved safety on pathways and entryways for employees by increasing focus on maintaining those areas based on weather and other factors.

FY2025 New Initiatives:

- Improve work assignment efficiency to ensure maximum return on investment of custodial efforts.
- Conduct a building equipment audit to determine needs related to efficient and effective building maintenance.
- Ensure staff knowledge on custodial equipment and procedures for quality facility maintenance.
- Audit current custodial practices to ensure a safe and healthy work environment and staff.

Performance Measures:

Staffing	FY2022	FY2023	FY2024	FY2025
	Actual	Actual	Actual	Proposed
Staffing History*	1.25	1.25	1.25	1.25

^{*}Custodial staffing total 2.5 employees; 50% is paid by Borough and 50% is paid by School District

Priority: Custodial Maintenance

Goal: In addition to regular custodial activities, timely response to all non-routine custodial requests.

Objective: 1. Timely response to requests may lower the risk of injury to employees and the public.

2. Timely response may lower our overall maintenance costs.

Percentage of Timely Response*	FY2022	FY2023	FY2024	FY2025	
	Actual	Actual	Projected	Estimated	
Custodial	100%	100%	100%	100%	

^{*}Percentages gauged by number of complaints received by Human Resources

Information Technology

Mission

Provide effective, courteous, and responsive end user support for the Kenai Peninsula Borough's computing systems. Implement and maintain a reliable, robust network, which serves as the delivery mechanism for computing services. Provide direction, consultation, and guidance regarding future planning as it relates to the Kenai Peninsula Borough's computing and information management needs.

Program Description

The IT Department implements and supports all computing and networking, and the majority of telephony infrastructure for the Kenai Peninsula Borough. Additionally, the IT Department provides support for mission critical business applications, and provides application and integration development for all KPB business units.

Major Long-Term Issues and Concerns:

- Changing technology and required cost to maintain systems.
- Ongoing training required by constantly changing IT landscape.
- Managing increasing Information Technology scope without staffing increases.
- Bringing electronic document management, classification and retention up to the standards applied to permanent records such as microfilm/microfiche and paper.
- Increased cost due to vendor-mandated migration to cloud platforms.
- Increasing cost and complexity of cybersecurity infrastructure.

FY2024 Accomplishments:

- Completed a major overhaul to the KPB Website, including visual design, information architecture and technology infrastructure. These changes are intended to make it far easier for the public to find important resources related to KPB services.
- Utilized grant funding to overhaul our edge network as well as all at-risk network infrastructure. This allowed us to implement another layer of security.
- Increased our cybersecurity posture by utilizing our outsourced SOC (Security Operations Center) to perform investigations, implement recommendations, and improvement in risk metrics.

FY2025 New Initiatives:

- Perform WAN (Wide Area Network) and Internet Bandwidth upgrades across the Borough, in an effort to improve productivity and efficiency at remote KPB locations.
- Establish multiple KPB-owned wireless links to Kenai and Nikiski KPB sites, while establishing infrastructure that commercial ISP's (Internet Service Providers) can use to improve internet services to those communities. This grant funded project was deferred in FY2024.
- Create a formal KPB cybersecurity audit framework, encompassing our existing automatic system audits and establishing new standards, policies, controls and audit of IT practices. This framework will improve KPB's resiliency in the face of ever-increasing cybersecurity threats.

Priority: Customer Service

Goal: Timely resolution of desktop computing issues.

Objective: Reduce average time to close on medium and high priority issues.

Average Incident Closed Time by Priority	Benchmark	FY2022 Actual	FY2023 Actual *	FY2024 Projected	FY2025 Estimated
High Priority Incident Response Time	4 hours	12.25 hours	11 hours	6 hours	6 hours
Medium Priority Incident Response Time	8-12 hours	17.5 hours	45.25 hours	36 hours	36 hours
Low Priority Incident Response Time	48 hours	49 hours	104.25 hours	64 hours	64 hours

^{*}Failure to meet customer service metric in FY2023 was due to leadership turnover in the department. The benchmark is being addressed with new leadership and increased positions in the department

Priority: Device Support

Goal: Provide support for Borough devices.

Objective: Provide support for Borough devices through IT staff.

Devices Supported	FY2022 Actual	FY2023 Actual	FY2024 Projected	FY2025 Estimated
Desktop PC's	479	450	473	481
Phones	433	404	425	433
Printers	158	154	158	160
Servers (Virtual and Physical)	168	170	173	175
Total Number of Networked Devices	2,293	2,395	2,410	2,490
Annual Support Incidents	2,293	2,188	2,538	2,650
Ratio of Support Incidents to IT Dept FTE	191:1	182:1	195:1	204:1

Priority: Customer Service

Goal: Timely resolution of desktop computing issues.

Objective: Increase percentage of incidents closed within 1 business week.

Percentage of Incidents Closed	FY2022	FY2023	FY2024	FY2025
	Actual	Actual	Projected	Estimated
% of Incidents Closed Within 120 Hours	93.2%	94.9%	96.2%	97.5%

Solutions Development Manager, 3 Enterprise Applications Developers, 3 Network/IT Administrators, 1 IT Helpdesk Supervisor, 1 Senior IT Helpdesk Technician, 1 IT Helpdesk Technician, and 1 Lead Supply Specialist.

Added: Full time IT Systems Manager (Ordinance 2023-073)

42120 Computer Software. Decrease is due to moving the recurring cost of inventory and deployment software to 43026. Also includes developer software development kits, mobile apps, minor software updates, and additional backup

42210 Operating Supplies. Decrease is due to efficiencies in toner management.

42310 Repair & Maintenance Supplies. Decrease coincides with an increase in 42410 to shift from break-fix replacement to proactive replacement. Accounts for parts for repairing and maintaining desktop computers, server equipment and network infrastructure.

42410 Small Tools & Minor Equipment. Overall decrease is due to removal of the one-time cost from FY24 for MFA hardware tokens. Small increase in recurring cost of the replacement hardware tokens, as well as a shift from 42310 to provide more proactive replacement of hardware.

43011 Contractual Services. Increase due to electronic signature and routing usage and contract pricing for the outsourced SOC. Also accounts for outsourced Security Operations Center (SOC) (\$113,103), Electronic Signature and Routing (\$9,009), Contract Consultation (\$5,000), web application firewall (\$2,400), SSL certificates (\$2,000), hosted code repository (\$768), application debugging service (\$390), domain hosting (\$120), and records shredding fees (\$50).

43019 Software Maintenance. Decrease due to new accounting standards requiring software licensing to come from 43026 instead of 43019, due to this there is a large shift from 43019 to 43026 this FY. Decrease also due to removed proxy content filter (\$5,000), password reset portal (\$2,000), and backup SAN support (\$2,500) as we were able to consolidate services across platforms. Also accounts for minor increases in backup software support and wireless network support, as well as a fairly substantial anticipated increase to support cost of our virtualization platform New addition is expanded firewall network support, with initial purchase made in FY24 using the 22HSP cybersecurity grant. Backup software (\$35,880), virtualization platform (\$22,050), network equipment support (\$18,000), expanded firewall network support (\$15,265), mobile device management (\$12,000), legacy mainframe software support (\$9,667), patch management (\$5,000), process automation software (\$3,671), advanced threat protection support (\$3,296), wireless network support (\$3,196), backup drive support (\$2,581), network configuration management (\$2,000), website legacy support (\$1,200), and misc renewals (\$1,273).

40110 Regular Wages. Staff includes: Director, IT Systems Manager, Business 43026 Software Licensing. Primary increases are for mobile device management, Microsoft software assurance, inventory and deployment software, and IT help-desk software. Cloud SIEM platform is a new addition this year, with its first year funded with the 22HSP cybersecurity grant in FY24. Also included Microsoft Software assurance (\$95,230), SPAM and data loss prevention gateway (\$42,000), malware prevention software (\$38,000), multifactor authentication (\$19,800), phone and voicemail system support (\$13,507), inventory and deployment software (\$6,400), legacy mainframe software (\$3,500), IT help-desk software (\$2,700), end-user remote access software (\$2,500), help-desk remote access (\$2,200), adobe creative suite (\$1,800), project and task management (\$1,500), website accessibility functionality (\$1,490), google workplace (\$1,080), developer SDK's (\$1,080), web conferencing (\$1,040), encrypted password vault (\$900), and misc. renewals (\$1,193).

> 43110 Communications. Increase due to a planned expansion of both WAN and Internet services across the Borough. Also includes internet connection, Borough Administration building TLS and VPLS circuits, cellular.

> 43210 Transportation and Subsistence. Maintained reduction in trainingrelated travel due to focus on training online.

> 43260 Training. Ongoing Internet-based technical training/courses for developers, system administrators, and helpdesk staff.

> 43780 Buildings/Grounds Maintenance. Server room A/C preventative maintenance.

> 43812 Equipment Replacement Payments. To purchase information technology equipment. See schedule below.

> 48710 Minor Office Equipment. 3 distribution switches (\$3,500 ea.), mid-range and unmanaged switches (\$1,600 ea.), 4 rental laptops (\$1,350 ea.), scheduled replacement of development workstation (\$5,000), Scheduled replacement of 3 high-end workstations (\$1,600 ea.), and point-to-point radio equipment (\$2,500).

Legal Department

Mission

To provide legal services for the Borough and School District in an ethical, timely, professional, and cost-effective manner.

Program Description

The Legal Department serves the Assembly, the Borough administration including all Borough boards, commissions, and departments, the School Board and School District. Services provided include ongoing dynamic legal advice, issuing legal opinions, document drafting and review, preparation and/or review of ordinances and resolutions, and directly representing our clients in litigation or coordinating with outside counsel when used.

Major Long-Term Issues and Concerns:

- Ongoing review of Borough code to revise or repeal outdated or conflicting sections of the code.
- Continuing emphasis on preventive law; including increasing Open Meetings Act, Conflicts of Interest, Local Government 101 training opportunities for elected and appointed officials, as well as provide training on specific legal issues or related matters for staff.
- Strategizing and cross collaborating with administrations, departments, and stakeholders for the future direction of KPB&SD.

FY2024 Accomplishments:

- Assisted Road Service Area and Purchasing & Contracting with standardizing contracts and general conditions template documents.
- Provided Open Meeting Act and Conflicts of Interest training opportunity, in collaboration with the Clerk's Office and Planning Department, to all Planning Commission, Advisory Planning Commission, and Service Area board members.

- Supported Assembly and Administration throughout multiyear process to rewrite KPB Chapter 21.29 - Material Sites.
- Worked with Assessing on KPB 5.12 code rewrite drafting and internal review process.
- Drafted KPB Chapter 21.20 code amendments for conformance with current laws and practice, and to provide the most efficient process possible in view of the limited time afforded the citizen volunteers who act as commissioners, while at the same time ensuring the due process rights of the appellant.
- Developed filming in public areas memorandum and training for employees, and helped the Mayor with a corresponding policy.

FY2025 New Initiatives:

- Update Borough Code Chapters 3.04, 5.28, and 17.10 for compliance with current laws and procedures, clarification for understanding and avoidance of potential noncompliance
- Continue work with Planning Department to create uniform template forms and permits to provide consistency and uniformity, reduction in errors, costs, and staff time.
- Increase training opportunities for both staff, volunteer boards, and elected officials to remain current with everchanging laws, regulations, mandates, the environment, and societal changes and trends, for liability mitigation & public assurance.

Line-Item Explanations

40110 Regular Wages. Staff includes: Borough Attorney, 2 Deputy Borough Attorneys, and 2 Legal Assistants.

42120 Computer Software. Reduction due to one time purchase of new software in FY24.

43011 Contractual Services. Reduction for services which will be secured on a short-term or limited basis; a specific appropriating ordinance will go before the Assembly for approval to engage outside counsel for longer committments on cases not covered by insurance and litigation fund.

43031 Litigation. Increase due to costs associated with in-house handling of cases and collection costs. Specific appropriate ordinance will be requested for any litigation matter that requires hiring experts.

43034 Attorney Fees - Special Cases. Reduction to meet estimated cost of hearing officers for adminstrative appeals in FY25.

48710 Minor Office Equipment. Replacement of one standard workstation (\$1,177), 2 monitors (\$264 ea.); and one sound bar (\$41), including a 10% cost increase contingency.

Finance – Administration

Mission

Provide overall administration and accountability of the financial activities of the Borough by ensuring that Borough financial practices are in compliance with Borough, state and federal laws and reflect best practices within public sector for financial management.

Program Description:

- Administration of the Borough's finance department.
- Management of the Borough's investment pool.
- Serve as advisor to the Mayor and the Assembly.

Major Long-Term Issues and Concerns:

 Changes in financial reporting due to Government Accounting Standards Board (GASB) proposed changes to accounting practices and reporting.

FY2024 Accomplishments:

- Implemented the following Accounting Pronouncements:
 - o GASB Statement 91 Conduit Debt Obligations
 - GASB Statement 93 Public/Private & Public/Public Partnerships and Availability Payment Arrangements
 - GASB Statement 96 Subscription Based Information Technology Arrangements
 - o GASB Statement 99 Omnibus 2022

- Received GFOA Certificate of Achievement for Excellence:
 - Distinguished Budget Presentation Award for the FY2024 budget document, 32nd year.
- Anticipate receipt of GFOA Certificates of Achievement for Excellence:
 - Popular Annual Financial Reporting for the FY2023 Annual Financial Report, 10th consecutive year.
 - o Financial Reporting for the FY2023 Annual Comprehensive Financial Report, 45th consecutive year.

FY2025 New Initiatives:

- Complete Implementation of the following Accounting Pronouncements:
 - GASB Statement 100 Accounting Changes and Error Corrections
 - GASB Statement 101 Compensated Absences
- Earn Government Finance Officer Associate of North America and Canada "GFOA" Certificates of Achievement for Excellence in Reporting and Presentation. GFOA awards reflect the Borough's ability to go beyond the minimum requirements of General Accepted Accounting Principles to provide transparent and thorough disclosure and reporting.
 - Certificate of Achievement for Excellence in Financial Reporting (Annual Comprehensive Financial Report).
 - Certificate of Achievement for Excellence in Popular Annual Financial Reporting (PAFR).
 - Distinguished Budget Presentation Award (Annual Budget).

Finance – Financial Services

Mission

Provide accounting services for all departments and service areas of the Borough. Maintain the Borough's chart of accounts; conduct sales tax audits of businesses selling goods and services in the Borough to ensure compliance with sales and personal property tax ordinances; monitor, prepare, and submit financial reports for all Borough grants; and assist in the preparation of the Borough's Annual Comprehensive Financial Report and annual budget document.

Program Description

The Financial Services Division provides a variety of financial services to the Assembly, Borough Employees and the general public. Services include accounts payable, payroll, financial analysis, budget reporting, grant management, sales tax audits, and tax compliance reporting.

FY2024 Accomplishments:

- Completed history import of old GEMS software data into CitySuite software; moving the ultimate sunsetting of the GEMS software closer to finalization.
- Continued the strategy of digitizing records by adding new fixed assets record backup documentation from FY23 directly into the finance software, allowing faster access to historical information for capitalized assets.
- Collaborated with Purchasing to host in house training sessions on Finance and Purchasing procedures for directors and administration staff within all departments and service areas of the borough; which helps to increase efficiencies and accuracy of borough processes overall.

FY2025 New Initiatives:

 Continue finalizing history imports or alternatives on the HR/Payroll software; allowing the full sunsetting of the old GEMS software, which will save on recurring software maintenance fees.

Performance Measures:

Staffing	FY2022	FY2023	FY2024	FY2025
	Actual	Actual	Actual	Proposed
Staffing History	7.5	8	8	8

Priority: Operations

Goal: To provide timely and accurate payment to vendors and employees.

Objective: 1. Produce direct deposits and W-2's for all employees.

2. Process invoices and provide timely payment to vendors.

Process	FY2022 Actual	FY2023 Actual	FY2024 Projected	FY2025 Estimated
Payroll Checks and Direct Deposits Issued	10,182	10,481	10,500	10,500
W-2's Issued	722	777	780	780
Ratio of PR Checks Issued to Voided/Reissued Checks	2,036:1	10,481:1	3,500:1	3,500:1
Number of Accounts Payable Invoices Paid*	19,375	18,045	18,300	18,300
1099's Processed	761	388	450	450
Ratio of Invoices Paid per Accounts Payable Staff	19,375:1	18,045:1	18,300:1	18,300:1

^{*}Total number of AP invoices processed decline partially due to Roads Service Area contract change to Monthly billing format. As more contracts are converted, a significant reduction to road maintenance invoicing has been seen.

Priority: Grant Compliance

Goal: Maintain compliance and eligibility for future grant funding by producing timely and accurate required grants reports.

Objective: 1. Remain in compliance by providing monthly, quarterly, and annual grant reports.

2. Request and receive grants funds for grant objectives met or achieved.

Grant/Process	FY2022 Actual	FY2023 Actual	FY2024 Projected	FY2025 Estimated
Grant Reports Filed	75	79	83	53
Grants Administered	37	46	46	39
Grant Revenue Received	\$5,421,795	\$10,585,794	\$6,891,990	\$5,029,500
Ratio of Revenue Received for Each Grant Report Filed	\$72,291:1	\$133,997:1	\$83,036:1	\$94,896:1
Other State and Federal Revenue Receipts	\$14,243,670	\$9,425,999	\$8,141,596	\$8,136,140

Priority: Sales Tax Compliance

Goal: To have all businesses that have retails sales, rents or services within the borough, registered to collect sales tax, filing

and remitting properly.

Objective: 1. Through the audit process, verify that businesses are accurately filing and remitting sales tax.

2. Educate those doing business within the Borough on the sales tax code requirements.

3. Identify and contact unregistered businesses operating within the Borough, to bring them into compliance.

Process	FY2022 Actual	FY2023 Actual	FY2024 Projected	FY2025 Estimated
Sales Tax Audits Completed	172	167	183	210
Registration of Previously Unregistered Businesses	48	91	118	136
Sales Tax Estimates Completed	125	186	209	240
Ratio of Registered Businesses to Completed Audits and Estimates	28:1	20:1	24:1	22:1
New Short Term Rental Businesses Registered	9	36	165	64

Finance – Property Tax and Collections

Mission

The Property Tax and Collections Division is committed to serving the public, businesses and government customers by collecting and distributing taxes and information properly and accurately in the most courteous, professional, innovative and cost-effective manner, in addition to meeting all Borough and State legal requirements and supporting a positive work environment for employees and constituents.

Program Description

It is the responsibility of the Property Tax and Collections Division to calculate the annual mill levies, bill, mail, collect and disburse annual property tax and related penalty and interest for all Borough taxing authorities, services areas and six cities located within the Borough in accordance with the KPB Code of Ordinance ensuring accurate recording of property taxes and other revenue. The division is also responsible for the collection of delinquencies from sales tax, special assessments, leasehold property, mobile homes, personal and real property tax which includes the foreclosure proceedings mandated by Alaska State Statutes. This division collects and posts all revenue that comes into the borough as well as research and reviews all liquor and marijuana license applications for compliance.

Major Long-Term Issues and Concerns:

 Per a settlement the State of Alaska has entered into with the three consumer reporting agencies, we are no longer able to report certain debts making collection efforts even tougher and more complicated than in the past. With the high rate of turnover, finding staff that has the experience and knowledge to contribute to the department.

FY2024 Accomplishments:

- Converted the special assessment software from an outdated software to one that allows for more efficient billing, in-depth data analysis, and an online payment option.
- Converted the property tax website to a more user-friendly version, allowing for payment of multiple parcels at once and access to GIS mapping.
- Acquired and put into service new credit card terminals to allow contactless payments of property tax, sales tax and special assessments.

FY2025 New Initiatives:

- Find an effective collection agency to decrease the amount of delinquent taxes written off each year.
- Research and find a software for tracking delinquent accounts including judgements and those sent to external collection agencies.
- Determine whether additional payment options and locations would be cost-effective for residents in the Homer and Seward areas of the Kenai Peninsula to allow for easier access to pay property taxes.
- Create a compilation of instructions and training manuals for each position to reduce the learning curve with the higher rate of turnover in recent years.

Performance Measures:

Staffing	FY2022	FY2023	FY2024	FY2025
	Actual	Actual	Actual	Proposed
Staffing History	7	7	7	7

Priority: Collection of Real Property Tax

Goal: Collect at least 99% of real property tax prior to taking clerk's deed.

Objective: To contact as many owners as possible for payment of delinquent taxes prior to obtaining clerk's deed, to avoid

taxpayers having to repurchase the property.

Real Property Tax Collections	FY2022 Actual	FY2023 Actual	FY2024 Projected	FY2025 Estimated

Finance - Sales Tax

Mission

Collection and distribution of Borough and Cities' sales tax as defined within the Borough Sales Tax Code section 5.18.100, while remaining in compliance with Borough policies and Alaska State Statutes.

Program Description

Sales Tax Division is responsible for processing sales tax returns, registering new businesses, and issuing tax exempt cards, resale cards and owner/builder cards. Division compiles and provides accurate and timely sales tax information to the general public and various government officials. Make recommendations regarding policies and ordinances related to sales tax. Maintain special assessment program and administer annual billing cycle. Monitor and maintain land sale escrows and land leases.

Major Long-Term Issues and Concerns:

- Collaboration with the Alaska Remote Sellers Sales Tax Commission (ARSSTC) for remote sales, ensuring compliance to the sales tax ordinance of businesses currently registered with KPB; determining physical presence and proper agency to report sales tax.
- Increased complexity of borough and city sales tax collections and reporting and the resources needed to support the increased workload as a result of the changing landscape.
- Progressing towards a paperless process with sales tax; utilizing Software potentials to accomplish task as well as education to businesses towards paperless.

FY2024 Accomplishments:

 Shift to managing two platforms for sales tax filing; paper forms and electronic submission. Reduction in paper forms has allowed STX to focus on third party filers, realizing efficiencies. Focus on electronic filings has increased business contact, as business owners have more inquiries when filing online and application of sales tax.

- Continued working with Harris Govern implementing improvements regarding resale and owner builder cards to be filed and paid online. Also working with Harris Govern to provide more robust internal reporting.
- Worked with Audit Division to help Short Term Rental businesses register and file sales tax. Helped educate the public of sales tax applicable to long term and short-term rental.
- Collaborated as co-project manager with the Property Tax Manager on special assessment software conversion.
 Understanding the software and testing of software to ensure application of Special Assessments Ordinance.
 Anticipated projected go live May 2024.
- Continued work on Alaska Remote Streamline Sales Tax Commission (ARSSTC) Policy Committee clarifying physical presence for marketplace facilitators, ensuring proper reporting to taxing jurisdictions.

FY2025 New Initiatives:

- Complete the conversion with Harris Govern implementing electronic submission of resale and owner builder cards to be filed and paid online. This efficiency will reduce costs for postage and streamline the process for businesses.
- Establish quarterly news notification as a communication tool to educate the public of the E-Tax module, upcoming tax changes, or education on common sales tax inquiries.
- Support Property Tax Manager after special assessment software conversion; assisting with the first year billing review and process establishment.
- Continue to evaluate ARSSTC monthly reporting and encourage ARSSTC to communicate with third party filers to report the sales they charge customers for the use of their platforms.

Performance Measures:

Priority: Effective Governance

Goal: Provide professional and efficient customer service to business owners and members of the public. **Objective:** Forms submitted by business owners are completed correctly and are ready for processing by staff.

Assessing Administration

Mission

To maintain accurate ownership, legal and physical description of all real and personal property borough-wide, enabling accurate assessment of all taxable property within the borough in compliance with State and Borough requirements.

Program Description

Handle transfers of ownership, administer exemption programs, enter inspection data, and respond to all public inquiries. Provide accurate and timely information to the public, user departments, and other government agencies. Prepare the annual assessment rolls.

Major Long-Term Issues and Concerns:

Current CAMA system has been highly customized from off the shelf systems, making updates and support increasingly difficult. Employees that are familiar with our system are retiring. Vendor is encouraging an upgrade to newest software product and version. Portion of system needs to be compatible with the finance department. Additionally ongoing support costs are compounding.

FY2024 Accomplishments:

- Update to Assessing public website in conjunction with Finance department, customizing view and layout to be more user-friendly.
- Created workflow and templates to streamline and standardize appeal prep packages.
- Updated Residential exemption form to include sales reporting section to obtain additional sales data.
- Streamlined religious audit procedures.
- Continue to improve department work culture.

FY2025 New Initiatives:

- Continue training and cross training newer staff members.
- Develop and deploy process to submit exemptions electronically.
- Continue to work towards a 3-year plan with Finance Department for a CAMA System upgrade.
- Institute process to transition to electronic sales questionnaires and online submission.
- Further refine and streamline internal processes for efficiency in parcel split/merge process.
- Refine Standard Operating Procedures for Split/Merge Process.
- Rewrite office policy & procedure manual.
- Develop audit procedure for entity exemptions.
- Working with legal to finalize proposed code changes.

Performance Measures:

Staffing	FY2022	FY2023	FY2024	FY2025
	Actual	Actual	Actual	Proposed
Staffing History	9	10	10	10

Priority: Public Service

Goal: Administer Exemption Programs

Objective: 1. Notify new property owners of exemption programs and eligibility requirements.

2. Audit ownership information to ensure that exemptions are removed when residents move or sell property.

Exemption Program Counts	FY2022 Actual	FY2023 Actual	FY2024 Projected	FY2025 Estimated
Assessment Year	2021	2022	2023	2024
50K Residential Applications Approved (new)	911	874	909	945
Senior Citizen Applications Approved (new)	559	555	577	600
Disabled Veteran Applications Approved (new)	234	230	264	303
Disabled Resident Tax Credit Applications Approved (all)	204	381	187	200
Other Exemption Applications Approved (all)	498	450	500	500
Parcels with Exemption of Any Type	37,215	41,544	39,355	39,000

Fund 100

General Fund

Dept 11510 Assessing Administration - Continued

Priority: Public Service

Goal: Maintain accurate records of parcels including ownership and legal descriptions

Objective: 1. Create and retire parcels to identify newly platted parcels.

2. Review recorded documents to determine ownership interest of parties.

3. Maintain address information for all taxable real and personal property accounts.

Parcel and Change Counts	FY2022 Actual	FY2023 Actual	FY2024 Projected	FY2025 Estimated
Assessment Year	2021	2022	2023	2024
Parcel Count – Real Property	66,120	66,253	66,422	66,591
Parcel Count – Oil & Gas Accounts	209	215	209	210
Personal Property Count	7,183	7,270	7,517	7,000*
Ownership Changes	7,078	7,513	8,500	9,000
Address Changes	5,552	9,690	5,708	6,329

^{*} Decrease in FY25 Estimated Personal Property Count due to change in City of Kenai code (Ordinance 3382-2023) added 100K Exemption on Business Personal Property causing inactivated accounts.

Department 11510 - Assessing Administration - Continued

Line-Item Explanations

40110 Regular Wages. Current staff includes: Borough Assessor, Assessment 43310 Advertising. Reduced due to historical less use. Administration Manager, Title Examiner, Exemption Examiner, Assessment Reporting Analyst, Administrative Assistant, and 4 Assessing Clerks.

42410 Small Tools & Minor Equipment. 2 UPS Battery Back-up Report Analyst/Title (\$450 ea.) Misc small tools (\$500).

43011 Contractual Services. Increase due to all assessment notices and informational brochures annual printing and mailing (\$61,000). Also provides for electronic copies of recorded documents from all districts (\$4,000), DMV data access (\$800), shredding service (\$200), microfiche certified rolls (\$2,000), and OK Data (\$100).

43019 Software Maintenance. Assessment maint/support (\$128,500), CAMA rate tables (\$21,000), Pictometry Connect (\$375), camera license portion (\$450), and service fee for Microfiche (\$250).

43140 Postage and Freight. Notified by mail room of postage increase, mailing of personal and business property statements (previously done by vendor).

43410 Printing. Increased cost of printing envelopes and personal /business property statements.

48525 Major Computer Software and Intellectual Property. Decrease due to one time set up fee for Assessment webpage FY24.

48710 Minor Office Equipment. Replace 2 Standard PC (\$950 ea.), 2 High End PC(\$1,750 ea.), 2 laptops (\$1,600 ea.), 8 monitors (\$265 ea.), 4 sound bars (\$42 ea.), 2 replacement phones (\$400 ea.), 2 Web Cams (\$50 ea.), 2 fans (\$20 ea.), 2 heaters (\$50 ea.), 2 mats for office chairs (\$70 ea.), and air conditioning unit (\$300) and replacement HP607 printer (\$900).

48720 Minor Office Furniture. Replacement of 2 office chairs (\$600 ea.), and 2 sit-stand workstations (\$600 ea.), and systematic replacement of work stations (\$4,500).

Fund 100 General Fund

Dept 11520 Assessing Appraisal

Mission

Perform equitable, fair, and uniform real and personal property assessments borough-wide in a timely and courteous manner, while adhering to all applicable state and local laws.

Program Description

Appraisal division staff conduct field inspection of property within the borough to ensure all records are accurate and properties are uniformly described in accordance with department guidelines. Collect and verify sales and calibrate market models annually. Review property records and values with property owners, review appeals and represent the borough before Board of Equalization.

Major Long-Term Issues and Concerns:

- CAMA System update need in next few years.
- Developing staff to replace positions that will be vacated by retirement.

FY2024 Accomplishments:

- Completed required full canvas using Pictometry and field inspections accurately and on time while successfully training 50% of staff that are new.
- Located unreported improvements/encroachments with Pictometry, creating a reporting system for Planning Department notification.
- No major accidents/incidents since 2019.
- Continued to improve work culture and developed a mentor system for new members to be successful.

FY2025 New Initiatives:

- Continue with the use of Pictometry in upcoming canvas areas Anchor Point, Ninilchik, Kasilof, Clam Gulch and Caribou Hills.
- Work with Assessing Admin and Finance for an update/new CAMA System.
- Review and analyze recently submitted appraisal data.
- Continued focus on safe work habits.

Performance Measures:

Staffing and Miles	FY2022 Actual	FY2023 Actual	FY2024 Actual	FY2025 Proposed
Staffing History	12	12	12	12
Staff Miles Traveled	23,842	29,241	35,000	40,000

Priority: Market Value of All Taxable Property

Goal: Accurately and equitably value all real and personal property within the borough for ad valorem property tax

purposes.

Objective: 1. Specify market models to enable mass appraisal

2. Calibrate models annually to market value

Real Property Assessment Roll	FY2022 Actual	FY2023 Actual	FY2024 Projected	FY2025 Estimated
Value (000's)	\$6,720,391	\$7,090,335	\$7,829,164	\$8,318,485
% Change From Prior Year	0.79%	6.34%	10.42%	6.25%

Priority: Maintain Equity of Assessment

Goal: Maintain an accurate description of all property within the Borough

Objective:1. Conduct area-wide re-inspections with the goal of re-inspecting all property within the Borough on a 5-year cycle in accordance with Assembly Resolution 2003-008. Inspections vary by year due to parcels in scheduled canvas areas.

2. Calculate the number of properties to be inspected each year to achieve a 5-year cycle

3. Identify & request in budget the resources necessary to complete the required number of re-inspections annually

Inspections	FY2022 Actual	FY2023 Actual	FY2024 Projected	FY2025 Estimated
Improved Parcels	5,323	8,669	7,087	7,041
Vacant Parcels	12,239	12,058	15,293	8,136
Total Inspections	17,562	20,727	22,380	15,177

Note: The numbers in the table above represent properties physically inspected onsite and sent for data entry in each of the listed areas. These numbers will not match those reported in previous years, which were estimates based upon the total number of properties in each canvass area. Other properties, primarily vacant land, will have also received updated descriptions and values based upon internal review using GIS, aerial photographs and other tools.

^{*}For parcel counts from FY2019, land inspections were not included in the totals. Starting in FY2020, land inspections will be included.

Resource Planning Administration

Mission

Make sound use of the Borough's natural and human resources to establish a balanced and dynamic economy in a manner consistent with the public interest.

Program Description

Planning provides professional advice and information to the Planning Commission, Borough Assembly, and other departments for the purpose of assisting in the ongoing socioeconomic development of the Borough.

Major Long-Term Issues and Concerns:

- Guide land use at the regional scale to promote economic development, improve public roads, facilities, & other services, and maintain environmental quality.
- Keep the Kenai Peninsula unique, prosperous, vibrant, and an attractive place to live by balancing economic benefits of tourism with residents' quality of life.
- Refine and support ordinances that minimize conflict among competing property values while also preserving private property rights.
- Collect, analyze, and distribute current and accurate information concerning population, land use, natural resources, and regulatory functions within the Borough.
- Provide information and assistance to other municipalities, local community groups, and the public regarding subdivision regulations, local option zoning, land use regulations, and land use planning.
- Continue to identify procedures that will improve information sharing and problem solving between Borough departments.
- Acquire software to track calls, complaints, and public issues to aid in workflow documentation and statistically track data.

FY2024 Accomplishments:

- Material Site Committee: Supported the Assembly's Committee of the Whole in an effort to rewrite 21.29 (Material Site Code). Met with numerous stakeholders and planning commission members to understand concerns with gravel pits in order to offer advice to the Assembly. As a result of these meetings, a new code was adopted in FY24.
- Funny River Advisory Planning Commission and the Hope Advisory Commission completed their Community Plans.
- Nikiski Advisory Planning Commission has begun to build their Community Plan.
- Provided continuity and stabilized Planning Department functions through KPB transitions.

- With key positions being open due to retirements and other staff departures, remaining department staff continued to work in collaboration to ensure that all Planning Department functions were maintained for the public.
- Obtained a nearly \$1 million grant from the US Department of Transportation's Sate Streets and Roads for All (SS4A) Grant Program to create a Safety Action Plan. The Action Plan will focus on all users in order to create a long-term strategy for enhancing the safety of the Borough's roadways, identify priority projects, and allocate resources effectively.
- The KPB received a \$1.5 million grant through the Community Projects Funds - 2023 Congressionally Directed Spending Program to address the boroughwide impacts of the current spruce bark beetle infestation. This grant will provide funds to mitigate hazardous trees on rights-of-way of Borough-owned roads.
- Through the \$43,350 Alaska Clean Water Action grant we received in 2024, we received an engineering study for the drainage in the Big Eddy area.
- Worked with the KPB Roads Director to acquire a professional study for the K-Beach area to identify potential long-term solutions to mitigate the impact of flood waters on KPB roads and rights-of-way.

FY2025 New Initiatives:

- Migration of historic platting data into the Platting SharePoint platform has been on project with a goal of being completed by the end of 2025.
- Obtain permitting software to improve the department's public interface with permitting and complaint tracking.
- Will continue to work with interested communities outside the incorporated cities to help develop locally driven community plans.
- Finalize the process of migrating historic Planning Commission data into the Granicus meetings/records management software.
- Will continue to work with AK Department of Transportation (DOT) and the community of Cooper Landing on the design of the Sterling Highway Cooper Landing Bypass.
- Review and update as necessary zoning related chapters of KPB Code Chapter 21, including 21.04, 21.09, 21.10, 21.18, 21.40, 21.42, 21.44, and 21.46.

Resource Planning – Geographic Information Systems

Mission

The Geographic Information Systems (GIS) Division provides map services, geographic data, and support for the Kenai Peninsula Borough, its cities, the State, federal agencies, and the public.

Program Description

The GIS Division creates, edits, and manages data, tools, and applications necessary for the operation of all Borough departments. Our primary goals are to support public safety and improve intra-departmental efficiencies. GIS is responsible for producing emergency services map books, developing and maintaining internet-based mapping, disseminating data, providing ad hoc mapping services, developing and maintaining spatial database applications, and providing spatial analysis and online applications to assist various Borough departments, other agencies, and the public toward making informed decisions.

Major Long-Term Issues and Concerns:

- Alignment of accumulated data holdings with contemporary GIS platforms and security needs.
- Funding to maintain expected level of GIS services to the public and other Borough departments.
- Improve roads data for emergency response purposes.
- Continuing education to keep pace with changing software and technology.
- Achieving control standards for parcel data via control survey and parcel fabric.
- Transitioning to Next Generation 911 standards.
- Documentation of systems, workflows, and best practices.

FY2024 Accomplishments:

- Successfully competed the upgrade of KPB enterprises GIS system and associate applications such as viewKPB.
- Transitioned GIS desktop users to ArcGIS Pro or custom viewers/applications.
- Worked with the Mayor's office, RSA, and Capital Projects to develop public viewers to display project-specific information and provide a feedback mechanism.
- Improved the online tool for inter-departmental reviews of tax foreclosure parcels.
- Worked with Land Management to update maps and the Hub site for the Online Only Auction and Substandard Parcel Sala
- Edited parcel fabric and created Assessing tax pages to reflect 146 subdivision plats recorded in year 2023.

- Created map products in support of the Planning Commission, Assembly, and Public Record Requests.
- Continued to support KPB dispatch centers and emergency responders with CAD and mobile response map updates.
- Supported KPB cities with data and mapping requests.
- Continued participation in KPB Incident Management Team.
- Became a Google Map Content Partner and continued the ESRI Community Maps partnership (providing KPB authoritative data to public mapping platforms).
- Improved emergency response routing data by updating address points and adding driveway data.
- Migrated Borough-maintained roads to the 911 dataset for efficiency and tracking purposes.
- Amended KPB unique jurisdictions to reflect the newly adopted boundaries.

FY2025 New Initiatives:

- Through collaboration with Seldovia Village Tribe, will conduct field verification and install uniform address signs for Seldovia Village.
- Field verification and uniform address sign posting within Nikiski E-911 community.
- Work with OEM, Emergency Response personnel, and other stakeholders to develop "Know Your Zone" program for the KPB (improves inter-agency and public communication, and use of transportation routes during evacuations).
- Train new GIS Analyst I/II.
- Participate as a Hazard Mitigation Plan update core team member.
- Participate as Alaska Cadastral Working Group co-chair to advise on statewide parcel dataset.
- Participate in development of Safe Streets and Roads for All Comprehensive Safety Action Plan.
- Develop a mobile field/site inspection tool for Kenai River Center.
- Convert historic aerial photos from DjVu file type to other file type.
- Continue developing mapping templates and standards to match new Borough graphics standards.
- Work with the Planning Department throughout the implementation of newly acquired permitting software.
- Support the Borough in their efforts to identify and create a framework for Facilities Management.

Street Address Changes	700	527	650	650

Commentary

The GIS web page continues to remain the most visited page on the Borough's website with viewers utilizing multiple specifically targeted applications and data downloads.

GIS continues to engage other KPB departments toward reducing inefficient and outdated business practices, and plays a critical role in emergency services and emergency response. More than ever, the GIS division is relied upon to provide accurate and readily available data, high-quality maps, and comprehensive technical assistance to many KPB departments, the public, private businesses, and other agencies.

Line-Item Explanations

40110 Regular Wages. Staff includes: 2 GIS Specialists, 1 GIS Planner/Addressing Officer, and 1 GIS Analyst.

40120 Temporary Wages. Temporary Field Signage Technician.

42020 Signage Supplies. Signs, posts, and equipment for E911 physical addressing program. Increase reflects costs of two upcoming major projects.

42120 Computer Software. Increased software costs.

42210 Operating Supplies. Increase reflects GIS Analyst added in FY24.

42230 Fuel, Oil & Lubricants. Increase reflects new vehicle for Addressing Officer

42360 Motor Vehicle Supplies. Increase reflects new vehicle for Addressing Officer.

42410 Small Tools & Minor Equipment. Increase reflects additional equipment needed for addressing projects.

43011 Contractual Services. Larger pictometry capture/product for entire east side of peninsula (\$176,000), and VertGIS consulting (\$6,000).

43019 Software Maintenance. ESRI (\$56,700), VertiGIS (\$14,500), and FME (\$5,940).

43026 Software Licensing. Decrease reflects one-time purchase in FY24, costs moved to maintenance. MS Software Assurance (\$925) and Crowdstrike (\$25).

43110 Communications. Increase reflects addition of GIS Analyst in FY24.

43210 Transportation/Subsistence. Increase reflects travel for addressing projects, training for new postiion, and bringing back training opportunities for existing staff.

43220 Car Allowance. Managment duties restructured under Planning Director, no car allowance requirement.

43260 Training. Increase due to training for new staff and ESRI Conference.

43812 Equipment Replacement Payments. Final ERF payment on Spring 2021 Imagery acquisition (\$82,237), vehicle for addressing officer (\$10,005).

48120 Major Office Equipment. One-time purchases of replacement printer (\$7,500). Decrease reflects one-time purchase of equipment acquired in FY24 for new staff.

48710 Minor Office Equipment. Increase server capacity (\$7,000); scheduled replacements for two laptops (\$5,800), three UPS's (\$2,100), and one iPad (\$850)

48720 Minor Office Furniture. New desk for GIS staff (\$1,800); replacement of chairs and other miscellaneous furniture (\$900).

60000 Charges (To) From Other Depts. Charges to the 911 Communications department for 60% of the wages and benefits of the GIS Addressing Officer and 20% of the GIS Specialist, responsible for all 911 addressing and database management (\$113,316).

Dept 21135

Resource Planning - River Center

Mission

Provide staff and support facilities for the operation of the River Center (RC) to accomplish multi-agency permitting and education programs to conserve valuable fish and wildlife habitats and manage development in riparian and flood zones.

Program Description

Administer the provisions of KPB Title 21, Zoning to include ordinances and regulations that control the use of lands and rights-of-ways within the Borough: KPB 21.18, Anadromous Waters Habitat Protection Ordinance, which establishes a 50 ft. Habitat Protection District (HPD) along specified waterbodies; KPB 21.06, Floodplain Management, and promoting sound development in flood hazard areas; and KPB 5.14, Habitat Protection Tax Credit, for landowners with a qualifying project along an anadromous stream.

Major Long-Term Issues and Concerns:

- Address changes to the Alaska Department of Fish and Game (ADFG) Anadromous Waters Catalog and evaluate whether updates are appropriate to Borough-managed anadromous streams.
- Work with the Federal Emergency Management Administration (FEMA) to update the regulatory floodplain maps of the Kenai River. The final regulatory maps are expected to be finalized in fall 2024 or spring 2025.
- The River Center building is beginning to show its age. Will
 continue to work with KPB Maintenance Department to
 identify near and long-term replacement strategies.
- Most federal, state, and local agencies are facing financial and staffing hardships making it difficult to continue to provide resource management services to constituents. The River Center will continue to facilitate the multi-agency mission by working closely with outside resource agencies to ensure the public's needs are met.

FY2024 Accomplishments:

- Provided cross-training to the planners to ensure institutional knowledge is retained and that processes are functional and efficient.
- Through our Alaska Clean Water Action grant, we installed a rain garden at the River Center to showcase low-impact developments that reduce non-point source pollution.
- Responded to a significant flood on the Kenai River in September 2023 providing supportive services to the public and Incident Management Team.

Floodplain Management Program Administration:

- Successfully onboarded a new Floodplain Administrator.
- Acquired live flood inundation mapping of the Kenai River.
- Prepared an ordinance amending KPB 21.06 Floodplain Management to bring our code in line with the federal regulations, thus maintaining KPB's compliance with the National Flood Insurance Program.
- Held a public outreach meeting in June to discuss the upcoming regulatory floodplain maps of the Kenai River.

<u>Anadromous Waters Habitat Protection District Administration:</u>

- Increased collaboration with agencies and organizations on issues including bluff erosion, salmon, and watershed research useful for land management and RC resources.
- Provided consistent community outreach through permitting, mailouts, and public events.
- Worked with over 30 property owners to resolve various compliance issues and violations.
- Attended several events with our EM2 Stream Table to provide a visual aid to educate the public on riverine functions and erosion processes.

Planning & Zoning Administration:

- Processed four applications to create and/or amend Local Option Zoning Districts across the peninsula.
- Staff managed and supported KPB's six Advisory Planning Commissions.
- Began the process of collaborating with IT to create a permit tracking system for conditional land use permits in SharePoint.
- Provided support to the KPB Assembly for the Material Site Subcommittee.

FY2025 New Initiatives:

- Will prepare an ordinance amending KPB 21.06 Floodplain Management to adopt the new regulatory floodplain maps for the Kenai River.
- Engage stakeholders regarding Borough-managed streams, identify new streams added by ADFG, and identify potential solutions that will continue protecting riparian habitat.
- Staff will be working to implement improved tracking systems to document the number of site visits staff perform for tax credits, post-project, and vegetation management projects.
- The Assembly adopted a re-write of the Material Site code that will become effective October 1, 2024. Leading up to that, staff will be auditing existing material sites to prepare for the new ordinance to take effect.

Department 21135 - Resource Planning - River Center - Continued

Line-Item Explanations

40110 Regular Wages. Staff includes: 1 Manager, 2 Planners, and 1 Assistant Planner.

42020 Signage Supplies. Decrease due to one-time purchase of outdoor educational signage in FY24.

42310 Repair/Maintenance Supplies. Decrease due to completion of one-time projects (ATS replacement and 911-button installation). Also includes miscellaneous building supplies (\$1,500).

42360 Motor Vehicle Supplies. One-time purchase of studded tires.

42410 Small Tools & Minor Equipment. Decrease due to one-time purchases budgeted in FY24. Miscellaneous tools and equipment associated with increased maintenance (\$1,600).

43011 Contractual Services. Includes janitorial services (\$19,800), contract with an engineer to review no-rise analyses related to updated Kenai River maps (\$15,000), security alarm (\$720), outdoor restroom pumping (\$550), camera system (\$400), and miscellaneous small contracts (\$600). Also includes the following one-time project riverbank restoration (\$5,000) match for grant funds

43019 Software Maintenance. Milestone Xprotect for camera system (\$500).

43026 Software Licensing. Decrease due to initial software purchases in FY24. Zoom licensing (\$260).

43140 Postage and Freight. Increased postage costs. Mailouts specific to the new regulatory FEMA floodplain maps (\$2,500).

43210 Transportation/Subsistence. Increase due to added mileage for site visits, required trainings, and required conferences.

43260 Training. Training opportunities for staff.

43310 Advertising. Reduced based on actuals for advertisements regarding the new regulatory floodplain maps.

43410 Printing. Reduced based on actuals to print public outreach flyers regarding the new regulatory floodplain maps.

43510 Insurance/Litigation Fund Premiums. Increase due to higher premiums. Premiums are impacted by replacement/repair costs, additional square footage, wages, personnel costs, employee classification changes, and premium charges.

43780 Buildings/Grounds Maintenance. Descrease due to one-time project completed in FY24. Annual facility maintenance (\$22,000), plowing (\$4,500), sanding (\$3,000), and lawn care (\$3,000).

48120 Major Office Equipment. Decrease due to one-time purchase in FY24

48710 Minor Office Equipment. Reduction reflects purchase of computers replaced in FY24. Miscellaneous office equipment (\$1,500).

48720 Minor Office Furniture. Standing desk (\$2,000), replacement chair (\$500).

48740 Minor Machinery and Equipment. Installation of four additional outdoor security cameras (\$10,000).

Senior Citizens Grant Program

Mission

The Kenai Peninsula Borough Code of Ordinances, Chapter 5.22, established the Senior Citizens Grant Program funding. To be eligible for the senior citizen program grant, a senior citizens center or adult day care center must be nonprofit, tax exempt, as well as operating and located within the Kenai Peninsula Borough. The eligible center may be sponsored by a city or recognized by the Kenai Peninsula Borough assembly or the Alaska Commission on Aging.

Organizations that receive funding shall administer those funds in accordance with the following regulations:

- Services are to be provided only to persons who are 60 years of age or older and their spouse.
- Services must be targeted to persons in greatest economic and social need.

- Transportation shall be provided to access services in the following order of priority:
 - Access to medical appointments, prescriptions, hospital, and essential (non-emergency) health services.
 - Access to nutrition and other essential support services.
 - Essential shopping and volunteers in services to older persons, disabled, and children.
 - o Job training and career education.
 - o Attendance at senior organization meetings.
 - Non-essential shopping, business, beauticians, cultural, and educational purposes.

Each year the Assembly shall determine the amount to be appropriated for the senior citizen centers and adult day care centers. Distribution of the program funds is based upon the latest census figures of election precincts and whether or not the organization previously participated in the program.

Performance Measures:

Priority: Timely, thorough, and effective processing of permit applications. **Goal:** Maintain high-quality customer service throughout permit process.

Objective: Provide for appropriate staff time to issue permits according to projected metrics, not to exceed 30 days.

Measures: Population data from the 2020 Federal census is used in determining the allocation of the program funds. The FY2025

allocation is as follows:

	Number of Seniors	% of Population in	FY2025 Hold	FY2025 Funding
		Borough	Harmless Adjustment	
Anchor Point Seniors	1,153	7.85%	\$ -	\$ 58,731
Cooper Landing Seniors *	174	1.19%	11,668	20,532
Homer Seniors *	2,624	17.87%	12,512	146,172
Kenai Seniors *	3,596	24.49%	2,972	186,143
Nikiski Seniors	1,175	8.00%	-	59,851
Ninilchik Seniors *	640	4.36%	575	33,175
Seldovia Seniors *	211	1.44%	1,100	11,847
Seward Seniors *	868	5.91%	7,749	51,962
Soldotna Seniors	2,638	17.97%	-	134,373
Sterling Seniors	1,603	10.92%	-	81,653
Total Senior Centers	14,682	100.00%	36,576	784,439
Friendship Center – Homer			7,106	19,529
Forget-Me-Not Day Care			8,752	39,910
Total Senior Program			\$ 52,434	\$ 843,878

^{*} In FY2024 the Senior Centers identified experienced a reduction in the percentage of overall senior citizens in their census district; therefore, the Borough is providing a onetime hold harmless adjustment for each center, keeping their FY2024 and FY2025 Senior Citizen Grant Program Funding at FY2023 levels.

Business and Economic Development

Program Authority and Descriptions

Promoting the peninsula through economic development is within the authority of the Borough and supported through the Kenai Peninsula Economic Development District, Alaska Small Business Development Center, and public relations as described below.

Alaska Statute AS 29.35.210(a)(8) authorizes the Borough to provide for economic development on a nonareawide basis by ordinance. Economic development means private sector expansion that creates permanent jobs, adds to the Borough's long-term tax base, and results in enhanced economic activity and quality of life for Borough residents.

Borough code 19.10 provides for the promotion of tourism for areas of the Borough outside of the cities. The authority to provide for tourism promotion may be carried out by the Borough administrative staff, by contract, by grants to nonprofit organizations established for tourism and economic development, or by grants to municipalities having programs that can meet the needs of the Borough for its nonareawide program.

Contractual Services, EDD. The Kenai Peninsula Economic Development District (KPEDD) requests funding to support outreach, training, and small business assistance; outcomes include:

- Implement the goals outlined in the federally-approved Comprehensive Economic Development Strategy.
- Lead and coordinate the Kenai Peninsula Regional Broadband Taskforce efforts toward equitable broadband infrastructure development across communities.
- Coordination and identification of housing and childcare access by connecting corporate and private funding sources with providers.
- Host the 2025 Industry Overview Forum to provide updates to legislators, Tribes, cities, businesses, and residents on projects, economic outlooks, and emerging technologies.
- Improve transportation infrastructure by creating a Regional Transportation Planning Organization, bringing together Department of Transportation, transportation providers, and user groups.
- Support workforce development planning and programming by working with workforce development boards, training entities, Department of Labor to eliminate redundancies and support connections between industry employers and a prepared workforce.
- Host semi-annual regional municipal discussions with City Managers regarding funding and development opportunities.

- Disseminate economic data to Municipal Councils and Borough Assembly.
- Create a detailed, interactive GIS map to incorporate economic data from regions and communities.
- Maintain updated digital dashboard of KPB economic data.

Funding for FY2025 is budgeted at \$175,000 to supplement KPEDD personnel costs.

Contractual Services, SBDC. The Alaska Small Business Development Center (SBDC), South West Region, requests funding to actively support new and existing businesses through no-cost business advising services, workshops, and educational forums. The Kenai Peninsula Center consists of business advisors in Soldotna, Homer, and Seward. Measurable goals and outcomes include:

•	Advising hours:	2,226
•	Clients advised:	300
•	New businesses started & bought:	40
•	Jobs supported:	500
•	Capital infusion:	\$4.4 million

Funding for FY2025 is budgeted at \$135,000 to supplement personnel, contractual, facilities, and administrative costs.

Contractual Services – KPB Public Relations. The Borough will achieve public relations objectives as described in the 2020 KPB Communication Strategy & Implementation Plan with an emphasis on government services provided by the Borough.

Funding for FY2025 is budgeted at \$100,000 to provide funding for contractual services and activities that will improve the Borough's public relations.

Contractual Services – KPB Promotion. The Borough will achieve objectives on a non-areawide basis with a focus on tourism and economic development, as approved by Resolution 2021-007.

Funding for FY2025 is budgeted at \$100,000 to provide funding for contractual services and activities that will promote the Kenai Peninsula Borough as a community and entity.

Department 94910 - Non Departmental - Continued

Line-Item Explanations

Expenditures and transfers in the General Fund Non-Departmental budget are those which are not attributable to a specific activity or department.

40511 Other Benefits. Unemployment compensation payments for Borough 50308 Transfer to Debt Service. To cover the current portion of principal General Fund Employees.

43510 Insurance Premiums. Property, liability, and other insurance coverage for the Borough's general fund.

50241 Transfer to School District Operations. The local effort required for the School District operating budget and in-kind services, which are maintenance, custodial, audit, insurance, and utilities.

50242 Transfer to Post-Secondary Education. Provide post-secondary education funding on an area wide basis to institutions that are a part of the University of Alaska system. Funding is restricted to operations and may only be used for instruction and the operations of facilities used to provide curriculum or programs offered within the Borough.

50264 Transfer to 911 Communications. Providing funding for costs not eligible to covered by the e911 surcharge.

50290 Transfer to Solid Waste. For the operations and management of the Solid Waste Department, covers operations, debt service, and capital project contributions.

and interest on outstanding general obligation bonds for schools (\$4,936,951).

50400 Transfer to School Revenue Capital Projects. Funding for improvements at various schools (\$4,000,000).

50407 Transfer to the General Government. Funding for equipment and improvements to various general governmental facilities.

50407-50446 PILT Transfer to the General Government and Fire and Emergency Service Capital Project Funds. General Fund grant provided with Payment in Lieu of Taxes (PILT) received on an annual basis by the Kenai Peninsula Borough. Cost of Emergency Services are eligible expenditures for these funds. There is a 10% fund match required for the grant portion of the proposed funding. The grant funds are provided over a two year period.

60000 Charges (to) From Other Departments. (\$932,964). Amount included in the operating budget of the Purchasing and Maintenance Departments expected to be charged to the general fund \$120,000 and indirect cost recovery from Borough capital projects and grants (\$125,000). An admin service fee is charged to the operating budget of service areas and various funds to cover a portion of costs associated with providing general government services (\$927,964).

For capital projects information on this department - See the Capital Projects section pages 344-345, 352

Special Revenue Funds

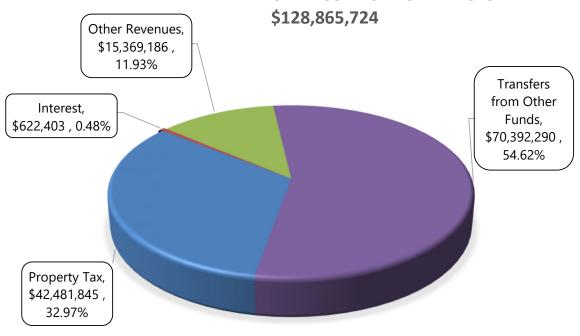

Special revenue funds are established when there are legal requirements restricting specific resources to expenditure for specified purposes, which are not appropriately budgeted elsewhere. They are commonly used for voter-authorized services, grants, entitlements, and shared revenues. Kenai Peninsula Borough Special Revenue Funds are as follows:

Emergency Services

The Borough has eight (8) service areas, in which seven (7) were created by the voters, to prepare and respond to emergency situations within their respective service area boundaries. These services include fire protection, ambulance, search and rescue, and flood mitigation. Each service area has a separate board of directors and its own taxing jurisdiction although the Borough sets the mill rate and approves their budget.

The major source of revenues for each of these Service Areas is property taxes. Additional funding is provided through state grants, interest earnings and ambulance fees. A listing and summary of these service areas is shown below.

In addition to the Service Areas, the Borough's 911 department is included in this section.

Nikiski Fire Service Area – this service area provides fire protection, emergency medical and ambulance, and search and rescue for the Nikiski area, as well as Beluga and Tyonek. There are currently 26 permanent employees and 30 volunteers.

Bear Creek Fire Service Area – this service area provides fire protection and first responder medical service for the area outside the City of Seward's city limits. This service area has 2.5 permanent employees and 26 volunteers.

Western Emergency Service Area – this service area provides fire protection, emergency medical and ambulance, and search and rescue for the Anchor Point, Nikolaevsk, Ninilchik, and surrounding areas. This service area has 13 permanent employees and 24 volunteers.

Central Emergency Service Area – this service area provides fire protection, emergency medical and ambulance, and search and rescue for the Soldotna, Kasilof, Kalifornsky Beach, and Sterling areas. There are currently 49 permanent employees and 30 volunteers.

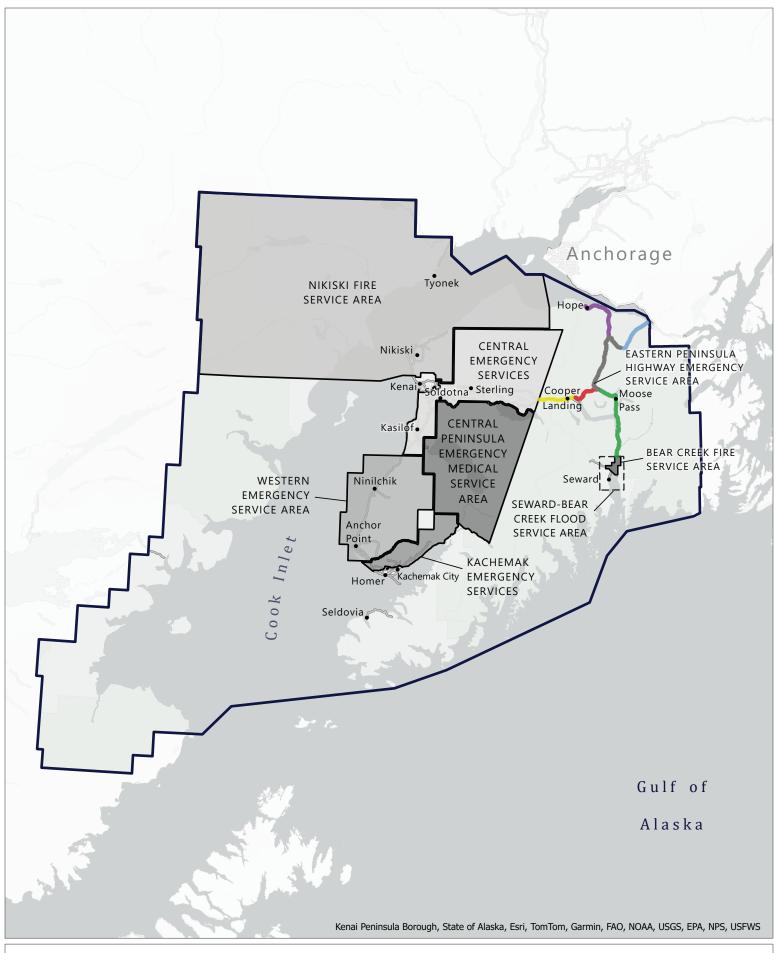

Central Peninsula Emergency Medical Service Area – this service area contracts with CES to provide ambulance and emergency medical for the residents residing in the area from Skilak Lake to Tustumena Lake and surrounding areas not covered by CES.

Kachemak Emergency Service Area – this service area provides fire protection, emergency medical and ambulance, and search and rescue for the areas surrounding the City of Homer and Kachemak City. This service area has 9 permanent employees and 38 volunteers.

Eastern Peninsula Highway Emergency Service Area (EPHESA) – this service area provides fire protection, and emergency medical and ambulance services along the heavily traveled highway between various communities along the Seward Highway, the Sterling Highway, and the Hope Highway.

Seward Bear Creek Flood Service Area – this service area was formed to provide flood planning, protection and mitigation services to the residents of the service area, which covers the river drainage area of the City of Seward, Bear Creek, and Lowell Point. There are currently 1.75 permanent employees.

911 Communication Fund – this fund is set up to account for revenues and expenditures associated with operating the Borough's 911 service. The area of service served by this department includes the Kenai Peninsula Borough and the areas in the Municipality of Anchorage along the Seward highway up to McHugh Creek which includes Portage, Girdwood, and Bird Creek.

Kenai Peninsula Borough

Emergency Services, Service Areas

Nikiski Fire Service Area

The Nikiski Fire Service Area was established on August 19, 1969 and was the first fire service area in the Borough. The seven-member board is elected for three-year terms. The service area provides fire protection, emergency medical services, and search and rescue capabilities to a population of 5,875 within a 5,480 square mile area that includes the Cook Inlet and major industrial complexes critical to the Borough.

Many of the 26 permanent employees, and 30 volunteer members are cross-trained to respond not only to fire and medical emergencies but also specialize in high angle, confined space, industrial firefighting, and cold-water surface and dive rescue. Five fire stations are located within the service area. Two stations are located on the Kenai Spur Highway, at Milepost 17.9 and 26.5, one station is located on Holt Lamplight, and the other two stations are located in Beluga and Tyonek.

The major source of revenue is property tax. Additional funding is provided through ambulance billing fees charged to users of the ambulances and interest income. The mill rate is set at 2.70 mills for fiscal year 2025.

Nikiski Fire Service Area

Dept 51110

Mission

The Nikiski Fire Department is committed to providing the highest level of public safety services for the community of Nikiski by maintaining highly-trained emergency personnel. We protect lives and property through fire suppression, emergency medical response, disaster management and community risk reduction. Always Ready – Proud to Serve

Program Description:

- The Nikiski Fire Department provides fire protection, emergency medical service, and rescue capabilities to a population of nearly 5,875 citizens within a 5,480 square mile area that includes the Cook Inlet.
- Five fire stations located in the service area; three stations in Nikiski (two on the Kenai Spur Highway and one on Holt Lamplight), one station in Tyonek and one station in Beluga.
- The department has 25 permanent employees, 30 volunteers, and 7 elected fire board members.

Major Long-Term Issues and Concerns:

- Aging population on the rise, putting a strain on our EMS system.
- Recruitment/retention continues to be a challenge.
- Mental health among emergency workers is a growing concern.
- Unknown future of oil and gas in our area which is a major source of revenue for the Fire Department.
- Growing training requirements creates the need for a training officer in our department.

FY2024 Accomplishments:

- Mobile Integrated Health (MIH) was a huge success:
 - Successfully secured grant funding to support the program.
 - Currently working with KPB Mayor and other stakeholders to add "Crisis Intervention" to the MIH Model
 - Assisted many aging and lower income community members.
 - Created a collaborative network of providers to better meet community needs.
- Hosted 2-day advanced vehicle extrication course for training personnel in advanced techniques to handle vehicle emergencies on the roadways.
- Attended the Fire Conference in Valdez and the EMS Symposium in Anchorage to help serve members of the community.
- Completed Station #3 electronic sign project for emergency/community messaging.
- Continued health and wellness program by making physical fitness a top priority.
- Worked in conjunction with OEM on a wild fire risk assessment project "WiRe" (The Wild Fire Research Center) to help prepare the community and fire department for potential wildland fire.

FY2025 New Initiatives:

- Upgrade Station #2 training building prop to facilitate livefire and various rescue/firefighting scenarios.
- Add 1 additional firefighter and move a senior member into a training officer position.
- Provide high quality training to all members.
- Continue to provide health and wellness, both physical and mental, to our responders.

Performance Measures:

Dept 51110

Priority: Emergency Medical/Fire Rescue Response and Mobile Integrated Health

Goal: Respond to the needs of the community, whether it be an emergency, public education, or non-emergent health care

Objective: Reduce injuries; protect life, and property from emergency events such as fires, vehicle accidents, and natural

disasters. Prepare the community for such events. Serve under-resourced individuals through MIH.

Commentary

Nikiski Fire Department is dedicated to the Community of Nikiski for being the highest level of professional Emergency Services in the State of Alaska that meets the ever-changing needs of the community while ensuring a safe and secure environment for all through professional development, unity and teamwork. Members continue to receive some of the highest levels of training in fire protection and emergency medical services available at the state and national levels.

Department 51110 - Nikiski Fire Service Area - Continued

Line-Item Explanations

40110 Regular Wages. Staff includes: 1 Chief, 1 Deputy Chief, 1 Assistant 43510 Insurance and Litigation Fund Premiums. Increase due to higher Chief, 3 Senior Captains, 3 Captains, 5 Engineers, 9 Firefighters, 1 Mechanic, 1 replacement/repair costs, additional square footage, increased wages, additional Training Officer, and 1 Administrative Assistant.

Added: 1 Training Officer Added: 1 Firefighter Reduced: 1 Senior Captain

40130 Overtime Wages/Stand-by Wages. Increase in overtime wages and decrease in stand-by wages to more accurately show expenditures.

42210 Operating Supplies. Increased due to sensors for new gas monitors.

42220 Fire/Medical/Rescue Supplies. Increased due to medical supply pricing increase.

42250 Uniforms. Decrease due to minimizing uniform items.

42310 Small Tools & Minor Equipment. Decrease due to removing Axes/Pulaskis from budget.

43011 Contractual Services. Physician sponsor contract (\$129,399), physician sponsor travel/training costs (\$2,068) ambulance billing Systems Design (\$28,600), Zoll Autopulse preventative maintenance (\$8,000), EMS training simulator/manikin maintenance (\$2,300), EMS/FF instructor fees (\$8,000), Medevac helicopter services (\$7,500), U/L ladder/pump testing (\$9,000), Extrication training towing vehicles (\$1,600), repair services/embroidery (\$6,500), CLIA laboratory director (\$2,500), emergency towing (\$3,000), posi-chek calibration (\$2,500), quantifit calibration (\$1,200), background checks (\$500), controlled substances disposal (\$500), oil disposal (\$400), vinyl lettering (\$500), and engraving (\$800).

43015 Sample Testing. Increase due to additional water sampling.

43019 Software Maintenance. Vehicle diagnostic licensing (\$1,000), security camera licensing (\$1,500), CAD/Tyler Tech software licensing (\$7,000), PS Trax/Station Automation (\$5,000), G2 US Digital Design dispatch component (\$2,000), and diesel diagnostic w/ web-based software Cummins (\$6,000), and other miscellaneous software maintenance (\$1,500).

43026 Software Licensing. Image Trend (\$4,000), Target Solutions/Vector Solutions/CrewSense Training Database (\$10,500), Handtevy (\$3,000), Operative IQ (\$3,000), Zoom video (\$800), FLOW MSP App (\$3,200), and Box Cloud software (\$600).

43140 Postage and Freight. Fedex (\$1,000), Christmas box shipping (\$1,500), postage (\$400), and Carlile transport (\$500).

43210 Transportation & Subsistence. Increase due to travel and per diem cost for Chief Officer training and Fire Investigator training, firefighter conference, and

43260 Training. Decrease due to Firefighter conference money moving to differrent account and decreases to CHUET and Fire Investigator training.

personnel costs, employee classification changes and premium increases.

43720 Equipment Maintenance. Increase due to Hurst tool service/aint (\$5,000) moved from contract services, Stryker service/maint (\$14,000), sign maintenance (\$2,000), Konica Minolta (\$4,000), chainsaw tool repairs (\$700), extractor/washing machine maint (1,200), SCBA bottle maint/testing (\$2,500), dive equipment maint (\$2,400), air compressor svc/maint (\$3,000), SCBA flow testing (\$5,000), and G2 US digital design service contract (\$10,000).

43750 Vehicle Maintenance. Decrease due to removing Liquid Springs.

43780 Building/Grounds Maintenance. Decrease due to the one time funding in FY24 for maintenance on both Hydro-Flow at Station #3 and 3 windows from Station#1.

48120 Major Office Equipment. Server replacement for Station #1 (\$12,000).

48311 Major Machinery and Equipment. Ventilation training prop (\$5,000) and forcible entry prop (\$12,000).

48513 Major Recreational Equipment. Treadmill for Station #3 (\$8,500).

48710 Minor Office Equipment. Switch for server room Station #1 (\$2,000).

48720 Minor Office Furniture. Increase for 4 office chairs (\$500 ea.).

48740 Minor Machinery and Equipment. Mechanic tools/sockets (\$4,100) and refrigerator for Station #2 (\$2,000).

48750 Minor Medical Equipment. Lucas medical equipment (\$2,400), pedi sensors (\$2,100), AED X Series attachments (\$2,400), O2 large cylinder rack (\$900) and other miscellaneous equipment (\$2,816).

48760 Minor Fire Fighting/Rescue Equipment. Turnout gear (\$28,800), boots (\$5,200), fire fighter gloves (\$2,000), helmets (\$3,240), nozzles (\$2,000), rechargeable lights (\$2,025), fire fighting hand tools (\$2,000), Beluga/Tyonek fire fighting gear (\$8,000), forestry gear (\$3,500), hose (\$5,500), rescue equipment (\$6,000), SCBA face masks (\$1,875), and other miscellaneous fire equipment (\$3.000).

50441 Transfer to Capital Projects. Annual transfer to long-term Capital Projects funds. See Capital Projects section of this document.

61990 Admin Service Fee. The administrative service fee is charged to service areas and various funds to cover a portion of costs associated with providing general government services. The FY2025 amount is 2.5% of the personnel, supplies, services, and capital outlay budgets.

For capital projects information on this department - See the Capital Projects Section - Pages 344-345,348,356,391-393

Bear Creek Fire Service Area

This service area was created on January 25, 1977, to provide fire protection and limited ambulance service for the area outside the City of Seward's city limits. The department is staffed by three permanent employees and 26 volunteers. Five elected citizens serve on its board.

The fire station is located at 13105 Seward Highway just outside the City of Seward. Equipment consists of two rescue pumpers, three tankers, one brush truck, one ambulance, and one support truck.

Revenue is raised through property taxes. The mill rate is 3.25 mills for fiscal year 2025.

Bear Creek Fire Service Area

Dept 51210

Mission

Provide rapid emergency fire, E.M.S., and rescue response services in addition to community risk reduction to the residents and visitors of the Bear Creek Fire Service Area.

Program Description

The Bear Creek Fire Service Area provides support staff consisting of a three-quarter Fire Chief, a three-quarter Fire Technician, a full-time Fire Technician, and a Board of Directors to assist the Bear Creek Volunteer Fire & EMS, Inc., consisting of 26 volunteers, in providing emergency response to the residents of BCFSA and the State of Alaska. The Service Area staff and volunteer responders work cooperatively in providing community fire suppression, rescue and emergency medical services, firefighter and EMS training, and public education to residents in the community as well as the greater Seward Area.

Major Long-Term Issues and Concerns:

- Availability of housing in the service area (directly ties to recruitment, retention, and funding).
- Reduce response times to calls within service area.
- Limited water source options in the service area.

FY2024 Accomplishments:

- Secured two water use agreements with private land owners and established one draft site on Borough-owned property providing a nearby water source for two of the four identified neighborhoods in need.
- Changed mission statement to include formalizing community risk reduction efforts.
- Began the build-out phase of living quarters on second floor of the fire station.

FY2025 New Initiatives:

- Finish construction of the fire station upstairs area.
- Establish a volunteer responder shift.
- Move the base level of certification for Fire and EMS from Fire Ground Support and ETT to Firefighter I and EMT I.
- Build out the support training platform that supports the new base level of certification.
- Continue training EMS and fire instructors for the purpose of providing more in-house courses.
- Replace 2 four wheelers ahead of scheduled replacement, utilizing a volunteer grant for purchase.

Performance Measures:

Priority: One

Goal: Improve Response Times and Responder Average - Reduce Time from Call to Enroute by Two Minutes

Objective: 1. Finish 24-hour living quarters in upstairs part of station.

2. Establish 24-hour representation between the paid staff and volunteer responders.

3. Move to a POV response plan for all-call responders for EMS only incidents.

Call Volume Report	FY2022 Actual	FY2023 Actual	FY2024 Projected	FY2025 Estimated
Total Number of Calls	134	119	163	173

Bear Creek Fire Service Area - Continued

Dept 51210

Priority: Two

Goal: Increase the Standard of Certifications for Responders

Objective: 1. Establish EMT I as a basic level of training for all volunteers with two years at Bear Creek.

2. Establish Firefighter I as a basic Level of training for all volunteers with two years at Bear Creek.

3. Increase the number of EMS and Fire Instructors for in-house courses.

4. Expand emergency medical services to include transport for the service area.

Certification Level of Responders	FY2022 Actual	FY2023 Actual	FY2024 Projected	FY2025 Estimated	
ETT – Certifications	9	9	4	5	
EMT – I/II/III Certifications	15	16	23	25	
Fire Ground Support Personnel/Basic Firefighter	14	10	14	9	
FFI/FFII & Fire Officer	14	17	16	21	
EMS/Fire Instructors	4/3	2/3	2/5	4/5	
Certified EMS and Fire Training (Support Courses for basic level of Training)	32 sessions 116 hrs.	38 sessions 86 hrs.	66 sessions 228 hrs.	75 sessions 300 hrs.	
Company Training (Non-Certified Trainings)	99 sessions 216 hrs.	164 sessions 399 hrs.	192 sessions 254 hrs.	70 sessions 140 hrs.	

Priority: Three

Goal: Increase Community Risk Reduction Efforts

Objective: 1. Increase contact with the general public through community activities, open house, and other public safety programs.

- 2. Continue efforts educating children in fire prevention and EMS education through increased school involvement.
- 3. Initiate pre-plan program focusing on developing and maintaining annual building familiarizations on commercial properties in the service area.

Community Risk Reduction	FY2022 Actual	FY2023 Actual	FY2024 Projected	FY2025 Estimated
Open Houses/Activities Exposing the General Public to Fire Prevention Education	3	8	10	10
In-School Visits for Fire Prevention Education	0	1	2	2
Community Q-CPR and/or First Aid Courses	5	12	12	12
Kenai Public Schools EMS Courses (Students Certified)	NONE	CPR 31	CPR 41/ETT 3	CPR 40/ETT 5
Building Familiarizations in Service Area (Number/Percentage)	NONE	NONE	31/50%	62/100%

Commentary

The department administration, with the support of volunteers, will continue to build upon and foster the relationship with the Service Area Board and Assembly to move the Service Area ahead financially and as a vital community service.

Line-Item Explanations

(0.25 of the Fire Chief and 0.25 of one of the Fire Technician are reimbursed Premiums are for coverage of workmans' compensation, property, liability, and through contract agreement with EPHESA).

shift \$54,765.

40210 FICA. Increased due to addition of volunteer shift \$4,189.

42210 Operating Supplies. Reduced to reflect a more accurate value of annual operating supplies useage.

42250 Uniforms. Increased due to EMS Jackets being reclassed from 48750.

42410 Small Tools and Minor Equipment. Increased to reflect a more accurate value of annual expenses.

43011 Contractual Services. Reduced due to removal on-call maintenance and vehicle/small engine maintenance (\$5,000). Includes Medical Director's program 48514 Major Firefighting Equipment. Increased to cover the purchase of a (\$16,223), out-of-state background checks and DMV checks on perspective truck-mounted snow plow (\$11,000) and a truck-mounted topper (\$5,000). employees (\$500), air quality testing for SCBA compressor (\$600), EMT I/Bridge course (\$2,400), and embroidery services for uniforms (\$500).

43019 Software Maintenance. Decreased due to educational software being moved to other object code. Milestone Surveillance (\$475), Zoom License (\$270).

43026 Software Licensing. Increased due to educational software and dispatch software being moved to this new object code. Vector Solutions (\$3,852) and EDispatches (\$1,615).

43210 Transportation & Subsistence. Increased to cover cost of travel to Juneau for Fire Chief's Legislative Conference (\$2,050), travel and lodging for 50342 Transfer Bear Creek Fire Debt Service. To cover the current portion of Firefighter's Conference (\$1,150), the cost of the annual awards banquet meal (\$500), quarterly Medical Director run review & leadership meetings (\$400), administrative travel and per diem to Soldotna for budget, dispatch, and service area-related meetings (\$1,450), and meal allowance for volunteers on long-term 50442 Transfer Bear Creek Capital Projects. Annual transfer to fund long-term incidents and in-house courses (\$700).

Conference (\$400), registration for the Firefighter's Conference (\$500), and initial EMS and Fire Certifications (\$1,015).

40110 Regular Wages. Staff includes: 1 Fire Chief and 2 Firefighter Technicians 43510 Insurance and Litigation Fund Premiums. Increased by (\$5,186). other insurance.

40120 Temporary Wages. Increased amount for addition of volunteer responder 43610 Utilities. Increased to reflect anticipated costs associated with increase in utility costs.

> 43720 Equipment Maintenance. Decreased due to lower radio maintenance expenditures (\$4,300). Includes extrication equipment annual maintenance (\$1,700), air pack annual maintenance (\$1,500), compressor maintenance (1,400), fit tester calibration (\$650), and Konica Minolta copier contract (\$600).

> 43780 Buildings/Grounds Maintenance. Decreased due to smart system migration being complete in FY24.

> 43920 Dues and Subscriptions. Decreased due to dispatch software being reclassed to Object Code 43026 per GASB requirement.

48750 Minor Medical Equipment. Decreased due to EMS jackets being reclassed to 42250.

48760 Minor Firefighting/Rescue Equipment. Purchase three sets of structural firefighting gear (\$10,000) and 10% Match plus shipping for Volunteer Fire Capacity Grant (\$1,000).

50264 Transfer to 911 Communications. To cover charges from E911 for the cost of operating the E911 dispatch center in Soldotna (\$8,441).

principal and interest for bonds issued in FY2013 to finance the construction of the multi-use facility (\$86,504).

capital projects/replacement requirements. See capital projects section.

43260 Training. Increased to cover registrtion for the Fire Chief's Legislative 61990 Admin Service Fee. The admin service fee is charged to service areas and various funds to cover a portion of costs associated with providing general government services. The FY2025 amount is 2.5% of the personnel, supplies, services, and capital outlay budgets.

Western Emergency Service Area

Originally established in October 1983, and expanded 612 square miles to include the Ninilchik area in February 2021, this service area provides fire protection and emergency services in the Anchor Point, Ninilchik, Happy Valley, Clam Gulch, Nikolaevsk and Caribou Hills. The service area covers 45 miles of the Sterling Highway, all of the Old Seward Highway, Oil Well Road, and the majority of the North Fork Loop. The department is staffed by 13 full-time permanent employees and 24 volunteers. Five service area residents are appointed by the Mayor and confirmed by the Assembly to serve on its board, each serving a three-year term.

The service area operates five engine/pumpers (one of which are housed in the satellite station in Nikolaevsk Village), one rescue truck, five pumper/tenders, five ALS ambulances (one of which is housed in the satellite station in Nikolaevsk Village), one ladder truck, three command vehicles, six utility vehicles (one of which is housed in the Nikolaevsk station), two wildland brush truck, and two UTVs for wildland and beach access.

Western Emergency Service Area

Dept 51410

Mission

Western Emergency Services is committed to meeting the needs and exceeding the expectations of the citizens of our community with effective emergency and non-emergency services by protecting life and property through firefighter/EMS training, public fire education, and fire prevention.

Program Description

Western Emergency Service Area is responsible for providing fire suppression and rescue for protection of life and property and emergency medical services to an 826 square mile area which includes Anchor Point, Ninilchik, Happy Valley, Clam Gulch, Nikolaevsk, and Caribou Hills. The service area covers 45 miles of the Sterling Highway, all of the Old Sterling Highway and Oil Well Road, and the majority of the North Fork Loop.

Major Long-Term Issues and Concerns:

- Continued volunteer recruitment and retention.
- Obtaining funds to replace aging apparatus and utility vehicles. Current revenue does not support any realistic replacement plan without significant grant funding.
- Construction of a new station in Happy Valley to address a 10-mile stretch along the Sterling Highway in between Ninilchik and Anchor Point that are not within 5 miles of a station.
- Obtaining funding for the renovation and expansion of Station 3 in Anchor Point.
- Meeting minimum staffing requirement of 2 per station, to continue decreased response times.
- Secure funding for live-fire training facility within the service area.

FY2024 Accomplishments:

- Installed medical oxygen cascade system at station 1 to eliminate reliance on vendors to fill smaller oxygen bottles.
- Replaced furniture in bunk room day room and dining area at both stations.
- Relocated training center at Station 3 to additional building acquired, which allows for needed training room expansion.
- Completed the replacement, installation and programming of all mobile radios on apparatus.
- Replaced Ninilchik repeater, consolettes and base stations at Station 3 due to equipment being no longer supported by manufacturer.
- Provided joint EMT1 and EMT 2 classes with Kachemak Emergency Services.
- Hosted National Fire Academy Incident Safety Officer class in Anchor Point with attendance from WES members and six other agencies.
- Implemented a borough wide Multi-Agency Medical Operations Manual integrated in a mobile application.

FY2025 New Initiatives:

- Increase staffing to provide minimum response capabilities.
- Replace overhead door in shop behind Station 3 to provide for more timely response.
- Continue to implement Knox rapid access system for commercial properties and businesses to allow for emergency entry.
- Continue to review all existing incident preplans and, complete new preplans for all commercial properties.

Performance Measures:

Staffing	FY2022	FY2023	FY2024	FY2025
	Actual	Actual	Actual	Proposed
Staffing History	10	10	10	13

Priority: Public Safety

Goal: Provide the highest level of fire and emergency medical training and certifications for department members.

Objective: Continue with ongoing, quality training to meet State of Alaska fire and EMS training standards.

Measures: Certification and qualifications of employees and volunteer members.

Line-Item Explanations

40110 Regular Wages. Staff includes: 1 Chief, 1 Deputy Chief, 3 Captains, 6 Firefighters, 1 Firefighter Technician, and 1 Mechanic.

Added: 2 FTE Firefighters and 1 FTE Captain

40120 Temporary Wages. Volunteer stipends for shifts, responses and training.

42210 Operating supplies. Increased due to rising cost of supplies.

42220 Fire/Medical/Rescue Supplies. Increase for additional medical supplies and increased costs.

42230 Fuel, Oils, and Lubricants. Increased for rising fuel costs.

42250 Uniforms. Increased for additional staff.

42360 Motor Vehicle Repair Supplies. Increased to replace aged tires on fire apparatus.

43011 Contractual Services. Medical director contract (\$17,644), annual ground ladder, aerial, and pump testing (\$8,700), O2 cylinder maintenance (\$1,500), ambulance billing service (\$7,500), drug disposal services (\$1,000), annual appreciation, training & retention banquet (\$5,000), medical equipment service contract (\$13,700), compressor service contract (\$3,000), background checks (\$1,200), and Embroidery/sewing repair service (\$1,000).

43019 Software Maintenance. Security cameras software (\$400), training maintenance database software (\$500), and CAD interface software (\$3,200).

43026 Software Licensing. Fire/EMS records management software (\$4,500), pediatric guide and protocol software (\$2,200), training maintenance database software (\$7,500), vehicle diagnostic software (\$1,800), vehicle maintenance & equipment inventory supply software (\$4,500), EMS evaluation software (\$1,200),dispatch alerting software (\$660), and video conferencing license (\$550).

43210 Transportation/Subsistence. Attendance at the Alaska EMS Symposium in Anchorage, Alaska State Firefighter Conference, Alaska Arson Investigator Conference in Sitka and Fire Chief Summit in Juneau.

43260 Training. Alaska State Firefighter conference, EMS Symposium, annual training for EMT, Firefighter and Haz-Mat Ops classes, and Fire Chief's Conference, Paramedic School.

43510 Insurance Premium. Premiums for coverage for workman's compensation, property, liability, and other insurance.

43610 Utilities. Increased to reflect current costs.

43720 Equipment Maintenance. SCBA testing cylinder hydrotesting (\$9,000), Konica Minolta (\$2,900), and radio maintenance (\$13,000).

43780 Building/Grounds Maintenance. Increased to replace signage at all 3 stations (\$17,500).

43920 Dues and Subscriptions. International, Alaska and Local Association memberships for Fire Chiefs and other fire/EMS related miscellaneous memberships, dues, licensing and subscriptions.

48515 Medical Equipment. Match for Code Blue Grant (\$2,690), 4 ultrasound wands (\$5,000 each).

48710 Minor Office Equipment. Communication equipment replacement for items that become damaged beyond repair (\$3,000).

48740 Minor Machines & Equipment. Miscellaneous replacement of minor equipment (\$1,500).

48750 Minor Medical Equipment. 4 IV infusion pumps (\$3,620 each), 4 video laryngoscopes (\$3,699 each), and miscellaneous medical equipment (\$3,500).

48760 Minor Fire Fighting Equipment. 8 sets of new turnout gear, helmets, boots, gloves and other related PPE per 10 year replacement plan (\$44,000), VFA grant matching funds (\$754), and miscellaneous minor fire equipment that may become damaged during use (\$3,500).

50252 Loan Payment to LTIF Fund-Land Acquisition. Annual Payment to LTIF for Land acquisition (\$90,508), payment 3 of 10.

50444 Transfer to Capital Projects. Annual transfer to fund long-term capital projects/replacement requirements. See capital projects section of this document.

61990 Admin Service Fee. The admin service fee is charged to service areas and various funds to cover a portion of costs associated with providing general government services. The amount is 2.5% of the personnel, supplies, services, and capital outlay budgets.

For capital projects information of this department - See the Capital Projects section - Pages 344-345, 349, 358

Central Emergency Service Area

In October 1991, voters approved the unification of the Ridgeway/Sterling Fire Service Area, the Kalifornsky Fire Service Area, a portion of the Central Peninsula Emergency Medical Service Area, and fire powers from the City of Soldotna. Previously, these areas had been operating as Central Emergency Services under an intergovernmental agreement to provide fire and emergency medical services. At the October 2004 election voters elected to admit the more populated areas of the Central Peninsula Emergency Medical Service Area to this service area. A five-member joint operations board is elected by voters within the Central Emergency Service Area and the Central Peninsula Emergency Medical Service Area.

The staff includes 49 permanent employees and 30 volunteers. There are 8 fire stations, 5 staffed stations and 3 un-staffed sub-stations.

Board Members

Steve Tachik Ralph Linn Ryan Kapp Leslie Morton Gary Hale

Fund 211

Central Emergency Service Area

Dept 51610

Mission

"Central Emergency Services is dedicated to protecting the lives and property of our community and visitors by providing professional emergency services through incident response, training, public education and fire prevention."

Teamwork-Integrity-Dedication-Pride

Program Description:

- CES serves a population of 24,143 citizens within a 1,000 square mile service area.
- CES operates four staffed stations and one parttime/volunteer staffed stations, as well as two fill site stations
- Staffing consists of 46 career, 3 support, and 30 volunteer personnel.

Major Long-Term Issues and Concerns:

- Finalize construction bid for the new Soldotna fire station to deliver emergency services to the community.
- Staffing all Stations full-time, supplemented with volunteers, with limited revenue.
- Meeting the needs of training, staffing and succession planning for the service area.
- Address long term funding and alternative funding in order to maintain and deliver current levels of fire protection and emergency services.
- Monitor trends throughout the fire service to improve efficiency and effectiveness.

FY2024 Accomplishments:

Administration:

- Hired second fleet mechanic, decreasing out-of-service time related to mechanical repair needs of ambulances and fire trucks. Improved preventative maintenance, which reduced annual maintenance costs.
- Ordered mobile radios for all emergency vehicles, once installed will complete a phase of required radio upgrade project.
- In collaboration with the Office of Emergency Management, 911 and GIS, worked on emergency pre-planning by establishing formal evacuation zone maps for the service area. This will improve communication and information dissemination during a disaster.
- New Fire Marshal promoted within the ranks of CES, encouraging retention and further succession planning.
- Completed initial design/engineering plans for construction of the new Soldotna Fire Station.

Operations/Training:

- Arc Loop Training Site expansion, security fencing and gates completed. The expansion gives more space for improved training and safety.
- Fire hose evaluation completed, with planned implementation of true inside diameter hose. This change increases water flow, and reduces firefighter fatigue and gives true pump pressures for safety.
- Two firefighters attended Swiftwater Rescue Instructor course in Golden, CO. Becoming certified to provide training locally reduces training costs for the department and adds flexibility.
- Alaska Firefighter 1 class delivered, having classes hosted by CES enhances recruitment and retention of volunteers.
- Alaska Fire Instructor 1 class delivered, creating more inhouse state certified instructors, helping maintain state accreditations and reducing costs of outside training.
- Provided multiple certifications and trainings in house, including ETT, Firefighter 1, Firefighter 2, Fire Apparatus Driver Operator and Certified Car Seat Technicians. Offering training in house ensures our personnel are trained to our standards and reduces overall training costs compared to external training.
- Hosted two regional trainings for hose operations and fireground operations. Having these classes locally allowed more students the opportunity to attend classes that are normally only accessible outside the state.

FY2025 New Initiatives:

- Work on full-time staffing options for Kasilof Station #6, giving our Kasilof residents the same staffing level as Kalifornsky Beach, Sterling and Funny River.
- Break ground on construction of the new Soldotna Fire Station. This will improve emergency response capability and reduce costs by operating a multipurpose headquarters fire station.
- Continue work on Officer Development Program to improve morale, accountability and succession planning.
- Continue training project to include live fire car/pressurized vehicle props to improve training operations, increasing the skill level of personnel to deliver better services.
- Implement new Personnel Scheduling software to improve management and efficiency in personnel staffing of fire stations for full-time and volunteer emergency responders.

Commentary

Central Emergency Service Area Staff has completed the designs for the new Soldotna Fire Station #1. Once the project is awarded, groundbreaking is scheduled for Summer of 2024. The support of the CES Service Area voter's approval of the Soldotna Fire Station Replacement bond and construction of a new Headquarters/Fire Station has been a community effort. Plans for combining the administration and the fire station operations into one building will improve emergency operations, and be more efficient and effective in saving overhead costs.

CES continues to see increases in the number of simultaneous calls that occur. Priority should be made in securing future grants, and plans of full-time staffing of the Kasilof Fire Station #6, providing the Kasilof residents the same staffing levels as the communities of Sterling, K-Beach, and Funny River. Increase volunteer responders, and when available, continue to supplement the minimum staffing levels at the fire stations to provide a well-trained and effective emergency responder workforce.

CES will also need to focus on training a younger workforce, last year ten new firefighters were hired, improvement in training delivery and planning will reduce risk and ensure a properly trained workforce for response to the ever-rising demands for service. The Central Peninsula's aging population and growing medical facility infrastructure will ensure a steady increase in the need and reliance on emergency medical treatment and transport. The department has seen a steady increase in non-emergency related transports and lift assists that will continue to trend as the community ages.

Department 51610 - Central Emergency Services - Continued

Line-Item Explanations

40110 Regular Wages. Staff includes: 1 Chief, 1 Deputy Chief, 1 Training Officer, 43750 Vehicles Maintenance. Reduced due to additional mechanic and 1 Fire Marshal, 4 Senior Captains, 4 Captains, 33 Engineers-EMTs, 1 Fire more repairs being completed inhouse. Technician, 2 Mechanics, and 1 Administrative Assistants.

40130 Overtime Wages. Increase due to additional personnel, increased callback, and to reflect true overtime costs..

42210 Operating Supplies. Decrease due to proposed new water filtering system and less bottled water needed.

42220 Fire/Medical/Rescue Supplies. Increase due to higher supply costs.

43011 Contractual Services. Medical director contract (\$129,400), ambulance billing (\$44,000), UL aerial, ladder testing (\$8,000), boat operations class instructor fees (\$7,380), paramedic refresher instructor fees (\$5,500), custodial services-OEM (\$8,400), drain haz-mat removal (\$10,000) bunker gear repair (\$4,200), medical director travel/training (\$2,068), vehicle towing (\$2,500), DEA drug disposal (\$750), background checks (\$1,000), annual bond audit fee (\$1,500), Image Trend live tech support (\$6,500), CLIA Liscense (\$2,500), and other miscellaneous small contracts (\$4,925).

43015 Water/Air Sampling. Continued water testing for all stations with wells.

43019 Software Maintenance. Increase in software costs due to changes in scheduling software, and regular software maintenance contract increases. Fire Station Alerting (\$25,000), Fire records management software (\$10,600), scheduling software (\$11,700), security camera software (\$1,500), CAD Integration (split with 911, \$6,835) station encoder interface software (\$7,500), training maintenance database software (\$395), and Ambulance Diagnostics (\$50).

43026 Software Licensing. Fire records software (\$14,385). fire building pre-plan software (\$900), fire scenario training software (\$495), pediatric guide software (\$2,036), Microsoft outlook software w/upgrades (\$3,194), training maintenance database software (\$11,590), vehicle diagnostic software (\$1,500), key secure system (\$1,300), Sim Man trainer (\$1,249), vehicle maintenance equipment inventory supply software (\$10,500), Zoom (\$780), Survey App (\$300), Crowdstrike (\$150), and E-Dispatches (\$2,200).

43720 Equipment Maintenance. Appliance repair (\$1,000), copier maintenance (\$3,000), exercise equipment maintenance/repair (\$1,500), gas monitor calibration/repair (\$1,600), dive cylinder testing (\$1,800), I-Stat testing (\$5,500), fire extinguisher service /maintenance (\$2,500), ladder maintenance (\$1,500), OHD fit test calibration (\$1,000) posi-check annual calibration (\$2,000), radio equipment maintenance (\$10,000), SCBA repairs (\$2,500), eDraulics equipment maintenance (\$3,700), and powercot/lifepack service contract (\$44,544).

43780 Buildings and Ground Maintenance. Increased for leach field replacement at Station 4.

43810 Rents and Operating Leases. Booth rentals for public education (\$80), oxygen cylinder rental (\$3,600), portable toilet rental for training site (\$3,600), propane tank rental (\$1,000), room rental for awards (\$1000), bunker gear rental (\$1,900), tool rental (\$900), and training/conference room at Soldotna Prep (\$7,840).

48515 Medical Equipment. Portable CPR device for ambulance (\$22,000).

48630 Improvements Other Than Buildings: Water softener system at Station 6 (12,000).

48710 Minor Office Equipment. Replace five standard desktop computers (\$950 each), six monitors (\$265 each), and five sound bars (\$40 each) for Stations 1 and 3, and one laptop for mechanic (\$1,600).

48720 Minor Office Furniture. Six chairs for Station 4 (\$300 each), five mattress replacements (\$500 each), Two Desks (\$1,000 each) and two office chairs (\$450 each) for Admin ofice and four recliners (\$1,200 each).

48740 Minor Machines and Equipment. Natural gas detector (\$600), Carbon Dioxide detector for Fire Investigations (\$600), 12 gas detection units (\$525 each), Station 3 dishwasher (\$1,100), Station 3 TV (\$500), Station 5 Refrigerator (\$1,200), and vacuum cleaners for Stations 1, 5, 6 (\$400 each).

48750 Minor Medical Equipment. Lifepack charger unit (\$1,500).

48755 Minor Recreation Equipment. Commercial Dumbbell Set for Station 1 (\$5,000).

48760 Minor Firefighting Rescue Equipment. Decrease (\$15,750). Bunker gear (\$56,820), firefighter tools to outfit apparatus per ISO, SCBA tanks, rescue tools, nozzles, supply and wildland hose (\$66,500), wildland equipment (\$10,000), water dive/rescue (\$7,646), cold weather PPE Coats (\$4,000), and swift water suits (\$2,500).

61990 Admin Service Fee. The admin service fee is charged to service areas and various funds to cover a portion of costs associated with providing general government services. The amount is 2.5% of the personnel, supplies, services, and capital outlay budgets.

Central Peninsula Emergency Medical Service Area

Established in October 1981, this service area was formed to provide ambulance and emergency medical services for the residents of the Central Peninsula area of the Borough. At the October 1991 and 2004 elections, the most populated areas of this service area were consolidated into the Central Emergency Service Area. Ambulance service to the remaining portion is provided by Central Emergency Services, and the taxes collected in this area are transferred to the Central Emergency Service Area for payment of this service.

A five-member joint operations board is elected by voters within this service area and the Central Emergency Services Area to provide oversight of the joint operations of the two service areas. The mill levy for fiscal year 2025 is 1.00, which is the maximum allowed.

Kachemak Emergency Service Area

This service area was created on October 10, 2000, to provide fire protection and emergency medical service for the area surrounding the City of Homer and Kachemak City. The fire department is staffed by 9 permanent full-time employees and 38 volunteers. Five service area residents are appointed by the mayor and confirmed by the Assembly to serve on its board, each serving a three-year term.

Revenue is raised through property tax. The mill rate is set at 3.66 mills for fiscal year 2025.

Additional funding is provided through ambulance billing fees and interest income.

Kachemak Emergency Service Area

Dept 51810

Mission commitment

Safeguard the lives and property of the greater Homer community through proactive training, best practices, preparation, and a solid to standards of excellence while providing safe, effective, and efficient emergency services.

Program Description

KESA provides fire suppression and emergency medical & rescue services to a 214-square-mile area surrounding the City of Homer on the South Kenai Peninsula.

Major Long-Term Issues and Concerns:

- Sustainability of responses for Kachemak community without commercial or industrial revenue.
- Absence of active volunteer responders.
- Need to transition to a Career Department do to lack of interest of volunteers and convert to 56-hour employees to cover increased call volume and reduce response times.
- Lack of living quarters, storage, and office space at Stations 1 and 2, aging of Station 1, and finding cost-effective solutions to these issues.
- Support for a response plan for the Kachemak Selo community and the proposed new school.

FY2024 Accomplishments:

- Successfully trained one paramedic on staff to return to paramedic-level care established when the Service Area (SA) became independent in 2009. With the 214-squaremile SA and very long transport times, this will save lives.
- The successful completion of the Public Education Program
 with training in CPR/First Aid and Fire Safety which will help
 mitigate potential negative outcomes for calls to some
 areas with long response times due to their distance from a
 station.
- Performed several needed upgrades to Station 1 including conversion to LED Lighting in the bays. The switch to LED lighting in the bays will save on electricity and also give us a brighter work area.

FY2025 New Initiatives:

- Change 40-Hour Firefighter Tech Positions to 56-Hour Firefighter/EMT's to improve response times and call coverage.
- Reinstate recruitment and training for villages in the SA. This
 will help reduce call response times to these areas, as well
 as using all resources to recruit needed volunteers.
- Recruitment for a Firefighter 1 class in the fall of 2024.

Performance Measures:

Priority: Fire and Emergency Medical Services

Goal: Timely response, professionalism, courtesy, and knowledge displayed to emergency incidents in all areas.

Objective: 1. Provide fire and emergency medical response on scene within 8 minutes of c all for all areas.

2. Continue to deliver professional services while leaving a positive impression and outcome to the customer.

3. Build on strengths and ratify areas of deficiency.

Priority:

Increase Service Level for Emergency Medical Response

Goal:

Establish program service area-wide for advance life support care in line with other advanced service areas within the Borough.

Objective:

- 1. Train responders to master new standing orders and increased medical procedures.
- 2. Upgrade medical equipment and supplies to support standing orders.
- 3. Complete expanded scope training enabling EMT's to perform new medical procedures and use new medications.
- 4. Implement physician-based trainings and training for each advanced EMT Level in order to maintain advanced level responders.

Priority:

Increase Service Level for Fire and Rescue Response

Goal:

Establish program service area-wide for improved firefighting and rescue capabilities in line with other advanced

service areas in the Borough.

Objective:

- 1. Improve fire officer staff and capabilities.
- 2. Increase engineer staffing through training.
- 3. Establish and train specialized crews.
- 4. Acquire equipment to support fire, EMS, and search & rescue operations.

Commentary

KESA continues to provide leading-edge service through implementing the latest in EMS & firefighting technology, and best practices. The training and execution for tele-medicine, on-scene blood analysis, and respiratory therapy continues to save lives and reverse deteriorating conditions in numerous patients. Best practice and innovative systems have also paid off in firefighting practices. Houses that otherwise would have been a total loss in past years are being saved to the point where homeowners can salvage valued possessions. Property owners are getting a significant savings on their insurance premiums with the drop in Insurance Services Office (ISO) ratings. The issue going forward is the ability to continue to provide this high level of service with the resources available; both human and financial. This continues to be the standard year to year.

Line-Item Explanations

Captain/Paramedic, 1 Firefighter Technician, and 5 56-Hour Firefighters.

Added: 1 Captain/Paramedic and 5 Firefighters. Removed: 6 Firefighter Techs.

40120 Temporary Wages. Decrease due to shift to 56-hour employees. For volunteer, call-out, and seasonal temps.

40130 Overtime Wages. Increase due to the change to 56-hour employees and that the majority of the calls are being run by the full-time staff during off hours.

42230 Fuel, Oils, and Lubricants. Increased due to larger call volume.

42310 Repair & Maintenance Supplies. Aging stations require preparation for 43920 Dues & Subscriptions Decrease due to some subscriptions being moved regular and emergency repairs, and maintenance.

42360 Motor Vehicle Supplies. Increased to be prepared for unforeseen repairs. The budget was cut in FY24 and repairs exceeded the budget.

43011 Contractual Services. Includes contracts for medical director contract (\$14,377), laboratory director with CLIA (Clinical Laboratory Improvement Amendments) license (\$2,000), Image Trend support (\$1,220), ambulance billing service (\$2,000), turnout gear repairs (\$1,000), ISTAT maintenance (\$2,000), UL contracts (\$1,346).

43014 Physical Examinations. Decreased due to drop in volunteer membership. Baseline exams for new members and continuing exams on a two-year cycle.

43019 Software Maintenance. Security camera system (\$500) and Tyler Technologies CrewForce software (\$2,100) - split with 911.

43026 Software Licensing. Vector Solutions inventory and maintenance tracking system (\$6,788), HandTevy (\$1,550), I Am Responding (\$895), Zoom (\$260), and other small software licenses (\$700).

43110 Communications: TLS pipe going to both stations, cellular data lines for 50446 Transfer to KES Capital Projects Fund. Increased Annual transfer to fund the heart monitor to transmit tele-medicine to the hospital, and cellular data capital projects. lines for the mobile data terminals (MDT's).

Symposium, Alaska Fire Investigators conference, Alaska Fire Chief conference, services, and capital outlay budgets. Alaska Fire conference, and volunteer's meals.

40110 Regular Wages. Staff includes: 1 Chief, 1 Deputy Chief, 1 43260 Training. Includes various conferences including Alaska Firefighters conference, Alaska Fire Chiefs summit, Alaska EMS symposium, and miscellaneous recertifications and training.

> 43510 Insurance and Litigation Fund Premiums. Increase in premium for coverage for workman's compensation, property, liability, and other insurance.

> 43780 Buildings & Grounds Maintenance. Decreased for removal of flush and maintenance of glycol heating system. Includes sanding & snow push-back (\$10,000) and other miscellaneous maintenance (\$15,000).

> 43810 Rents & Operating Leases. Includes repeater site rental, propane tank lease, O2 cylinder rental, and postage meter rental.

> to Software Licensing.

48515 Major Medical Equipment. Decrease for one-time FY24 Match amount/local funding portion for major medical equipment purchased through Code Blue Grant

48710 Minor Office Equipment. Purchase of replacement computers (\$4,000) & misc. radio equipment (\$6,000).

pump and ladder testing (\$6,700), fire extinguisher service (\$650), and misc. small 48750 Minor Medical Equipment. Decreased due to one-time FY24 Purchase of Replacement AEDs. Includes miscellaneous minor equipment (\$5,000) part of which is match amount/ local funding portion for minor medical equipment purchased through Code Blue Grant.

> 48760 Minor Fire Fighting/Rescue Equipment. Purchase of turnout gear replacements & new purchases (\$25,000), Other Firefighting Equipment (\$6,500), helmet replacements (\$4,000), additional response parkers (\$5,000), and nozzles, adapters, tools, & miscellaneous equipment (\$9,500).

> 50264 Transfer to 911 Fund. To cover charges from the 911 fund for the cost of operating the 911 call center.

61990 Admin Service Fee. The admin service fee is charged to service areas and 43210 Transportation & Subsistence. Decreased due to completion of various funds to cover a portion of costs associated with providing general Paramedic Course in FY24. Attendance at conferences including the Alaska EMS government services. The amount for FY2025 is 2.5% of the personnel, supplies,

Eastern Peninsula Highway Emergency Service Area

This service area was created on May 16, 2017, to provide fire protection and emergency services along the heavily traveled highways that serve as the sole road connections between various communities of the Kenai Peninsula and Turnagain Pass. The department is staffed by 0.50 contracted FTEs. Five Borough residents are appointed by the mayor and confirmed by the Assembly to serve on its board.

The response area covered by the service area is between milepost 8.5 and 75 along the Seward Highway, between mile post 37 and 58 along the Sterling Highway, and between milepost 0 and 13 along the Hope Highway near the communities of Hope, Cooper Landing, Moose Pass, and Seward. Emergency services will be contracted with community volunteer groups in the area.

The major source of revenue is a transfer from the General Fund utilizing the federal Payment in Lieu of Taxes (PILT) funds.

Eastern Peninsula Highway Emergency Service Area

Dept 51710

Mission

The mission of the Eastern Peninsula Highway Emergency Service Area is to provide consistent and coordinated response to incidents requiring fire and emergency medical services along this heavily traveled highway corridor.

Program Description:

- The Eastern Peninsula Highway Emergency Service Area provides fire protection and emergency medical services within the highway corridor between mileposts 8.5 75 of the Seward Highway, mile 0 13 of the Hope Highway, and mile 37-58 of the Sterling Highway, consisting of 103.5 highway miles.
- The Service Area has 0.50 contracted FTE employees, and 5 appointed board members.

Major Long-Term Issues and Concerns:

- Poor communication along the highway corridor limits people being able to call 911, and limits the ability of agencies to communicate and coordinate with each other.
- Providing consistent, coordinated responses that can provide reliable resources to all emergencies along the highway corridor.
- Restricted and lack of maintenance of the Seward Highway and Hope Highway limiting first responder and ambulance response.

FY2024 Accomplishments:

- Received extrication equipment for contracted agencies in cooperation with Girdwood Fire Department.
- 100% success for Time Stipend Goal from all contracted agencies.

FY2025 New Initiatives:

- Continue to address the reduction of the wattage delivered by the Alaska Land Mobile Radio (ALMR) sites.
- Continue to incentivize reduced response times and responder availability.
- Provide financial assistance for ETT/EMT I Bridge, Extrication, Haz-Mat, and Fire courses to the contracted agencies that host them.
- Provide a vehicle fire trainer for contracted agencies to train for fire related responses on the highway.
- Provide match funding for legislative request to construct tower and critical communications infrastructure under the Turnagain Pass Communications Platform Segment.

Performance Measures:

Staffing	FY2022	FY2023	FY2024	FY2025
	Actual	Actual	Actual	Proposed

Department 51710 - Eastern Peninsula Highway Emergency Service Area - Continued

Line-Item Explanations

43011 Contractual Services. Reduced by (\$5,000) from FY24 due to elimination 43510 Insurance & Litigation Fund Premiums. Increase due to premium for of miscellaneous contracts. Agency-strengthening stipends (\$60,000), agency- coverage of workmans' compensation, property, liability, and other insurance. performance stipends (\$150,000), contracted personnel (\$77,696), Medical Director contract (\$12,069), Medicare validation (\$750), instructor-provided 43920 Dues & Subscriptions. Decreased due to dispatch software being training for extrication course (\$3,550), ETT course (\$1,500), and EMT I course moved to Software Licensing. (\$2,400).

43019 Software Maintenance. Milestone Surveillance (\$100) and Zoom license

43026 Software Licensing. Increased due to dispatch software being moved to this new object code (\$2,200).

Juneau for Fire Chief's Legislative Conference (\$2,050), administrative travel to and capital outlay budgets. Soldotna (\$1,550), and travel to contracted agencies for run reviews (\$1,050).

43260 Training. Increased due to Juneau Legislative Conference (\$400), certification fees for ETT, EMT I, Haz-Mat, and Firefighter I courses (\$1,110).

48514 Major Firefighting Equipment. Increased to cover the purchase of a vehicle fire trainer (\$15,000) and transport trailer (\$5,000).

50264 911 Communications. To cover E911 Dispatch fee from Soldotna.

61990 Admin Service Fee. The admin service fee is charged to service areas and various funds to cover a portion of costs associated with providing general 43210 Transportation & Subsistence. Increased to cover cost of travel to government services. The amount is 2.5% of the personnel, supplies, services, This page intentionally left blank

Seward-Bear Creek Flood Service Area

Established in August 2003, this service area was established to provide flood planning, protection and mitigation services to the residents of the service area. The service area is overseen by an elected seven-member board, each serving one to three-year terms. The department is staffed by 1.75 permanent employees.

Revenue is raised through property tax. The mill rate is set at 1.00 mills for fiscal year 2025.

Seward-Bear Creek Flood Service Area

Dept 21212

Mission

The mission of the Seward-Bear Creek Flood Service Area is to provide flood planning, protection, and mitigation services in coordination with the appropriate agencies to reduce the risk of flood damage to private and public property through addressing issues that best reflect a fair use of the tax-levy for watershed-wide benefit.

Program Description

The Seward-Bear Creek Flood Service Area is responsible for providing hazard planning and mitigation services to the Seward-Bear Creek-Lowell Point community. The Board of Directors is tasked to determine flood-planning needs in order to advise and facilitate hazard-reduction measures.

Major Long-Term Issues and Concerns:

- Disposal of material excavated from area creeks and determining areas outside the floodplain for gravel depositing.
- Engineering a revetment for Box Canyon Creek as a water diversion structure.

SBCFSA requests assistance from KPB Departments on these long-term issues:

- A permanent solution to Japanese Creek at Dieckgraeff Road.
- Bridge replacements on Forest Road at Lost Creek, Nautical Ave., and the Seward Highway.

FY2024 Accomplishments

- Contracted and managed mitigation projects for Lost Creek, Kwechak Creek, Salmon Creek, Sawmill Creek, and Japanese Creek
- Worked in partnership with Trout Unlimited, US Fish and Wildlife, City of Seward, and Kachemak Land Trust on fish culvert design and placement with grant funds.
- Worked in partnership with the City of Seward and AWR Engineering to find a solution to the Scheffler Creek drainage.
- Procured survey equipment and training to save time and money on mitigation project quality control.
- Worked in partnership with the Alaska Railroad to remove unclassified excavation from Japanese Creek.

FY2025 New Initiatives:

- Partner with US Fish & Wildlife Service, State of Alaska Fish & Game, Kachemak Heritage Land Trust, and other local stakeholders to continue work on fish culvert design and placement with grant funds.
- Continue to work in partnership with the City of Seward and AWR Engineering to find a solution to the Scheffler Creek drainage.
- Contract and manage mitigation projects for Salmon Creek Revetment site, Kwechak Creek upstream, Salmon Creek at Nautical, and Lost Creek downstream.
- Plan and procure engineering for a Box Canyon revetment.

Performance Measures:

Staffing	FY2022	FY2023	FY2024	FY2025
	Actual	Actual	Actual	Proposed
Service Area Staffing History	1.5	1.5	1.75	1.75

Priority/Goal: Public Outreach and Education

Goal: Raise Public Awareness of Floodplain Risks, Mitigation Efforts, and National Flood Insurance Program

Objective: 1. Send out educational mailing to all service area property owners.

2. Conduct community work sessions/public meetings.

Key Measures	FY2022 Actual	FY2023 Actual	FY2024 Projected	FY2025 Estimated
Number of Bulk Educational Mailings	1	1	1	1
Number of Community Work Sessions/Public Meetings	2	2	2	2

Fund 259 Seward-Bear Creek Flood Service Area - Continued

Dept 21212

Priority/Goal: Flood Mitigation

Goal: Prioritize, Plan, and Facilitate Flood Mitigation Projects

Objective: 1. Obtain grant funding for risk assessment or mitigation projects.

2. Complete in-stream and multi-agency mitigation projects.

Key Measures	FY2022 Actual	FY2023 Actual	FY2024 Projected	FY2025 Estimated
Grant/Partnership Mitigation Funding Applications	2	2	1	1
In-Stream Mitigation Projects	3	2	7	5
Multi-Agency Mitigation Projects	0	1	1	1

Commentary

In-progress and completed FY24 mitigation projects approved by the service area board under contractual services:

Flood Mitigation Projects (Project Costs Expended in FY24)

- Japanese Creek Sediment Management & Embankment Maintenance-\$23,225.
- Kwechak Creek Sediment Management & Embankment Maintenance -\$55,001.
- Salmon Creek (SC15) Sediment Management & Embankment Maintenance –\$22,150.
- Lost Creek Sediment Management & Embankment Maintenance –\$43,040.
- Sawmill Creek upstream Sediment Management & Embankment Maintenance –\$42,016.
- Sawmill Creek downstream Sediment Management & Embankment Maintenance –\$35,869.
- Salmon Creek Revetment Sediment Management & Embankment Maintenance (to be completed spring 2024).

Multi-Agency Mitigation Projects (Project Costs Expended in FY24)

Multiple projects in the planning phase.

Emerging Situation Projects (Project Costs Expended in FY24)

- Kwechak Creek- (July)-\$11,100.
- Kwechak Creek- (August) \$9,900.
- Salmon Creek at Nautical- (August) \$5,440.

Department 21212 - Seward-Bear Creek Flood Service Area - Continued

Line-Item Explanations

Administrative Assistant.

42020 Signage Supplies. New sign for multi-use facility.

42250 Uniforms. Increased due to need of rain gear and boots.

42410 Small Tools and Equipment. Increase due to inflation.

43011 Contractual Services. Projects approved by the Board are: Salmon Creek revetment (\$150,000), Kwechak DNR (\$35,000), Upper Kwechak (\$38,000), Salmon Creek at Nautical (\$38,000), Lost Creek Down Stream (\$37,000), Lost Creek at the Seward Highway (\$10,898), and emerging situations (\$30,000).

43019 Software Maintenance. Increase due to software and updates needed 48710 Minor Office Equipment. Decrease due to one-time purchase in FY24. for survey equipment (\$2,034).

43026 Software Licensing. Autodesk Ady for Trimble surveying equipment (\$486) and 2 Zoom licenses (\$520).

43110 Communications. Increase due to added cell phone stipend for Program Manager (\$900). Also includes SpitWSpots Internet Service (\$1,077), monthly charges for Borough telephone lines (\$300), iPad cellular service for in-field work (\$480).

43210 Transportation and Subsistence. Increased for travel to out-of-state floodplain conferences (\$4,692). Also includes mileage for in-field work in personal vehicle (\$1,000), travel for meetings/training in Anchorage & Soldotna (\$2,145), and board meeting food allowance (\$840).

40110 Regular Wages. Staff includes: 1 Service Area Program Manager and .75 43220 Car Allowance. Increase due to new Program Manager recieving (\$3,600) for Car Allowance.

> 43260 Training. Registration fees for out-of-state conferences for Program Manager (\$1,125); floodplain management certification requires 16 continuing education credits every 2 years.

> 43610 Utilities. Increase due to rising cost in heating fuel & increased cost for refuse haul.

43750 Vehicle Maintenance. Increase due to inflation.

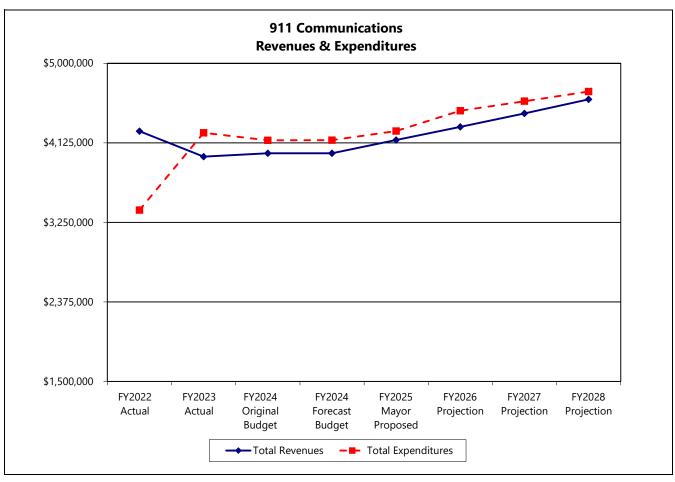

48610 Land Purchase. Decrease due to one-time land purchase in FY24.

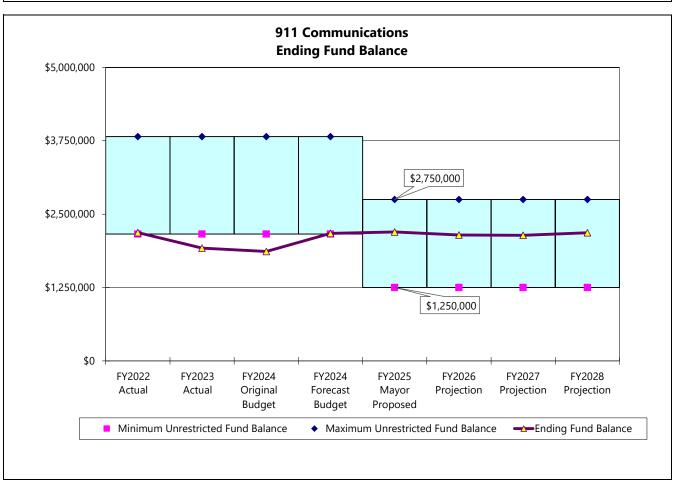

60000 Charges (To) From Other Depts. These are charges paid to the Purchasing & Contracting Dept. for project management. The Service Area will be assuming most of the project management.

61990 Admin. Service Fee. The admin service fee is charged to service areas and various funds to cover a portion of costs associated with providing general government services. The amount is 2.5% of the personnel, supplies, services, capital outlay, and interdepartmental wage charges.

911 Communications

Dept 11255

Mission

Our mission is to enhance the quality of life of the Kenai Peninsula Borough citizens by serving as the communications link between the citizen and the public safety services.

Program Description

The Soldotna Public Safety Communications Center (SPSCC) is responsible for providing emergency and routine public safety radio, telephone, 9-1-1 and computer-aided dispatching services to multiple law enforcement, fire, and EMS agencies. We will strive to handle all 9-1-1 and other calls for service in a prompt, courteous, professional manner. We recognize that service is our one and only product and we share a common ongoing goal to provide it at the highest possible level. We recognize that our strength and success are tied directly to the unique contributions of each of us working in the spirit of cooperation and teamwork.

Major Long-Term Issues and Concerns:

 Increased facility space to accommodate personnel, office and storage.

FY2024 Accomplishments:

- Prepared Live technology implementation
- NCMEC Missing Kids Readiness Program
- Took over management of APSIN workstations from SOA
- 988 collaboration
- Certified Peer Support Team

FY2025 New Initiatives:

- Continue to exploring new Al technology for 911 call taking and Quality Improvement.
- QI Program Continue to make strides and improvements to ensure we meet national benchmarks and standards.
- Complete update of policy and procedure manual to digital platform.
- Implement Emergency Mental Health Dispatch Training Certification.

Performance Measures:

Staffing	FY2022	FY2023	FY2024	FY2025
	Actual	Actual	Actual	Proposed
Staffing History	23	23	23	23

CAD Calls	FY2022 Actual	FY2023 Actual	FY2024 Projected	FY2025 Estimated
CAD (Computer Aided Dispatch) Calls for Service Law Enforcement	65,487	61,727	63,270	65,000
CAD (Computer Aided Dispatch) Calls for Service EMS/Fire	5,111	6,488	7,007	7,568

Priority: Training

Goal: Educate our staff

Objective: Have all staff complete and pass EMD and EFD classes and receive certification.

Staff Training	Benchmark	FY2022 Actual	FY2023 Actual	FY2024 Estimated	FY2025 Estimated
Percent of Staff Passing EMD, EFD Classes	100%	100%	100%	100%	100%

911 Communications - Continued

Dept 11255

Priority: Public Safety Communications

Goal: To deliver the highest level of professional service to the public, emergency responders and external agencies.

Objective: 1. Answer 95% of all 9-1-1 calls within 15 seconds or less (NFPA 1221).

2. Answer 90% of all 9-1-1 calls within 10 seconds or less (internal goal).

Department 11255 - 911 Communications - Continued

Line-Item Explanations

40110 Regular Wages. Staff includes: 1 Emergency Communications 43110 Communications. Dedicated long distance circuits, trunks, and data Superviosr/Training Officer, 14 Public Safety Dispatchers, 1 Quality Assurance Emergency Communications Coordinator and Operations Manager (\$2,700). Specialist, 1 CAD Specialist, and 1 911 Technical Specialist (IT).

42310 Repair & Maintenance Supplies. Spare parts not under warranty or support (\$4,600) and replace rack mounted UP batteries (\$2,400).

42410 Small Tools & Minor Equipment. Dispatch headsets and bases **43260** (\$3.000).

43011 Contractual Services. Payments to cities for E911 services (\$158,400), EMD sponsoring physician (\$15,020), telelanguage services (\$150), janitorial services (\$8,400), and shredding (\$200).

43019 Software Maintenance. Solacom Guardian technical support call handling annual maintenance (\$37,990), and 911 Datamaster ALI/GIS database software tech support and licensing (\$13,000), security camera software renewal, (\$175), CAD software maintenance (\$47,500), Solarwinds software maintenance (\$450), AudioCodes Voice Gateways annual technical support & hardware support (\$11,235), VMWare renewal foundation for 911 servers (\$12,600), and Cisco contract support renewals (\$9,180) TimeClock scheduling software (\$800), Nokia IP Router (\$800), Stancil maintenance (\$19,120), and Red Hat Enterprise server support (\$2,200).

43026 Software Licensing. EMD, EFD, AQUA protocol software and cardset support and updates, (\$17,304), Pacific Applied Technology-ASPIN connectivity (\$1,900) Microsoft Windows Server (\$6,000), Zoom License (\$260), PowerDMS policy-procedure training platform (\$6,600), Prepared Live (\$3,675), and Blue Zone licensing-APSIN (\$500).

Coordinator, 1 911 Operations Manager, 3 Shift Supervisors, 1 Shift lines/connectivity (\$107,300), and cell phone stipend for IT Specialist,

43210 Transportation/Subsistence. Travel costs and lodging for annual conferences with subject matter pertaining to 911, public safety, and emerging technologies (\$6,950).

Training. IAED EMD/EFD recertifications (\$1,500), BLS (\$200), and miscellaneous staff training (\$4,000), supervisory training (\$4,000), and emergency dispatch professional conference (\$1500) EMD/EFD courses (\$6,000), and mental health and peer support training (\$3,000).

43720 Equipment Maintenance. Radio maintenance contract (\$16,375) and Bizhub maintenance contact (\$750).

43780 Buildings/Grounds Maintenance. Grounds maintenance (\$1,000), elevator maintenance (\$2,500), generator/building maintenance (\$9,500), and snow removal (\$3,500).

43810 Rents and Operating Leases. 911 back up center location lease (\$19,800).

48710 Minor Office Equipment. Wireless intercom system (\$2,000).

48720 Minor Office Furniture. Dispatch chair replacement (\$1,500) and ergonomic office furniture (\$1,500).

60000 Charges (To) From Other Departments. These are charges from Resource Planning - GIS for 60% of the wages and benefits of the Addressing Officer and 20% of the GIS Specialist, responsible for all 911 addressing and database management (\$113,316).

Recreation Service Areas

The Borough has two (2) recreation service areas, the North Peninsula Recreation Service Area and the Seldovia Recreation Service Area. Each service area has a separate board of directors and its own taxing jurisdiction although the Borough sets the mill rate and approves their budget

The major source of revenue for each of these service areas is property tax. Additional funding is provided through user fees, state grants and interest earnings.

North Peninsula Recreation Service Area – this service area provides recreation services for the residents of Nikiski and Tyonek.

Seldovia Recreational Service Area – this service area provides recreational services for the residents of Seldovia.

Kenai Peninsula Borough

North Peninsula Recreation Service Area

The recreation service area was formed to provide recreation services for the Nikiski and Tyonek area residents. Established in 1974, five elected members serve on its board. The service area has 11 permanent employees. Programs include basketball, volleyball, flag football, pickle ball, kickball, hockey, teen night, open gym activities, community classes and aquatic programs. The service area sponsors "Family Fun in the Midnight Sun" in June as a community wide event. The Boys & Girls Club of South-Central Alaska is contracted to provide the recreation services for the Village of Tyonek.

Facilities in Nikiski, operated/owned by the North Peninsula Recreation Service Area, consist of an indoor swimming pool with waterslide, multipurpose fields, community playgrounds, covered natural ice rink, trail systems, skateboard park, racquet ball courts with exercise area, disc golf course and a community center. The Nikiski Community Recreation Center (NCRC) currently houses a teen center, full swing golf simulator, gymnasium used for sporting activities and leagues, and banquet room and classroom/training spaces used for rentals for small and large group gatherings.

Revenues are derived primarily through property tax. The mill rate for fiscal year 2025 is set at 1.30 mills. Other revenues include facility user fees, program fees,

North Peninsula Recreation Service Area

Dept 61110

Mission

To provide a variety of quality programs, community activities and recreational opportunities that create positive experiences.

Program Description

NPRSA operates and maintains the following facilities:

Nikiski Pool, Exercise Room with Racquetball/Wallyball Courts, Jason Peterson Memorial (JPM) Ice Rink, Nikiski Community Trails, Poolside Trails, Disc Golf Course, Multi-Purpose Fields, Community Playgrounds, Skate Park, and the Nikiski Community Recreation Center (NCRC). NPRSA also provides recreational, education, aquatics, athletics and fitness programming people of all ages.

Major Long-Term Issues and Concerns:

- Maintain sustainable services and operations with the increased costs of providing services.
- Continuous recruitment and utilization of volunteers for successful events and programs.
- Recruit and/or training of WSI's (water safety instructor) to meet the growing demand of the "learn to swim" programs
- Heavy reliance on revenues from the oil and gas industry for the annual budget.

FY2024 Accomplishments:

Administration:

- Developed and implemented a strategic programming process to ensure we are consistent and intentional in the development of our program and offerings for the community.
- Created a lifecycle replacement plan for the crucial components in our larger systems that are often overlooked; including pumps and heat exchangers.

Operations:

- Completely drained the pool for the first time in 28 years to do some much needed cleaning and maintenance.
- Continued to work towards making our facilities more energy efficient by changing our light fixtures at NCRC and the Rink.
- Partnered with Nikiski North Star Elementary to provide Cross-Country, Cross-Country Skiing and Water Safety Training programs for the kids at the school.
- Successfully launched new program offerings for toddlers like Mini and Me Jr. Master Chef as well as a series of adult programs like Paint Nights that were a big success.
- Expanded the operating hours at NCRC to provide more opportunities for the community.

FY2025 New Initiatives:

- Add a minimum of 4 additional program offerings for teens, adults and seniors throughout the year.
- Increase our nights and weekend program offerings for those families who work during daytime hours.
- Increase revenue generation of the NCRC by increasing participating through dynamic programming.
- Increase the number of "learn to swim" classes, including nights and weekends to better meet the needs of the community.
- Increase awareness of lesser-known services NPRSA offers, such as disc golf, trails systems, community library, baseball/softball fields, and the picnic pavilion on the poolside trails.
- Increase collaboration with community organizations to offer diver community events.
- Continue to work with our local youth hockey organization to revamp the program and increase participation.
- Continue utilizing our 10-Year Master Plan to better prioritize our capital project plan for the future.

Performance Measures:

Priority: Staffing

Goal: Maintain appropriate staff levels for continued operations of programs and services.

Objective: 1. Evaluate permanent staff scheduling for efficient and effective operations of NPRSA facilities.

2. Increase recruitment of volunteers for additional class and program instruction.

Staffing	Benchmark	FY2022 Actual	FY2023 Actual	FY2024 Actual	FY2025 Proposed
Permanent Staffing History (FTEs)	9.5	10	11	11	11
Temporary Staffing History (FTEs)	7	7	6	6	6

Priority: Community Events

Goal: Enhance the services of NPRSA by providing additional community events and programs.

Objective: 1. Increase the number of new community events and programs annually.

2. Develop special events to promote seasonal programming for aquatics and recreation.

3. Collaborate with local organizations and businesses to offer diverse programs.

Priority: Goal: Attendance/Participation—Admissions/Programs/Classes/Events/Reservations/Leagues/Memberships/Punch Cards Increase participation and attendance of NPRSA facilities, programs and events.

Objective:

- 1. Local recruitment of more volunteers and community leaders to offer additional classes and services.
- 2. Develop partnerships with schools and local community organizations to further optimize the delivery of services to the community.
- 3. Increase public awareness of programs and facilities through schools, businesses and community organizations.

Dept 61110

Commentary

For FY25 the service area is focused on creating new and dynamic programs while we also continue to make improvements and upgrades to our facilities to provide more opportunities for the community.

NPRSA is dedicated to offering top notch recreational programs, classes, leagues and events. This year we are focused on adding water safety instructors (WSI) to the staff to address the growing demand for swim lessons, water safety, and water fitness classes in the community. Additional WSI staff will also allow us to expand our offerings to night and weekend classes. In addition to the aquatics programming, we are looking to introduce more technology and STEM based programming at our recreation center. With the addition of computers, tablets, robotics kits, 3D printers, and vinyl printers we will be able to open up a new world of recreational opportunities that go beyond traditional athletics and events.

These activities are aligned with our vision to remodel the recreation center. With new flooring, new paint, new furniture, and equipment we can turn an old building into the vibrant community hub. The goal is to transform what feels like an institutionalized building into warm and inviting spaces that meet the needs of multiple generations.

The Nikiski Pool is one of the most beloved facilities on the Kenai Peninsula and draws over 30,000 visitors on an annual basis. In an effort to continue offering a top-notch facility and minimizing disruptions to operations we are looking to replace main water line running from the well to the pool building itself. Over the last two years we have had to make several costly repairs to the line due to the age and material used at the time. This project will reset the lifecycle of the line and reduce the need for costly repairs. These projects are in line with addressing the aging infrastructure of our facilities and enhancing our patron's experience.

Line-Item Explanations

40110 Regular Wages. Staff includes: 1 Director, 1 Recreation Supervisor, 1 Pool Supervisor, 1 Maintenance Mechanic II, 2 Shift Supervisors, 1 Admin Assistant, 2 Lifeguards, 1 Instructor-Lifeguard, and 1 General Maintenance Operator.

42210 Operating Supplies. Decreased to better allocate funds to accounts that could better utilize the money. Also intent to use some funds in this account for promotional items for NPRSA's 50th anniversary. These items can also be used as donations to organizations in the Service Area in lieu of sponsorships.

42360 Motor Vehicle Supplies. Decreased to be more in line with historical spend amounts.

42410 Small Tools & Equipment. Decreased to be more in line with historical spend amounts.

42960 Recreational Supplies. Increased due to the stated initiative to provide additional high quality programming and services to the Service Area. This increase will help cover the cost of the additional supply needs resulting from increased programs.

43011 Contractual Services. Contract with Boys & Girls Club to provide recreation services for the Village of Tyonek (\$14,000), HVAC service contract (\$18,213), Background check/screening services (\$1,050), WSI instructor training (\$1,500), Water testing (\$900), Security monitoring (\$1,780), Bus services (\$600), Hazardous waste pickup (\$150), and Fire extinguisher service (800).

43019 Software Maintenance. Milestone (CCTV software) (\$1,150).

43026 Software Licensing. Zoom (\$260), Canva (\$200), Registration software (\$3,495), and Survey monkey (\$470).

43210 Transportation/Subsistence. Travel costs related to certifications for life guards, certified pool operator, and WSI certifications.

42360 Training. Life guard certifications, certified pool operator certifications and exams, and WSIT training.

43510 Insurance Premium. Insurance premium for property, workman's compensation and liability. Increase due to increase in value of property and equipment and associated premiums for FY25.

43610 Utilities. Increased to account for an estimated 3.5% increase in energy cost.

43780 Building/Grounds Maintenance. Slight decrease in this category to as historically we have not used the entire budget.

43810 Rents and Operating Leases. Increase to better account for potential equipment rentals, as well as porta-potty rentals in anticipation of multiple Youth Hockey Tournaments at the Rink for FY25.

48311 Major Machinery And Equipment. Life-cycle replacement of Dolphin Wave 100 Pool Vacuum (\$6,000).

48710 Minor Office Equipment. Scheduled replacement of 5 standard desktop computers, 2 of which are for public use at NCRC (\$950 each) 1 high end desktop (\$1,300), four TVs (\$500 each) to upgrade the experience in the Teen Rooms at the Recreation Center, and five standard iPads for STEM programming (\$849 each).

48720 Minor Office Furniture. The Purchase of 2 media carts for use at the Recreation Center (\$400 each), and 40 Pool Chairs for the pool lobby, birthday party room, and spectator area (\$270 each).

48740 Minor Machinery and Equipment. Washer and dryer (\$1,200).

48755 Minor Recreation Equipment. Aquatech Pool Chair (Accessibility) (\$2,500), two VR systems (\$600 each), four video game consoles (\$625 each), six robotics kits (\$400 each), 3D printer bundle (\$2,500), two die-cut machines (\$600 each), and ping pong table (\$900).

50459 Transfer. Transfer to capital project fund to support long term capital improvement plan. FY2025 Includes a renovation of the recreation center and replacing the well line.

61990 Admin Service Fee. The admin service fee is to cover a portion of costs associated with providing general government services. The FY2025 amount is 2.5% of the personnel, supplies, services, and capital outlay budgets.

For capital projects information on this department - See the Capital Projects Section - Pages 344-345, 349, 361, 395.

Seldovia Recreation Service Area

This service area was established on October 4, 2011 to provide recreational services for the Seldovia community. Five service area residents are appointed by the Mayor and confirmed by the Assembly to serve on its board and provide oversight of the operations, each serving a three-year term.

The Seldovia Recreational Service Area is based out of and utilizes the Sea Otter Community Center, formerly known as the Seldovia Community Center, located adjacent to Susan B. English School. Services to be provided may include but are not limited to senior citizens and youth programs, musical instruction and practice, accommodation of visiting schools during field trips, facility rental for organizations and individuals for meetings and celebrations, adult education, high speed internet access, community gatherings, construction and support for recreational assets within the service area, arts and crafts instruction and facilitation, science and nature education and outdoor activities.

Seldovia Recreational Service Area

Dept 61210

Mission

To provide healthy, year-round recreational activities the whole community can enjoy.

Program Description

Seldovia Recreational Service Area (SRSA) sponsors the Sea Otter Community Center (SOCC) which provides free or low-cost space for individuals and organizations to gather for community-wide events, youth-specific programming, community education classes, meetings, and private events. The SRSA Board also provides additional activities in the SA outside the SOCC – often in collaboration with other local organizations – with the intent of providing healthy, year-round activities the community can enjoy.

Major Long-Term Issues & Concerns:

- Continue to provide programs, services, and special events that meet community expectations and reflect diverse community recreational needs. Ensure that the community receives value for the expended funds.
- Utilize the current partnership with the City of Seldovia to develop recreational assets and aid in beautification projects within the service area for the community.
- Continue to build on our recreational equipment rentals for community events, private parties, and partnerships to provide local, low-cost access to hard to source items such as our mobile dance floor, pop up event tent, sports equipment, and large gathering and party needs.
- Maintain our valuable working relationships with the City of Seldovia, Seldovia Arts Council, Seldovia Village Tribe, Susan B. English School, and others to support the needs of students, stakeholders, and the SRSA residents.
- Continuing maintenance on aging structures in a rural area.

FY2024 Accomplishments:

Administration:

- By building solid community partnerships, the SRSA and SOCC have been able to widen the scope of our programming. The City of Seldovia has approved the use of a portion of the Waterfront lot on the old cannery site to build the Seldovia Waterfront Ice Rink.
- The Center for Alaska Coastal Studies, Kachemak Bay Research Reserve, Kasitsna Bay NOAA Lab, and Seldovia

- Village Tribe have partnered to offer Science Fridays at the SOCC bringing relevant science education to the youth of Seldovia
- Seldovia Arts Council partnerships offer live music free of charge to local area residents throughout the winter at the SOCC.

Operations:

- Susan B English (SBE) school suffered unprecedented staffing issues this fall which has displaced many students and families within the community. With over half the school moving to homeschool or out of the community for their education needs, the SOCC saw an opportunity to support all area students by partnering with SBE to provide some traditional events typically put on by the school. SOCC's drama club took on the Annual Holiday Program with a drama club written play in partnership with Seldovia Village Tribe to provide a music section and the famous Santa visit.
- The SBE Sport Court upgrades were completed with the purchase of materials to revitalize the court and the gathering of volunteers to help clean years of encroaching growth.
- Provided increased adult programming and recreation activities, such as 3 on 3 volleyball tournament, Frisbee Golf at the RV park, summer badminton tournaments, adult game night or trivia nights, cooking classes, avalanche awareness activities, ice skating on the rink, and hockey on Lake Susan.

FY2025 New Initiatives:

- Offer music instruction with the goal of performance ready 'garage band' shows for the whole community to enjoy.
- Offer more Drama Club shows throughout the year.
- Enhance partnerships that offer performing arts education to the community such as the Seldovia Arts Council's Fine Arts Camp.
- Due to the long-standing issue of the bouncy SOCC common room floor and the stained carpet the SRSA will replace the floor in the SOCC possibly shoring up some of the floor joists to reduce the movement and install waterproof laminate in high traffic areas.

Fund 227

Seldovia Recreational Service Area - Continued

Dept 61210

Performance Measures:

Priority: Number of Patron Visits and Utilization of the Facility.

Goal: Maintain the levels of participation and attendance at SOCC facility programs and events to maximize participant-

hours use and track the number of hours the facility is being used by community members. FY 2020 will serve to

establish a benchmark for the SOCC.

Objective: 1. Local recruitment of more volunteers and community leaders to offer additional classes and services.

2. Maintain and develop new partnerships with local community organizations to optimize the delivery of services to

the community.

3. Document the time the facility is being used by community member to assist in managing the coordinator and

ensuring maximum benefit to the SA.

Attandance (Davisination	Benchmark	FY2022	FY2023	*FY2024	*FY2025

Number of Volunteers	15	6	6	10	10
Quantity of Volunteer Hours	100	20	20	150	150

Facility Utilization	Benchmark	FY2022 Actual	FY2023 Actual	*FY2024 Projected	*FY2025 Estimated	
Patrons in the Facility	4,000	1,800	2,500	4,800	4,500	

^{*}Benchmark increases FY24 and FY25: The benchmark increases are a result of increased attendance due to the addition of regular classes, programming, and events, as well as partnerships with outside agencies and the success of the Drama Club. The intent is to continue to build on these programs to provide value to the Service Area residents which drive the benchmark estimates higher.

Line-Item Explanations

42960 Recreational Supplies. Additional funding for athletic supplies and inflation of locally sourced snacks and supplies.

43011 Contractual Services. Contract with City of Seldovia for administrative, program services, and janitorial services at the Sea Otter Community Center. Budget reflects a 3% COLA for the coordinator and custodial positions. Budget also reflects an increase in hours for the coordinator position (\$40,475).

43019 Software Maintenance. New accounting standards require software licensing to come from 43026 instead of 43019.

43026 Software Licensing. Microsoft Office subscription (\$100).

43110 Communications. The current internet speed does not allow for consistant ZOOM meetings and presentations. This increase would allow for faster internet to solve this disruption.

43510 Insurance and Litigation Fund Premiums. General property and liability insurance increased premium.

43610 Utilities. Increased utility costs reflected for FY25 at 3%.

43780 Buildings and Grounds Maintenance. Funds to support quarterly chargebacks of Borough maintenance of the SOCC.

43960 Recreational Program Expenses. Additional funding to cover motion picture licensing.

48630 Improvements Other than Buildings. Estimated cost for minor roof repair (\$15,000), floor replacment (\$35,000), and Seldovia Waterfront Ice Rink (\$22,000).

48755 Minor Recreational Equipment. New recreational equipment for community use at the SOCC and in the service area, to include a broomball set (\$550) and a ball rack (\$70).

61990 Admin Service Fee. The admin service fee is charged to service areas and various funds to cover a portion of costs associated with providing general government services.

Road Improvement Funds

The Road Service Area has four (4) funds; the Road Service Area Fund, the Engineer's Estimate Fund, the RIAD Match Fund, and the Road Service Area Capital Improvement Fund. A listing and summary of each fund is shown below.

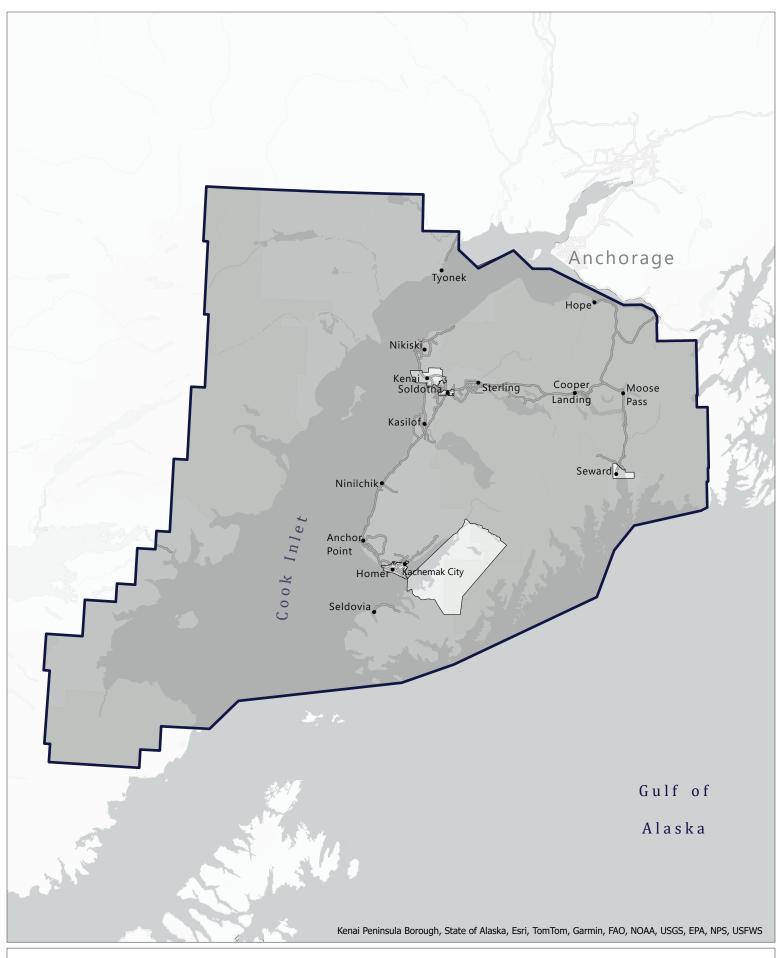

The major source of revenue for Road Service Area Fund is property taxes, with additional funding provided through state grants and interest earnings. The road service area encompasses all areas outside the city limits of Soldotna, Kenai, Homer, Seward, Seldovia, and the area on the south side of Kachemak Bay. There are currently 6.75 permanent employees.

Road Service Area Fund – this fund provides summer and winter road maintenance on roads within the Road Service Area, administers the right-of-way permit system, administers a dust control program, and oversees the abandoned vehicle removal policy. This fund also provides funding to the Road Service Area Capital Project Fund, the Engineer's Estimate Fund, and the RIAD Match Fund. The Borough contracts out **all** road maintenance.

Engineer's Estimate Fund – this fund provides funding for preliminary engineering costs associated with estimating the total project cost for road improvement assessment districts pursuant to KPB 14.31 to assess viability.

RIAD Match Fund – this fund provides funding to defray costs associated with road improvement assessment districts. Borough policy allows for up to 50% funding for local or internal subdivision road improvements and up to 70% funding for improvement to collector roads.

Road Service Area Capital Improvement Fund – this fund accounts for major repairs of Borough roads and is funded by contributions from the road service area operating fund, grants, and interest earnings. Detailed expenditures of this fund are in the Capital Improvement Fund section of this document, see pages 344-345, 349, 362-363, and 396-397.

Kenai Peninsula Borough

Road Service Area

Road Service Area

Four road maintenance service areas were established in 1982 after voter approval. During fiscal year 1991-92 the Borough Assembly consolidated the four areas into one borough-wide area for greater efficiency. A seven-member board, with at least one representative from each service area and two at-large members, is appointed by the Mayor and confirmed by the Assembly for three-year terms. The Roads Director and 5.75 staff members oversee the maintenance of over 652.7 miles (98% gravel and 2% paved) of roads within the Road Service Area.

The mill levy for fiscal year 2025 is set at 1.40 mills. Revenue is raised through property taxes.

Fund 236

Road Service Area

Dept 33950

Mission

Maintain safe and accessible roads within the KPB Road Service Area while reacting to ever-changing weather conditions throughout the region. Continue to provide the highest level of road maintenance possible within the limits of service area funding. Striving to prevent budgetary impacts that would pass on additional burden to taxpayers in the form of an increased RSA mill rate.

Program Description:

- Winter road maintenance includes plowing snow, serration and/or sanding of ice-covered roads, thawing culverts to aid drainage, and "winging" ditches to maintain the width of the travel way.
- Summer road maintenance includes grading and shaping roads, clearing brush, ditching, replacing lost gravel, placing culverts to improve drainage, applying dust control, making pavement repairs and other tasks as time and available funds allow.

Major Long-Term Issues and Concerns:

- Continue to address code compliance issues throughout the borough.
- Securing qualified road maintenance contractors and closely monitor and report on work performance.
- Increase the current level of road maintenance by finding efficiencies within the department and partnering with contractors to do the same.
- Upgrading existing "grandfathered" roads with maintenance funds due to lack of capital funding via grants.
- Rehabilitating paved roads and bridges, decreasing maintenance costs by making it easier for equipment to service.

FY2024 Accomplishments:

- Reviewed/revised the base rate service contracts to improve clarity and increase efficiencies, then bid out and award six units, utilizing the new agreement format.
- Worked with GIS, IT and Purchasing/Contracting to produce a public notification system to help inform residents of project impacts and to promote cooperative involvement.
- Revised all of our fillable online forms to fix cumbersome formatting issues and promote ease of use.
- With the RSA Board, created an online sign request process to support "No Parking" signage.
- With GIS, worked toward refining field mapping tools to produce an improved infrastructure record to better support incident reporting.
- Continued to work with Code Compliance to resolve Rightof-Way issues.

- Investigated over 150 Right-of-Way conflict complaints with some leading to citation.
- Dedicated approximately 320 labor hours to Right-of-Way enforcement efforts.
- Responded to flooding in the K-Beach area.

FY2025 New Initiatives:

- In tandem with the KPB IT department's website project, work to create a streamlined department web resource that communicates and promotes our mission, while providing the public a set of tools that add value while being simple to use, including providing clear rotational service announcements detailing road status and safety issues.
- Work with the Planning department to consolidate KPB permitting forms, supported by automated routing mechanisms.
- Continue to work with GIS to improve mapping tools for documenting maintenance concerns, new road improvements and road maintenance inspections in the field. A part of this is development of "offline" abilities for areas without network service.
- Work with GIS to refine the RSA viewer on the new "Esri" platform, migrating from the old "Geocortex Viewer".
- Work with IT to develop a new "Road Tracking" database platform that additionally supports tracking of issue associated with unmaintained and undeveloped ROW sections.
- Continue working with Purchasing/Contracting to develop new strategies for producing road improvements., utilizing the KPB road standard and a design/build process to address targeted road issues more economically than employing the traditional CIP process.
- Shifting the rotational maintenance schedule of our brushing contracts to involve whole units rather than piecemeal. This will greatly simplify the public notification process through the viewer portal that GIS has developed.
- Continue with modification of code related to abandoned vehicles. The major goal: Reviewing reporting, the department is spending a lot of money on towing associated with initial impound, shuffling of impounded vehicles and transporting to disposal. The RSA is looking to create a mechanism in code that allows to notice in place. This would limit towing to only the disposal phase of the process.
- Draft code process to deal with consistent encroachment and impound burdens associated with specific nuisance properties. Currently the process is strictly tied to ownership of the encroaching object and not the property.

Fund 236

Road Service Area - Continued

Dept 33950

Performance Measures:

Priority: Fiscal Health

Goal: Absorption of increased operating costs where possible to enable the department to stay within the current 1.4 mill

funding level.

Objective: Control public expense by maintaining current mill rate, and keeping expenditures as prudent as possible without

reduction of current services.

Staffing, Mill Rate and Miles	FY2022 Actual	FY2023 Actual	FY2024 Actual	FY2025 Proposed
Staffing History	6.15	6.75	6.75	6.75
Mill Rate	1.4	1.4	1.4	1.4
Number of Miles Maintained	649.9	650.4	652.7	652.7

Maintenance Cost per Mile by Region	FY2022 Actual	FY2023 Actual	FY2024 Projected	FY2025 Estimated
North (119.8 Miles)	\$6,923	\$6,923	\$4,175	\$5,000
South (116.1 Miles)	8,416	8,416	8,727	8,750
East (38.7 Miles)	17,182	17,182	16,660	16,910
West (194.8 Miles)	5,303	5,303	4,900	4,900
Central (183.3 Miles)	4,530	4,530	4,600	4,600

Priority: Improve Public Service

Goal: Ensure maintenance service is as timely as possible, and that the public is made better aware of adopted RSA

maintenance policies.

Objective:1. Improve roads through brushing, ditching, and other maintenance & capital projects to enhance safety, and reduce overall expenditures needed to care for borough roads.

- 2. Enhance Road Service Area public profile through improved public outreach.
- 3. Improve roads/driving conditions by eliminating safety hazards and obstructions that prevent road maintenance, interruption to traffic flow, and prevention of emergencies services.
- 4. Enhance Road Service Area public profile through responding to public complaints (Customer Service).

Measures	Benchmark	FY2022 Actual	FY2023 Actual	FY2024 Projected	FY2025 Estimated

Line-Item Explanations

40110 Regular Wages. Staff includes: 1 Roads Director, 1 Lead Inspector 3 Road Inspectors, and 1.75 Administrative Assistants.

40120 Temporary Wages. Temporary personnel will be used in fieldwork. Primary fieldwork will be sign installation, road brushing, tree removal, and culvert marker installation.

40130 Overtime Wages. Overtime while on call on the weekend, after normal business hours, after hour meetings, and sign installation.

43011 Contractual Services. Reduced (\$50,000) due to one time funding of surveillance camera installation from FY24. Abandoned vehicle removal from Borough right-of-ways and ROW encroachments enforcement (\$80,000), steam thaw, tree removal, and culvert clearing (\$30,000), and janitorial services (\$4,000).

43026 Software Licensing. Increased to support utilization of the Granicus platform for meetings (\$2,000), Zoom (\$260), and meeting transcription software (\$100).

43210 Transportation/Subsistence. Increased to match historical trend and needs of roads inspectors.

43952 Road Maintenance. Increased due to inflationary predictions and the addition of road service unit N6 (North Road Ext).

48710 Minor Office Equipment. Seven WiFi iPads for RSA Board members for compatibility with Granicus platform (\$849 each).

50237 Engineer's Estimate Fund. Annual transfer to estimate fund that is used for projects that require initial engineering to estimate long term project cost.

50238 RIAD Match Fund. There has been a high volume of RIAD projects developing in cue. Costs represent the KPB RSA match contribution.

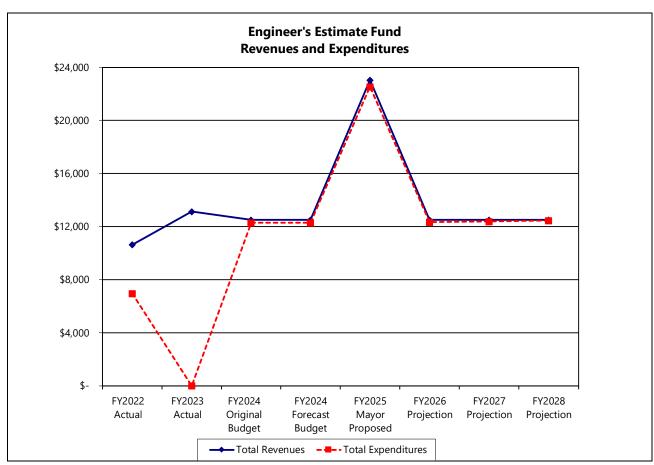

50434 Transfer to Capital Projects Fund. Annual transfer to long-term capital projects fund. See capital project section of this document.

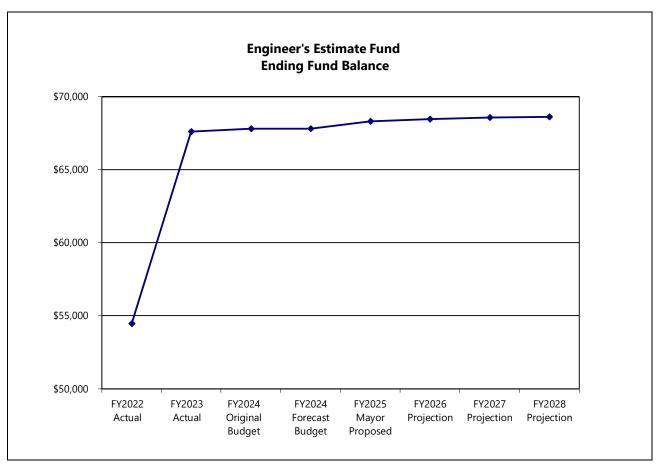

61990 Admin Service Fee. The admin service fee is charged to service areas and various funds to cover a portion of costs associated with providing general government services. The FY2025 amount is 2.5% of the personnel, supplies, services, and capital outlay budgets.

Line-Item Explanations

43011 Contractual Services. There are two RIADs in process currently, but are not yet to an engineer estimate status. Contribution will be determined and funded through appropriation once project numbers are determined.

61990 Admin Service Fee. The admin service fee is charged to service areas and various funds to cover a portion of costs associated with providing general government services. The FY2025 amount is 2.5% of the personnel, supplies, services, and capital outlay budgets.

This page intentionally left blank

Education Special Revenue Funds

The Borough has two (2) Special Revenue Funds that have been established for school purposes: the School Fund and the Postsecondary Education Fund.

School Funded

The School Fund records activity associated with operational funding the Borough provides the Kenai Peninsula Borough School District. Operational funding for the FY2025 budget year is \$56,228,307.

Operational funding for the school district is appropriated as follows: \$40,914,211 for local effort and in-kind of \$15,314,096 consisting of \$9,613,555 for maintenance, \$81,600 for utilities, \$5,325,586 for property, liability insurance and worker's compensation, \$146,770 for audit cost, and \$146,585 for custodial services. The Borough controls the budget for in-kind expenditures; local effort is controlled by the School District.

Revenue for the School Fund is provided by the Borough's General Fund and is generated from sales tax, property taxes and other revenue sources. The Borough's 3% sales tax is dedicated for schools.

In addition to operational funding, the Borough also provides funding of \$4,946,951 for school related debt of which \$1,795,641 is expected to be reimbursed from the State of Alaska, and \$4,000,000 for school district capital projects. Total funding provided for school purposes is \$63,379,617. Total funding for schools represents approximately <u>65%</u> of the Borough's General Fund budget; sales tax revenues provide approximately <u>70%</u> of the Borough's funding provided for schools, the balance comes from property taxes and other revenue sources.

Postsecondary Education Fund

The Postsecondary Education Fund was set up to account for funding provided by the Borough to institutions that are part of the University of Alaska system. Borough voters approved funding for this program at an amount not to exceed the amount that would be generated by an areawide tax levy of .1 mills. Funding is restricted to operations and may only be used for instruction and the operations of facilities used to provide curriculum or programs offered within the Borough. Funds may not be used for capital improvements or construction of facilities.

Human Resources - Custodial Maintenance

Mission

The mission of the Custodial Division is to provide prompt and effective custodial services to the Main Borough building, the Human Resources annex, the school district portables and the records center.

Program Description

This division provides janitorial services to the buildings located within the Binkley/Park Street complex.

Major Long-Term Issues and Concerns:

- Retaining existing staff.
- Snow removal with limited staffing.

FY2024 Accomplishments:

- Successfully met building needs.
- Improved safety on pathways and entryways for employees by increasing focus on maintaining those areas based on weather and other factors.

FY2025 New Initiatives:

- Improve work assignment efficiency to ensure maximum return on investment of custodial efforts.
- Conduct a building equipment audit to determine needs related to efficient and effective building maintenance.
- Ensure staff knowledge on custodial equipment and procedures for quality facility maintenance.
- Audit current custodial practices to ensure a safe and healthy work environment and staff.

Performance Measures:

Staffing	FY2022	FY2023	FY2024	FY2025
	Actual	Actual	Actual	Proposed
Staffing History*	1.25	1.25	1.25	1.25

^{*}Custodial staffing total 2.5 employees; 50% is paid by Borough and 50% is paid by School District

Priority: Custodial Maintenance

Goal: In addition to regular custodial activities, timely response to all non-routine custodial requests.

Objective: 1. Timely response to requests may lower the risk of injury to employees and the public.

2. Timely response may lower our overall maintenance costs.

Percentage of Timely Response*	FY2022	FY2023	FY2024	FY2025
	Actual	Actual	Projected	Estimated
Custodial	100%	100%	100%	100%

^{*}Percentages gauged by number of complaints received by Human Resources

Facilities Maintenance

Mission

Maintain Borough schools and administrative facilities to a level that provides a safe and secure environment for all occupants. Conduct comprehensive preventative maintenance programs that promote long system and equipment life. Manage and administer project upgrades that replace building components that are end of life and contribute to enhanced efficiencies or code compliance.

Program Description

The Kenai Peninsula Borough Maintenance Department is responsible for the repair and maintenance of the Kenai Peninsula Borough school facilities and select Borough buildings.

Major Long-Term Issues and Concerns:

- Increasing demand on the Borough and the Maintenance Department to protect the integrity of our aging facilities.
- Many critical systems and structure elements of the Borough are maintained well beyond their expected useful life. As a result, maintaining the safe and secure environment within our schools is becoming more difficult. Some of these systems are approaching a point where they are no longer supported by industry. The cost of supplies and services to maintain these elements within our facilities increases annually.
- While the current budget trend has been able to keep pace with basic maintenance, progress is slow with respects to the replacement of many of our aged HVAC control systems. Funding of approximately \$5,000,000 will be needed, spread over several years, to replace these systems.
- Additionally, facility security and intrusion management continue to be an important need for District and Borough facilities.

FY2024 Accomplishments:

- Flooring upgrades: 22k sq-ft of carpet, 4.2k sq-ft of vinyl replacement, and 136k sq-ft of wood floor refinishing planned.
- Replace 7 HVAC heating coils at Homer High School.
- Replace cast iron boilers with high efficiency boilers at Tustumena.
- Replace 600 hall lockers at Nikiski High School.
- Replace gym bleachers at Aurora Borealis/Kenai Alternative school
- Remodel restrooms at Kenai Central High and Seward High Schools.
- Pool pump replacement at Seward High School.

- Susan B. English pool maintenance, replacing valves, expansion joint, and pit decking.
- Homer Middle School elevator upgrade design.
- Water Quality SCADA system upgrades at Skyview, Moose Pass schools and in progress at McNeil Canyon.
- Completed the Generator upgrade at Susan B. English.
- Continue area wide lighting upgrades in gyms. Finished Sterling, Tustumena, and Kenai Middle.
- Continue with the prioritized upgrade of safety and security systems (fire control systems, intercoms, access card systems and HALO sensors) area wide. Completed installation of HALO sensors.
- Replace asphalt for two sections of Kenai Central High parking lot.
- Install DDC/HVAC control system at Tyonek.
- Start staining of Homer High School siding.

FY2025 New Initiatives:

- Area wide flooring upgrades and wood floor refinishing.
- Replace two Kenai Central High boilers with high efficiency boilers.
- Replace bleachers at Nikiski High School.
- Replace hall lockers at Skyview.
- Pool pump replacement at Kenai Central High and Soldotna High.
- Replace valves on arsenic treatment tanks at Tustumena, Sterling, and Nikiski High.
- Complete upgrade of Homer Middle School elevator controls.
- Water Quality SCADA system upgrades at McNeil Canyon, Nikiski Fire Station 2, North Star Elementary, and Ninilchik.
- Start on a replacement Generator upgrade at Redoubt Elementary.
- Continue area wide lighting upgrades at Kenai Central High auditorium, halls and corridors.
- Continue with the prioritized upgrade of safety and security systems (fire control systems, intercoms, access card systems and HALO sensors) area wide. Design for fire alarm system upgrades at West Homer and K-Beach Elementary, card access systems at Ninilchik, North Star, and Sterling.
- Continue with replacing asphalt at Kenai Central High parking lot.
- Continue upgrading HVAC control systems area wide.
- Continue with prioritized, area wide repairs or replacements of windows and siding, replacing classroom windows at North Star Elementary.

Facilities Maintenance - Continued

Performance Measures

Staffing History	FY2022	FY2023	FY2024	FY2025
	Actual	Actual	Actual	Proposed
Maintenance Staff	45.35	48.75	48.75	49.25

Performance Measures

Priority/Goal:

Maintain Borough Schools and administrative facilities to a level that provides for a safe and secure environment.

Goal:

Increase efforts to perform our duties in the most effective and efficient manner as possible.

Objective:

- 1. Monitor our programs to ensure efficiency through projects and upgrades.
- 2. Use our work order program and technology to enable us to perform to a high level.
- 3. Providing training to keep abreast of current codes and maintenance trends.
- 4. Provide the best safety program to maintenance personnel; limiting time loss and liability.

Measures:

Work Order Requests	FY2022	FY2023	FY2024	FY2025
	Actual	Actual	Projected	Estimated
Boroughwide	10,454	12,387	12,377	12,500

Commentary:

The Kenai Peninsula Borough Maintenance department strives to economically and efficiently maintain our facilities, and has always been considered one of the finest organizations of its type in the state. In order to continue this trend, it is important to attract and hire the best staff possible. It is also important to continue to find sources of funding that support needed and required improvements to our aging facilities.

Line-Item Explanations

40110 Regular Wages. Staff includes: 1 Director of Maintenance, 5 Maintenance Foremen, 1 Control Systems Technician, 1 Lead Electrician, 5 Electricians I/II, 1 Lead Automotive and Diesel Mechanic, 2 Automotive and Diesel Mechanics I/II, 1 Lead Energy Systems Mechanic, 4 Energy Systems Mechanics I/II, 1 Lead Painter, 3 Painters I/II, 1 Lead Electronics Technician, 1 Locksmith-General Maintenance Mechanic I/II, 3 Lead General Maintenance Mechanics, 5.50 General Maintenance Mechanics I/II, 2 Millwright-General Maintenance Mechanics I/II, 2 Plumber-General Maintenance Mechanic I/II, 1 Lead Water Treatment Operator, 1 Carpenter-General Maintenance, 3 GM Utility Technicians, 1 Safety Specialist, 1 Administrative Assistant, .75 Admin. Assistant-Dispatcher (Homer), 1 Admin Assistant-Dispatcher.

Added: 1/2 FTE Homer General Maintenance Mechaninic

40120 Temporary Wages. Increased planned average wage to attract a larger number of candidates, and increased the planned number of temporary employees to support a tank painting effort.

40130 Overtime Wages. Increased to bring back in line with pre-Covid era overtime.

42210 Operating Supplies. Inflationary increase of 3.5% \$2,015 and to cover additional safety equipment.

42120 Computer Software. Increased to fund version updates of Visio and Adobe required for compatibility, and new Microsoft licenses for two new department computers.

43011 Contractual Services. Contracts include janitorial (\$19,200), background checks (\$1,500), water quality consulting (\$1,500), movers (\$5,500), fabrication shops (\$1,800), septic pumping (\$5,000), alarm monitoring (\$13,000), hazardous waste disposal (\$2,000), motor repair (\$3,500), engineering services (\$4,000) and misc. small contracts (\$18,000).

43015 Water/Air Testing. Increase due to increased number of tests being performed and rising lab costs.

43019 Software Maintenance. This account has been split between software maintenance and software licensing. This line covers \$4,500 for SCADA system technical support.

43026 Software Licensing. Account split from 43019 Software Maint. Increase of \$4,467 due to rise in licensing costs. Mitchel-1 (\$5,000), Brightly \$53,292, Zoom (\$850), Crowdstrike (\$50), Milestone (\$200), Snap-on (\$1,000), VibePro (\$1,500), Autocad (\$1,900), and Supervisory Control and Data Acquisition "SCADA" (\$800).

43110 Communications. Increase of 11.6% \$4,380 based on increased costs seen YTD FY24.

43310 Advertising. Increase to cover increased number of recruiting advertisements run in FY24.

43610 Public Utilities. Increase due to expected price increases.

43750 Vehicle Maintenance. Increase due to windshield replacements no longer handled by insurance claims.

43764 Snow Removal. Increase due to multi-year trend of increasing snow fall and snow removal costs, and to allow a budget for bidding flat monthly rates.

43812 Equipment Replacement Payments. ERF increased 20.3% \$24,132 for increasing funds for a replacement boom truck, a heavy duty trailer, replacing two man lifts, and a replacement cargo van.

43780 Buildings/Grounds Maintenance. Increase of 3.3% (\$18,000) to cover 5 year theater rigging inspections. Contracted maintenance including landscaping, regulated inspections, pest control, septic system pumping, excavating, and similar contracted services at school facilities.

48311 Major Machinery and Equipment. Electrical data logger (\$8,000), replacement VA data collector (\$15,000), and CAD drawing display system (\$6,000).

48522 Surveillance Equipment. New account for Maintenance, increase security camera coverage at Poppy Lane (\$19,200).

48710 Minor Office Equipment. Increase due to replacement of obsolete computer systems. WQ Surface Pro (\$2,000), Homer GM desktop (\$1,000), 4 Tablets (\$3,600), and replace obsolete computer systems (\$16,900).

48720 Minor Office Furniture. Increase due to a long overdue chair replacement. Homer 12 chairs (\$6,000), Soldotna 5 chairs (\$2,500), and misc. small furniture (\$1,500).

48740 Minor Machinery and Equipment. Increase to accelerate remote monitoring and notification efforts. To purchase various sensors, transmitters and similar devices to support alarms and remote diagnostics (\$25,000).

60001-60003 Charges (to) From Other Departments. (\$537,887). Amount includes warehourse personnel costs charged to Maintenance Department (\$262,113), chargeout for Maintenance time and materials provided to other departments (\$400,000), and charge out for maintenance time and materials on capital projects (400,000).

For capital projects information on this department - See the Capital Project section - Pages 344-345, 346-347, 351, 368-378

Line-Item Explanations

43023 Kenai Peninsula College (KPC). Funding to be used as follows:

JumpStart Program/Tuition Waiver. Funding provides a two-thirds reduction in UAA tuition at KPC for any KPB resident high school junior or senior. After meeting with an academic advisor these students are able take up to 6 credits per semester for 5 semesters. This is a total of 30 credits and equivalent to 1 year of attending college full time giving high school students a JumpStart on their academic career. Students can register for classes once they successfully complete their sophomore year. Students will pay \$78 per credit as compared to the lower-level tuition rate of \$234 per credit. With instructor approval, advanced students can take upper-level courses. These students will pay \$93 of the \$283 per credit cost (\$237,500).

Adult Education/Workforce Development. Funding provides personnel, travel, and support costs to make the ABE/GED program available throughout the Kenai Peninsula Borough, including Soldotna, Kenai, Nikiski, Homer, Ninilchik, Anchor Point, Tyonek, Seldovia, Port Graham, Nanwalek, Vozsensenka, and other remote communities as needed (\$235,361).

Kenai River Campus Outreach \$143,713 Kachemak Bay Campus Outreach \$91,648

Resurrection Bay Extension Site, Seward. Located in the Seward High School. Funding provides courses in basic general requirements such as English, Psychology, Art, Communication, professional development courses, and community interest courses (\$39,523).

Safety Officer/Evening Coordinator, Kenai River Campus. This position provides assistance to students with admissions, registration, and advising. It also provides assistance to evening instructors and coordinates evening events, programs, and other special events. Funding provides salary, benefits, and support for 60% of this full-time position. The night coordinator is trained in CPR, first aid, and AED operations. This position is also trained in directing lock down/active shooter drills, emergency management tream coordination, campus safety briefings, evacuation drills, and proper handling of hazardous materials in our numberous labs (\$56,631).

Learning Center Tutors. Funding provides tutors at both campuses. Tutoring strengthens academic skills for students struggling with a specific concept in a subject. Both campuses offer face-to-face hands-on and virtual tutoring through open labs staffed by faculty, instruction staff, student peers or individuals trained and qualified in their area of expertise (\$78,729).

Kenai River Campus \$59,102 Kachemak Bay Campus \$19,627

Admin Assistant/Instructional Support, Kachemak Bay Campus. Funding provides an admin/instructional support position for KBC faculty, staff, and students utilizing Bay View Hall. Provides the sole support for staff, faculty, & students, as well as other duties such as test-proctoring services (\$42,841).

Student Success and Resource Advisor, Kenai River Campus. This advisor works closely with at-risk students monitoring their academic progress to ensure they stay on track. Based on Accuplacer and ALEKS testing results, students are advised on class selections and an achievable path to graduation. KPB funding pays the salary of this year-round position as well as one part-time student worker that manages scheduling and data collection for the advising department (\$95,989).

Information/Registration Clerk, Kachemak Bay Campus. Funding provides 50% of full-time year-round cost for staffing an Information /Registration clerk for the Kachemak Bay campus. The position provides advice and assistance to students, parents, and the public (\$38,451).

Advising and Support Services Specialist, Kachemak Bay Campus. This position assists students in planning schedules, recommends classes, and supports students in overcoming obstacles that would interfere with their educational goals. The specialist monitors KBC students' progress and will reach out at the first sign of potential trouble, such as declining grades or low attendance, and recommend resources for non-academic related challenges when needed. Funding provides 60% of the cost of a year-round staff member, hours are reduced in summer months (\$44,643).

Veterans Services/Finanaical Aid Coordinator, College Wide. Funding supports a full-time, 12-month position. The VSC serves as the initial point of contact for active duty and veteran students attending KPC and advises these students on their VA and military educational benefits, certifies courses, and assists with veteran-specific and general recruitment initiatives. The staff member is located at KRC, but also travels to KBC (\$62,825).

Disability Accommodations Coordinator, Kenai River Campus. This position develops the appropriate academic and programmatic accomodations for KRC students who experience disabilities. This includes providing students with support in the testing center administering and procering exams to ensure both academic integrity and ADA/Rehabilitation ACT 504 compliance. The coordinator also creates and delivers ongoing disability awareness programs and professional development activities for faculty and staff in order to promote a greater sensitivity towards disabilities. Duties also include the coordination of service delivery with community disability support partners (\$27,724).

Grant Writing Course Instructor, College-Wide. This funding supports the delivery of a series of courses developed to aid Kenai Peninsula Borough organizations and indviduals pursuing grant oppoutnities through state, federal, and local sources. These grant writing courses are geared to improve success rates in accessing funding. KPC developed noncredit curriculum that is delivered both in person and online. Mentoring through the grant application process will also be provided. Funding supports part-time instructors, travel, and outreach, and supplies (\$15,583).

General Government Special Revenue Funds

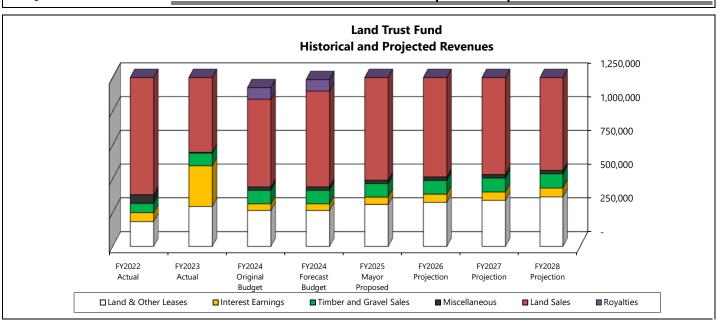

The Borough has two (2) General Government special revenue funds, with annual budgets, that were established for specified purposes due to legal requirements restricting specific resources for expenditure or which are not appropriately budgeted elsewhere. These funds are the Land Trust Fund and the Nikiski Senior Service Area Fund.

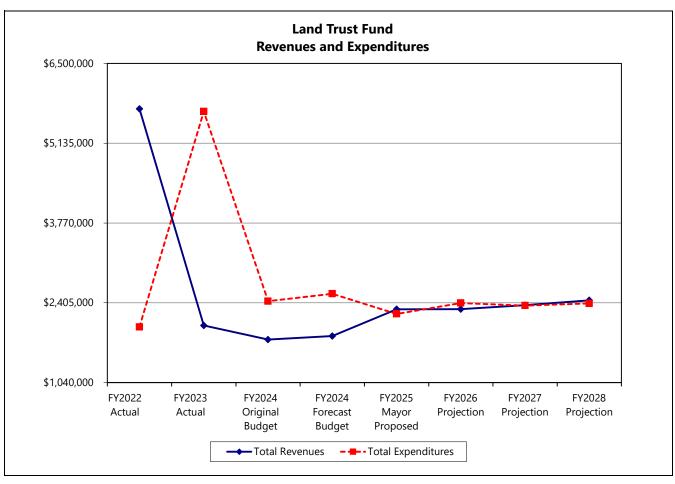

Land Trust Fund – this fund was established to account for all moneys accruing to the Borough in lieu of lands or from the use or sale of lands and to manage all Borough owned and municipal entitlement lands. The major sources of revenues are from land sales and interest earnings.

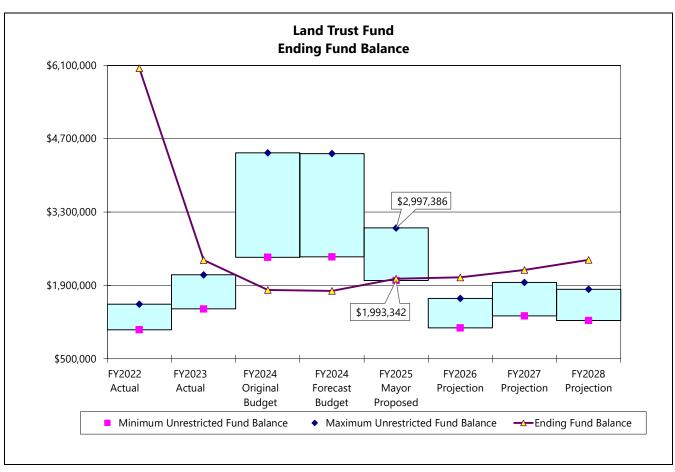

Nikiski Senior Service Area – the voters in the Nikiski and Tyonek area in 1993 created this service area. The purpose of the service area is to provide programs and services to seniors who live in the service area. The service area provides funding to the Native Village of Tyonek for Tyonek Senior Citizen programs, and to Nikiski Senior Citizens, Inc., a non-profit organization that provides meals, transportation, social activities, and information and referral. The major source of revenue is from property taxes.

Fund 250

Land Management Administration

Dept 21210

Mission

To make informed management recommendations, decisions, and actions on the Borough's land inventory and natural resources in accordance with KPB Chapter 17.10 and the Kenai Peninsula Borough Comprehensive Plan with three primary operational objectives:

- 1) Acquire and hold land for the operations of the Kenai Peninsula Borough, including the school district and service areas.
- 2) Manage lands & natural resources for identified community needs and general social, environmental, and economic public benefits.
- 3) Create capacity for perpetuating the implementation of objectives 1 & 2.

Program Description

The Land Management Division is responsive to current and foreseeable land-based needs of the Borough and its residents which are addressed through inventory, land planning, land acquisition, land use authorizations, resource management, land disposals, and public land information under the general powers authority of AS 29.35.010(8) using enterprising methods.

Major Long-Term Issues and Concerns:

- Establishing policy and formalizing best practices.
- Establishing a facility management framework.
- Protecting KPB's interest in the municipal entitlement process.
- Establishing an integrated information management system for land program records.
- Public facing mapping of all Borough land.
- Revision of the land classification system to be concise and understandable in its meaning towards land management.
- Development of a land management plan including classification of all KPB land, a prioritized multi-year work plan with classification-based management plans, forecasted acquisitions to support all operations of KPB, KPBSD, & Service Areas, and other operational objectives.
- Establishing productive, healthy, and sustainable soil, water, and forest management methods.
- Staffing succession and capacity to serve mission with a strategic staffing and contracting portfolio.
- Establishment of revenue program goals and strategies.
- Funding for Agriculture Initiative Program.

FY2024 Accomplishments

 Continued administration of \$106,385 USDA Community Compost grant, to be completed, reported, accounted, and closed out at end of FY24.

- Provided administrative support to the KPB Resilience and Security Advisory Commission and its 3 subcommittees, and provided meeting admin support to the Planning Commission.
- Provided information services to 1,484 front counter callers,
 759 front counter walk-ins, and delivered 401 maps to public customers.
- Prepared 7 plans of survey and 5 subdivision contracts to produce 90 new lots for future land sales with revenue potential of approximately \$14 million.
- Requested State Patent to 3,000 acres of immediately conveyable Municipal Entitlement land.
- Facilitated review of 122 tax-foreclosed properties and conducted an inter-departmental tax foreclosure review committee meeting in preparation for the Fall 2024 Tax Foreclosure Auction.
- Provided realty services through market identification and procurement of Risk Management lease space, and the acquisition of an OEM siren tower easement agreement.
- Acquired 2 surplus properties with the Land Trust originally acquired by CES to support the Station 1 project goals.
- Negotiated 2 new lease agreements to support the Sterling Highway MP 45-60 construction project and gaining reoccurring revenues and land improvements.
- Managed 33 reservations for education and government use of space at the So Prep Building.
- Recording of Quartz Creek Outfitters Way Replat establishing a frontage road in Cooper Landing with ADOT, neighboring property owners, and CLAPC - to be partially constructed by ADOT.
- Completed Unit 395 Master Land Plan (Juneau Bench in Cooper Landing) and classified the 1,000-acre land unit to reflect uses and future development opportunities identified in the plan, having a net present value of \$9,050,000.
- Negotiated a Purchase and Sale Agreement for the acquisition of K-Selo school site pending approval by DEED.
- Conducted gravel resource reconnaissance in the south peninsula region and identified a new gravel resource location suitable for development planning in FY25 serving long-term gravel needs to Fox River and East End communities.
- Established West Juneau Materials Site (Unit 395) Cooper Landing in conjunction with ADOT Sterling Hwy MP45-60 project.
- Offered 32 substandard lots to adjacent property owners through special offering resulting in the sale of 8 lots yielding \$65,000.

Fund 250

Land Management Administration - Continued

Dept 21210

 Offering 28 parcels in general land sale with \$640,000 in reserves in May 2024 pending assembly approval.

FY2025 Ongoing Initiatives:

- Preparing to record 40 years of Municipal Entitlement Final Decision documents leading to the parcel mapping of all 40,000 acres of KPB management authority lands.
- Prioritize, plan, and initiate land development and improvement projects to generate new land sale inventory.
- Establishing a general lease offering program for commercial, residential, recreational, and agricultural uses in select areas to be used in combination with ongoing land sales.
- Surveying of 300 acres of Municipal Entitlement lands in the Cooper Landing Quartz Creek area.
- Assisting GIS with developing and implementing technical methods for spatial adjustment of all tax parcel GIS data to improve spatial accuracy and better meet the demands of internal and external map data users.
- Working with the City of Homer for the sale of up to 8 KPB parcels near Kachemak Drive.
- Applied for \$8.5 million with a match waiver in USFS
 Community Wildfire Defense Grant (CWDG) funds to
 address hazard tree mitigation at 38 KPB Public Facility sites,
 vegetation treatments across approximately 600 acres of
 priority KPB Lands, and to establish a ROW permissions
 group under the banner of Spruce Bark Beetle Mitigation
 Program to streamline ROW work along roads and
 powerlines (funding awards to be announced in Feb 2024).
- Co-chairing Facility Management Working Group to define high-impact business and operations management strategies for KPB Public Facility asset management which will create efficiencies and support all KPB operations.

FY2025 New Initiatives:

 Increase reoccurring land revenue by \$25k/year through new leasing opportunities.

- Engineering and access/utility extensions to serve 3 land development projects associated with planned subdivisions for land sales (Humpy Point in Kasilof, Out-of-Bounds in Kenai, and Caribou Crossing on Ciechanski Road).
- Implementation of October 2024 Tax Foreclosure Auction projected at 65 or more parcels to be offered. Exploring resident offering for this sale.
- Implementation of 2025 Spring Land Sale with a revenue goal of \$800,000 for contribution to the Land Trust Investment Fund.
- 2 RFPs for material site concessionaires operating agreements for Eagle Lake and Beluga Material Sites.
- Engineering for East End #2 Site Access and Gravel Mining & Reclamation Plan and permitting.
- Spruce Bark Beetle (SBB) Hazard Tree Mitigation scope of work development for 38 KPB public facility sites under BLM grant.
- Pursuit of grant funding for implementation of Hazard Tree Removal around 38 KPB public facility sites.
- Assist KPB with SBB project initiation in the event of \$8.5 CWDG grant award.
- Conduct lease agreement audits and lost revenue capture on 3 lease agreements.
- Engage the State of Alaska on the path to completing KPB's municipal entitlement with fundamental changes to the State's survey requirements for approved lands and with the selection of 13,000 acres of remaining entitlement involving amendment to the State's Kenai Area Plan.
- Create Facility Management Zone/Campus mapping for the inventory of all KPB and KPBSD operational facilities designed to benefit all facility operators.
- Work with KPB Finance Department to establish a "Land Management Finance Committee" to advance financial management goals, coordination, and business planning.
- Plan for the expansion of 1 Land Management Agent position to Deputy Land Manager role to meet team development and operational capacity goals.
- Fiscal, organizational, and logistical planning for Land Planner/Landscape Architect to serve KPB facility operations planning, community land development project planning, KPB Land Plan creation, and pursuit of grant funding opportunities (FY26 proposed).

Dept 21210

Priority/Goal: Land Acquisition

Goal: Support Borough operations and community interests with appropriately located lands.

Objective: To acquire lands meeting operational criteria for borough purposes. To acquire lands appropriate for inclusion in

community land use planning including lands supporting public purposes, community expansion, resource management, recreation, and ecological values. To obtain patent to approved municipal entitlement grant lands.

Measures:

Key Measures	Benchmark	CY2021 Actual	CY2022 Actual	CY2023 Actual	CY2024 Projected
Parcels Acquired for KPB Purposes	n/a	2	15	2	4
Properties Leased by KPB	n/a	17	16	15	15
Municipal Entitlement Acres Received	2,350	0	89	0	1500

Priority/Goal: Land Disposal

Goal: To dispose of tax-foreclosed surplus and community expansion lands guided by public processes.

Objective: To conduct disposal programs of appropriate surplus, planned lands and to periodically tax foreclosure auctions.

Measures:

Key Measures	CY2021 Actual	CY2022 Actual	CY2023 Actual	CY2024 Projected
Tax Foreclosure Parcels Sold/Retained	34/58	0/0	0/0	65/10
Parcels Sold at Market Value	19	36	8	30
Deeds of Trust in Escrow #/\$ Value	32 / \$1,809,907	40 / \$2,051,564	32 / \$1,672,558	40 / \$2,000,000

Priority/Goal: Land Use Authorizations and Natural Resource Sales

Goal: To provide for appropriate uses of Borough land and natural resources.

Objective: 1. To orderly administer land authorization programs for special use of Borough land.

2. To offer Borough gravel and hard rock resources in support of community and public project needs.

Measures:

Key Measures	CY2021 Actual	CY2022 Actual	CY2023 Actual	CY2024 Projected
Active Land Leases & Rent Agreements	48	51	43	47
Communication Site Agreements (*new line)	*	*	18	18
Land Use Permits/Easements Granted	28/3	33/4	28/3	30/4
Right-of-Way Utility Permits	149	162	194	175
Small Quantity Gravel Permits	12	5	8	10
Gravel Volume All Sites (cubic yards)	38,650	37,437	40,310	40,000
Hard Rock Volume (cubic yards)	1,935	0	262	93,125
Disposal of Earthen Materials (*new line)	*	*	255,698	100,000

Priority/Goal: Create Capacity for KPB's Land Management Operations and Objectives

Goal: To contribute to the Land Trust Investment Fund (LTIF) and the goals of the fund established in Ordinance 2018-29.

Objective: 1. To build the LTIF to a level which can sustain KPB Land needs via POMV and land investments.

2. To further build the LTIF to a self-sustaining level which can endow KPB with additional financial tools and

benefits described in Ordinance 2018-29.

Kenai Peninsula Borough

Senior Service Area

Nikiski Senior Service Area

Voters in the Nikiski area approved the formation of the Nikiski Senior Service Area in October 1993 to provide programs and services for the senior citizens within the service area. A five-member board of directors, elected by the voters in that service area, has the power to provide for these services and programs. The board members, who are qualified voters in the Borough and residents of the Nikiski Senior Service Area, serve staggered three-year terms. The major source of revenue is property tax.

The mill rate is set at .27 mills for the fiscal year 2025.

Nikiski Senior Service Area

Dept 63190

Mission

To provide funding for programs and services which enhance the "aging in place" experience for all persons fifty-five and older.

Program Description

The Nikiski Senior Service Area provides meals, transportation, social services, State and area information, referral services, and programs for seniors in the Service Area.

Major Long-Term Issues and Concerns:

- Maintain sustainable services and operations with the increased cost of providing services.
- Continue to integrate into a long-range plan to provide the needed level of services and activities available to area seniors.
- Develop plans for providing services collaboratively with local businesses and facilities for seniors in our area.
- As our community changes, we continue to be aware of the demographic changes and adapt accordingly.
- Replacement of boiler system in Nikiski Senior Citizens Inc. facility.

Contractual Services, Village of Tyonek. The Service Area "Reimbursement Program" provides \$25,000 in annual funding to the Village of Tyonek for meal delivery to the elders served Monday through Friday, as well as transportation to congregate meals.

Contractual Services, Nikiski Senior Services, Inc. The Service Area provides annual funding to Nikiski Senior Services, Inc. (NSC); the following was accomplished in FY2024:

- Provide transportation services with grant-funded ADA Van.
 Continue development and fine-tuning of our in-house transportation program for seniors in the area.
- Continued research and development of in-house social services to provide Medicare for the well-being of seniors.
- Developed and implemented additional computer training classes for seniors.
- Increased availability and continued to build delivery of remote services and activity options.

- Researched developing outdoor senior friendly activities and developed a plan for an ADA outdoor recreation area.
- Continue to flourish relationships with local care coordinators to expand Meals on Wheels, transportation, and other services offered through waiver services.
- Introduced new services or programs as often as possible.
- Continued to offer free meals to benefit our low-income seniors during celebrations and holidays.
- Developed a volunteer recruitment program for increased activities and programs.

FY2025 New Initiatives:

With the funding provided, the Nikiski Senior Services, Inc. plans the following in FY2025:

- Increase staff hours to meet the growing demands of a membership that has increased by 21% in the past year.
- Provide drivers for transportation services and Social Service staffing to meet the local needs for these services.
- Provide weekly transportation to town for seniors to shop for groceries, household items, pay bills, and attend doctors' visits.
- Provide transportation to activities that enhance the wellbeing of seniors and promote socialization.
- Develop outdoor senior friendly activities.
- Introduce new services or programs as often as possible.
- Continue to offer free meals to benefit our low-income seniors during celebrations and holidays.
- Continue to provide healthy congregate meals to our growing senior membership.
- Provide supplemental food options to seniors through our Senior Food Pantry.
- Implement monthly Senior Center Workshops that include estate planning, board of directors training, tax preparation assistance, "Just-in-Case Binder", drafting and updating your will, Social Security advice, drafting or updating medical/financial power of attorney, planning your retirement, Medicare advice, & choosing your drug plan, etc.

Fund 280

Nikiski Senior Service Area - Continued

Dept 63190

Performance Measures:

Priority/Goal: Contain operational costs for delivered meal program with increased senior participation at Nikiski Senior Services, Inc. Meeting the needs of seniors' increasing services through staffing and operational changes.

Priority/Goal: Retain nutritional value of delivered meals and costs associated with increased meals of 1 to 2 X daily and increased client participation. Containing food and employee costs while providing necessary nutritional values.

Delivered Meals (Nikiski Senior Services, Inc.)	FY2022* Actual	FY2023 Actual	FY2024 Projected	FY2025 Estimated
Congregate and Home Delivered Meals	17,401	15,056	13,635	15,000
Miles Driven for Meals Delivery	11,944	11,359	10,756	11,000
Nikiski Senior Services, Inc. – Costs of Goods	\$234,129	\$246,252	\$256,570	\$264,570

^{*}Corrections made to FY22 to align with actual totals.

Commentary from Nikiski Senior Services, Inc.

Despite securing grants in FY24, the Nikiski Senior Service Services, Inc. continues to grapple with the financial strain caused by increased employee wages, rising kitchen and grocery prices, escalating transportation costs, and the high demand for activity and services sponsorship. The cost of living has surged, impacting the daily lives of senior members. In 2023 alone, the Nikiski Senior Services, Inc witnessed an 11.3% increase in population, exacerbating the strain on resources.

The mission of the Nikiski Senior Citizens, Inc. is not just a commitment but a promise to care for our seniors and meet their evolving needs. The statistics unmistakably demonstrate the substantial growth of the senior population on the Kenai Peninsula, a trend projected to persist. It is our solemn responsibility to ensure that our senior service area receives the necessary support.

Line-Item Explanations

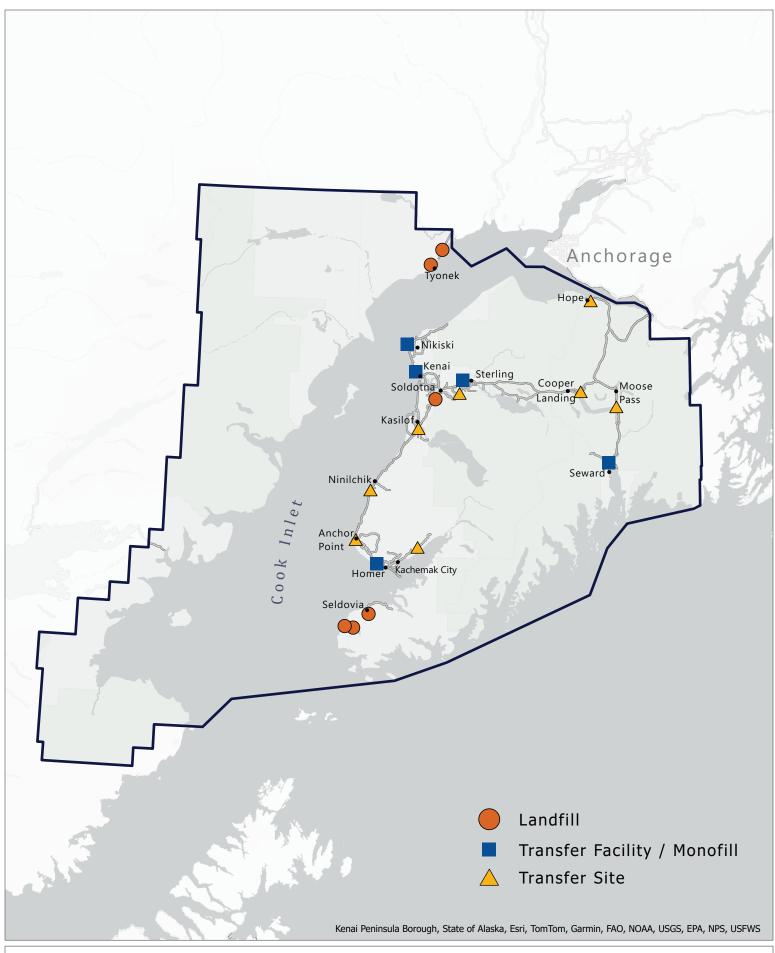

43011 Contractual Services. Contracting with Nikiski Senior Citizens, Inc. to provide the services and programs to meet the general objectives of the service area (\$475,000), this is a 5.26% increased from FY2024. Native Village of Tyonek to provide for the administration of the Tyonek Senior Citizen programs (\$25,000).

Solid Waste

Solid Waste Fund

The Borough has one (1) Solid Waste fund with an annual budget. It was established for specified purposes due to legal requirements restricting specific resources for expenditure or which are not appropriately budgeted elsewhere.

Solid Waste Fund – this fund was established to account for activities of the Borough's solid waste program. This program was being accounted for as a special revenue fund because less than 10% of its revenues come from user fees, 90% of its revenues are transferred from the Borough's General Fund. To comply with new GASB reporting requirements, this fund will be reported as part of the General Fund for reporting purposes. This fund will continue to be shown in the special revenue fund section for budgetary purposes.

Kenai Peninsula Borough

Solid Waste Facilities

Kenai Peninsula Borough Solid Waste Fund

Mission:

The mission of the Kenai Peninsula Borough Solid Waste Department is to develop and implement solid waste programs and dispose of waste generated in the KPB in the most economically feasible and environmentally responsible manner in accordance with the KPB Code and with federal and state requirements.

Division Functions:

The Solid Waste fund was established to account for activities of the borough's solid waste program.

The Solid Waste fund is made up of 5 divisions as follows; Administration; Central Peninsula Landfill; Seward Transfer Facility; Homer Transfer Facility; and Landfills, Hauling and Waste Program.

Solid Waste Administration – this division provides for the planning, design, development and operations of the solid waste facilities. This division is responsible for ensuring waste is managed in accordance with the Borough Code and state and federal requirements. This division also plans for the closure and post-closure requirements of borough landfills.

Central Peninsula Landfill – this division's mission is to collect and dispose of waste, recycle to reduce waste requiring burial and to provide hazardous materials disposal. This facility is located in Soldotna.

Seward Transfer Facility – this division's mission is to collect and transfer solid waste generated in the Eastern Peninsula to the Central Peninsula Landfill for disposal, manage inert waste with on-site burial, recycle to reduce waste requiring transport or burial and provide for proper hazardous material disposal. The operation at this facility is contracted out.

Homer Transfer Facility – this division's mission is to collect and transfer solid waste generated in the Southern Peninsula to the Central Peninsula Landfill for disposal, manage inert waste with on-site burial, recycle to reduce waste requiring transport or burial and provide for proper hazardous material disposal. The operation at this facility is self-operated by KPB management onsite.

Landfills, Hauling and Waste Program – this division is responsible to collect, consolidate, and dispose of solid waste, recycle to reduce waste requiring burial, and provide for proper hazardous materials disposal. To provide integrated solid waste programs including the development, operations and maintenance of landfills in remote areas of the borough, eight waste drop box/transfer sites, 13 mobile recyclable collection stations, hazardous waste collection program, solid waste environmental monitoring and litter program. These programs are all contracted out.

This fund was established to account for activities of the Borough's solid waste program and is included in the Borough's General Fund for financial statement purposes to comply with Governmental Accounting Standards Board pronouncements. On average, less than 7% of revenues needed to fund the solid waste program are generated by user fees, the balance is paid for by the Borough's General Fund.

Fund 290 Solid Waste Fund

Dept 32010 Administration

Program Description

Plan, design, develop, and operate solid waste facilities and programs to ensure waste is managed in accordance with the Borough Code and with state and federal requirements. Provide an integrated solid waste program, including development, operations, and maintenance of five rural landfills, two inert waste monofill/landfills, one lined landfill/inert waste landfill/baling facility, five transfer facilities, eight waste drop-box/transfer sites, recycling and hazardous waste collection stations, environmental monitoring, and litter programs. Ensure feasible and cost-effective waste management and compliance with regulatory requirements. Plan for closure and post-closure requirements for all Borough landfills.

Major Long-Term Issues and Concerns:

- Maintaining adequate fund in the closure post closure liability account to support future regulatory requirements and adequate funding to repair and replace infrastructure and equipment.
- Rising costs for solid waste operations and determining appropriate funding sources for future increased costs.

FY2024 Accomplishments:

- No loss time accidents, decreasing costs to the department associated with lost time and accidents.
- Started hauling leachate off site to wastewater treatment plants for disposal.
- Completed Landfill Master Plan Project.
- Continued CPL Combined Heat and Power Design with HEA.
- Increased Solid Waste disposal rates to recover costs and be more in line with other solid waste departments within the state.

FY2025 New Initiatives:

- Start new leachate concentrator and reduce leachate inventory.
- Continue site investigation and design for new south peninsula monofill.

Performance Measures:

Staffing	FY2022	FY2023	FY2024	FY2025
	Actual	Actual	Actual	Proposed
Staffing History	5	5	5	5

Priority/Goal: Provide disposal capacity for solid waste generated within the Borough in an environmentally sound and cost-effective

manner.

Objective: 1. Assess the amount of disposal capacity available at existing KPB landfills.

2. Initiate actions to arrange for sufficient capacity to accommodate present and projected KPB needs.

Measure: Input received from tonnage data, volume surveys and other tracking methods.

Tool: Landfill capacity surveys, tonnage reports, Design Basis Report

Frequency: Annual, Tri-annual

Landfill	2025	2026	2027
	Projected Available	Projected Available	Projected Available

Fund 290

Department 32010 - Solid Waste Administration - Continued

Line-Item Explanations

40110 Regular Wages. Staff includes Solid Waste Director, Contract 43260 Training. Professional development training, storm water regulations, Administrator, Administrative Assistant - Contract Administrator, Environmental Program Manager, and an Administrative Assistant.

SWANA certification, and HAZWOPER training (\$2,550).

43011 Contractual Services. Fund potential environmental and regulatory issues (\$4,500); SWD portion of Poppy Lane office custodial services (\$4,200).

43600 Project Management. Funding required to support KPB Project Managers effort to develop capital construction costs (\$4,000).

43019 Software Maintenance. Security camera licensing (\$60).

48720 Minor Office Furniture. New monitors and stand for staff (\$1,000).

43026 Software Licensing. Zoom and Bluebeam license (\$500).

43210 Transportation/Subsistence. Increased storm water management site visits, ADEC regulartory/permit meetings, SWANA meetings/trainings, and site visit to other in-state landfills (\$8,220).

For capital projects information on this department - See the Capital Projects Section - Pages 344-345, 347-348, 353-354, 381-390

Fund 290

Solid Waste Fund

Dept 32122

Central Peninsula Landfill

Program Description

To collect and dispose of waste, recycle to reduce waste requiring burial and provide for proper hazardous materials disposal.

Major Long-Term Issues and Concerns:

- Implementation of the master plan for the current landfill and adjacent Solid Waste designated borough properties.
- Funding to maintain growing infrastructure and equipment.
- · Leachate management.
- Cell 4 design and construction to be funded with GO Bonds.
- · Limiting public access throughout facility.

FY2024 Accomplishments:

- Excavated 35,000 yards of Phase III inert waste cell.
- Completed Phase I Leachate Improvements.
- Starting Phase II Leachate Improvements.
- Installed rain sheeting on Cells 1 & 2.
- No lost time accidents.

FY2025 New Initiatives:

- Complete all health and safety training meet permit requirements and keep staff operating safely.
- Excavate an additional 40,000 yards of material for continued expansion of inert waste Phase III.
- Complete installation and startup of new leachate concentrator.
- Implement recommendations from Master Plan.

Performance Measures:

Priority: Maintain an efficient and well-run solid waste facility.

Goal: Ensure effective operation of public facility.

Objective: Provide necessary personnel to maintain a well-run operation.

Staffing	FY2022	FY2023	FY2024	FY2025
	Actual	Actual	Actual	Proposed
Staffing History	11	12	13	13

Priority: Manage and operate the Central Peninsula Landfill in a manner that protects public health, safety and the environment.

Assist in achieving other goals of the KPB Solid Waste Program.

Goal: Ensure compliance with ADEC and EPA laws and regulations regarding waste disposal and management.

Objective: 1. Monitor and manage leachate, groundwater, and landfill gas.

2. Monitor and manage the closed landfill cap, slopes and surface vegetation.

ADEC Annual Site Inspection Maximum Score	Benchmark	FY2022 440	FY2023 440	FY2024 440	FY2025 440
Annual Site Inspection Score	90% – 100%	431/440 (98%)	419/435 (96.3%)	419/435 (92.6%)	(>90%)

Line-Item Explanations

40110 Regular Wages. Staff includes: Landfill Manager, Lead Landfill Operator, 2 Landfill Operator II, 2 Landfill Operator I, 1 Landfill Operator/General Maintenance Mechanic, 2 Landfill Operator/Mechanic, 2 Landfill Laborer/Operator, and 2 Laborer.

42210 Operating Supplies. Leachate processing chemicals (\$165,000), miscellaneous items and supplies including seed and calcium chloride (\$30,000), and avian vector control supplies (\$15,000).

42230 Fuels, Oils and Lubricants. Bulk fuel purchases (\$180,000) and oils and lubricants (\$25,000).

42310 Repair/Maintenance Supplies. Parts and supplies for maintaining operational equipment, leachate management operations, baler operations, waste oil heater, dumpster repairs, plumbing and electrical systems (\$63,500), repair supplies including welding, painting and building supplies (\$6,500).

42360 Motor Vehicle Supplies. Parts and supplies for maintaining heavy equipment and other rolling stock (\$75,000).

43011 Contractual Services. Brush management and disposal (\$80,000), offiste leachate hauling and disposal costs (\$250,000) recycle hauling (\$6,000), maintenance, and diagnostic analysis of instrument data equipment, leachate management systems, leachate analysis, baler, and rolling stock (\$60,000), truck scale recertification, repair, and rewiring (\$40,000), environmental/civil consulting, Volume Survey, Monitor Well Survey (\$65,000), new employee screening (\$1,000), monitoring equipment maintenance (\$2,000), and freon disposal fees (\$2,000).

43014 Physical Examinations. Increase due to change in Safety Program at the Landfill to include medical evaluation for respiratory fit testing, and pulmonary function. Bi-ennial medical evaluations for landfill staff (\$4,500), and respiratory fit testing evaluations (\$2,000).

43019 Software Maintenance. Required annual technical support relating to weigh system software (\$2,000) and security camera licensing (\$900).

43026 Software Licensing. Software licenses for mechanic diagnostic software (\$3,000).

43015 Water/Air Sample Testing. Water monitoring for CPL (\$55,000), leachate, stormwater and special waste samples (\$18,000).

43095 Solid Waste Closure/Post-Closure. Annual amount funded toward landfill closure and post-closure activities.

43610 Utilities. Energy needs associated with the new leachate concentrator unit anticipated to be operational fall of 2024 and facility utilities (\$1,250,000).

43750 Vehicle Maintenance. Troubleshooting and repair of heavy equipment and rolling stock (\$55,000).

43780 Buildings/Grounds Maintenance. Road maintenance (\$5,000), fire suppression system / fire alarm / security cameras / lighting / HVAC maintenance/ standby generator maintenance & repair (\$23,000), overhead door maintenance (\$25,000), miscellaneous facility maintenance (\$15,000), and monitor well maintenance and repair (\$20,000).

43810 Rents and Operating Leases. Rental of equipment as needed such as mini-excavator, dump truck, motor grader, and compactor (\$40,000).

43812 Equipment Replacement Payments. Payment on solid waste equipment. See payment schedule below. (\$384,415).

48210 Communication Equipment. On-site radio communications improvement with radio repeater installation (\$20,000).

48710 Minor Office Equipment. Replacement of two computers (\$1,740) and monitors (\$760) per replacement schedule.

48720 Minor Office Furniture. Replacement of file cabinets (\$500).

49433 Plan Reviews. ADEC permitting and plan review fees (\$9,735).

Seward Transfer Facility

Program Description

To collect and transfer solid waste generated in the Eastern Peninsula to the Central Peninsula Landfill in Soldotna for disposal, manage inert waste with on-site burial, recycle to reduce waste requiring burial, and provide for proper hazardous materials disposal. The operations of this site are outsourced to a private contractor.

Major Long-Term Issues and Concerns:

- Flooding/road maintenance issues with Dimond Blvd., the access road to the transfer facility.
- Replacement of the fire suppression system in the Transfer Facility.
- High recycling shipment costs.

FY2024 Accomplishments:

- No cost cover material acquisition from Japanese Creek flood excavation.
- Work with Army Corps of Engineers City of Seward and the Flood Service Area on Japanese Creek flooding issue.
- Entered into a multiyear contract for management of facility.

FY2025 New Initiatives:

- Continue efforts to support Army Corps of Engineers, City of Seward, and the Flood Service Area on the Japanese Creek flooding issue.
- Submit application for expansion of monofill.
- Support initiatives for reuse and recycling opportunities.

Performance Measures:

Priority/Goal: Objective:

Provide appropriate service to the Eastern Peninsula in the area of solid waste management.

Manage the Eastern Peninsula solid waste operations including, but not limited to, providing the following services:

- 1. Four (4) Hazardous Waste Collection days per year.
- 2. Containers for recyclables and special collections.
- 3. Collection of batteries for recycling.

Homer Transfer Facility

Program Description

To consolidate, transport and manage waste generated in the Southern Peninsula, recycle to reduce waste requiring burial, and provide for proper hazardous materials disposal.

Major Long-Term Issues and Concerns:

- Evaluation of long-term management of inert waste options after closure of the existing inert waste monofill.
- Site traffic safety and disposal monitoring.
- Aging recycling baler needs replacement and how to best configure site for recycling operations.

FY2024 Accomplishments:

- Design and bidding of leachate storage tank replacement project.
- Started site investigation for new monofil site.
- Moved air curtain burner to site for reduced smoke during burn operations.
- Brushed top of closed cells to stop root growth from damaging liner system.

FY2025 New Initiatives:

- Continue site investigation and design for new monofill.
- Continue facility repairs including retrofitting lighting systems to LED and replacement of failing asphalt.
- Enhance site monitoring for safety and disposal.

Performance Measures:

Priority: Maintain an efficient and well-run solid waste facility.

Goal: Ensure effective operation of public facility.

Objective: Provide necessary personnel to maintain a well-run operation.

Staffing	FY2022	FY2023	FY2024	FY2025
	Actual	Actual	Actual	Proposed
Staffing History	4	4	4	4.5

Priority: Manage and operate the Homer Landfill in a manner that protects the public health, safety and the environment. Assist

in achieving other goals of the KPB Solid Waste Program.

Goal: Ensure compliance with ADEC and EPA laws and regulations regarding waste disposal and management.

Objective: 1. Continue to monitor and manage leachate, groundwater, stormwater, and landfill gases.

2. Continue to monitor and manage slopes and subsurface vegetation.

Department 32310 - Homer Transfer Facility - Continued

Line-Item Explanations

40110 Regular Wages. Staff includes: Lead Landfill Operator and 3.5 Landfill Laborer/Operators.

Added: 0.5 FTE Homer Laborer

42210 Operating Supplies. Baling wire (\$12,000), hauled water (\$1,800), storm water materials (\$5,000) and safety, office, and shop supplies (\$3,200).

42360 Motor Vehicle Supplies. Increased for cost of new foamed tires for roll-off truck (\$15,000) and other supplies (\$20,000).

43011 Contractual Services. Hauling contract (\$360,000) brush, storm water, environmental consulting and cover material (\$85,000), scale certification, maintenance, and cleaning (\$16,000), facility wastewater disposal (\$4,000), Volume and Monitor Well Survey (\$20,000), and alarm monitoring (\$500).

43015 Water/Air Sample Testing. Needed to support wastewater, stormwater, groundwater, and air sampling/testing required to comply with EPA and DEC guidelines (\$57,000).

43019 Software Licensing. Required annual technical support relating to weigh system software (\$1,200) and security camera licensing (\$700).

43095 Solid Waste Closure/Post-Closure. Annual funding required for closure and post-closure cost.

43780 Buildings/Grounds Maintenance. Miscellaneous building maintenance, fire suppression system, fire alarm system, surveillance system, emergency generator maintenance, road maintenance, and building overhead door maintenance (\$35,000).

43810 Rents and Operating Leases. Yard tractor (\$18,000) and equipment as needed for breakdown, ditching or brush burning (\$22,000).

43812 Equipment Replacement Payments. Payment on solid waste equipment. See payment schedule below (\$44,806).

49433 Plan Reviews. ADEC permitting and plan review fees (\$3,515).

Landfills, Hauling and Waste Programs

Program Description

Collect, consolidate, and dispose of solid waste, recycle to reduce waste requiring burial, and provide for proper hazardous materials disposal. Provide an integrated solid waste program including the development, operations, and maintenance of landfills in Seldovia, Port Graham, Nanwalek, Beluga, and Tyonek; eight waste drop-box/transfer sites; three transfer sites (Kenai, Nikiski, & Sterling); 13 mobile recyclable collection stations; hazardous waste and used oil collection programs; solid waste environmental monitoring; and litter program.

Major Long-Term Issues and Concerns:

- Unattended sites and associated risks.
- Long-term solid waste management in communities where the Borough does not own property for landfill development.
- Track progress of Alaska DOT road and airport project between Port Graham and Nanwalek, and identify suitable site for joint landfill.

FY2024 Accomplishments:

- Replacement of old light fixtures at transfer sites to LEDs to upgrade and reduce energy costs.
- Significant clean up and haul out work completed by KPB staff at Nanwalek Landfill.
- Deferred dumpster maintenance for Area 2 containers completed.
- Completed bidding for operation of Beluga Landfill to get new long term contract for operations in place.
- Completed sole source contract for long term operation of Tyonek Landfill.

FY2025 New Initiatives:

- Continue to work with Nanwalek community to expand and operate landfill.
- Improve remote monitoring and surveillance of transfer sites.
- Complete bulk order of new dumpsters, replacing failed containers and allowing for existing containers to be pulled out of rotation for repairs.

Performance Measures:

Priority:

The Borough recognizes disposal of hazardous waste is critical to sound solid waste management.

Goal:

Maximize collection and disposal of household hazardous waste.

1. Provide and promote 16 hazardous waste collection events.

Objective:

2. Develop a public education program intent on teaching hazardous waste reduction techniques.

These public education programs can be tied into the actual collection events.

Hazardous Waste Collection Events	FY2022 Actual	FY2023 Actual	FY2024 Projected	FY2025 Estimated
Central Peninsula Landfill	7	7	7	7
Homer Landfill	4	4	4	4
Seward Transfer Facility	4	4	4	4

Line-Item Explanations

42210 Operating Supplies. Hazardous waste totes and yellow trash bag 43019 Software Licensing. Security camera licensing (\$876). distribution (\$8,500).

43011 Contractual Services. Increased to cover contractual increases related to operations, maintenance, and improvements at three (3) transfer facilities (\$1,224,000), operations, maintenance, and improvements at five (5) rural landfills (\$419,000), operations and maintenance at eight (8) drop-box/transfer sites (\$674,000), household hazardous waste collection program, used oil program, and wastewater disposal (\$377,000), Cooking Oil/Grease Disposal (\$100,000), Guardian Security (\$500), sewer line thawing (\$1,200), replacement signs (\$3,000), rural landfill burn box repairs (\$40,000), and volume surveys for all rural landfills (\$60,000).

43015 Water/Air Sample Testing. Water and air sampling / testing needed to comply with ADEC mandated ground water sampling requirements (\$45,000).

43095 Solid Waste Closure/Post-Closure. Annual amount funded toward landfill closure and post-closure activities for the Seldovia, Beluga, Tyonek, Port Graham, and Nanwalek landfills.

43210 Transportation/Subsistence. Increased to provide oversight of rural facilities, increased travel during Nanwalek and Port Graham planned projects, and ADEC rural landfill inspections (\$9,135).

43780 Buildings/Grounds Maintenance. Snow removal/sanding/serration /grading/ditching of transfer sites (\$30,000), gravel (\$10,000), gate/fence repairs (\$10,000), and lights, surveillance cameras, electrical, plumbing, and fire alarm systems (\$14,500).

49433 Plan Reviews. ADEC permitting and plan review fees (\$1,250).

Hospital Service Areas

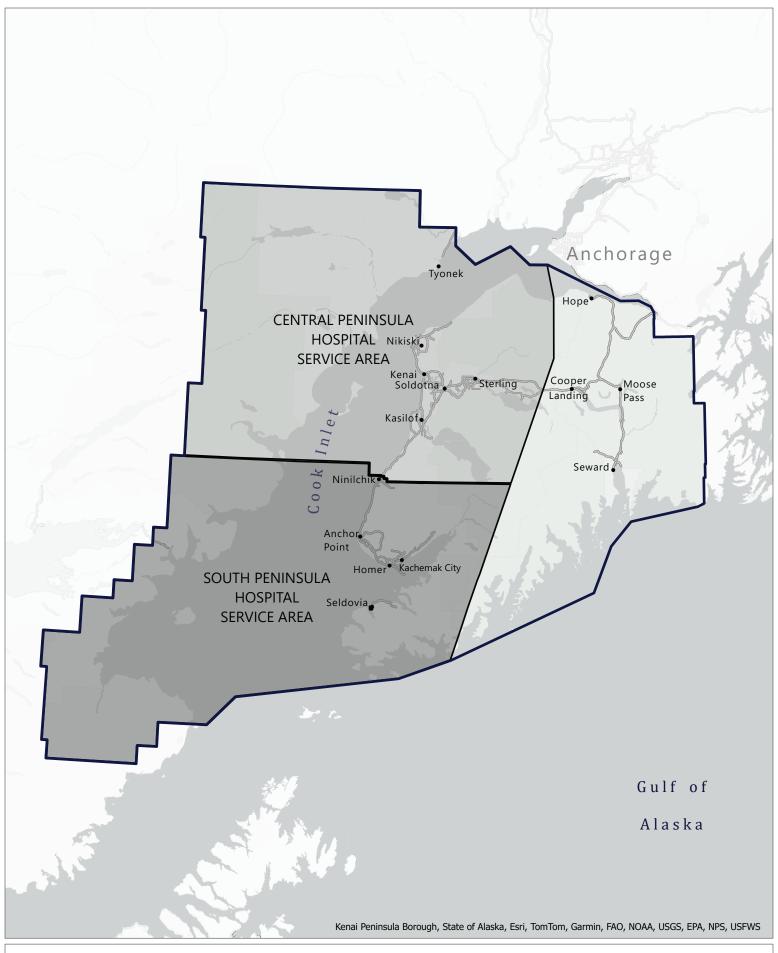

The Borough has two (2) hospital service areas, the Central Kenai Peninsula Hospital Service Area and the South Kenai Peninsula Hospital Service Area.

The major source of revenue for the hospital service areas is property taxes, with additional funding provided through state grants and interest earnings. Powers granted by the voters authorize these service areas to construct, maintain, and operate a hospital; and to provide other health care or health facilities within the service areas' jurisdiction. Both service areas support hospitals and long-term care facilities.

Only the expenditures budgeted by the service areas appear within this budget document. Each hospital prepares a separate operating and capital budget, which is approved by the operating board of each respective entity. The annual comprehensive financial report is done on a combined basis, and copies are available from each respective hospital.

Central Kenai Peninsula Hospital Service Area – this service area encompasses the area from Tyonek to Hope to Ninilchik. Operation of the Central Peninsula Hospital (the hospital), including Heritage Place (a long-term care facility purchased in 2006) has been contracted out to Central Peninsula Hospital Inc. Prior to FY2011, Service Area funding was used to pay debt service, capital expenditures, an operating subsidy for an alcohol and drug treatment program, an operating grant for a sexual abuse program, and for the operating expense of the service area board. Starting in FY2011, the hospital has provided the necessary funding for debt service, capital expenditures, and all operating cost including property insurance.

South Kenai Peninsula Hospital Service Area – this service area encompasses the area from south of Ninilchik to Homer to Kachemak City to the land south of Kachemak Bay excluding the City of Seldovia. Operation of the South Peninsula Hospital has been contracted out to South Peninsula Hospital Inc. Service Area funding is currently being used to pay debt service, capital expenditures, and for operating expense of the service area board.

Kenai Peninsula Borough

Hospital Service Areas

Central Kenai Peninsula Hospital Service Area

Established in April of 1969, this was the first service area in the Borough. Its purpose is to provide a hospitalization facility for residents in the Central Peninsula area. Management of the hospital is contracted out to, CPGH, Inc., a non-profit entity. The CPGH, Inc. board hires an independent CEO to manage its operations.

In the October 2018 election, voters from the southern peninsula approved moving the service area boundaries. This created the requirement to continue to assess a mill rate against parcels that were a part of the previous service area boundaries for both the Central Peninsula Hospital Service Area and the South Peninsula Hospital Service Area and no longer a part of the new service area boundaries to pay for bonded indebtedness. Parcels that were a part of the service area at the time of the vote to approve each bond must continue to pay the debt service while it is outstanding. Central Peninsula Hospital Service Area debt service is currently paid for with Hospital operational monies, therefore no mill is currently being levied for debt service.

Service area taxes have provided for debt service requirements, equipment purchases, construction, auditing costs, and board expenses. The mill rate for fiscal year 2025 is 0.01 mills.

Board Members

Effective July 1, 2016 with the enactment of Ordinance 2016-11, the Kenai Peninsula Borough Assembly has oversight of the Service Area.

Central Kenai Peninsula Hospital Service Area

Dept 81110

Mission

Meet the changing health care needs of the residents of the Service Area.

Program Description

Provide funding for the payment of debt service, purchase of capital equipment, operational expenses of the hospital, operating cost of the Service Area, and other health-care-related items within the Service Area.

Performance Measures:

Priority: Effective Governance

Goal: Provide funding for payment of debt service, capital expenditures, and other related hospital expenses.

Objective: Providing funding as needed to supplement revenue generated from hospital operations for payment of debt service,

capital purchases, and other related hospital expenses.

Key Measures	FY2022 Actual	FY2023 Actual	FY2024 Projected	FY2025 Estimated
Mill Rate	.01	.01	.01	.01
Property Tax Revenue	\$57,920	\$61,392	\$66,642	\$70,847

Priority: Effective Governance

Goal: Provide funding for payment of debt service, capital expenditures, and other related hospital expenses.

Objective: Providing funding as needed to supplement revenue generated from hospital operations for payment of debt service,

capital purchases, and other related hospital expenses.

Key Measures	FY2022 Actual	FY2023 Actual	FY2024 Projected	FY2025 Estimated

South Peninsula Hospital Service Area

Established in April of 1969, the service area was formed to provide hospitalization and medical services to the residents of Homer and the surrounding areas. A nonprofit corporation operates the hospital and other medical facilities pursuant to a contract with the borough. The nine-member service area board is elected by the service area residents. It advises and make recommendations to the mayor and the assembly concerning the operation and management of service area activities, reviews and recommends the annual service area budget, and performs such additional functions as the assembly may authorize. The hospital is located in Homer.

In the October 2018 election, voters approved moving the service area boundaries. This created the requirement to continue to assess a mill rate against parcels that were a part of the previous service area boundaries and no longer a part of the new service area boundaries to pay for bonded indebtedness. These parcels were a part of the service area at the time of the vote to approved each bond and participated in elections that approved bonded indebtedness, therefore they must continue to pay the debt service while it is outstanding.

Service area taxes fund the hospital's debt service requirements, equipment purchases, capital improvements, major repairs, and board expenses. The mill rate for fiscal year 2025 is set at 1.12 for operations and .34 for debt prior to FY2020.

South Kenai Peninsula Hospital Service Area

Dept 81210

Mission

Meet the health care needs of the residents of the Service Area.

Program Description

Provide funding for payment of debt service, purchase of capital equipment, operational expenses of the hospital, and other health-care-related items within the Service Area.

Major Long-Term Issues and Concerns:

- Aging demographic on the Southern Kenai Peninsula will place pressure on the healthcare system, requiring more complex services from all areas of the facility including clinic, infusion, inpatient care, surgery, long-term care, and ancillary services.
- Capital Facilities require upgrade and expansion to facilitate increased demand for services, parking, and family medicine & mental health services.

FY2024 Accomplishments:

 Appropriated service area funding for \$2.1 million in capital expenditures.

FY2025 New Initiatives:

 Appropriated service area funding for \$2.5 million in capital expenditures.

Performance Measures:

Priority: Effective Governance

Goal: Provide funding for payment of debt service, capital expenditures, and other related hospital expenses.

Objective: Providing funding as needed to supplement revenue generated from hospital operations for payment of debt service,

capital purchases, and other related hospital expenses.

50491 Transfer to SKPH-Capital Projects Fund. Transfer to capital projects fund for equipment and major remodel expenditures.

61990 Admin Service Fee. The admin service fee is charged to service areas and departments to cover a portion of costs associated with providing general government services. The amount is 2.5% of the personnel, supplies, services, and capital outlay budgets.

For capital projects information on this department - See the capital projects section - Page 344-345, 349-350, 366-367

Debt Service Funds

The Borough's Debt Service Funds, pages 337-340, are used to accumulate monies for payment of general obligation bonds issued for construction, improvements, and equipping of public facilities throughout the Borough and for debt issued for the purchase of equipment. The following debt service funds have activity:

School Debt Service Fund

This fund was set up to account for debt issued for construction and capital improvement to various schools located in the Borough. Bond payments are paid from the Borough's General Fund tax levy and School Debt issued between 1983 and 2019 are 70% reimbursable from the State of Alaska under the DEED Debt Reimbursement Program. The School Debt issued in 2023 is not reimbursable under the Debt reimbursement program due to a moratorium. The current outstanding issues are as follows:

- 20-year bonds issued December 2010 for roof repairs at various schools, in the amount of \$16,865,000. The outstanding balance as of July 1, 2024 is \$6,200,000.
- 20-year bonds issued November 2013 for roof repairs at various schools and Homer high school field project, in the amount of \$20,860,000. The outstanding balance as of July 1, 2024 is \$13,665,000.
- 20-year bonds issued February 2023 in the amount of \$30,000,000 for planning, designing, site preparations, construction, acquiring, renovating, installing, and equipping educational capital improvement projects throughout the borough. \$31,462,085 remains authorized but unissued as of June 30, 2024. The outstanding balance as of July 1, 2024 is \$29,105,000.

Solid Waste Debt Service Fund

This fund was set up to account for debt issued for construction, capital improvement, and equipment at Borough landfill sites. Bond payments are paid from the Borough's General Fund tax levy. Voters in 2016 authorized the issuance of \$10,600,000 for planning, design, site preparation, construction and equipping solid waste facilities, of which \$5,405,000 was issued in April 2017. The remaining balance of \$4,567,495 is expected to be issued in 2027. These bonds have been fully paid off as of June 30, 2023.

Central Emergency Services Debt Service Fund

This fund was set up to account for debt issued for construction, capital improvement, and equipment for the Central Emergency Service (CES) Area. Bond payments are paid from the CES tax levy. The current outstanding issue is as follows:

- 20-year bonds issued June 2006, for constructing and equipping a station in Kasilof and upgrading the Funny River station in the amount of \$2,500,000. The outstanding balance as of July 1, 2024 is \$340,000.
- 15-year bonds issued February 2016, for purchasing emergency response vehicles in the amount of \$2,465,000. The outstanding balance of as of July 1, 2024 is \$1,115,000.
- 15-year bonds issued November 2019, for purchasing emergency response vehicles in the amount of \$1,335,000. The outstanding balance of as of July 1, 2024 is \$1,075,000.
- 20-year bonds issued February 2023, for planning, designing, acquiring property for, site preparing, installing, equipping and constructing a new Central Emergency Service Station in the amount of \$14,520,000. The outstanding balance as of July 1, 2024 is \$14,085,000.

Central Kenai Peninsula General Hospital Service Area Debt Service Fund

This fund was set up to account for debt issued for construction, capital improvement, and equipment at the Central Peninsula Hospital. Bond payments are paid from the Central Kenai Peninsula General Hospital Service Area tax levy (if needed), and from operating revenues of the hospital. The current outstanding issue is as follows:

- 15-year revenue bonds issued February 2014, for engineering, design, construction and equipping a Specialty Clinic Building in the amount of \$32,490,000. The total outstanding balance as of July 1, 2024 is \$12,850,000 (tax-exempt).
- 20-year revenue bond issued November 2017 for design and construction of obstetrics facilities, cardiac catheterization laboratory and related projects at Central Peninsula Hospital in the amount of \$28,955,000 (tax-exempt). The outstanding balance as of July 1, 2024 is \$22,835,000.

South Kenai Peninsula General Hospital Service Area Debt Service Fund

This fund was set up to account for debt issued for construction, capital improvement, and equipment at the South Peninsula Hospital. Bond payments are paid from the South Kenai Peninsula General Hospital Service Area tax levy. The current outstanding issues are as follows:

- 20-year bonds issued August 2007, for Phase III expansion of the hospital in the amount of \$14,555,000. The outstanding balance as of July 1, 2024 is \$3,865,000.
- 15-year bonds issued April 2017, for planning, designing, construction, and equipping of facilities at the South Peninsula Hospital and Homer Medical Center in the amount of \$4,500,000. The outstanding balance as of July 1, 2024 is \$2,750,000.

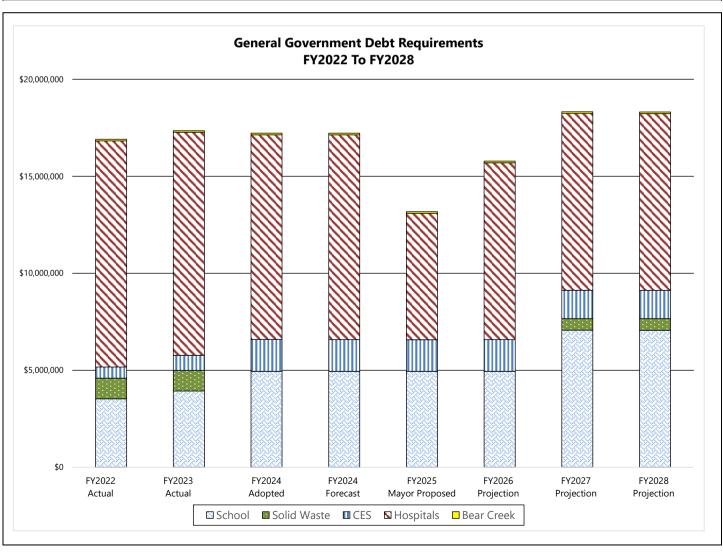

Bear Creek Fire Service Area Debt Service Fund

This fund was set up to account for debt issued for planning and design, property acquisition, construction, capital improvement, and equipping of the Bear Creek Fire Service Area Public Safety Building. Bond payments are paid from the Bear Creek Service Area tax levy. The current outstanding issue is as follows:

• 20-year bonds issued March 2013, for constructing and equipping a station in Bear Creek Fire Service Area in the amount of \$1,215,000. The outstanding balance as of July 1, 2024 is \$720,000.

Kenai Peninsula Borough FY2025 Budget Capital Improvement Program

Introduction

The Capital Improvement Program (CIP) is a projection of the Borough's capital investments plan over a five-year period. Capital investments normally involve major projects that have long useful lives. The CIP is both a fiscal and planning device that allows the Borough to monitor all capital project costs, funding sources, department responsibilities, and timing which will allow the Borough to maintain its assets at a level adequate to protect its capital investments and to minimize future maintenance and replacement cost.

The first year of the Capital Improvement Plan (CIP) organizes all known, non-routine capital needs based on priority, potential costs, financing options, and future budgetary effects. The capital items typically have a useful life of five years or longer and a cost of \$20,000 or more. The CIP matches capital costs with financing sources in order to provide long term planning for projects with significant financial impact. Recurring capital costs or one-time projects under \$20,000 are typically included in the annual operating budgets of the General Fund or Special Revenue Funds and are not part of the CIP.

The Capital Project section has overviews of capital requests submitted by Departments and Special Revenue Funds. These requests represent projected needs of these departments and Special Revenue Funds over the next five years.

The operating and capital budgets are closely dependent upon one another. The operating budget must cover financing, maintaining and operating new facilities that are built under the capital budget. In addition, the operating budget must pay principal and interest payments on all debt related projects.

The CIP contained herein includes five years of projected needs. The first year of the program will become the capital budget for which project money will be authorized. The remaining four years of the CIP will serve as a financial plan for capital investments. This financial plan will be reviewed each year as the CIP is updated and prepared.

Organization of the CIP

The CIP is broken into six sections. The first section shown below describes the various funds that have been set up for the CIP. The second section also shown below is a summary of the funding sources. The third section is an Expenditure Summary for the Fiscal Years 2025 through 2033 and is on page 350. The fourth section is a listing of the projects being funded for the current fiscal year and starts on page 352. The fifth section consists of a detailed five-year summary for each fund and starts on page 360. The sixth section is individual capital improvement project details for General Government and Service Areas (not including hospitals) and starts on page 377.

Capital Project Funds

The Borough has two functional categories for which capital project funds have been created; one category that serves the general government, and a second category that serves service areas and other voter authorized programs.

General Government capital project funds have been set up to account for school projects funded by the general government, projects funded by bond proceeds, general government capital projects, 911 communication projects, resource management projects, and solid waste projects.

Service area capital project funds have been set up for Nikiski Fire Service Area, Bear Creek Fire Service Area, Western Emergency Service Area, Central Emergency Service Area, Kachemak Emergency Service Area, North Peninsula Recreation Service Area, Road Service Area, Central Kenai Peninsula Hospital Service Area, and South Kenai Peninsula Hospital Service Area.

Summary of Funding Sources

With the exception of capital projects that are funded from bond proceeds, the major source of revenue for each capital project fund is property taxes in the form of a transfer from each individual oversight fund. Additional funding is provided through state and federal grants, and interest earnings.

Kenai Peninsula Borough Capital Project Funds Detailed Project Descriptions

School Revenue Capital Projects

Areawide ADA Upgrades (project cost \$50,000)

Funds are to provide for code related Americans with Disability (ADA) improvements to area wide school facilities. Priorities are based on a combination of factors: improvements illustrated in an existing ADA survey which was completed in 2014 and need based on the presence of students or staff with special needs. Project #400.78050.25782.49999.

Areawide Asbestos Abatement (project cost \$100,000)

Funds will be used to advance towards eventual complete abatement of higher risk ACBSs at all Borough facilities. The removal of lower risk materials will be primarily based on projects that impact the existing materials. Areas of abatement are governed by impacting projects and decisions made by multiple Departments and personnel. Funds will be utilized for the removal of asbestos on the following priority basis: level of risk; as encounter; and as allowable by funding. Project #400.78050.25756.49999.

Areawide Asphalt, Sidewalk, and Curb Repair (project cost \$594,000)

These funds will be used to seal, repair and/or replace asphalt parking lots and sidewalks at various schools. This project will extend the life of the current asphalt. Project #400.78050.25802.49999.

Areawide Bleacher Replacements (project cost \$250,000)

Funds are intended to replace bleacher systems and auditorium seating at facilities district wide. Priority will be based on functionality of old systems and availability of funding. Project #400.78050.25727.49999.

Areawide Design Improvements (project cost \$184,003)

Funds to be utilized to develop engineering/design solutions for known project needs. This effort is intended to produce plan modeling adequate to progress to in house construction, contracted bidding, and/or to support the appropriation of available funding resources. Availability of these funds will contribute to a more efficient and timely resolution process. Project #400.78050.25DSG.49999.

Areawide Doors & Entries (project cost \$108,280)

These funds will be used to, repair and/or replace doors and entries at various schools. Needed replacements are prioritized based on work order demand, along with observation walk-throughs. Project #400.78050.25728.49999.

Areawide Drainage and Interior Renovations (project cost \$100,000)

School facility systems and designs, over time, may become inadequate to perform the function intended, or new functionality is needed. Facility drainage system requirements may become inadequate, original kitchen designs are unable to serve current student needs, or class room functionality no longer supports current curriculum. Funds are intended to renew, upgrade or replace inadequate systems or locations to meet current needs area wide. Project #400.78050.25862.49999.

Areawide Elevator Upgrades (project cost \$62,000)

These funds are required to upgrade elevators throughout the district. This funds will primarily be utilized to replace or upgrade door openers and main controls on various elevators that are having operation issues due to age and available repair parts. Project #400.78050.25803.49999.

Areawide Building Envelope Upgrade/Replacement (project cost \$475,000)

These funds will be used to replace the building envelope which is the physical separator between the conditioned and unconditioned environment of a building including the resistance to air, water, heat, light, and noise transfer. These funds would be made available to focus on the highest priority issues related to weather intrusion, operability of hardware systems and security. Project #400.78050.25714.49999.

Areawide Flooring Replacement Upgrades (project cost \$349,857)

Annual funding for upgrading flooring throughout the school district, including gym floors, working in conjunction with asbestos abatement funds, where applicable. Projects consist of replacing the carpet and flooring material at district-wide areas identified during site visits. Project #400.78050.25755.49999.

Areawide HVAC/DDC Upgrades and Repairs (project cost \$1,150,000)

These funds will be used to replace and/or upgrade existing control systems, circulation pumps, hot water units and various HVAC devices to eliminate constant maintenance and to improve energy consumption at schools. These projects will reduce both utility and maintenance costs. Project #400.78050.25801.49999.

Areawide Locker Upgrades (project cost \$250,000)

These funds will be used to purchase and install hall and locker room lockers throughout the Borough. Project decision is based on priority relating to condition and need. Project #400.78050.25855.49999.

Areawide Playground Upgrades (project cost \$50,000)

These funds will be used to remove old and damaged play structures at schools and replace with new. Funds would also be utilized to make improvements to resilient materials. Priority is based on condition and need, as determined by area wide inspections. Project #400.78050.25780.49999.

Areawide Water Quality Improvements (project cost \$134,000)

Replacement of water/waste-water treatment/conditioning systems at various location and installation of water conservation fixtures. This project will improve water quality and reduce water consumption. Project #400.78050.25759.49999.

General Government

River Center Roof (project cost \$490,058)

Replace the roof for the River Center which has reached replacement age. This project will install 12,000 sqft of asphalt shingles, 600 sqft of EPDM, and a gutter system. This will extend the life of the building and eliminate future moisture damage to building components. Project #407.21135.25471.49999.

River Center Handicapped Access Improvements (project cost \$153,867)

Install interior and exterior doors with ADA controls, with possible modifications to the roofline, interior wall and ceiling, and arctic-entry HVAC system. Project #407.21135.25472.49999.

Poppy Lane Sewer System Replacement (project cost \$50,000)

This project will evaluate the septic tank for proper sizing, have a new septic system designed, approved and installed. Project # 407.94910.25473.49999.

911 Communications

Workstation, Monitor and Network Equipment (project cost \$16,000)

This project is to replace end of life workstations, monitors, and other network equipment for 911 Communications, to include installation, parts, licensing, and other project related expenditures. Project #455.11255.25433.49999.

Uninterruptible Power Supply (project cost \$11,000)

This project is for the replacement of end-of-life rack mount power supply (original purchase 2011) to ensure continuity of power for CAD & 911 servers. Project #455.11255.25434.49999.

Data Host Server (project cost \$13,000)

This project is a replacement for the host server. Project #455.11255.25436.49999.

Server Migration Project (project cost \$21,220)

This project is to migrate to a current version of the windows server operating system before the existing version reaches end-of-life, this will provide continuity of security updates and patches. Project #455.11255.25432.49999.

Solid Waste

CPL Front End Loader (project cost \$700,000)

Replacement of existing front-end loader for CPL that is past it's useful life. Quote includes foam filled tires and necessary attachments. Project #411.32122.25491.49999.

CPL Compact Front End Loader (project cost \$240,000)

Replacement of existing compact loader used for operation of the tipping floor at CPL. Existing loader will stay onsite for backup operation. Purchase includes foam filled tires and necessary attachments. Project #411.32122.25492.49999.

CPL Telehandler (project cost \$125,000)

Replacement of the Central Peninsula Landfill VersaHandler and attachment components. This well utilized piece of equipment is essential for day-to-day operations where extended lifting is required for tools and/or personnel. Project #411.32122.25493.49999.

CPL Mechanic Truck (project cost \$85,000)

The project will enhance mechanics service capabilities for work in field repairs, for pump maintenance and replacement, and safe lifting of heavy parts. Project #411.32122.25494.49999.

HTF Pickup Truck W/ Plow (project cost \$75,000)

Replacement of pick-up truck with new plow for HTF operations. Project #411.32310.25495.49999.

CPL Forklift (project cost \$65,000)

Replacement of existing forklift. Project #411.32122.25496.49999.

Compactor Engine Replacement & Repairs (project cost \$130,000)

This cost is to replace the engine and complete associated repairs to an existing CAT compactor that would allow it to be fully operational for several years. Once completed this compactor will be used in our CD cell to provide better compaction of the waste than the dozer that is currently used provides. Project #411.32122.25497.49999.

CPL Landfill Gas & Leachate Collection Materials (project cost \$75,000)

The purpose of this project is the installation of landfill gas and leachate collection piping in cells as per design criteria. Project #411.32570.25498.49999.

CPL Fire Detection System Rebuild (project cost \$160,000)

Reconstruction of the fire detection system for all CPL buildings. Project #411.32122.25499.49999.

CPL Cell 4 Design & Preliminary Construction (project cost \$500,000)

Design for construction of MSW Cell 4 at Central Peninsula Landfill. Design will be paid for with bond funds from previously approved bond package. Project #411.32122.25501.49999.

Annual Dumpster Repairs and Replacement (project cost \$120,000)

Annual funding for areawide dumpster repair and replacement. Dumpsters are falling into poor condition. KPB lacks sufficient unused dumpsters to pull repairable dumpsters out of regular rotation for repairs. Project would fund a combination of new dumpsters annually and allow for repairs of existing dumpsters while new ones are substituted in the rotation. Project #411.32570.25502.49999.

Nikiski Fire Service Area

Emergency Response Vehicle Replacement for Station #3 (project cost \$75,000)

This project is intended to replace an aging piece of emergency response equipment for Nikiski Fire Station #3. This Chevy 1500 truck Unit#6 was originally purchased in 2008 for the Fire Chief and has since been passed on for operational day to day use as well as emergency response. Project #441.51110.25411.49999.

Emergency Response Vehicle Replacement for Station #2 (project cost \$75,000)

This project is intended to replace an emergency vehicle Unit #3 Chevy 1500 truck that is operating out of Station #3. This vehicle is starting to have transmission problems as well as body rust. This truck is becoming unreliable for emergency response. Project #441.51110.25412.49999.

Plow/Emergency Response Vehicle Replacement (project cost \$75,000)

This project is intended to replace an aging emergency response truck that is located at Station #3. This truck was originally purchased from auction from borough maintenance. This unit will also be the plow truck at Station #3 in the winter months. Project #441.51110.25413.49999.

Western Emergency Service Area

Utility Pick-up (project cost \$20,000)

Supplemental funds for the purchase of a pick-up with plow for emergency response, the original appropriation of \$60,000 was done in FY23, making the total project \$80,000. Project 444.51410.23443.49999.

Shop Door Replacement (project cost \$40,000)

Replace overhead door in building that was purchased in FY23 to house the station ladder truck. Project 444.51410.25441.49999.

Central Emergency Services

Tanker Replacement 922-Sterling (project cost \$1,100,000)

Tanker replacement for CES Station #3 - Sterling. This tanker is part of the scheduled replacement for the Sterling Station. The purchase of a new tanker replaces the existing truck that has major operational and design deficiencies in the steel water tank and pump plumbing. The funding will be used for the design and purchase of the fire apparatus as well as firefighting equipment necessary to meet the NFPA/ISO standards for the unit. Project #443.51610.25461.49999.

North Peninsula Recreation Service Area

NCRC Renovation Project (project cost \$710,000)

Renovation of the Nikiski Community Recreation Center. Cosmetic renovations, complete carpet replacement to new carpet tiles, fresh paint, new modern furniture and new fitness equipment can take the building to a vibrant community hub. The goal is to create new spaces where new innovated programming can take place. Includes renovation of the entry area, a new lounge area, and classroom remodels. Project #459.61110.25451.49999.

Well Line Replacement (project cost \$52,000)

Replace well line that runs from the well to the pool building. The pipe has been deteriorating for some times and needs to be replaced with more modern material to greatly extend its life. This project is expected to reduce maintenance cost of current and future operating budgets. Project #459.61110.25452.49999.

Road Service Area

Boroughwide Gravel Project (overall project cost: \$300,000)

The gravel CIP allows us to address roads that have increased maintenance cost due to poor conditions on portions of the road. These roads are not bad enough to need a full CIP. The gravel CIP allows us to do remediation repairs, which extend the life of the road. Project #434.33950.25GRV.49999.

Boroughwide Road Improvements (overall cost to FY2025 projects \$1,975,000) Project #434.33950.25CIP.49999.

Seclusion St., Robin Ave., Lourdes Ave, Robert Ave. W - Project construction (estimated cost \$1,210,000)

All included roadways have drainage issues. Roads require ditching, culverts and a roadbed lift cap. Seclusion has experienced some past issues that have rendered it temporarily impassible at times. Additionally, the project area involves some ROW issues that are being resolved as part of the scope. Project design is approaching completion. Funds will provide for the contracted construction and the warrantee phase of this project.

Goodrich St., Center Ave (E/W) - Project construction (estimated cost \$765,000)

The project vicinity includes various areas that present recurring drainage issues. Roads require ditching, culverts and a roadbed lift cap. The project vicinity involves some electrical utility conflicts that interfere with the proper roadway placement and construction. The utility issues will be resolved as part of the scope. Project design is approaching completion. Funds will provide for the contracted construction, utility resolutions and the warrantee phase of this project.

<u>South Peninsula Hospital Service Area – Service Area Funds</u>

Various Hospital Equipment (project cost \$1,189,978)

Various Hospital Equipment -less \$100,000 each to include Acute Care, Obstetrics, Long Term Care, Surgical Services, Emergency Department, Sleep Lab, Physical Therapy, Occupational Therapy, Laboratory, Imaging, Radiology Diagnostic, Nutrition Services, SP Family Care, Specialty Clinic, Homer Medical Center, Material Management. Project #491.81210.25SHA.48516.

Replacement Flooring in OB RN Station and Triage Room (project cost \$11,006)

Replace flooring in OB RN station and Triage room. Project #491.81210.25SHA.48516.

Wander Management System (project cost \$111,967)

The current system is at end of life and has system flaws. A replacement system is needed. Project #491.81210.25SHB.48516.

Code System Monitoring Upgrades (project cost \$14,058)

FY24 and FY25 funding will allow SPH to get a complete package to monitor and improve patient code responses. Project #491.81210.25SHC.48516.

PACS Archive Storage Replacement (project cost \$225,624)

Replacement of PACS Archive and Cache Storage. The current server is at end of life and storage capacity is maxed out. Project #491.81210.25SHD.48516.

Security System Replacement (project cost \$173,400)

Upgrade back bone system for security system. The current security system has no additional capacity to add additional cameras. Project #491.81210.25SHE.48516.

Behavioral Health Acute Care Room (project cost \$107,100)

Upgrade to existing patient room being used for patients with psychiatric emergencies to ensure it is safe and therapeutic using evidence-based guidance. Project #491.81210.25SHF.48516.

Flooring Installation in Hospital First Floor Hallway (project cost \$40,800)

Finish the flooring in the hallway from beyond the cafeteria to the employee entrance down by the Facilities department. Project #491.81210.25SHG.48516.

Heated Sidewalks/Medical Ctr + 203 West Pioneer (project cost \$255,000)

The sidewalks are currently falling apart and deteriorating. The repair and heated sidewalk are needed to keep the children and staff safe at this location. Project #491.81210.25SHH.48516.

Liquid Oxygen System (project cost \$153,000)

The current oxygen system uses old technology and acquiring supplies is very challenging and is only available outside the United States from one supplier. Project #491.81210.25SHI.48516.

Walk in Cooler Repair (project cost \$17,340)

Replacing the end of life condensers and the evaporator in the dietary walk in cooler. Project #491.81210.25SHJ.48516.

Information System upgrades/Replacements (project cost \$159,120)

Electronic Medical Record servers are at end of life, disaster recovery storage needed, and Hyland is the storage system throughout the hospital and it requires upgrading. Project #491.81210.25SHK.48516.

Description (Justification and Explanation)

There is asbestos present in many of our facilities constructed prior to 1984. While much has been removed throughout the years, a considerable amount remains. The majority of material consists of fairly stable, low risk "non-friable" materials. The ACBCs (asbestos containing building materials) are normally encountered as a result of improvement projects, such as locker or flooring replacements, or minor renovation projects. There is also a moderate amount of higher risk materials such as TSI (Thermal Systems Insulation) and structural fire protective coatings. It is the goal to work towards eventual complete abatement of higher risk ACBSs at all Borough facilities. The removal of lower risk materials will be primarily based on projects that impact the existing materials. Areas of abatement are governed by impacting projects and decisions made by multiple Departments and personnel. Funds will be utilized for the removal of asbestos on the following priority basis: level of risk; as encounter; and as allowable by funding.

	Impact on Annual Operating Budget									
Personnel			Projects would provide no impact to operational or energy savings to the Borough, but will							
Operating			advance compliance with asbestos regulations and the goal of asbestos free facilities.

Description (Justification and Explanation)

Sidewalks, parking lots and other paved areas at sites throughout the district are showing their age. This funding will allow the department to continue the ongoing replacement and improvement of deteriorating paving and concrete at facilities throughout the district. Issues are: the condition/state of lot areas district-wide, and design of parent drop-off/pick-up areas at a large number of District facilities. Improvements may range from repair, replacement, or contracted crack sealing and coating.

	Impact on Annual Operating Budget										
Personnel			Upgrades to asphalt and sidewalks will produce a reduction in maintenance cost, resulting from								
Operating			diminished need for patching repairs, and will provide an extended life if properly maintained by								
Capital Outlay			crack sealing and periodic seal coating.

Description (Justification and Explanation)

Funds to be utilized to develop engineering/design solutions for known project needs. This effort is intended to produce plan modeling adequate to progress to in house construction, contracted bidding, and/or to support the appropriation of available funding resources. Availability of these funds will contribute to a more efficient and timely resolution process. Currently, when a need is identified, it is met with an initial delay while funds are pursued and appropriated to support the assessment/design phase and/or the entirety of the identified project scope. Additionally, a legislative appropriation processes, not supported by an assessment/design component, may not be a proper representation of actual project need, placing the governing body in a compromising position of making a funding decision based on unknown variables. These unknowns contribute to under informed funding decisions, construction phase project complications, the need for additional appropriation and delay. The emphases of the fund will be focused to address existing identified needs throughout the district that have not yet been supported by assessment/design funding.

_	Impact on Annual Operating Budget										
Personnel			Availability of funds will benefit an improved timely response to need and a more accurate and								
Operating			informed project funds appropriation process.

Description (Justification and Explanation)

The Borough maintains more than forty schools Borough wide. Each facility contains multiple maintained entry/exit points. Throughout many years of service the systems begin to deteriorate to a state beyond repair. Contributing factors are: high use, abuse that can't be tracked as vandalism, obsolescence and corrosion from weather, salt use, and other environmental factors. Some of the door systems in the highest need are those located in the pool areas. These areas present additional challenges due to humidity and the presence of chemicals. Needed replacements are prioritized based on work order demand, along with observation walk-throughs. The availability of funds are important due to the high cost of the door replacements, and in some cases, replacement of the entire store front.

Impact on Annual Operating Budget									
Personnel			Projects completed with these funds will result in a reduction in maintenance repair costs and a						
Operating			slight reduction in facility utility bills.

Total	\$ 349,857	\$ 525,000	\$ 175,000	\$ 175,000	\$ 175,000	\$ 1,399,857

Description (Justification and Explanation)

The flooring funds are utilized for replacing all flooring types throughout the school district. Additionally, the fund is utilized to accomplish contracted refurbishment/replacement of gym floor surfaces. When refurbishing, the surface is completely sanded, game lines are laid out, painted, then the entire surface is refinished. A standard wood floor has 2-3 sanding/resurface cycles. Based on wood depth and condition, replacement may be necessary. When selecting flooring projects, safety concerns rate as the highest priority. The focus then turns to condition assessment. Selected projects are prioritized based on annual district wide site walkthroughs. The use of flooring funds may work in conjunction with asbestos abatement funds where asbestos is encountered as a result of the flooring replacement.

	Impact on Annual Operating Budget

Description (Justification and Explanation)

Funds to be utilized in order to replace and/or upgrade various HVAC systems and devices. The Borough is in a difficult position relating to much of its HVAC system equipment and control. Many system components are approaching, or are well beyond design life expectation. Further complication results from component obsolescence. Dissolving industry support of much of our old equipment is making service ever more difficult. Particular areas of challenge are Direct Digital Control (DDC) and boiler systems. Many of our DDC's were installed in the 1980's. Factory support for these systems has long vanished. Third party support and component availability is following suit. Our strategy is incremental replacement at individual facilities, hereby improving and stabilizing those sites, while providing a spare parts inventory for other still active old systems. For boiler systems we do experience some obsolescence and degradation (some appliances are 60-70 years old) the main motivation is energy efficiency. Upgrade to modern high efficiency equipment nets energy savings that quickly recoups project costs. It will then continue to provide future savings benefit over current equipment energy consumption. Inclusive in this funding are systems relating to facility control and overall heating generation and distribution. To include: DDC head-in, control peripherals, boilers, hydronic system support components and facility air distribution components. Replacements, improvements and modifications will reduce maintenance costs and improve energy efficiency at district facilities.

	Impact on Annual Operating Budget								
Personnel			Upgrades to HVAC systems will provide savings to the Borough relating to system efficiency and						
Operating			costs associated with maintenance and repair.

Total	\$	134,000	\$	50,000	\$ 50,000	\$	50,000	\$ 50,000	\$	334,000

Description (Justification and Explanation)

Throughout the Borough the majority of school facilities receive their water supply from an onsite well sources. Due to the number of users served by these systems, they are formally regulated by the DEC. Some of the sites have a contaminant presence at the "point of use" which surpasses the "maximum contaminant level" (MCL) allowable by federal regulation. In some instances the contaminant is directly from the source water. Others sites may have clean source water with a PH issue that causes corrosion in the piping system. This can result in the tested presence of lead or copper that must be dealt with. In these instances, the source water must be treated in order to maintain a safe drinking water supply to occupants. Depending on the type of treatment required the process can be quite costly. For this reason the Borough has also begun to implement conservation measures that better limit consumption of plant treated and metered city water sources. This has primarily been accomplished by the replacement of use fixtures, that both use less water and have improved reliability. Continuation of these funds is important in order to achieve a reliable level of safe water supply to school facility occupants and to deal with what is forecast as pending compliance challenges forward. Funds will be utilized for both design solutions and project implementation.

	Impact on Annual Operating Budget

Description (Justification and Explanation)

One of our existing CAT compactors has been used as a backup piece of equipment and has several issues that need repairs to allow it to be in regular operation. This cost is to replace the engine and complete associated repairs to the unit that would allow it to be fully operational for several years. Once completed this compactor will be used in our CD cell to provide better compaction of the waste than the dozer that is currently used provides.

Total	\$	710,000	\$	-	\$	-	\$	-	\$	-	\$	710,000

Description (Justification and Explanation)

The NCRC was once the home of Nikiski Elementary School and much of the building remains unchanged since kids roamed the hallways in the 70's and 80's. Cosmetic renovations, carpet, fresh paint, new modern furniture and new fitness equipment can take the building to a vibrant community hub. The goal is to create new spaces where new innovated programming can take place. The carpet will be replaced with modern floor tiles, which is not only an upgrade aesthetically but makes upkeep more manageable and cost efficient. The front entrance will be renovated to allow for better accessibility by adding push button handicap doors. This project will also create a welcoming lounge area near the entry area of the building for people to meet and congregate, work on projects, or use new public computers. Classrooms will be remodeled to provide spaces for technology based classes to include art, 3D printing, graphic design and robotics programming. This renovation also includes a pre-k room to provide younger children a better place to learn, explore and be active; especially during winter months when the playground is closed.

Impact on Annual Operating Budget						
Personnel	\$	-	With new innovative programming we would be able to increase our revenue but would also			
Operating		1,000	potentially increase our recreational supply need as well as our equipment replacement needs

Total	\$	300,000	\$	300,000	\$	300,000	\$	300,000	\$	300,000	\$	1,500,000

Description (Justification and Explanation)

Funds support the rehabilitation of roadways that experience issues due to breakup, weather related occurrences, poor drainage and general degradation over time. Addressed roads are not in a condition state that justifies full formal CIP process. The fund allows for resolution of localized condition issues through a much less expensive and more expedient process. The gravel road rehabilitation CIP allows us to address roadways that have increased maintenance cost due to poor conditions on specific portions of the overall road, thus extending the life of the road as a whole.

Description (Justification and Explanation)

In 1986, the RSA board adopted (and the Borough Assembly approved by ordinance) minimum road construction standards, establishing that any road not already RSA maintained had to meet these standards. While this helped to ensure that newly constructed roads would have a more reasonable maintenance cost, it did not solve the existing problem of the expense of maintaining hundreds of poorly constructed roads in desperate need of improvement.

Many roads "grandfathered" into the maintenance system need gravel upgrades, widening, paving, signage, repair, and realignment. Without these improvements, it is a serious challenge for the RSA to keep these roads safe and passable for residents (and tourists visiting our communities each year). The expense required to maintain a substandard road is far higher than for roads meeting borough construction standards.

The RSA has established objective criteria to identify priority construction projects for rebuilding and upgrading as many roads as possible with available funding. These projects range from correcting basic safety and access problems to complete upgrade and paving on others. In FY19, the legislative grants that have funded capital improvement projects since 2008 were exhausted. Capital improvement projects are now solely funded by tax dollars.

Internal Service Funds

These funds are used to account for a government's business-type activities supported, at least in part, by fees or charges. These services are not rendered to the general public but are for other governmental units within the Borough, i.e., the service areas, individual funds and departments, and the school district. The following funds have been established:

	Page #
Total Internal Service Funds Budget Projection	401
Combined Revenues and Expenses	
Insurance and Litigation Reserve Fund	404
The Borough and School District are self-insured and the Insurance and Litiga account for the provision of insurance for the Borough, not including health in	

The Borough and School District are self-insured and the Insurance and Litigation Reserve Fund is used to account for the provision of insurance for the Borough, not including health insurance. All funds requiring insurance coverage make contributions to this fund in amounts equal to their proportional share of the total cost of insurance. Additionally, the fund maintains reserves for litigation contingencies, insurance contingencies, and self-insurance deductible requirements.

Health Insurance Reserve Fund	416

The Borough is self-insured for health insurance and the Health Insurance Reserve Fund is used to account for the costs of the Borough's employee health insurance plan. The reserve fund will accommodate the smoothing of plan cost variances by allowing the variances to be applied over multiple year's premiums. In years where the plan costs do not equal budgeted amounts for premiums in all borough funds, the amount over/under will be recovered/refunded in subsequent years through increases/decreases in plan premiums. This process will eliminate large year-end supplemental appropriations or unspent budget amounts in the Borough's and Service Area's operating funds.

Equipment Replacement Fund 420

The Equipment Replacement Fund is used to finance the major purchases of user departments. Departments are charged an annual fee over the expected life of the vehicle or piece of equipment. This manner of financing major purchases eliminates the substantial impact such purchases would otherwise have on annual operating budgets.

Risk Management

Dept 11234

Administration

Mission

The Risk Management Department works to protect the Kenai Peninsula Borough (KPB) and Kenai Peninsula Borough School District's (KPBSD) assets by identifying, analyzing and mitigating against the consequences of accidental losses and claims. The Risk Management Department serves as a resource for protecting the health, safety, and well-being of KPB and KPBSD employees and property through continuous efforts to reduce the frequency, severity and associated cost of risk and risk-related claims through continuous education, analysis, active participation and communication.

Program Description

The Risk Management Department coordinates the insurance program for the KPB and KPBSD, manages Workers' Compensation claims, and consults with the KPB, Service Areas, and the KPBSD on loss prevention, safety, and environmental compliance programs.

Major Long-Term Issues and Concerns:

- Insurance market conditions and statutory/regulatory changes will continue to present challenges for insurance procurement and funding claim reserves.
- Employee retention issues may be creating long-term financial impacts (direct or indirect) which may be reflected in claim costs or frequency.
- Changes in employee benefits may be driving increases in workers' comp claims across both the KPB&SD.

FY2024 Accomplishments:

- Updated eight core training modules to improve computerbased training engagement and align with our classroom training opportunities.
- Inventoried and KPB&SD AEDs and developed a web-based inspection tool for managing all KPB&SD AEDs.
- Developed a notary management tool to accurate track active notaries and provide automated notifications to users whose notaries are set to expire.
- Chaired the Employee Onboarding committee and worked with several other workgroups to implement a smoother onboarding process for all new employees.
- In coordination with several other stakeholders, completed the Zip Mart Property building demolition without taking on long-term liability for the organization.

FY2025 New Initiatives:

- Create an internal web-based library of all contractor certificates of insurance which identifies their current status (e.g. Approved, Pending, Denied) and notifies insurers when expiration dates are approaching. This, along with one of our liability initiatives, should significantly improve the contracting and insurance process for departments.
- Create consolidated digital copies of each current SPCC Plan which are currently a mix of individual printed and digital documents.
- Create departmental SOPs for all major processes and cross train the team to create redundancy and resiliency in the event one or more employees are unavailable.

Workers' Compensation

Program Description

As required under the Alaska Workers' Compensation Act, Workers' Compensation is a program that requires employers to pay medical costs and lost wages in the event an employee becomes injured or ill due to working conditions. The Risk Management Department is responsible for complying with the Alaska Workers' Compensation Act by administering a compliant and comprehensive self-insurance program. This includes identifying and mitigating to the extent possible, the hazards that could cause injury to the visiting public, students, and employees; and analyzing, managing, and processing claims.

Mission

Our program serves to educate supervisors about our Workers' Compensation obligations and actions, and about providing accommodations to returning employees in temporary transitional work to help reduce time away from work and increase productivity.

Major Long-Term Issues and Concerns:

 Increasing cost of claims primarily due to the high cost of medical treatment and litigation in the State of Alaska.

- An aging workforce and the associated risks both at the KPB and KPBSD.
- Expansion of presumptive disability statutes continue to impact risk avoidance for emergency services organizations.

FY2024 Accomplishments:

- Identified scope and approach to a KPB&SD Job Hazard Analysis (JHA) process, developed the appropriate documentation, and began a systematic implementation.
- Overhauled the SOAR Observation card, created new employee resource materials, and implemented a new standard training for employee onboarding.
- Published the first Employee Safety Committee newsletter to heighten general safety awareness and improve employee engagement both within the committee and across the KPB.

FY2025 New Initiatives:

- Conduct in-person investigations for all Recordable injuries to improve effectiveness of mitigation methods.
- Update all Workers' Compensation materials including forms, supervisor instructions, employee guides, and annual training for KPB&SD leadership groups.

Performance Measures:

Key Measures	CY2021 Actual	CY2022 Actual	CY2023 Actual	CY2024 Estimated
Total Incidents for the KPB	27	34	40	35
Total Incidents for the KPBSD	71	117	119	95

Risk Management

Dept 11237

Property

Program Description

Property Insurance including claims is for coverage of the buildings, contents, emergency equipment, and vehicles of the Borough, School District, and Service Areas.

Major Long-Term Issues and Concerns:

- Aging properties throughout the Borough resulting in increased frequency and cost of repairs to integral systems such as fire suppression, HVAC, and security.
- Drastic and continuous increases to appraisal amounts as well as replacement costs.
- Efficient and accurate management of facilities across the KPB and KPBSD including purchasing, inspections, maintenance, remodels, appraisals, etc.

FY2024 Accomplishments:

 Developed the initial framework for and began implementation of major maintenance and capital

- improvement project (MM/CIP) walkthroughs. This initial team comprises Risk, Maintenance, and IT.
- In cooperation with IT, created the initial Management of Change (MOC) workflow and outlined the foundation for a Master Asset List for Buildings, Equipment, and Auto.
- Updated SPCC training and incorporated this revision into our new suite of computer-based training options since this training was previously only available in-person.

FY2025 New Initiatives:

- Leverage web-based tools to implement the Management of Change (MOC) process initiative for property additions and property deletions. The stretch goal is to incorporate this tool for MOC for property modifications.
- In coordination with Maintenance and IT, complete MM/CIP walkthroughs for all 50 KPB-operated facilities.
- Map camera locations and camera coverages at all KPBoperated facilities and identify if a need for additional resources is needed.

Performance Measures:

Key Measures	FY2022 Actual	FY2023 Actual	FY2024 Projected	FY2025 Estimated

Risk Management

Dept 11238

Liability

Program Description

Administered by the Risk Management Department, the liability insurance program covers the Kenai Peninsula Borough (KPB) and Kenai Peninsula Borough School District (KPBSD) for risks imposed by lawsuits and other similar claims.

Major Long-Term Issues and Concerns:

- The KPB and KPBSD's exposures, loss ratio, and overall costs continue to present challenges in securing reasonably priced excess insurance.
- Increased litigation costs for exceedingly more complex claims continue to trend.
- A continuous increase in claims submitted through the Public Loss Claims process.

FY2024 Accomplishments:

 Overhauled the Public Loss Claim process and incorporated it into an overall Risk Management Claims Policy which outlines process and procedures for all liability, property, and personal property claims.

- Updated the Video Surveillance Policy to standardize access guidelines, access authority routing, and internal/external requests for surveillance footage.
- Developed a Risk Assessment Request form to capture requests by internal stakeholders and effectively document Risk Management Committee's recommendations. This is the foundation for the FY2025 New Initiative to develop a Risk Register.

FY2025 New Initiatives:

- Create a Risk Register to capture identified operational risks, develop actionable response plans, prepare for possible impacts, and recommend mitigation methods to the Administration.
- Develop a web-based insurance requirements flowchart to improve departments' user experience, streamline the contracting and insurance process, and provide clear definitions and expectations in departments' planning stages. This has been a long-term issue for other departments and will likely resolve many of the hurdles they've experience.

Performance Measures:

Key Measures	FY2022 Actual	FY2023 Actual	FY2024 Projected	FY2025 Estimated
Total Number of Claims	4	12	6	7

Fund 701

Health Insurance Reserve Fund

Dept 11240

Medical, Prescription, Dental & Vision

Program Description

This fund provides payment of Borough employees healthcare expenses (medical, prescriptions, dental, and vision) as well as claims administration and other benefit plan expenses.

Major Long-Term Issues and Concerns:

- Rising cost of health care benefits, federal and state changing compliance issues and administrative requirements.
- Continued rise in pharmaceutical costs on the national market.
- High cost of health care services in Alaska.

FY2024 Accomplishments:

 Held open enrollment in fall 2022, provided online presentations of the plan structure, and options effective January 1, 2023.

FY2025 New Initiatives:

 Increase communications through web portal and other means of communications to employees on improved benefit services and cost savings programs provided through new plan administrator.

Performance Measures:

Priority: Health Insurance Plan Delivery

Goal: To provide appropriate, economical health coverage for our employees.

Objective: 1. To decrease our per-employee cost by implementing effective utilization controls in plan design.

2. To decrease our cost per employee by engaging in provider contracts.

3. To continue to explore partnering with other organizations to benefit from economies of scale.

4. While decreasing overall costs, to continue to provide appropriate healthcare coverage for our employees and

their families.

Line-Item Explanations

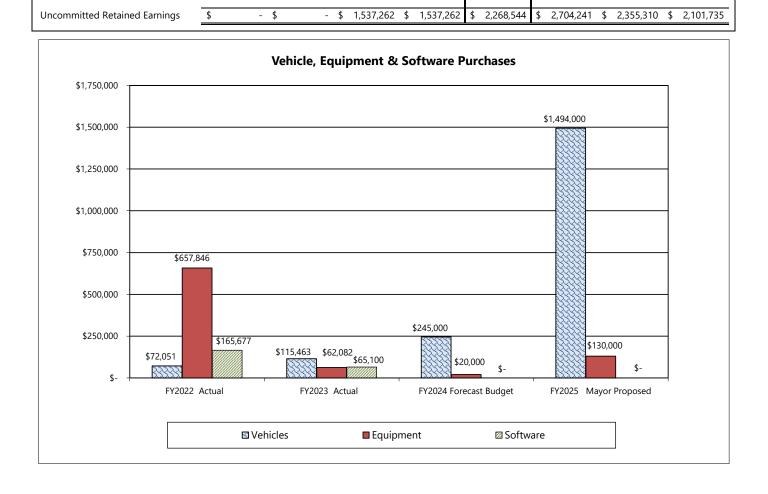

43011 Contract Services. Claims administrator services. Reduction due to transition to new third party administrator.

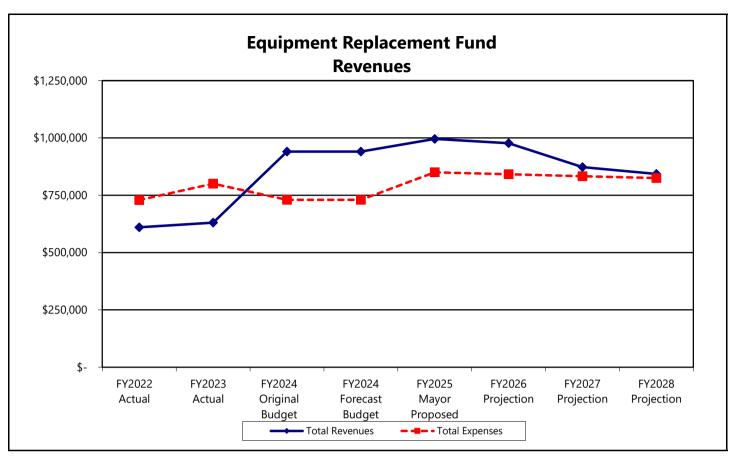

43502 Medical Stop Loss Coverage. Coverage purchase to limit plan payments to no more than \$200,000 per covered incident per year.

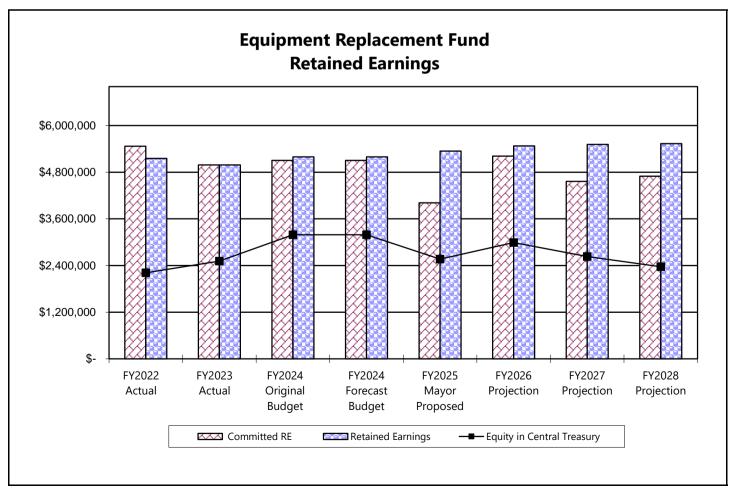

43501 Medical/Dental/Vision Coverage. Payments made for actual medical, dental, and vision claims by plan participants.

Fund 705

Equipment Replacement Fund

Dept 94910

Administration

Mission

To provide a funding mechanism for departments to purchase vehicles and other equipment with the cost to be recaptured over time.

Program Description

This is a revolving fund which provides funding for user departments to purchase vehicles and equipment. The purchases are then recaptured through an annual billing process for the original cost of the vehicle or equipment plus accrued interest. The fund also provides an extended rental option for vehicles that have exceeded their original useful life of 5 years. The repayment and rental schedule is designed to recapture the original cost, depreciation and inflation factor within the life of the asset. This will replenish the fund resources in order to facilitate the scheduled replacement of vehicles and equipment.

Major Long-Term Issues and Concerns:

- The expected useful life of vehicle and equipment extending beyond the life cycles currently being assigned.
- Having adequate equity and uncommitted retained earnings to fund any unanticipated expenditure requests that departments may have.

FY2024 Accomplishments:

• Purchase vehicles and equipment for various departments within the borough.

FY2025 New Initiatives:

 Purchase vehicles and equipment for various departments within the borough.

Performance Measures:

Priority: Asset Acquisition and Funding

Goal: Provide funding mechanism for Borough Departments to purchase vehicles and equipment. **Objective:** Continue to provide funding for vehicle and equipment purchases through annual billings amounts.

Purchases	FY2022 Actual	FY2023 Actual	FY2024 Estimated	FY2025 Adopted
Vehicle Purchases	2 / \$72,051	2 / \$115,463	3 / \$245,000	10 / \$1,494,000
Equipment/Imagery Purchases	3 / \$657,846	4 / \$62,082	1 / \$20,000	4 / \$130,000
Software Purchases	1 / \$165,677	2 / \$65,100	-	-

Line-Item Explanations

43916 Equipment Depreciation. The Equipment Replacement Fund Policy requires assets of this fund be depreciated on a 7 to 15 year life cycle. Depreciation is the allowance provided for the reduction in value of the asset, usually by use or age.

To include software purchased and/or downloaded via the internet costing \$5,000 or more (each item). Intellectual property includes the purchase or lease of videos, patents or trademarks costing \$5,000 or more (each item).
- 48610 Land Purchase: Land purchases.
- 48620 Building Purchase: Buildings purchases.
- **48630 Improvements Other Than Buildings:** Fences, parking lots, garage doors, lockers, bleachers, etc. costing over \$5,000.
- **48710 Minor Office Equipment:** Capital office machines/equipment and communication equipment costing less than \$5,000 with a life of more than one year.

- **48720 Minor Office Furniture:** Capital furniture, furnishings and cabinetry costing less than \$5,000 with a life of more than one year.
- 48740 Minor Machinery and Equipment:

 Machinery and equipment costing less than
 \$5,000 with a life of more than one year.
- **48750 Minor Medical Equipment:** Medical equipment costing less than \$5,000 with a life of more than one year.
- **48755 Minor Recreation Equipment:** Fitness equipment (Recreational/Physical) costing less than \$5,000 with a life of more than one year.
- **48760 Minor Fire Fighting/Rescue Equipment:**Firefighting equipment and rescue equipment costing less than \$5,000, with a life of more than one year.
- **48770 Minor Improvements Other Than Buildings:** Flag poles, fences, or other improvements on borough property costing less than \$5,000

Services – 49XXX

- **49101 Construction:** Costs associated with new construction or major remodel.
- 49125 Remodel: Office renovations.
- **49311 Design Services:** Professional engineering or architectural design services.
- **49424 Surveying:** Survey costs on new construction.
- **49433 Plan Reviews:** Fees paid for the review of plans for compliance with fire and building codes.

Transfers - 50XXX

50* Interfund Transfers:** Transfer of funds from one fund to another. *** denotes receiving fund number.

Interdepartmental Charges – 6XXXX

- **60000 60003 Charges (To) From Other Depts.:** Interdepartmental charges.
- **60004 Mileage Ticket Credits:** Offset of travel costs charged to department operating funds.
- **61990 Admin. Service Fee:** Fees charged to cover portion of costs associated with providing general government services.

Accrual Basis – The basis of accounting under which the financial effects of a transaction and other events and circumstances that have cash consequences for the governmental entity are recorded in the period in which those transactions, events, and circumstances occur rather than only in the periods in which cash is received or paid by the entity.

Adopted Budget – Refers to the budget amounts as originally approved by the Kenai Peninsula Borough Assembly at the beginning of the fiscal year and also to the budget document which consolidates all beginning-of-the-year operating appropriations and new capital project appropriations.

Annual Budget – A budget developed and enacted to apply to a single fiscal year.

Annual Comprehensive Financial Report (ACFR) – The official annual report of a government. It includes: (a) the five combined financial statements in the combined statement-overview and their related notes and (b) combining statements by fund type and individual fund and account group financial statements prepared in conformity with GAAP, and organized into a financial report pyramid. It also includes support schedules necessary to demonstrate compliance with finance-related legal and contractual provisions, required supplementary information, extensive introductory material, and detailed statistical sections.

Appraise – To estimate the value of something, particularly the value of property. If the property is valued for taxations, the narrower term "assess" is substituted.

Appropriation Ordinance – The official enactment by the Borough Assembly establishing the legal authority for the Borough administrative staff to obligate and expend resources.

Assess – To establish an official property value for taxation.

Assessed Valuation – The valuation set upon all real and personal property in the Borough that is used as a basis for levying taxes. Tax-exempt property is excluded from the assessable base.

Assessment Roll – With real property, the official list contains the legal description of each parcel of property and its assessed valuation, as well as the name and address of the last known owner. With personal property, the assessment roll contains the name and address of the owner, a description of the personal property, and its assessed value.

Audit – A systematic collection of the sufficient, competent evidential matter needed to attest to the fairness of management's assertions in the financial statements; or to evaluate whether management has efficiently and effectively carried out its responsibilities. The auditor obtains this evidential matter through inspections, observation, inquiries, and confirmations with third parties.

Automatic Aid – A plan developed between two or more fire departments for immediate joint response on first alarms. Defines the area of response and what will respond including initial response, vehicle, and manning.

Available Fund Balance – The difference between fund assets and fund liabilities of governmental and proprietary fund types that is not reserved for specific purposes.

Basis of Accounting – A term used to refer to when revenues, expenditures, expenses, and transfers (and the related assets and liabilities) are recognized in the accounts and reported in the financial statements. Specifically, it relates to the timing of the measurements made regardless of the nature of the measurement, on either the cash or accrual method.

Bond – Most often, a written promise to pay a specified sum of money, called the par value or principal, at a specified date or dates in the future, called the maturity date(s), together with periodic interest at a specified rate. The difference between a note and bond is that the latter is issued for a longer period and requires greater legal formality.

Bond Ordinance – An ordinance authorizing a bond issue.

Budget – A plan of financial operation embodying an estimate of proposed expenditures for a given period and the proposed means of financing them. Sometimes the term "budget" designates the financial plan presented to the appropriating governing body for adoption; and sometimes, the plan finally approved by that body.

Budgetary Control – The control or management of a government or enterprise in accordance with an approved budget to keep expenditures within the limitations of available appropriations and available revenues.

Budget Document – The official written statement prepared by the Borough's administrative staff to present a comprehensive financial program to the Borough Assembly. The first part provides overview information, together with a message from the budget-making authority, and a summary of the proposed expenditures and the means of financing them. The second part consists of schedules supporting the summary. These schedules show in detail the past years' actual revenues, expenditures, and other data used in making the estimates. The third part is composed of personnel and salary schedules, the chart of accounts, and a glossary.

Capital Improvement Plan – A plan that identifies: (a) all capital improvements which are proposed to be undertaken during a five to nine fiscal year period; (b) the cost estimate for each improvement; (c) the method of financing each improvement; and (d) the recommended time schedule for each project.

Capital Projects – Projects which purchase or construct fixed assets. Typically, a capital project encompasses a purchase of land and/or the construction of a building or facility.

Capital Projects Funds – Funds established to account for financial resources to be used for the acquisition or construction of major capital facilities (other than proprietary and trust funds).

Component Unit – A separate governmental unit, agency, or nonprofit corporation that is combined with other component units to constitute the reporting entity in conformity with GAAP.

Contingency – Those funds included in the budget for the purpose of providing a means to cover minor unexpected costs during the budget year.

Contractual Services – Items of expenditure from services the Borough receives primarily from an outside company.

Debt Service Funds – Funds established to account for the accumulation of resources for, and the payment of, general long-term debt principal and interest that resulted from the issuance of bonds.

Deficit – The excess of expenditures over revenues during an accounting period, or in the case of proprietary funds, the excess of expenses over revenues during an accounting period.

Department – The Borough administration is divided into departments. While a department may refer to a single activity, it usually indicates a grouping of related activities.

Depreciation – In accounting for depreciation, the cost of a fixed asset, less any salvage value, is prorated over the estimated service life of the asset. Each period is charged with a portion of the cost. Through this process, the entire cost of the asset less the salvage value is ultimately charged off as an expense.

Division – A major organization unit within a department. Usually, divisions are responsible for carrying out a major component of the department.

Employee Benefits – Contributions made by the Borough to designated funds to meet commitments or obligations for employee fringe benefits. Included is the Borough's share of costs for Social Security and the various pension, medical, and life insurance plans.

Encumbrances – Commitments related to unperformed contracts, in the form of purchase orders or contracts, for goods or services. Used in budgeting, encumbrances are not expenditures or liabilities, but represent the estimated expenditure amount that will result if unperformed contracts in process are completed.

Enterprise Fund – A proprietary fund established to account for operations that are financed and operated in a manner similar to private business enterprises. In this case, the intent of the governing body is that the expenses, including depreciation of providing goods and services to the general public on a continuing basis, be financed or recovered primarily through user charges. Included in this category are two hospitals.

Expenditures – Decreases in net financial resources. Expenditures include current operating expenses requiring the present or future use of net current assets, debt service and capital outlays, and inter-governmental grants, entitlements, and shared revenues.

Expenses – Outflows or other using up of assets or incurrence of liabilities (or a combination of both) from delivering or producing goods, rendering services, or carrying out other activities that constitute the entity's ongoing major or central operations.

Fiduciary Fund Types – The trust and agency funds used to account for assets held by a government unit in a trustee capacity or an agent for individuals, private organizations, other government units, and/or other funds.

Financial Resources – Cash and other assets that, in the normal course of operations, will become cash.

Fiscal Year – The twelve-month period to which the annual operating budget applies, and at the end of which a government determines the financial position and results of its operations. The Borough's fiscal year extends from July 1 to the following June 30.

Fixed Assets – Long-lived tangible assets obtained or controlled as a result of past transactions, events, or circumstances. Fixed assets include buildings, equipment, and improvements other than buildings and land.

Foreclosure – The seizure of property as payment for delinquent tax. Ordinarily, property foreclosed is sold to liquidate delinquent tax, but on occasion governments retain possession for their own needs.

Function – A group of related activities aimed at accomplishing a major service for which a government is responsible.

Fund – A fiscal and accounting entity with a self-balancing set of accounts in which cash and/or other financial resources, all related liabilities, residual equities or balances, and changes therein are recorded and segregated to carry on specific activities or attain certain objectives in accordance with special regulations, restrictions, or limitations.

Fund Balance – The difference between fund assets and fund liabilities of governmental and similar trust funds.

Fund Balance Appropriated – The amount of fund balance budgeted as a revenue source.

Fund Categories – Funds used in governmental accounting are classified into three broad categories: governmental, proprietary, and fiduciary.

Fund Type – The three broad fund categories of governmental accounting are subdivided into seven fund types. The seven fund types are: general, special revenue, debt service, capital projects, enterprise, internal service, and fiduciary.

General Fund – A type of governmental fund used to account for revenues and expenditures for regular day-to-day operations of the Borough, including the School District, which is not accounted for in specific purpose funds. The primary sources of revenue for this fund are local taxes and federal and State revenues.

Generally Accepted Accounting Principles (GAAP) – Uniform minimum standards and guidelines for financial accounting and reporting. They govern the form and content of the financial statements of an entity. GAAP encompass the conventions, rules, and procedures

necessary to define accepted accounting practice at a particular time. They include not only broad guidelines of general applications, but also detailed practices and procedures. GAAP provide a standard by which to measure financial presentations.

Governmental Fund Types – Funds used to account for the acquisition, use of, and balances of expendable financial resources and the related current liabilities - except those accounted for in the proprietary funds and fiduciary fund. Under current GAAP, there are four governmental fund types: general, special revenue, debt service, and capital projects.

Grants – Contributions or gifts of cash or other assets from another government or other organization to be used for a specified purpose, activity, or facility. Typically, these contributions are made to local governments from the state and federal governments.

Interfund Transfers – Amounts transferred from one fund to another fund. This includes reimbursements, residual equity transfers, and operating transfers.

Intergovernmental Revenues – Revenues from other governments in the form of grants, entitlements, shared revenues, or payments in lieu of taxes.

Internal Service Fund – A proprietary fund type used to account for the financing of goods or services provided by one department of a government to other departments.

Investment – Securities held for the production of income in the form of interest in compliance with the policies set out by the Borough code of ordinances.

Landfill Closure/Post-Closure – Funds used for municipal solid waste landfill closure and post-closure care costs that are required to be incurred by federal, State, or local laws and regulations.

Levy – To impose taxes, special assessments, or service charges for the support of government activities. Also used to denote the total amount of taxes, special assessments, or service charges imposed by a government.

Liabilities – Debt or other legal obligations arising from present obligations of a particular entity, to transfer assets or provide services to other entities in the future as a result of past transactions or events.

Measurement Focus – The accounting convention that determines (1) which assets and which liabilities are included on a government's balance sheet and where they are reported there, and (2) whether an operating statement presents information on the flow of financial resources (revenues and expenditures) or information on the flow of economic resources (revenues and expenses).

Mill – A measure of the rate of property taxation, representing one one-thousandth of a dollar of assessed value.

Mill Rate – The tax rate on property, based on mill(s). A rate of 1 mill applied to a taxable value of \$100,000 would yield \$100 in tax.

Modified Accrual Basis of Accounting – A basis of accounting in which revenues and other financial resources are recognized when they become susceptible to accrual, that is when they are both "measurable" and "available to finance expenditures of the current period." "Available" means collectible in the current period or soon enough thereafter to be used to pay liabilities of the current period. Expenditures are recognized when the fund liability is incurred except for (1) inventories of materials and supplies that may be considered expenditures either when purchased or when used, and (2) prepaid insurance and similar items that may be considered expenditures either when paid for or when consumed. All governmental funds, expendable trust funds, and agency funds are accounted for using the modified accrual basis of accounting.

Mutual Aid – Reciprocal assistance by emergency services under a prearranged plan. Not an automatic response, but a requested response. Request identifies resources requested and manning. Does not need to be a defined area but generally is between adjacent entities or those relatively close in proximity to each other.

Non-Departmental – Refers to a group of governmental activities, which are not associated with and cannot be allocated to any particular department.

Ordinance – A formal legislative enactment by the legislative body which, if not in conflict with any higher form of law, has the full force and effect of law within the boundaries of the municipality to which it applies. The difference between an ordinance and a resolution is that the latter requires less legal formality and has a lower legal status. Revenue raising measures, such as the imposition of taxes, special assessments and service charges, universally require ordinances.

Other Financing Sources – Increase in current financial resources that is reported separately from revenues to avoid distorting revenue trends. Governmental funding includes general long-term debt proceeds, land lease payments, land sale payments, proceeds from the sale of fixed assets, operating transfers in, service charges, and fees for governmental services.

Performance Measures – Specific quantitative productivity measures of work performed within an activity or program. Also, a specific quantitative measure of results obtained through a program or activity.

Personnel Services – Items of expenditures in the operating budget for salaries and wages paid for services performed by Borough employees, including employee benefit costs such as the Borough's contribution for retirement, Social Security, and health & life insurance.

Program – Group activities, operations, or organizational units directed to attaining specific purposes or objectives.

Property Tax – A tax levied on the assessed value of property.

Proprietary Funds – A type of fund that accounts for governmental operations that are financed and operated in a manner similar to private business enterprises. Proprietary fund types used by the Borough include the enterprise and internal service funds.

Purchase Order – A document authorizing the delivery of specified merchandise or the rendering of certain services for a stated estimated price. Outstanding purchase orders at the end of the fiscal year are called encumbrances.

Replacement Cost – The amount of cash or other consideration that would be required today to obtain the same asset or its equivalent.

Retained Earnings – An equity account reflecting the accumulated earning of an enterprise or internal service fund.

Revenue – Increases in the net current assets of a governmental fund type other than expenditure refunds and residual equity transfers. General long-term debt proceeds and operating transfers are classified as 'other financing sources' rather than as revenues. Increases in the net total assets of a proprietary fund type other than expense refunds, capital contributions, and residual equity transfers. Operating transfers, as in governmental fund types, are classified separately from revenues.

SaaS (Software as a service) – A way of delivering and licensing software that is accessed online via cloud rather than bought and installed on a computer.

Sales Tax – State legislation allows local governments to levy a sales tax on retail sales in its jurisdiction. The Borough currently levies and collects 3% on all taxable retail sales and also collects 3% sales tax on behalf of the cities located within the Borough.

Self-Insurance – The retention by an entity of a risk of loss arising out of the ownership of property or from some other cause, instead of transferring that risk to an independent third party through the purchase of an insurance policy. It is sometimes accompanied by the setting aside of assets to fund any related losses.

Single Audit – An audit performed in accordance with the Single Audit Act of 1984 and the Office of Management and Budget (OMB) Circular A-128, Audits of State and Local Governments. The Single Audit Act allows or requires governments (depending on the amount of federal assistance received) to have one audit performed to meet the needs of all federal grantor agencies.

Special Revenue Fund – A fund used to account for the proceeds of specific revenue sources (other than expendable trust or major capital projects) that are legally restricted to expenditure for specified purposes.

Tax Levy – The total dollar amount of tax that optimally should be collected based on tax rates and assessed values of personal and real properties.

Tax Exemptions

\$10,000 Volunteer Firefighter/EMS Provider – Exempts \$10,000 of assessed value of the home of an active volunteer firefighter or EMS provider. Maximum of 2 per household allowed. This exemption is also recognized by the cities of Soldotna, Seward, Homer, and Kachemak.

Homeowner – Available to any Borough resident who owns their own home and occupies it as their permanent place of residence. The exemption is a maximum of \$50,000 assessed value of the home and the land on which it sits. The cities of Kenai, Soldotna, Seward, and Seldovia do not recognize this exemption; the City of Homer recognizes a \$20,000 exemption.

\$100,000 Personal Property – Exempts the first \$100,000 of personal property owned by a taxpayer, excluding motor vehicles, aircraft, and watercraft.

\$300,000 Senior Citizen — Available to any Borough resident who is at least 65 years old, owns and occupies their home as their primary residence and permanent place of abode, and qualifies for a PFD. The State exempts up to \$150,000 of their total assessment. The Borough exempts an additional \$150,000. If a senior citizen lives inside city boundaries, the city only recognizes the exemption to \$150,000 value. The amount of exemption is proportional to the seniors' ownership and/or use of the property.

Agriculture Deferment – Mandated by the State of Alaska, this deferment is available to people whose farmlands produce a minimum of 10% of their annual income. Qualifying property shall be assessed on the basis of full and true value for farm use.

ANCSA Native – Exempts property deeded to Alaskan native corporations under the Alaska Native Claims Settlement Act.

Cemetery – Exempts properties owned by a non-profit entity and used exclusively for cemetery purposes.

Charitable – Exempts properties owned by non-profit organizations that are used exclusively for charitable purposes.

Community Purpose – Exempts property of an organization not organized for business or profit-making purposes and used exclusively for community purposes.

Conservation Easement Deferment – To secure this deferment, the property owner of land subject to a conservation easement created under AS 34.17 must apply annually by May 15th. The Assessor shall maintain records valuing the land for both full and true value and value subject to the easement.

Disabled Resident – Available to any disabled resident who has been determined to be totally disabled by the US Social Security Program or other government alternative to Social Security. Qualified applicants receive a tax credit up to \$500 of Borough tax and \$250 of City of Kenai tax.

Disabled Veteran – Granted to honorably discharged veterans of the US armed forces who have a service-connected disability rating of 50% or more. The State exempts up to \$150,000 of their total assessment. The Borough and the City of Soldotna exempt the remainder. If a disabled veteran lives inside city boundaries, the city (except City of Soldotna) only recognizes the exemption to \$150,000 value. The amount of exemption is proportional to the veteran's ownership and/or use of the property, up to the full value of the property.

Economic Development Property – Exempts up to 50% of the assessed value (general fund levy only) of property that is used for economic development for 5 years (effective FY2020).

Electrical Cooperative – Exempts property held by electricity producing cooperatives.

Government – Completely exempts all city, Borough, State, and federal properties from taxation.

Habitat Protection – Provides tax credits as partial reimbursement for habitat protection and restoration project expenses to promote the health of designated anadromous waters within the Borough. The credits are for one half of the tax on land for 3 years following completion of the approved project or until all costs are recovered, whichever comes first.

Hospital – Exempts properties owned by nonprofit organizations and used exclusively for hospital purposes.

Housing Authority – Granted in accordance with rules governing the Housing and Urban Development Authority and subject to a Cooperation Agreement with the Borough.

Tax Exemptions

Mental Health Trust – Exempts Mental Health Trust property from taxation as a branch of State government.

Multi-Purpose Senior Center – Exempts a parcel which has a multi-purpose senior center developed and operated by a nonprofit corporation.

Native Allotment – BIA holds in trust and issues to native individuals a restricted deed for homestead purposes, which expressly states that the land is inalienable and nontaxable until otherwise provided by Congress.

Religious – Exempts properties owned by non-profit organizations that are used exclusively for non-profit religious purposes.

River Restoration and Rehabilitation – Exempts all or part of the improvement value for 4 years when the improvement meets the criteria defined for habitat

protection and restoration along the river.

Educational – Exempts property owned by non-profit entities and used exclusively for non-profit educational purposes.

Vessel Exclusion – Vessels having a homeport location outside the Borough, but are brought into the Borough solely for lay-up or repair, are not deemed to have established taxable situs. This exclusion does not apply to city tax.

Armed Forces Organization – Exempts property of a non-business organization or its auxiliary composed entirely of persons with 90 days or more of active service in the armed services of the United States.

University – Exempts property owned by the University of Alaska as a branch of State government.

Miscellaneous Demographics

Area

24,750 square miles. The Kenai Peninsula Borough (KPB) lies directly south of Anchorage, the State's principal population center. The waters of the Gulf of Alaska and Prince William Sound border the borough on the south and east with the dramatic Chigmit Mountains of the Alaska Range rimming the borough to the west. The Cook Inlet divides the borough into two land masses. The peninsula itself encompasses 99 percent of the borough's population and most of the development. The Kenai Mountains run north and south through the peninsula, contrasting to the lowlands lying to their west. The west side of the Inlet is sparsely inhabited, with the village of Tyonek being the largest populated settlement. The boundaries of the borough encompass a total of 24,750 square miles, of which 16,000 square miles are land and fresh water. In comparison, the total land mass of the borough equals that of Massachusetts and New Jersey combined. However, the total borough population is less than 1/260th of that same area.

Population

The Alaska Department of Labor & Workforce Development (AK DOL & WD) prepares annual population estimates for Alaska. Estimates include Armed Forces member serving in Alaska, but excludes seasonal populations. The KPB's population as of January 2024 is estimated at 60,898, a 3.5% increase from the 2020 Census.

Median Age

The KPB's median age increased from 40.6 years, as of the 2010 census, to 41.4 years as of the 2020 census. Alaska's median age was 33.8 years while the U.S. was 35.6, per the 2020 Census.

Median Income

The most current information on median income from the State of Alaska DOL & WD is for 2022, when the Alaska per capita personal income was \$64,704 and the KPB per capita personal income was \$58,856, while the U.S. per capita personal income was \$69,986.

Unemployment Rate

The KPB's annual average employment data for calendar year 2023 is as follows: average labor force 28,062; average number employed 26,770; the average number unemployed 1,292 for an unemployment rate of 4.63%. The average unemployment rate is a better indication of the economy due to the vast number of seasonal employment.

Calendar Year	Average labor force	Average number employed	Average unemployed	Unemployment rate
2021	27,778	25,747	2,030	7.35%
2022	28,188	26,918	1,270	4.53%
2023	28,062	26,770	1,292	4.63%

Education

The Kenai Peninsula Borough School District consists of 42 schools in a variety of configurations: There are 42 schools; estimated enrollment for FY25 is between 8,230 and 8,439 students, operated in 21 communities ranging in size from approximately 10 students to some with more than 500. Our communities are culturally diverse, including three Native communities, and four Russian-speaking communities. We have urban schools as well as remote, with some locations accessible only by air or boat. Schools on the peninsula can be found in almost any conceivable formation serving pre-kindergarten through 12th grades. In addition to the public school system, several private schools operate within the KPB. Four of these schools provide K-12 education while the others provide services to students ranging from pre-school through eighth grade. Post secondary education opportunities include the Kenai Peninsula College, which has three campuses in the Borough and operates as part of the University of Alaska System. The campuses are located in the central region near Soldotna, the Southern region in Homer and on the east side of the peninsula in Seward. The Alaska Vocational-Technical Center, located in Seward, also offers post-secondary training with a focus on industrial, technical and nursing curriculums.
